

City of Appleton – **Resolution #14-R-17**

July 19, 2017

Submitted by: Alderperson Meltzer – District 2

Referred to: Safety & Licensing Committee

Whereas Appleton Municipal Code Sec 3-12 limits the number of animals kept per household to six, and

Whereas this restriction makes sense for animals that range free through the premise but does not make sense for community animals housed in tanks or aquariums,

Therefore be it resolved that Municipal Code Sec 3-12 be amended to include an exception for animals in tanks and aquariums.
