November 8, 2017

Members of the Common Council and Community
City of Appleton
Appleton, Wisconsin

Dear Appletonians:

I present to you the 2018 Budget and Service Plan, including the five-year Capital Improvement Plan. As always, our goal in putting this budget together is to provide you a budget that continues to allow for high-quality, efficient service while preparing Appleton for long-term success through strategic investments in our community.

Over the past several years, we have undertaken a number of initiatives designed to provide the framework for the future of our downtown and our City. The Downtown Parking Study was completed in 2015 and the first phases of implementation have been completed. The Downtown Accessibility and Mobility Study was adopted in 2016 with the first phase of implementation completed this year. Earlier this year, we adopted the update to the City's Comprehensive Plan including the next chapter of our Downtown Development Plan. This 2018 budget contains the funds for the first steps in implementing some of the changes called for in that plan. This is in keeping with Appleton's track record of funding and implementing the initiatives contained in the plans we work so hard to complete that outline our vision for the future of our City.

Our commitment to investing in our quality-of-life here in Appleton, as well as our deliberate planning efforts and subsequent implementation, is starting to pay off. Appleton has many of the desirable elements people are looking for when choosing a place to live, work and invest in. We remain one of the safest cities not only in Wisconsin, but also in the country. We are a clean city with well-maintained infrastructure and parks. Appleton is easily navigated on foot with our sidewalks and developing trail system. We are becoming more bike friendly with the implementation of our bike plan, and have a good public transportation system in Valley Transit. We are also the center of many cultural activities: a world class performing arts center, which happens to be the home of a very successful Fox Valley Symphony Orchestra; one of the largest and most successful farmer's markets in the State; and special events like the Mile of Music and Octoberfest, as well as others throughout the year. The completion and opening of the Fox Cities Exhibition Center will add yet another attraction for people from far and wide to experience first-hand what Appleton and the Fox Cities has to offer! All of these

elements together make Appleton a special place and positions us to take advantage of the growing trend of renewed urban living occurring all across the country.

With the formation of TIF districts 11 and 12, Appleton continues to experience steady growth in the number of inquiries regarding both new and redevelopment projects, and are poised to benefit from our commitment to planning and subsequent implementation of those plans. With the State limiting the growth in our tax levy to the growth of our tax base related to net new construction, turning these inquiries into real projects is essential. Development of the 2018 budget was especially difficult given that the City's tax base grew due to net new construction in 2016 by only 1.46%. After many years of modest increases in employee medical claims, we experienced a large increase in 2016 resulting in an estimated 10% increase in the cost of medical claims for the 2018 budget. Along with these factors, we also needed to make sure that we budgeted sufficient resources to fund the City's pay-for-performance pay plan. Unlike years past when we budgeted cost-of-living increases for our non-represented employees and funded additional pay-for-performance through carryover after the audit, this budget has sufficient funds for modest increases in pay for non-represented employees based on their rated performance. With these factors in mind, departments were asked to look closely at their past operational spending and to keep their requests for 2018 to a minimum. I'm proud of the effort they made and confident that this budget will still accomplish the City's goals.

This 2018 Budget and Service Plan builds on our past efforts and provides funds for the further implementation of the plans we have set in place. In today's economy, private sector investment is competitive and measured, and public sector quality-of-life initiatives are playing an ever-increasing role in those private sector decisions. Therefore, as a City, we must move forward, confident in our planning and willing to demonstrate our commitment to invest in our own future.

CAPITAL PLANNING

The 2018 Budget continues to place an emphasis on capital projects and their planning. As stated, the Downtown Parking Study was delivered and adopted in 2015, the Accessibility and Mobility Study was adopted in 2016, and earlier this year the update to the City's Comprehensive Plan and Downtown Plan were adopted. This budget includes funds for the continued implementation of the recommendations from the Parking Study and the Accessibility and Mobility Study, as well as the initial investments in TIF #11 and TIF #12 as we begin to implement the newest Downtown Plan. This budget also includes resources to continue the process of planning for the future of the Library.

Parking – Funds for the next phase of implementation of the parking recommendations are included for property acquisition and business relocation as well as construction of an alternate stairway for egress from City Center West in anticipation of the demolition of the Blue parking structure in 2019. Funds are also included to begin the process of site identification and design of a new parking structure.

Mobility – Funds are included for the conversion of Appleton Street to two-way traffic north of the Skyline Bridge. The engineering work will be completed this year. Funds included in this budget are for demolition of the existing north to eastbound leg of Appleton Street as well

as construction of a new bridge and infrastructure over Rocky Bleier Run. A portion of these funds are part of the City's investment in TIF #11.

Jones Park and Ellen Kort Peace Park– We've known for a long time that Jones Park is one of our best opportunities to strengthen the link of our downtown to the continued development of our riverfront. The construction of the Fox Cities Exhibition Center has given us the impetus to reconfigure Jones Park to solidify that link as well as provide a wonderful amenity for patrons using the new Fox Cities Exhibition Center. The final design of the Park was approved earlier this year and \$1,995,000 is included for this project. \$25,000 is budgeted for preliminary engineering work for Ellen Kort Peace Park with construction and development slated for 2019 and 2020.

Telulah Park – The further development of Riverheath has prompted us to budget \$765,000 in 2018 and \$500,000 in 2019 for the development of amenities in lower Telulah Park. Projects in 2018 include trail construction, riverfront lighting and trailhead parking.

Library – I have included \$500,000 in the 2018 Budget and a total of \$30,500,000 overall for the Library project once a decision is made as to the preferred solution. I anticipate a collaborative decision making process involving both the Library Board and the Common Council to reach a consensus solution regarding the future of the Library.

DEBT SERVICE

General obligation debt service costs continue their upward trend in the 2018 Budget. Debt service payments on the City's investment in such projects as the Erb Park and pool renovation, the Fox Cities Exhibition Center project, Jones Park renovations and other infrastructure and facility improvements continue to expand the City's debt service needs. As a result of the investment in these projects as well as others, total debt service costs increased from \$7,014,437 in 2017 to a projected \$7,976,134 in the 2018 Budget. The property tax levy necessary to support this increase rose \$1,369,819 (35.4%) from \$3,871,561 in the 2017 Budget to \$5,241,380 for 2018 resulting in the debt service portion of the total tax levy increasing from 9.5% to 12.4%.

Total general obligation debt outstanding at December 31, 2017 is projected to be \$49,570,624 compared to \$47,050,000 outstanding at December 31, 2016, an increase of \$2,520,624. However, despite the increase in outstanding debt, the City is well below its legal debt limit of \$261,146,195 and the amount outstanding compares favorably with similar sized communities throughout the State.

For 2018, \$19,401,351 in general obligation notes are expected to be issued to fund various capital projects in the areas of infrastructure (\$10,427,086), facility construction and improvements (\$4,075,000), equipment (\$1,279,265) and parks and trails (\$3,650,000). A complete list of anticipated debt-financed projects for 2018 can be found in the "Five Year Plan" section of this budget.

CONTINGENCY FUNDS

- All unused contingency funds in the Unclassified section of the budget are again anticipated to be carried over from 2017 to 2018. Estimated balances in the contingency funds available for carryover at the conclusion of 2017 include:
 - State Aid Contingency \$849,107
 - Operating Contingency \$402,298
 - Fuel Contingency \$137,315
 - Wage Reserve \$367,936

- The reserve established from the settlement with Time Warner Cable to provide the public with electronic access to City government proceedings was exhausted in 2017 thus no funds are available for carryover into 2018.

- Included in the Unclassified section of the 2018 Budget is \$410,825 for wage increases for employees not covered by collective bargaining agreements. The amount will be awarded to employees through the City's pay for performance evaluation system.

COMMUNITY AND ECONOMIC DEVELOPMENT

In support of the Economic Development Strategic Plan's primary goals and key strategies and the recently approved updated Comprehensive Plan 2010-2030, the Community and Economic Development Department's budget contains \$36,000 to support local and regional community and economic development activities. Furthermore, the budget also includes \$25,000 or \$.35 per capita to support the Fox Cities Regional Partnership. The investment of the \$25,000 into the Fox Cities Regional Partnership will be for the Talent Upload program, an initiative that aligns with the City's Economic Development Strategic Plan and updated Comprehensive Plan. This provides a total of \$61,000 to support local and regional economic development.

The 2018 budget provides funding for the sanitary area assessment for the portion of Tax Incremental Financing District #6 (TIF 6) within the Southpoint Commerce Park as well as for developer incentive payments. 2018 is the final year of the expenditure period for TIF 6 leaving the final five years of the District to recapture the costs of prior year investments. Funding in 2018 and beyond for maintenance of the Park will be provided by the Industrial Park Land Fund. The City will evaluate the need for additional infrastructure and platting of the land in the industrial park and will determine if a new TIF district will be created in the future.

In regards to new TIF Districts, TIF's #11 and 12 were formed in late 2017 and are included in the 2018 Budget. TIF #11, which is located at the east end of College Avenue in the downtown corridor, was formed to eliminate blight and encourage rehabilitation of properties, retain existing establishments, attract new businesses, increase property values, and improve the overall appearance of the area. To help reach this goal, \$2,086,121 of street, sidewalk, parking, and utility infrastructure projects have been included in this budget. This investment

is meant to spur development in the District by providing improved access to targeted development sites as well as providing the necessary utility and parking infrastructure to service them. TIF#12, located at the west end of College Avenue in the downtown district, is focused on rehabilitation and conservation of existing properties and businesses, as well as redevelopment of vacant or underutilized properties. In order to support these goals, \$21,000 has been included in the budget to provide property improvement grants to property owners within the District.

In terms of overall community and economic development, the Appleton Redevelopment Authority (ARA) is poised to provide redevelopment activities throughout the City in order to maintain and enhance viable residential, commercial and industrial development. In order to meet this goal, \$350,000 is included in this budget to fund ARA for site acquisition and project implementation.

FISCAL

- Tax Levy – General fund expenditures increased \$1,308,671 in the 2018 Budget, a 2.12% increase while general fund revenues increased \$1,281,244, or 2.08% over the 2017 Budget. The increase in revenues was primarily due to increased property tax revenue, increased revenue from the newly renovated Erb pool, interest received on general fund loans to the City’s TIF districts, and a transfer of excess fund balance from the Subdivision Fund. The general fund tax levy is expected to increase \$513,427 or 1.50%. At the same time, the tax levy in the debt service fund is expected to increase \$1,369,819, or 35.4%. Overall, the tax levy for the City is expected to increase \$1,683,246, or 4.13% in 2018. This increase is within State imposed levy limits.
- Tax Rates – The City’s equalized value increased 5.75% to \$5,222,923,900 in 2017 which, when reduced by the City’s overall assessment ratio, equates to an increase of \$44,933,500, or .92% in assessed value. Applying the 2017 total estimated assessed value of \$4,757,706,835 to the tax levy results in the following projected assessed tax rates:
 - Outagamie County – \$8.92, an increase of 30 cents, or 3.47%
 - Calumet County – \$8.92, an increase of 26 cents, or 3.03%
 - Winnebago County – \$8.75, an increase of 26 cents, or 3.12%

However, on an equalized value basis, the tax rate is projected to be \$8.43, an actual **decrease** of 11 cents, or 1.32%.

- Debt and Fund Balances – The City’s established debt and fund balance policies are met by this budget providing confidence in the continuation of the City’s outstanding bond ratings and financial stability.

UTILITIES

- Water – The budget includes \$610,000 for various building needs at the Water Filtration Plant. Improvements planned for the Water Filtration Plant in 2018 include \$85,000 to replace and upgrade the uninterruptable power supply system, \$500,000 to continue to replace and upgrade chemical storage systems and \$25,000 for engineering for future HVAC replacements. Additionally, this budget includes \$100,000 to begin engineering work for a multi-year project to upgrade the lake intake and to construct a second raw water line between the lake station and the Filtration Plant. Water utility infrastructure improvements planned for 2018 include \$3,458,847 for the replacement of aging distribution and transmission mains. The budget also includes \$45,000 for the installation of a bulk water dispensing station. Significant maintenance expense in 2018 includes the repair of an expansion joint at the Filtration Plant. The treatment operation budget reflects a decrease in costs due to the full implementation of the ultraviolet treatment process. There are no planned water rate increases for 2018.
- Wastewater – The 2018 Budget includes \$2,235,551 of improvements to the wastewater collection system along with \$150,000 in upgrades to the Marshall Heights lift station. The budget also includes funds for the following projects at the treatment facility: \$920,000 for aeration blower replacement, \$1,470,750 to start the replacement of the electrical distribution system and \$823,500 for various projects to replace aging treatment equipment and facilities. The Wastewater Utility continues to work with the Wisconsin Department of Natural Resources on total maximum daily load (TMDL) limits for the nutrient phosphorus. The new limits are approximately five times more stringent than what was required in the facility's 2016 discharge permit. The Wastewater Utility has completed an initial evaluation of treatment and compliance alternatives to meet these new reduced limits. In this effort, staff introduced in-stream phosphorus monitors in two process locations to capture, with accuracy, phosphorus levels in the plant. Plans for future projects will depend on the effectiveness of the current chemical treatment process. There are no planned wastewater rate increases for general customers for 2018. However, a rate increase of 3% was approved in July, 2017 for all hauled waste customers.
- Stormwater – Continuing the implementation of the City's Stormwater Management Plan, this budget dedicates \$6,099,124 to ongoing infrastructure improvements including \$2,010,000 for the replacement of a 42" main on Ballard Road between Wisconsin Avenue and the Fox River and \$1,518,750 for new infrastructure to be installed in the northern section of the City. There are no planned stormwater rate increases for 2018.

PERSONNEL

Included in the 2018 Adopted Budget are the following personnel changes:

- Addition of one entry level officer, which will maintain the department's current patrol staffing following the assignment of an existing officer as a full-time Behavioral Health Officer (BHO); the BHO will address both police services and City-wide issues related

to identifying and responding to situations involving individuals who are experiencing symptoms of mental illness.

- Increase of the Clubhouse Manager position at Reid Municipal Golf Course to 10 months per year from 9.

Other changes approved by Council during the course of 2017 were:

- Reduction of the Valley Transit Marketing Coordinator position and one Road Supervisor position to .5 FTE each and the addition of a full time Transit Coordinator position and two additional part time drivers.
- Reduction of the full time grant-funded Pandemic Coordinator position to .75 FTE as the result of reduced grant funding for this purpose.
- Reorganization of the Appleton Fire Department, deleting one Battalion Chief position, adding a civilian Training and Resource Development Specialist, reducing the number of Captains by two, and increasing the number of Lieutenants by two.
- Transfer of the Diversity and Inclusion Coordinator position from the Community and Economic Development Department to the Mayor's Office.

CAPITAL IMPROVEMENT PROGRAM

Highlights of the remainder of the 2018 Capital Improvement Projects (CIP) are as follows:

- Maintaining and improving public infrastructure remains a top priority of the City as this budget invests over \$10.1 million in road and sidewalk improvement projects. \$1 million of these projects are included in the City's newly formed TIF #11 which will allow the project costs to be repaid with incremental property tax revenue generated by the district rather than the general tax levy. Additionally, as previously discussed in greater detail, approximately \$12.4 million is planned to be invested in water distribution, sewer collection, and stormwater management infrastructure improvements.
- Proper maintenance of City facilities, parks, and properties continues to be a major point of emphasis for the City. To address this priority, among other projects, this budget includes investments in the following areas: \$375,000 to renovate the locker/restroom at the Municipal Services building; \$250,000 to upgrade roadways, parking lots, patio areas, and sidewalks at various parks; \$200,000 to replace all three elevators at the Red parking ramp, along with \$100,000 to replace all existing non-LED fixtures throughout the ramp; \$150,000 to replace the roof at Fire Station #5; and \$145,000 to replace the generator at the Valley Transit office/garage along with \$100,000 to replace the bus maintenance pit.

- Public safety investments include \$650,000 for a new pumper truck for the Fire Department, \$119,500 for a new records management system to replace the current obsolete system, \$50,000 to purchase heavy rescue and confined space rescue tools to enhance firefighter rescue capabilities, and \$62,765 to replace the Police Department's tactical robot.
- Information Technology projects include \$243,000 to fund the third year of a multi-year project to replace the City's aging mainframe computer with an enterprise resource planning (ERP) system. The third year of this project includes completing the installation of the financial, human resource, property tax and cash collection systems. Additionally, \$500,000 is included to upgrade the City's storage area network (SAN) to increase security, redundancy, and storage capability. Finally, \$65,000 is earmarked to upgrade the audio and video equipment in the council chambers to address shortcomings in that area. In order to increase efficiency during elections, as part of an agreement with Outagamie County to fund 50% of the cost of new election equipment, \$110,000 has been included in this budget. Additionally, \$30,000 has been included for electronic poll books. The poll books have been certified by the State and will reduce voter wait times, increase accuracy of the voter information, and improve the election-day experience for both voters and poll workers.
- This budget continues the Public Works Department's traffic camera program, investing \$32,500 in the installation of cameras at seven new locations in 2018. The program, which began in 2006, has proven to be an invaluable tool in monitoring traffic, reacting to accidents, monitoring road conditions, and effectively dealing with safety issues. Additionally, the Department is in the final year of a three year program to retrofit existing street lights with energy-efficient street lighting technologies. The investment of \$126,883 per year is expected to be paid back in electricity cost savings in 3 to 5 years. Finally, as recommended by the recently adopted "*Crosswalk Marking/Enhancement Policy for Uncontrolled Crossings at Intersections*" policy, \$57,132 has been included to provide enhanced pedestrian crossings at various locations throughout the City including College Avenue at Alton Street and Providence Avenue at the Apple Creek Trail.
- Quality of life improvements in the 2018 Budget focus on maintaining and improving our parks, expanding our trail system, and preserving City monuments. In order to achieve these goals, in addition to the projects discussed previously at Jones, Telulah, and Ellen Kort Peace Park, this budget promotes the expansion of our park system by including \$500,000 for the purchase of land for a new park on the City's southeast side. Additionally, this budget commits \$395,000 for improvements at Mead pool and the Scheig Center, and improvements to various parks throughout the City to conform with the Americans with Disabilities Act (ADA). Finally, this budget earmarks \$15,000 for preserving and restoring City monuments by committing internal resources, as well as partnering with local non-profit groups, to preserve and extend the life of statues and monuments throughout the city.

CONCLUSION

In 2018, we will continue to make strategic, calculated expenditures to leverage all the good things we have for an even better future for our citizens. But as we consider these decisions, it is important to remember that the one thing that doesn't change is the City's mission of meeting the needs of the community and enhancing the quality of life. Our citizens demand that we continue to meet that mission at the same time we strive to minimize the burden of doing so. This means that we must continue to find ways to be more efficient with the resources that our citizens entrust to us and to look for ways to permanently reduce our overhead while minimizing the impact on the services that our citizens have come to expect from the City. This is a trend that I believe needs to continue into the future whether we are in good times or not so good times.

It is my great honor to say thank you to our department directors and all of our employees for their ongoing dedication and selfless service to our organization and our community. In particular, I would like to recognize Finance Director Tony Saucerman, Deputy Director Stephanie Rogers, John Hoft-March and Kelli Rindt for the many hours they have spent preparing this document, along with the incredible job they do each day to keep our City in excellent financial condition. They deserve a great deal of credit for the jobs they do on a daily basis on behalf of our community.

The City of Appleton continues to balance sound financial conditions while providing the basic essential needs of our city. Together we will continue our dedication to meet the needs of our community and enhance the quality of life. Appleton is a viable, strong community well positioned for a bright future.

Sincerely,

TIMOTHY M. HANNA
Mayor of Appleton

CITY OF APPLETON 2018 BUDGET
Summary of Changes from Department Requested to Executive Budget *

Revenues:

No additional or increased charges were proposed by Directors.

CITY OF APPLETON 2018 BUDGET

EXPENDITURE BY FUND GROUP

\$170,252,592

General Fund - The General fund is the general operating fund of the City. This fund accounts for the financial resources of the City which are not accounted for in any other fund. Principal sources of revenue are property taxes, State transportation aids and State shared revenues. Primary expenditures are for public safety, public works, education and recreation, community development and general government.

Debt Service Funds - Debt Service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs, excluding that payable from proprietary funds.

Special Revenue Funds - Special Revenue funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

Capital Projects Funds - Capital Projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by proprietary funds and trust funds. Resources are derived from general obligation bond and note issues, certain federal grants and other specific receipts.

Enterprise Funds - Enterprise funds are used to account for activities that are financed and operated in a manner similar to that found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities provided to outside parties are accounted for in enterprise funds.

Internal Service funds - Internal Service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or other governments, on a cost reimbursement basis.

CITY OF APPLETON

MISSION STATEMENT

The City of Appleton is dedicated to meeting the needs of our community and enhancing the quality of life.

➤ **We believe in Appleton . . .**

as a vibrant, innovative and well planned community.

exemplifying a high quality of life and being a safe place to live, work and play.

having a government with the highest standards of ethics and integrity.

having a government that informs its citizens and encourages active and positive participation in support of the community.

having a government that provides quality, efficient, responsive service to our customers.

having a government that is fiscally responsible by providing necessary services in a cost effective manner.

having a Council that is competent, well informed and responsive to provide vision and act in the best interest of the entire City.

having a government workforce that is highly competent and productive.

having a government that has a high level of respect for its employees and provides an attractive, challenging and rewarding work environment.

CITY OF APPLETON BELIEF STATEMENTS

- ***We believe in Appleton as a vibrant, innovative and well planned community.***
 - We promote a wide range of opportunities.
 - We encourage innovative thinking for solutions to problems.
 - We recognize the dynamic and diverse nature of our community and plan accordingly.
 - The City is part of the regional community and its actions have impact beyond the corporate limits.
- ***We believe in Appleton exemplifying a high quality of life and being a safe place to live, work and play.***
 - We promote community-oriented activities.
 - We value our cultural and socio-economic diversity.
 - We promote community health and wellness.
 - We provide a clean, safe and healthy environmental infrastructure.
- ***We believe in Appleton having a government with the highest standards of ethics and integrity.***
 - We keep citizens informed.
 - We use the power of our positions reasonably in the public interest.
- ***We believe in Appleton having a government that informs its citizens and encourages active and positive participation in support of the community.***
 - The City informs citizens of the workings of City government.
 - The City defines priorities in response to input from citizens.
 - The City provides for citizen participation.
 - The City balances special interests against the needs of the broader community.
 - The City recognizes the media as a means to inform the public.
- ***We believe in Appleton having a government that provides efficient, responsive service to our customers.***
 - City services and information are easily accessible and understandable.
 - City employees are approachable, courteous and appropriately responsive.
 - We train our employees to provide quality service.
 - City management supports continuous improvement in the quality of service delivery.

CITY OF APPLETON BELIEF STATEMENTS

- ***We believe in Appleton having a government that is fiscally responsive by providing necessary services in a cost effective manner.***

We involve citizens in assessing the service needs of the community.

We continually evaluate our services to ensure the best delivery methods.

We provide a fair and equitable balance between fees and taxes in paying for services.

We invest in the future to provide a sound infrastructure.

- ***We believe in Appleton having a Council that is competent, well informed and responsive to provide vision and acts in the best interest of the entire City.***

Council members take the time to analyze issues, review various alternatives and make rational and studied decisions.

Council members respect and trust each other and support the decisions made by the body.

The Council understands and focuses upon its policy-making role in providing direction for the City.

Council members view their role as representing all citizens of Appleton and reject decisions catering to special interests which are not in the best interest of the City.

The Council sets policy to develop, support and implement the City's mission statement.

The Council interacts with staff respecting professional opinions, while working to accomplish mutual goals.

- ***We believe in Appleton having a government work force that is highly competent and productive.***

We provide necessary training to enhance employee development.

We insist on mutual respect among employees.

We hire and promote based upon qualifications and demonstrated performance.

We set meaningful and measurable goals and objectives.

We encourage innovation and risk taking.

CITY OF APPLETON BELIEF STATEMENTS

➤ ***We believe in Appleton having a government that respects its employees and provides an attractive, challenging and rewarding work environment.***

We listen with an open mind.

We are open to innovative ideas.

We provide an environment that fosters innovation and risk taking.

We encourage employees to grow and develop to their fullest potential.

We provide an environment that is safe and attractive and fosters a productive and enjoyable work place.

We compensate fairly with salaries, benefits and good working conditions.

Management coaches, mentors and nurtures employees.

We include employees at all levels in the decision-making process (Q.I.P.).

We provide equipment and resources to allow employees to achieve their goals.

CITY OF APPLETON

KEY STRATEGIES

1. Prompt delivery of excellent services
2. Encourage active community participation and involvement
3. Recognize and grow everyone's talents
4. Continually assess trends affecting the community and proactively respond
5. Promote an environment that is respectful and inclusive
6. Create opportunities and learn from successes and failures
7. Communicate our success through stories and testimonials

TOTAL	<u><u>\$ 5,033,843,900</u></u>	<u><u>100.00%</u></u>	<u><u>\$ 42,425,098</u></u>	

This chart shows the total property taxes levied on properties in the City of Appleton, broken down by levying authority and by county. The basis for the allocation of the levy between the various counties in which the City is located is the equalized value of property, not including Tax Incremental Financing Districts. Equalized value is an estimate by the State of the full value of property and is based on actual property sales and transfers.

BUDGET DEVELOPMENT PROCESS

The following calendar describes the process of developing the City's Annual Budget and Service Plan for 2018:

5/15/17	The Mayor requests a budget proposal from each department. The Finance Department staff distributes budget forms and other materials to departments. Departments are required to develop an operating budget which represents full funding of all of the department's existing programs. Any proposed changes to programs, either additions or deletions and including all staff changes, changes in service levels, equipment acquisitions, etc. are required to be submitted separately from the operating budget request. Any capital project proposals are also required to be made separately from the operating budget.
6/12/17 - 9/4/17	Each department head submits a proposed budget as outlined above, based on the department's mission statement and major objectives and including expenditures and applicable revenue projections. The Mayor and Finance Department staff review their budget requests. Decisions are made on operating budget adjustments, program additions and deletions, and capital projects.
9/4/17 - 10/4/17	The Mayor and Finance Department staff assemble the Budget and Service Plan for submission to the Common Council. Copies of the document are made available for public review.
10/28/17	The Council's Finance Committee reviews the Budget and Service Plan in a meeting with the Mayor and staff, and recommends a budget to the Common Council.
11/1/17	A public hearing is held to seek citizen input prior to Common Council acceptance of the budget.
11/8/17	The budget is adopted formally by resolution of the Common Council.

CITY OF APPLETON POLICIES – 2018 BUDGET

FINANCIAL POLICIES

The City of Appleton's financial policies set forth the basic framework for the overall fiscal management of the City. Operating concurrently with changing circumstances and conditions, these policies assist the decision-making process of the Common Council. These policies provide guidelines for evaluating both current activities and proposals for future programs.

Most of the policies represent long-standing principles, traditions and practices and follow generally accepted accounting principles which have guided the City in the past and have helped maintain financial stability over the last several decades.

OPERATING BUDGET POLICIES

- **Roles & Responsibilities:** The Mayor, in conjunction with the Department Directors of the City, shall present an Executive Budget and Service Plan proposal to the Common Council for its review, deliberation, amendment, and adoption. The Executive Budget shall include proposals for all operating and capital funds. Following the Common Council approval, the Adopted Budget and Service Plan shall become the official budget for the following year.
- **Fiscal Year:** The Executive Budget and Service Plan for the City follows a calendar year. Each year the budget shall be presented to the Appleton Common Council no later than the first Wednesday in October. Budget deliberation and adoption shall take place no later than the second Wednesday in November, as prescribed by State statute.
- **Budget Form:** The City of Appleton's operating and capital budget shall be developed on an annual basis and shall be presented in a program budget format that includes program missions, objectives and performance measurements. The purpose of this format is to clearly outline the major service areas and their associated expenditures. A line item detail by program and summarized by major category of expenditure for the department as a whole shall also be presented for informational purposes. All non-personnel line items that exceed \$15,000 are further delineated.

The budget shall also include a transmittal letter from the Mayor summarizing the major issues in the budget; a summary of personnel changes; a summary of overall staffing levels; a listing of all property tax rates; and a budget resolution stating the total amounts of taxes levied for various purposes, the total amount of general obligation borrowing, and the total amount of revenue bond debt.

The budget shall include a rolling five year Capital Improvement Plan (CIP) of which the first year's expenditures shall be appropriated, with years two through five included for planning purposes. Though expenditures for the first year of the CIP are appropriated, the City's Procurement Policy requires that any new contracts or agreements for services or equipment with an anticipated contract cost of \$25,000 or more be approved by the committee of jurisdiction and the Common Council prior to execution. Revisions and additions to, and deletions from, the CIP shall be made each year during budget development.

- **Performance Measures:** Where possible, the City shall integrate performance measurements in the City's budget document. Measurements will include measures of client benefits, strategic outcomes, and productivity. The presentation of the measures will cover the same time period as that for which operating expenditures are presented; typically two year's actual results of operations, the current year target, the projected value for the current year, and the target for the next year.
- **Balanced Budget:** Total anticipated revenues shall equal or exceed total budgeted expenditures for each fund unless the drawdown of an individual fund's balance is in compliance with the fund balance policy for that fund. Revenues may include but are not limited to property taxes, license and permit fees, fees for services, fines and forfeitures, transfers from other funds, donations and grants. If sufficient funds are not available (such as in a Tax Increment District), a plan for funding the shortfall shall be presented.
- **Budget Control:** The City shall maintain a budgetary control system to ensure adherence to the budget. Budget control is maintained:

CITY OF APPLETON POLICIES – 2018 BUDGET

- at the overall fund level for all funds,
- at the business unit (program) level for all business units and
- at the level of total personnel expense and total other operating expense within each program for operating budgets and at the project level for capital budgets.

A mid-year report to the Council shall address departmental outcomes and include two prior years of actual data, targets for the current year, and projected year-end measures. The reports shall also include a summary comparison of actual expenditures to budget by program and address any significant variances.

- Contingency Account: A contingency account shall be maintained in the annual General Fund operating budget to provide for unanticipated expenditures of a nonrecurring nature or to meet unexpected increases in service delivery costs. A minimum of 0.5% and a maximum of 1.0% of the total fund budget shall be included in the adopted budget. If a sufficient unexpended balance remains in the current year's contingency account, this requirement may be met by a plan to carry over the balance.
- Budget Amendment:
 - Transfers and new appropriations – All budgets except the Appleton Public Library operating budget:
 - The following budget amendments require written approval by the Mayor and Finance Director and shall be reported to the Finance Committee as informational items:
 - New appropriations funded by grants, user fees, or other non-tax revenues of \$15,000 or less;
 - Transfers of \$15,000 or less between programs within a department;
 - Transfers of \$15,000 or less between departments within a fund.
 - Authority granted under this section specifically excludes amendments to use money budgeted for personnel for any other purpose.
 - The following budget amendments shall be reported to the Finance Committee as action items and must be approved by two thirds of the Common Council:
 - New appropriations in excess of \$15,000 funded by grants, user fees, or other non-tax revenues;
 - Any new appropriations funded by taxes or debt;
 - Transfers in excess of \$15,000 between programs within a department;
 - Transfers in excess of \$15,000 between departments within a fund;
 - All transfers between funds;
 - Transfers from the Reserve for Contingencies;
 - The use of money budgeted for capital projects for anything other than its designation in the budget document;
 - The use of excess budgeted personnel dollars due to vacancies to increase the supplies and services budget to fund temporary employment service assistance. Any other use of excess budgeted personnel dollars to increase the supplies and services budget for other purposes may be permitted in rare instances but is highly discouraged.
 - Transfers and new appropriations –Appleton Public Library operating budget:
 - Transfers of \$15,000 or less between budget lines and/or between budget programs require written approval by the Library Director or designee and shall be reported to the Library Board as informational items.
 - Transfers over \$15,000 between budget programs and all new library appropriations funded by grants, user fees or other non-tax revenues require the approval of the Library Board Finance Committee and two-thirds of the full Library Board.
 - All budget changes will be reported to the City Council's Finance Committee as informational items.
 - The Library Board's authority over budget funds shall lapse at the end of the calendar year and any budget fund balances shall revert to City authority, subject to City carryover policies and procedures.
- Carryover of Prior Year Budgeted Expenditures – All Budgets:

CITY OF APPLETON POLICIES – 2018 BUDGET

- Carryover requests shall be no less than \$3,000, except for items allowed by the Finance Director that relate to year end cut off procedures.
- Carryover requests, plus actual prior year expenditures, shall not exceed the department's (or fund's) prior year amended budget less any overall shortfall in program revenues.
- Re-appropriation of unspent prior year authorizations for purposes other than their original designations shall be considered as special consideration items and require approval by two thirds of the Common Council. All other re-appropriations shall require approval by a simple majority vote.
- Re-appropriation of unspent funds of non-lapsing budgets and those items under contract or purchase order prior to year-end shall be reported as informational items and require no approval.

PROPERTY TAX COLLECTIONS

Property taxes are budgeted as revenues in the year in which services financed by the levy are being provided, i.e., in the year subsequent to the levy. Taxes are levied in December on the assessed value of property as of the prior January 1.

Property tax calendar – 2017 tax roll:

Lien date and levy date	December, 2017
Tax bills mailed	December, 2017
Payment in full or 1 st installment due	January 31, 2018
2 nd installment due	April 2, 2018
3 rd installment due	May 31, 2018
4 th installment due	July 31, 2018

CAPITAL BUDGET POLICIES

- Funding for utility projects should be obtained through borrowing from:
 - Revenue bonds
 - General obligation notes
 - Internal funds
- The City shall utilize available funding sources for capital improvements whenever practical and feasible:
 - Grant funds
 - Special assessments
 - Developer contributions
- The City will maintain its physical assets at a level adequate to protect the City's capital investment and to minimize future maintenance and replacement costs. The budget will provide for the adequate maintenance and the orderly replacement of the capital plant and equipment from current revenues when possible.
- The City will try to ensure that industrial acreage is available for development within the City and served with necessary infrastructure.

REVENUE POLICIES

- The City will try to maintain a diversified and stable revenue system to minimize short-run fluctuations in any one revenue source.
- The City will attempt to maximize benefits from major revenue sources as a way of maintaining a stable tax rate.
- The City will follow an aggressive policy of collecting revenues.
- The City will establish all user charges and fees at a level related to the full cost (operating, direct, and indirect) of providing the service, whenever practical.
- The City will attempt to review license fees/charges annually to determine if the revenues support the cost of providing the service.
- Wastewater, Stormwater, and Water Utility funds will be self-supporting through user fees.

CITY OF APPLETON POLICIES – 2018 BUDGET

- The minimum utilities rates should be set at a rate which will yield net income which is 1.25 times the highest principal and interest payment due (1.10 for the Water Utility). This requirement is in conformance with the mortgage revenue bond requirements. Rate adjustments for the Water Utility are submitted to the Public Service Commission and Common Council for review and approval.
- Rate adjustments for the Stormwater and Wastewater Utilities will be submitted to the Common Council for review and approval.

RESERVE POLICIES

The following reserve policies describe restrictions on the balances of various funds. A fund balance is the difference between total assets and total liabilities and may be positive or negative. A fund balance in an enterprise fund is referred to as total net assets.

- Redemption funds will be established in the Water, Stormwater and Wastewater Utilities in accordance with revenue bond ordinance provisions.
- Funds will be reserved for equipment, major replacement and repairs in the Wastewater Utility, as required by EPA grant provisions.
- All general obligation debts will be paid through a general debt service fund, except for that incurred by an enterprise fund. Operating budgets will be prepared to meet the annual principal, interest and service charge costs for each fund. Net debt service requirements (debt service expenditures less debt service revenue) will be funded through the general tax levy.

Wastewater Utility

- Maintain a working capital reserve equivalent to three months of operation expenditures based on the audited expenditures of prior year in the Wastewater Utility Fund.
- Any projected favorable balance above working capital reserves in the Wastewater Utility Fund is to be used to pay costs for all possible approved capital expenditures.

General Fund

- All General Fund unreserved designations and related policy should be approved in advance of their creation/amendment by the Common Council.
- The amount to be retained in designated for health insurance cost stabilization unreserved fund balance be equal to the stop loss percentage.
- Interest income will not accrue in the designated for health insurance cost stabilization fund balance account.
- Total unreserved fund balances (excluding designated for debt service) will be 25% of the following year's budgeted appropriations with the designation for working capital reserve equal to 17% of the following year's budgeted appropriations.
- The City will maintain a designated fund balance for debt service of 25% of ensuing year's debt service requirements. Any excess funds over that amount will be used to pay existing long-term debt.
- At least 75% of General Fund balances in excess of the reserve policy (currently three months' operating expenditures) be used for the reduction of long-term liabilities. Utilization of the remaining funds is subject to recommendation from the Finance Committee to be used for additional reduction of long-term liabilities or General Fund expenditures with final Common Council approval.

New Subdivision Fund

- The unreserved designated new subdivision fund balance will be no less than three months' operating expenditures based on the prior year's audited expenditures and a maximum of 80% of the most recent five year average including current budgeted total expenditures. Reserved fund balance will be the result of the 100% carryover policy.
- Excess funds remaining in the new subdivision fund after applying the new subdivision fund balance policy will be transferred to the General Fund.

CITY OF APPLETON POLICIES – 2018 BUDGET

Industrial Park Fund

- The Industrial Park Fund shall first designate fund balance for debt service to the extent of total debt outstanding and if available shall designate up to \$50,000 for working capital.
- Excess funds remaining in the Industrial Park Fund after applying the above criteria will be transferred to the General Fund.

Parking Utility Fund

- The Parking Utility Fund shall maintain a working capital reserve equivalent to three months of audited operating expenditures of the prior year in the Parking Utility Fund.
- Any projected favorable balance above the working capital reserve in the Parking Utility Fund will be advanced to TIF District #3 to meet debt requirements related to parking facilities constructed by that district.

Risk Management Fund

- The Risk Management Fund shall first designate fund balance for debt service to the extent of total debt outstanding.
- The Risk Management Fund will maintain a working capital reserve equivalent to three months of operating expenditures based on the audited expenditures of prior year.
- Any projected favorable balance above these designations in the Risk Management Fund shall be used to reduce charges for services to all contributing departments in an amount not to exceed 20% of budgeted expenditures.

INVESTMENT POLICIES

This policy applies to all activities of the City with regard to investing the City's financial assets.

Except for cash required to be segregated in certain restricted and special funds, the City will consolidate cash balances from all funds to maximize investment earnings and increase efficiencies with regard to investment pricing, safekeeping and administration. Investment income will be allocated to the various funds based on their respective participation in the pool and in accordance with Generally Accepted Accounting Principles (GAAP).

Investment Objectives

The overall objective of the City's investment management is to maximize the total return of designated funds and preserve capital within the guidelines of this policy.

- Safety - Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective will be to mitigate credit risk and interest rate risk.
 - Credit Risk – The City will minimize credit risk, which is the risk of loss due to the failure of the security issues or backed by:
 - Limiting investments to the most secure available, including, for example, US Treasury obligations, US agency and instrumentality obligations, commercial paper rated by a nationally recognized rating agency, and debt securities rated as AA or higher.
 - Diversifying the investment portfolio so that the losses from any one type of security or from any one individual issuer will be minimized.
 - Interest Rate Risk – The City will minimize interest rate risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates by:
 - Structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity.
 - Investing operating funds primarily in shorter-term securities, money market mutual funds, or similar investment pools and limiting the average maturity of the portfolio.
- Liquidity - The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demands (static liquidity). Furthermore, since all possible cash demands cannot

CITY OF APPLETON POLICIES – 2018 BUDGET

be anticipated, the portfolio should consist largely of securities with active secondary or resale markets (dynamic liquidity). Alternatively, a portion of the portfolio may be placed in money market mutual funds or the local government investment pool, which offer same-day liquidity for short-term funds.

- Yield - The investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints and liquidity needs. The investments are limited to relatively low risk securities in anticipation of earning a fair return relative to the risk being assumed. Any managed portion of the portfolio shall be designed with the objective of regularly meeting or exceeding the following benchmarks:
 - US Government Money Market average and Local Government Investment Pool (LGIP) rate – Short-Term portfolios
 - Lehman Brothers Intermediate Government Index – all other portfolios
 - The benchmark shall be reflective of the actual securities being purchased and risks undertaken and the benchmarks shall have a similar weighted average maturity as the portfolio.

Securities shall generally be held until maturity with the following exceptions:

- A security with declining credit may be sold early to minimize loss of principle.
- A security swap would be allowed in order to improve the quality, yield or target duration in the portfolio.
- If liquidity needs of the portfolio require that the security be sold.

Communication and Reporting

- The Investment Manager shall issue a quarterly report to the City of Appleton reviewing the performance and investment strategy of the firm on behalf of the portfolios.
- The Investment Manager is expected to meet with designated employees of the City of Appleton to review the portfolios and to discuss investment results in the context of these guidelines and objectives upon request. At all times the Investment Manager and Finance Committee are encouraged to communicate on significant matters pertaining to investment policies and the management of the portfolios.

DEBT POLICIES

- The City will confine long-term borrowing to capital improvements.
- The City will attempt to limit use of short-term debt to bond anticipation purposes.
- The City will follow a policy of full disclosure on every financial report and bond prospectus.
- The City will use “pay as you go” financing to fund street reconstruction and equipment purchases.
- Section 67.03(1) of the Wisconsin Statutes provides that the amount of indebtedness of a municipality shall not exceed five percent of the equalized valuation of the taxable property in the municipality. Although State Statutes allow five percent of the equalized valuation, the City has set an internal debt goal, which seeks to remain below 40% of the maximum amount allowed by the State Statutes.
- The levy for debt service shall be no greater than 20% of the total levy, with an effort to maintain the levy at a proportionate, even level for tax rate stabilization.

SPECIAL ASSESSMENT POLICIES

GENERAL POLICY

Special assessments will be levied against abutting property owners in accordance with the City's currently adopted Policy for Special Assessments, effective 9/6/2017.

SPECIAL ASSESSMENTS SUBJECT TO PAYMENT PLANS

Bills of \$1,000 or less are due by January 31. For bills in excess of \$1,000, a five year payment plan is assumed. Deferred payments will bear an interest on the unpaid balance at the rate of prime plus 3% per annum on the unpaid balance.

CITY OF APPLETON POLICIES – 2018 BUDGET

Street Construction

The assessment rate for new construction is based on a percentage of assessable construction costs for widths up to 49' (back of curb to back of curb) and thicknesses up to 9" (concrete) or 6" (asphalt) dependent upon the zoning of the abutting property.

Sidewalks

The assessment rate for new construction is based on 100% of assessable construction costs, including engineering costs.

There is no assessment for sidewalk reconstruction that meets the "green dot" criteria. Assessments are levied at 125% of the assessable construction costs when sidewalks not meeting "green dot" criteria are replaced at the property owner's request.

Sanitary Sewers

The current assessment rate for new construction is the actual cost for mains. Reconstruction in an existing area or reconstruction or relining of sanitary sewers is not assessed for mains and \$52.00 per foot for laterals.

Storm Sewers/Facilities

R-1 and R-2 Zoning: The cost of constructing or reconstructing storm sewers, mini-sewers or other drainage facilities in existing developed areas annexed after January 1, 1999 will be fully assessable to the abutting property owners. The cost of constructing, reconstructing or relining storm sewers in all other existing streets will be borne by the Stormwater Utility.

All other zoning: The assessment rate for storm sewer construction, reconstruction or relining in existing streets will be 33% of the actual construction cost, up to and including 15" storm main (not deeper than 10'), manholes, inlets and inlet leads. Credit will be given for the remaining useful life of a reconstructed or relined sewer based on current cost of construction. For this purpose, the useful life of storm sewer will be 75 years.

Regional stormwater facilities built prior to March 1, 2006 are assessed on an Equivalent Runoff Unit (ERU) basis to all properties being served by the improvements. The cost for regional stormwater facilities built after March 1, 2006 is borne by the Stormwater Utility.

Water Mains

The current assessment rate for new water main construction is based on actual bid cost, except that credit will be given for the remaining useful life calculated on current cost of construction. For this purpose, the useful life of water main will be 75 years.

In-kind water main reconstruction, including hydrants and leads, is not assessed.

SPECIAL ASSESSMENTS DUE IN YEAR ASSESSED

Ornamental street lighting, snow removal, weed cutting, tree planting, Business Improvement District, and delinquent utility charges.

The assessment is based on the total cost of operating and maintaining the system and is assessed in full to benefited properties.

PURCHASING POLICIES

- Purchases for all City departments for the City of Appleton shall be in accordance with the City Procurement and Contract Management Policy.
- The methods of source selection are as follows:
 - Public Construction – Competitive sealed bidding must be used for purchases of \$25,000 or greater in accordance with Wisconsin Statutes. This process shall consist of:
 - Invitation for bids
 - Public notice
 - Bid opening
 - Bid acceptance and evaluation
 - Bid award - Common Council approval

CITY OF APPLETON POLICIES – 2018 BUDGET

- Purchases of \$7,500 or more (other than public construction) require that a minimum of three written quotations be solicited. Evaluation criteria that favorably and accurately assess the relevant cost or service advantages of local procurement are required. Any new contracts or agreements for services with an anticipated cost of \$25,000 or more require the approval of the Committee of Jurisdiction and the Common Council prior to execution.
 - Purchases of \$2,000 but less than \$7,500 require the solicitation of two (2) or more quotes, which may be either written or verbal. When verbal quotes are received, all pertinent details of the quote should be documented in writing by the department and retained on file. Purchases of less than \$2,000 may be made based upon the best judgment of the department making the purchase.
 - Sole Source Procurements – Purchases of goods and materials under \$25,000 may be made without competition when it is agreed between the department and the Purchasing Manager that there is only one acceptable source available. Sole source procurements with an anticipated cost of \$25,000 or more require the approval of the Committee of Jurisdiction and the Common Council. Reasons for sole source purchases must be documented and will expire on an annual basis. Emergency purchases, as defined in the Procurement and Contract Management Policy, may also be exempted from the competitive bidding process. Such emergency purchases must also be documented and approved by the Mayor.
 - Purchases made using a City-issued procurement card are subject to the rules and restrictions of the City Procurement Card Policy.
- Due to FTA funding requirements, Valley Transit follows City of Appleton procurement policies except where the federal policies are more restrictive.

PENSION FUNDING AND REPORTING POLICIES

- All current pension liabilities shall be funded on an annual basis.

Existing Plan Funding

- All permanent employees of the City are participants in the Wisconsin Retirement System (WRS), a State-wide, defined-benefit pension plan to which employer and employees both contribute. The rates of employer and employee contributions are set annually by WRS based on actuarial evaluations. The State’s policy is to fund retirement contributions to meet current costs of the plan. The 2018 rate requirements for the Wisconsin Retirement System employees are as follows:

	<u>General</u>	<u>Police</u>	<u>Fire</u>
Employee Contribution	6.70%	6.70%	6.70%
City Contribution	<u>6.70%</u>	<u>11.16%</u>	<u>15.36%</u>
Total	13.40%	17.86%	22.06%

Prior Years’ Unfunded Pensions

- The State of Wisconsin administers a plan for retired employees of the Appleton Police and Fire Departments. These individuals had been covered by a private pension plan prior to the City joining the WRS. No new employees are added to the plan. The City’s policy is to fund retirement contributions to meet current benefit payments to retired employees.

The City has paid off all WRS prior year unfunded pension liability.

ACCOUNTING, AUDITING, AND FINANCIAL REPORTING POLICIES

- An independent audit will be performed annually for all City funds.
- The City will produce a Comprehensive Annual Financial Report (CAFR) in accordance with Generally Accepted Accounting Practices (GAAP) as outlined by the Governmental Accounting Standards Board (GASB).

RISK MANAGEMENT POLICY

On January 1, 1990, the City of Appleton joined Cities and Villages Mutual Insurance Company (CVMIC), a municipal mutual insurance company that provides liability insurance services. CVMIC currently provides this liability protection to 48 Wisconsin cities and villages. As part of this self-funded program, the City’s Insurance Fund provides coverage of \$200,000 per general, automobile, law enforcement or public officials’ liability claim, to a maximum of \$800,000 per year. The mutual insurance is liable for any costs above these limits up to \$5 million per occurrence. In addition,

CITY OF APPLETON POLICIES – 2018 BUDGET

the City of Appleton has a \$5 million excess insurance policy as part of the CVMIC group purchase program, thus providing total coverage of \$10 million per occurrence.

Additionally, the insurance fund provides coverage for:

\$500,000 per worker's compensation claim for Police Officers and Firefighters, \$500,000 per claim for all other employees, with purchased coverage of statutory limits for workers' compensation and \$2 million for employer's liability,

\$100 - \$10,000 deductible per property damage claim, depending on the property, with purchased replacement cost coverage,

\$35,000 per employment practices liability claim, with purchased coverage to \$1 million per occurrence/ \$1 million aggregate per year, and

\$25,000 per environmental liability claim related to the Mackville Landfill Site, with purchased coverage to \$5 million per occurrence/\$5 million aggregate.

- The objective of this program is to protect the City, its assets and the public against accidental losses, destruction, or depletion.
- The City will self-insure all losses which occur with predictable frequency and those which will not have a significant impact on the City's financial position.
- The Human Resources Department and City Attorney's Office review and make determinations on all claims. Claims in excess of \$5,000 property damage and all bodily injury claims are also reviewed by CVMIC.

SPECIAL EVENTS POLICIES – INSURANCE REQUIREMENTS

Organizations that use City parks and/or City facilities for special events such as foot races, parades, festivals, etc., are required to obtain liability insurance (and other insurance as may be required for the event).

- \$1,000,000/occurrence - \$1,000,000 aggregate coverage is required for "large exposure events" such as parades, rock concerts, bike races, circuses, sidewalk sales, activities that draw 5,000 – 25,000 people, events with amusement devices, pony rides, bleachers used to seat more than 500 people or fireworks displays and other events with a high potential for liability. (For events in excess of 25,000 people, there is also a \$2,000,000 umbrella requirement.)
- \$500,000/occurrence - \$1,000,000 aggregate coverage is required for "medium exposure events" such as concerts (not rock), dances, parades (under 500 spectators), auto shows, animal shows or activities that draw 250 – 5,000 people or activities requiring "street occupancy permits".
- Certificates of insurance are not normally required for "small exposure events" such as block parties, concerts (under 500 spectators), most private gatherings in parks, plays, or activities that draw less than 250 people. However, the sponsoring organization is responsible for any losses which may occur as a result of their activity. Further, they are required to sign a "Hold Harmless Indemnification" and defense sheet and are to carry adequate insurance to protect themselves. Event sponsors have the option of purchasing liability insurance through www.insurevents.com.
- Coverage for "miscellaneous" jobs or activities such as asbestos abatement, pollution cleanup, oil recycling, hazardous waste removal, or any new contract or activities where it is not clear what level of insurance should be required will be set by the Human Resources Director/Risk Manager on a case by case basis.

Events not covered by the above-mentioned categories must be reviewed by the Human Resources Director/Risk Manager. All waivers of liability insurance must be approved by the Human Resources Director /Risk Manager.

CITY OF APPLETON

2018 BUDGET

BACKGROUND/GENERAL INFORMATION

Geography/Early History

Appleton is located in northeast Wisconsin, in Outagamie, Winnebago, and Calumet Counties. It lies 30 miles south of Green Bay, just north of Lake Winnebago, on the Fox River. In 1634, Jean Nicolet, commissioned by Samuel de Champlain to explore this region, navigated up the Fox River from Green Bay. From earliest times, Indian tribes occupied the area that is present-day Appleton. In the Treaty of 1831, the Menominee Indians ceded the lands to the United States. During the first years of its history, there were three villages where Appleton now stands: Lawesburgh on the east side, Grand Chute on the west end and Appleton in the middle. The three settlements were incorporated under the name of Appleton as a village in 1853, and later as a city in 1857.

Education

Education was, and continues to be, a priority in Appleton. With the financial backing of Amos Lawrence, the Lawrence Institute was chartered in 1847. Samuel Appleton donated \$10,000 to the newly founded college library and, in appreciation; his name was given to the community. Today, Lawrence University's 84 acre campus contains 60 instructional, residential, recreational and administrative facilities, has a student body of 1,500 students drawn from nearly every state and more than 50 countries, served by a full-time faculty of 165 men and women. It lies just east of the city's downtown and its students and faculty members supply the community with an endless array of music, drama and sports activities.

In 1850, Daniel Huntley taught in the first free public school. The St. Mary Catholic Church opened the first parochial school in the community in 1864. The first 4 year high school began operating in 1876 in the Hercules School and Kindergarten was initiated in 1898 in Lincoln School. With population growth came the need for additional facilities. Today there are 24 public, 13 parochial schools and 13 charter schools.

Appleton traditionally has had a commitment to vocational education. The Vocational School was established in 1912, and the first facility in the United States to be built exclusively for this purpose was erected here in 1917. When the State of Wisconsin was divided into vocational, technical and adult education districts in 1965, the local program was expanded and the Fox Valley Technical College was established.

Government

Appleton has a mayor/council form of government with 15 alderpersons elected for two-year terms and the mayor for a four-year term. It is also the Outagamie County seat, the largest city (population 74,598) in both Outagamie and Calumet Counties, and the designated Metropolitan Statistical Area "Center-City" of the Appleton-Oshkosh-Neenah urban area as defined by the Federal Office of Management and Budget, thus an "Entitlement City" under the federal block grant program.

The City is a "full-service" municipality providing: police and fire protection, public works-related services including refuse pickup, street construction, maintenance and cleaning, snow and ice control, planning, inspection, health, parks and recreation, library, mass transit, water and wastewater disposal services, among others.

Industry

Fur traders seeking to do business with Fox River Valley Indians were the first settlers in Appleton. Soon dams and canals along the Fox River made it possible to both navigate the river with larger vessels and generate water power for industry, allowing for the City's steady growth. The paper industry, beginning with the building of the first paper mill in the city in 1853, has been at the forefront of the City's development. Appleton now has a diversified industrial, commercial and service industry tax base, with major manufacturing, paper-related industries, national and regional insurance companies and financial institutions providing a sound, vigorous corporate economy. Some of the City's major corporate citizens include Thrivent, Guardian and Secura insurance companies, Appvion (paper manufacturing, formerly Appleton Papers), Miller Electric (welding equipment), ThedaCare (formerly Appleton Medical Center) and Affinity Health Systems, and the Boldt Company (non-residential construction).

CITY OF APPLETON 2018 BUDGET GENERAL FUND

The General Fund is the general operating fund of the City. This fund accounts for the financial resources of the City which are not accounted for in any other fund. Principal sources of revenue are property taxes, State transportation aids, and State shared revenues. Primary expenditures are for police protection, fire protection, public works, and general administration.

Taxes are derived from several sources. Property taxes now provide approximately 55% of our City general fund revenues. Recent years have seen the equalized value of the tax base experience steady increases, amounting to 1.21% in 2014, 2.72% in 2015, 2.26% in 2016, and 5.53% in 2017. The City also collects "in lieu" payments from the water utility, which is shown in interfund transfers on page 44, as well as voluntary and contractual payments from other tax exempt entities. The State currently restricts growth in local property taxes to the amount of net new construction, which was 1.46% for the City in 2017, resulting in a total City constraint of \$42,425,115 across all funds. The City levy meets that constraint.

Intergovernmental Revenue	2014 Actual	2015 Actual	2016 Actual	2017 Budget	2017 Projected	2018 Budget	% Change
State Shared Revenue	\$ 9,745,511	\$ 9,749,092	\$ 9,757,539	\$ 9,751,877	\$ 9,751,877	\$ 9,760,445	0.09%
Expenditure Restraint	1,112,551	1,122,637	1,107,454	1,117,306	1,117,306	1,168,238	4.56%
General Transportation Aid	2,609,397	2,701,395	2,625,557	2,665,306	2,542,000	2,833,891	11.48%
Library Grants & Aids	902,006	1,101,454	1,103,329	1,065,839	1,066,420	1,062,447	-0.37%
Other	667,794	794,764	674,736	797,744	1,037,000	704,200	-32.09%
Total Intergovernmental	\$ 15,037,259	\$ 15,469,342	\$ 15,268,615	\$ 15,398,072	\$ 15,514,603	\$ 15,529,221	0.09%

The City receives various payments from other governments, including the following:

State shared revenues are portions of State sales and income taxes that are returned to the City based on a complex formula that includes growth and the per capita tax burden. Prior to the nearly 13% reduction incorporated in the 2012 - 2013 State budget, this source of revenue for the City of Appleton had remained virtually unchanged since 2004. Expenditure Restraint is a State program which allocates funds to municipalities that hold to spending limits specified by the program. Though the graph and table above show a slight increase overall since 2014, it is important to note that this source of funding has declined by approximately \$1.6 million from 2011.

General Transportation Aid and Connecting Highway Aid are reimbursements provided by the State to defray a portion of the expense incurred for construction and maintenance of roads under local jurisdiction (or designated by the State in the case of a State trunk highway system or a swing or lift bridge), based on a share of eligible transportation-related expenditures. The majority of the fluctuation stems from the State's Local Road Improvement Program (LRIP). Funds under the LRIP are awarded once during each State biennial budget but the timing can vary between years of the biennium.

Library Grants and Aids are payments from counties and are derived from a tax levied on areas of the county that do not have a municipality that provides library service. The county allocates this tax to libraries in the county through a formula based on use. Through 2014, Outagamie County was the sole source of this revenue while Calumet County provided support via periodic reimbursements and direct purchases of materials through the Outagamie-Waupaca Library System (OWLS). The increase in 2015 is the result of a change in the method of support provided by Calumet County whereby payments come directly to the library rather than indirectly through the OWLS.

Other intergovernmental revenues include fire inspection dues, federal innovative community policing grants, and various other items.

CITY OF APPLETON 2018 BUDGET GENERAL FUND REVENUES

	2014 Actual	2015 Actual	2016 Actual	2017 Budget	2017 Projected	2018 Budget	% Change
Licenses and Permits							
Licenses	\$ 431,920	\$ 452,482	\$ 419,999	\$ 462,791	\$ 450,000	\$ 418,100	-7.09%
Permits	603,360	695,498	725,642	650,000	690,000	728,400	5.57%
Total Licenses and Permits	\$1,035,280	\$1,147,980	\$1,145,641	\$1,112,791	\$1,140,000	\$1,146,500	0.57%

Licenses and permits are required for the privilege of carrying on a business or trade that is regulated by ordinance within the City and are renewed on an annual basis. The payment of all personal property taxes, room taxes, special assessments and other amounts due to the City imposed pursuant to Code, in addition to all forfeitures or judgments resulting from conviction for violation of any City ordinance, is required prior to the granting of such license or permit. The volume of licenses and permits granted by the City has been relatively steady in recent years. The projected increase in permit revenue in 2017 reflects recent trends and anticipated volume of new commercial and residential projects and alterations along with a change in the pricing structure with some of the Inspection Department permits.

	2014 Actual	2015 Actual	2016 Actual	2017 Budget	2017 Projected	2018 Budget	% Change
Fines and Forfeitures	\$ 310,674	\$ 273,814	\$ 264,084	\$ 340,000	\$ 270,000	\$ 340,000	25.93%

Fines and forfeitures are collected for City ordinance violations, traffic citations, and other misdemeanors covered by City Code and State Statute.

CITY OF APPLETON 2018 BUDGET GENERAL FUND REVENUES

	<u>2014 Actual</u>	<u>2015 Actual</u>	<u>2016 Actual</u>	<u>2017 Budget</u>	<u>2017 Projected</u>	<u>2018 Budget</u>	<u>% Change</u>
Special Assessments	\$ 1,220,878	\$ 470,806	\$ 337,210	\$ 287,200	\$ 280,000	\$ 301,193	7.57%

The City has levied special assessments on property benefited by the construction and installation of public improvements, with revenue varying based on the payment options selected by property owners and the amount of infrastructure budgeted and completed in a given year.

Effective January 1, 2015, the City no longer assessed property owners for street reconstruction projects. To make up for the lost revenue, the City adopted a \$20 "wheel tax". The wheel tax, a fee added onto vehicle registration fees for vehicles domiciled in the City, is collected by the State and remitted to the City on a monthly basis.

	<u>2014 Actual</u>	<u>2015 Actual</u>	<u>2016 Actual</u>	<u>2017 Budget</u>	<u>2017 Projected</u>	<u>2018 Budget</u>	<u>% Change</u>
Interest Income							
Interest on Investments	\$ 750,344	\$ 1,554,605	\$ 2,253,341	\$ 2,832,787	\$ 2,603,000	\$ 2,855,411	9.70%
Interest on Delinquent Tax	95,465	91,935	85,028	100,000	98,000	100,000	2.04%
Interest - Deferred Specials	55,170	41,046	20,853	5,000	5,000	10,000	100.00%
Total Interest Income	<u>\$ 900,979</u>	<u>\$ 1,687,586</u>	<u>\$ 2,359,222</u>	<u>\$ 2,937,787</u>	<u>\$ 2,706,000</u>	<u>\$ 2,965,411</u>	<u>9.59%</u>

Interest on investments reflects interest earned on public funds being held until distributed to other taxing authorities, funds held until expended by the City, and interest income on advances to other funds or entities. Two factors which determine investment income are interest rates and the cash balances available for investment. According to Governmental Accounting Standards Board (GASB) rules, we must value all investments at market value ("mark to market"). Although we do not intend to sell any of the investments prior to maturity, we still must record the unrealized gain or loss, which affects interest earnings. The current market environment plays heavily in this calculation. The condominium association that owns the City Center building is expected to make interest payments of \$34,992 in 2018 on two major building projects for which the City provided financing, compared to \$38,223 in 2017. Since 2011, the City and the Appleton Area School District (AASD) have had a cooperative agreement by which the City makes short-term loans to AASD at a rate of 2% above the Federal Funds rate. This has been a beneficial program for both entities, taking advantage of the timing differences in cash needs for both, earning the City a better return than what could otherwise be earned for short-term investments, and costing AASD less than it would to borrow from financial institutions. For 2018, TIF # 3 is expected to pay \$1,437,121 in interest on advances made by the General Fund in the early years of the TIF, TIF # 6 is expected to pay \$423,311, and TIF # 8 \$20,795.

**CITY OF APPLETON 2018 BUDGET
GENERAL FUND REVENUES**

	<u>2014 Actual</u>	<u>2015 Actual</u>	<u>2016 Actual</u>	<u>2017 Budget</u>	<u>2017 Projected</u>	<u>2018 Budget</u>	<u>% Change</u>
Charges for Services	\$ 1,275,765	\$ 1,311,008	\$ 1,311,178	\$ 1,323,200	\$ 1,525,000	\$ 1,662,374	9.01%

User charges are established where the service is being provided for the specific benefit of the person charged, rather than to the general public. User charges are paid by all users, including non-residents and those exempt from property taxes. Fees include swimming pool and recreation program fees, school district payments for police liaison officers, charges for street repairs following utility excavations, etc. The increase in 2018 relates primarily to an expected increase from concession and admittance fees at the newly renovated Erb pool..

	<u>2014 Actual</u>	<u>2015 Actual</u>	<u>2016 Actual</u>	<u>2017 Budget</u>	<u>2017 Projected</u>	<u>2018 Budget</u>	<u>% Change</u>
Other Revenue							
Sales of City Property	\$ 7,702	\$ 21,139	\$ 2,708	\$ 7,000	\$ 7,000	\$ 2,000	-71.43%
Other Revenue	1,625,472	2,065,768	1,784,677	1,544,875	1,629,761	1,324,452	-18.73%
	\$ 1,633,174	\$ 2,086,907	\$ 1,787,385	\$ 1,551,875	\$ 1,636,761	\$ 1,326,452	-18.96%

Other revenue includes fees, commissions, damage to City property and other reimbursements. The decline from the 2016 budget to 2017 is due to the discontinuation of an arrangement with the Appleton Housing Authority whereby the Health department provided the services of a public health nurse on-site at the Oneida Heights senior residence and was reimbursed by AHA. The decrease in the 2018 Budget relates mainly to the transfer of both revenues and expenses for the Library's "Reach Out and Read" program to a separate special revenue fund beginning in 2018.

CITY OF APPLETON 2018 BUDGET GENERAL FUND REVENUES

Other Financing Sources	2014 Actual	2015 Actual	2016 Actual	2017 Budget	2017 Projected	2018 Budget	% Change
Water Utility	\$ 1,835,879	\$ 1,963,947	\$ 1,924,936	\$ 2,025,800	\$ 2,025,800	\$ 2,013,800	-0.59%
Golf Course Fund	17,900	17,900	17,900	17,900	17,900	17,900	0.00%
Sewerage Utility	117,450	117,450	117,450	117,450	117,450	117,450	0.00%
Parking Utility	9,300	9,300	9,300	9,300	9,300	9,300	0.00%
Stormwater Utility	12,500	12,500	12,500	12,500	12,500	12,500	0.00%
Special Revenue	40,000	1,354,554	1,365,476	1,375,000	1,375,000	1,376,000	0.07%
Capital Projects	-	237,923	-	275,000	275,000	925,000	236.36%
Total Other Financing Sources	\$ 2,033,029	\$ 3,713,574	\$ 3,447,562	\$ 3,832,950	\$ 3,832,950	\$ 4,471,950	16.67%

Charges for administrative expenditures (centrally budgeted services such as personnel, accounting and technology services) incurred by the City on behalf of all funds are recovered by the general fund through this charge. The large increase in transfers from special revenue funds since 2014 reflects the City Council's adoption of a wheel tax as a substitute for special assessments as a funding mechanism for street reconstruction projects (please see the Special Assessment section of this report for further details on the wheel tax). Since the wheel tax proceeds are restricted for a specific purpose, the revenue is recorded in a special revenue fund and then transferred to the general fund to pay for street projects.

The Water Utility makes an annual payment in lieu of taxes to the general fund. The payment calculation is based on the value of the assets of the utility. The increase in Capital Projects transfers is related to the transfer of excess fund balance accumulated in the City's Subdivision Development fund to the general fund. By City policy, amounts accumulated over a pre-determined ceiling must be transferred to the general fund.

CITY OF APPLETON 2018 BUDGET

MAYOR'S OFFICE

Mayor: Timothy M. Hanna

CITY OF APPLETON 2018 BUDGET OFFICE OF THE MAYOR

MISSION STATEMENT

In order to maintain a safe, vibrant city with a high quality of life and so that the community thrives with a strong tax base of housing, neighborhoods, commercial, and industrial sectors, the Mayor's Office will provide vision, leadership, and coordination of City services as well as aggressively implement a comprehensive strategic economic plan for the benefit of all current and future citizens of Appleton.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

In 2017, the Mayor and City staff continued to collaborate to meet the City's mission of meeting community needs and enhancing the quality of life for our residents and visitors. The department directors continued to focus on fostering and maintaining opportunities for collaboration with external organizations, including regional government, school districts, non-profit organizations and other entities to maximize community resources. A major collaborative effort continues to focus on the development of the Fox Cities Exhibition Center and finalizing permanent financing for the project. Work on other development projects such as RiverHeath, Eagle Point and the bluff development continued throughout the year.

The Mayor's office and other departments continue to work on other major projects such as preparing for the transition to the new Enterprise Resource Planning system that will affect all City departments. We completed a communications strategic plan for the City and are working on its implementation. We also worked with local organizations to understand and proactively address the current and future need for recruiting and retaining talent in Appleton.

Internally, the department director team updated and continued to implement the City's Strategic Plan. Each department worked with HR on a city-wide talent management strategy, including discussions on organizational culture. In addition, the Mayor continued to work with Human Resources and the department directors to modify the compensation plan and pay-for-performance system.

In 2017, we hosted year two of the Appycademy (Appleton Citizens Academy) which saw a 50% increase in the number of participants with all participants rating the experience as positive.

We created an Unmanned Aerial Vehicle (UAV/Drone) program for the City. The program not only benefits our efforts in public communication and promotion, but also has applications for the work of APD, DPW and Community and Economic Development.

In 2017, the job description for the Diversity and Inclusion Coordinator was rewritten and the position was relocated to the Mayor's office. A new Diversity and Inclusion Coordinator was hired in July and is working on proactive initiatives both internally and externally.

CITY OF APPLETON 2018 BUDGET OFFICE OF THE MAYOR

MAJOR 2018 OBJECTIVES

- Work with department heads to prepare the Executive Budget and implement the City's vision
- Continue to work on improving the efficiency and effectiveness of City services in 2018
- Provide quality, conscientious constituent services
- Work with other local, county, state, and federal entities to support and protect the City's interests in the lawmaking and regulatory processes
- Foster an environment that is attractive to new and existing talent, both within the organization as well as in the community, to provide the ability for current and future businesses to thrive
- Collaborate with other private, non-profit and local governments to provide networking opportunities for diverse populations within the Fox Valley
- Promote Appleton's interest through active participation on various boards, committees, and organizations
- Continue to build relationships between City staff and Council members
- Continue to pursue collaborative opportunities with regional partners in the areas of public safety, public transportation and technology
- Work with department directors to implement long-term vision for the community and the City Strategic Plan
- Improve internal communications among all City employees
- Continue to implement a communication strategy to enhance engagement with Appleton citizens and visitors with a focus on our story-telling efforts
- Enhance citizen engagement through the use of the POLCO platform – a citizen survey tool – to foster open dialogue with our citizens on City issues

OFFICE OF THE MAYOR**

Administration

Business Unit 10510

PROGRAM MISSION

The Mayor's Office will coordinate the day-to-day operation of the City and pursue initiatives to ensure accountable, affordable, and accessible government.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", and # 7: "Communicate our success through stories and testimonials".

Objectives:

- Prepare the 2018 Executive Budget and Capital Improvement Plan
- Promote interdepartmental communication and collaboration to maximize resources
- Evaluate the performance of department heads according to criteria outlined in the City's compensation plan
- Communicate with the Common Council regarding City operations and issues brought before them
- Work with committee chairs to communicate issues and successes, and bring department budget priorities and considerations to committees early for information
- Bring emerging issues and updates to committees of jurisdiction
- Involve Council President in building Council relationships
- Research and implement tools to identify ways to become more efficient
- Foster an environment that is attractive to new and existing talent, both within the organization as well as in the community, to provide the ability for current and future businesses to thrive
- Working with the City's Development Team, continue to implement the Community and Economic Development Department Strategic Plan as well as elements in the updated City Comprehensive Plan

Major changes in Revenue, Expenditures, or Programs:

Minor increases in some of the operating accounts are for the relocation of the Diversity and Inclusion Coordinator position to the Mayor's office.

Citizen Engagement

Business Unit 10520

PROGRAM MISSION

In order to connect citizens with local government, we will respond to specific requests and disseminate accurate information about city services to all citizens.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 2: "Encourage active community participation and involvement" and # 7: "Communicate our success through stories and testimonials".

Objectives:

- Provide courteous service and timely, accurate information to citizens who contact the Mayor's Office
- Represent the City at community events including charity dinners, service organization meetings, school events, ground breakings, ribbon cuttings, and convention openings
- Continue the use of open hours and implement other initiatives to provide easier public access to City government
- Conduct educational sessions with students and youth organizations
- Continue to implement a communication strategy to enhance engagement with Appleton citizens and visitors with a focus on our story-telling efforts
- Enhance citizen engagement through the use of the POLCO platform – a citizen survey tool – to foster open dialogue with our citizens on City issues
- Effectively communicate accurate and timely information to the community
- Work cooperatively with local media to ensure timely access to information and staff for story coverage
- Work with other City social media staff on training and unified City messaging
- Continue to give in-depth look at City operations to residents through Appycademy (Citizens Academy)
- Maintain effective relations with members of culturally diverse communities
- Provide outreach to minority owned businesses
- Implement the Dignity and Respect initiative to foster respectful relationships within the organization as well as the broader community
- Follow up on internal cultural audit to improve City services and processes

Major changes in Revenue, Expenditures, or Programs:

The Diversity and Inclusion Coordinator position was moved to this budget from Community and Economic Development after adoption of the 2017 budget. Changes in line items reflect that relocation.
Other contracts include \$3,600 for the POLCO platform.

PROGRAM MISSION

To maintain and further develop constructive (positive) relationships with other public and private entities in an effort to ensure that the best interests of the citizens of the City of Appleton are represented.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 2: "Encourage active community participation and involvement", # 5: "Promote an environment that is respectful and inclusive", and # 7: "Communicate our success through stories and testimonials".

Objectives:

Monitor and influence State and Federal legislative and regulatory processes that could affect the City

Actively participate in the Urban Alliance, League of Wisconsin Municipalities, Board of Local Government Institute, East Central Wisconsin Regional Planning Commission and other organizations

Maintain lines of communication with State and Federal representatives to discuss any pending State or Federal legislation that could impact Appleton along with seeking any assistance from them that may help the City achieve its goals

Continue to work with regional transit groups to address long-term public transit funding issues

Work with partner communities for the successful promotion and operation of the Fox Cities Exhibition Center

Major changes in Revenue, Expenditures, or Programs:

No major changes.

CITY OF APPLETON 2018 BUDGET

COMMON COUNCIL

Council President: Christopher W. Croatt

Council Vice President: Curt J. Konetzke

CITY OF APPLETON 2018 BUDGET COMMON COUNCIL

MISSION STATEMENT

Appleton City government exists to provide quality services responsive to the needs of the community.

MAJOR 2018 OBJECTIVES

Link to City Goals:

Implements Key Strategies # 2: "Encourage active community participation and involvement" and # 4: "Continually assess trends affecting the community and proactively respond".

Objectives:

The legislative powers of the City are vested in the Council with the responsibility of establishing policy, adopting an annual budget and service plan, and carrying out the duties defined by State statutes and City ordinances

Communicate thoughts, ideas, and information needs concerning City plans and procedures to the Mayor and staff

Provide constituent services and communicate via televised Council proceedings

Participate and engage in exercises and informational opportunities offered for the benefit of gaining knowledge of City and community issues

Major changes in Revenue, Expenditures, or Programs:

No major changes.

CITY OF APPLETON 2018 BUDGET

FINANCE DEPARTMENT

Finance Director: Anthony D. Saucerman, CPA

Deputy Finance Director: Stephanie R. Rogers, CPA

CITY OF APPLETON 2018 BUDGET FINANCE DEPARTMENT

MISSION STATEMENT

For the benefit of all City departments, the Common Council, and the Mayor, in order to assist them in meeting program delivery objectives, assure compliance with government policies, and safeguard the assets of the City, we will provide financial management, billing, and collection services.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

Completed the 2016 audit with no audit findings

Completed State Report form B for the 2016 audit

Completed the new annual TIF reports required by Wisconsin Act 257

Completed the new room tax reports required by Wisconsin Act 255

Began the 2018 budget process

Hired new Account Clerk I and seasonal customer service staff

Worked with Calumet County on allowing them access to City tax payment information for their new software, including creating a lottery credit file

Implemented new collection procedures and contracted with the State collection agency to collect delinquent City accounts

Assisted with the transfer of the City's deferred compensation provider to Voya

Assisted the Parks and Recreation Department in setting up internal controls for pool concession stands

Assisted with an RFP process for parking meter credit cards, worked with our current credit card processor to accept American Express at parking ramps, and set up acceptance of credit cards at Reid golf course for the beverage cart

Implemented GASB 72 regarding the fair value of assets

Opened a PSC docket to modify tariff for billing in gallons and to include City policy on water leaks

Achieved a record rebate on purchasing card usage of \$69,844, a 50% increase over 2016

Assisted the Community and Economic Development Department in completing the project plans for TIFs 11 and 12

Primary Concentration for Remainder of Year:

Complete 2018 budget

Complete the issuance of G.O. note and Stormwater bond issues

Convert the City's general ledger, accounts receivable and accounts payable packages from JD Edwards to Tyler Munis

Assist the Community and Economic Development department in gaining approval of TIFs 11 and 12

CITY OF APPLETON 2018 BUDGET

FINANCE DEPARTMENT

MAJOR 2018 OBJECTIVES

- Maintain a sound credit rating in the financial community assuring taxpayers that the City is well managed by using prudent financial management practices and maintaining a sound fiscal condition

- Accurately record financial transactions and provide centralized accounting services to City departments in order to verify their public purpose and compliance with the various sections of the ordinances and budget

- Provide knowledgeable, courteous customer service to all individuals who contact the department with questions and/or concerns. Continue to coordinate changes to the customer service area on the first floor insuring adequate training and staff involvement. Proactively offer solutions to challenges that arise keeping customer service the primary focus

- Continue development of electronic payment options for City services in conjunction with new ERP system

- Continue performance based budgeting incorporating continuous improvements and provide education and support for departments

- Train staff and continue to focus on technology improvements that will allow the department to meet the demands of a growing City as efficiently as possible

- Promote a department working environment conducive to employee productivity, growth and retention

- Provide opportunities for staff to cross-train in various positions in the department

- Improve communication of budget procedures, monitoring of budget to actual results for the current year and education of future implications for the City

- Continue to work with the Community Development Specialist to ensure compliance with grant covenants and single audit requirements

- Develop a plan to address long-term funding issues in the CEA Replacement Fund as well as other long-term capital planning

- Complete transition to new ERP system and begin implementation of payroll and other modules

PROGRAM MISSION

We will provide training and supervision to the Finance Department in order to provide for the overall direction, coordination and support of the activities of Finance staff.

PROGRAM NARRATIVE

Link to City Strategic Plan:

Implements Key Strategies # 3: "Recognize and grow everyone's talents" and # 4: "Continually assess trends affecting the community and proactively respond".

Objectives:

- Provide cost-effective administrative management to support the activities of the Finance Department
- Provide education and training opportunities for our employees to promote personal and professional growth and development
- Initiate systematic changes by examining existing procedures and technological needs
- Provide support to department staff and ensure staff performance is evaluated accurately and fairly

Major changes in Revenue, Expenditures, or Programs:

The 2018 budget continues tuition reimbursement per City policy for several staff members in pursuit of accounting degrees.

Billing & Collection Services

Business Unit 11520

PROGRAM MISSION

For the benefit of all City departments and various other government entities, in order to collect all revenues authorized by policy in support of program delivery objectives, we will provide centralized billing, collection, and information services.

PROGRAM NARRATIVE

Link to City Strategic Plan:

Implements Key Strategies # 2: "Encourage active community participation and involvement" and # 4: "Continually assess trends affecting the community and proactively respond".

Objectives:

Provide an efficient, centralized collection location for convenient payment of all City-generated billings via mail, drive through, night deposit, or walk-ins by:

- Improving cash receipting speed and accuracy with formalized procedures and improved systems
- Investigating debit, credit card and internet payment options when financially feasible

Provide a favorable impression of the City since we are a primary contact for the general public by:

- Maintaining a working knowledge of all City departments
- Updating the internal general information guide used to direct and inform customers

Provide professional and courteous service

Maintain parking ticket records and issue reminder and state suspension notices to ensure the proper amount is collected

Major changes in Revenue, Expenditures, or Programs:

No major changes.

FINANCE DEPARTMENT**

Support Services

Business Unit 11530

PROGRAM MISSION

We will provide financial services and support to all City departments in order to assist them in meeting program delivery objectives, assure compliance with government policies, and safeguard the assets of the City.

PROGRAM NARRATIVE

Link to City Strategic Plan:

Implements Key Strategies # 1: "Responsibly deliver excellent services" and # 4: "Continually assess trends affecting the community and proactively respond".

Objectives:

- Serve as the collection point for all payroll data and process the City's payroll and complete related reports to ensure compliance with the City personnel policy and government regulations
- Produce timely payments to employees and vendors to maintain a high level of credibility
- Continue to expand the use of credit card payments to suppliers in order to maximize annual rebates and streamline the vendor payment process
- Account for real and personal property taxes in a timely and efficient manner
- Provide administration of the City's accounts receivable and collection functions (NSF, collection agency, special assessments)
- Provide accurate service invoices for the City and produce reminder notices for delinquent accounts
- Provide financial reporting and coordinate the annual City audit
- Actively identify and pursue local and regional cooperative purchasing opportunities
- Provide departmental assistance in evaluating the financial implications of projects

Major changes in Revenue, Expenditures, or Programs:

The reduction in accounting fees reflects the award of the annual audit contract to a lower cost provider, and not needing to fund the cost of an actuarial study for the post employment benefits fund. The actuarial study is only required every other year. The next study will be performed in 2019.

Reserves and Contingencies

Business Unit 12020

PROGRAM MISSION

For the benefit of General Fund departments, to provide operational flexibility and to ensure accurate budgeting, this program provides funding for emergencies, other unforeseen expenditures, and settlement of labor contracts and non-represented compensation plan increases.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 4: "Continually assess trends effecting the community and proactively respond".

Objectives:

This program includes two types of reserves; a reserve for contingencies and a wage reserve.

The reserve for contingencies is a reserve for unforeseen emergencies or opportunities that occur throughout the year. The reserve for contingencies is made up of the following sub-contingency categories:

Public Education and Government (PEG) access: Funds from a franchise fee agreement with Time Warner Cable (TWC) to be used to support PEG access

State Aid: Unexpended funds from prior periods retained to offset reductions in various state aids to local governments

Fuel: Unexpended funds from prior periods retained to offset unexpected increases in fuel prices

Operating: Unexpended funds from prior periods augmented by current budget as necessary to retain a working reserve of a maximum of 1% of the current year's General Fund operating budget, as established by City policy

The wage reserve is a reserve for non-represented compensation plan increases, labor contract settlements, changes in pay grades that may occur during the year, changes in marital status that affect costs related to health and dental benefits, plus any additional unexpected labor costs. It is distributed to the various general fund departments at the end of the year by the lesser of calculated need or budget shortfall. It is anticipated that vacancies within departments during the year will help to fund these costs.

Major changes in Revenue, Expenditures, or Programs:

Following is a summary of the anticipated additions and uses of contingency funds for 2017 and 2018

Reserve for Contingencies

	Balance 1/1/17	2017 Budget Additions	2017 Projected Uses	Projected Balance 1/1/18	2018 Budget Additions	2018 Budget Uses	Projected Balance 12/31/18

PROGRAM MISSION

For the benefit of current and former staff of General Fund departments, this program provides for a variety of miscellaneous expenses.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 4: "Continually assess trends effecting the community and proactively respond".

Objectives:

The following expenditures are provided for by this program:

	2017		2018
Special Assessments for General Fund Properties	\$ -	\$	30,653
Tax Adjustments	15,000		15,000
Retirees	420,000		448,000
Fire and Police Pension (old plan)	12,205		9,739
City hall facilities/utilities charges	598,569		613,502
Insurance	981,245		919,375
Misc. licenses & fees	3,000		3,150
Property Annexation Agreement Payments	12,500		12,500
Total	\$ 2,042,519	\$	\$ 2,051,919

Major changes in Revenue, Expenditures, or Programs:

The general interest income consists of:

Interest due on condo association loans	\$ 34,992
Interest received on TIF advances	1,881,227
Interest received on short-term loans with AASD	22,200
Penalty on delinquent invoices rolled to tax roll	106,992
Interest on delinquent invoices	10,000
Total	\$ 2,055,411

Transfers

Business Unit 12060

PROGRAM MISSION

For the benefit of people with limited transportation options so that they can contribute to the community and improve their quality of life, this program provides for the City's local share of Valley Transit expenses.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 2: "Encourage active community participation and involvement".

Objectives:

Provide for the City's local share of Valley Transit as well as other transfers to or from the general fund .

Major changes in Revenue, Expenditures, or Programs:

The \$925,000 transfer in from the capital projects fund represents the transfer of excess fund balance from the Subdivision fund to the general fund to keep the Subdivision Fund within its fund balance policy.

Room Tax Administration

Business Unit 2600

PROGRAM MISSION

For the benefit of the municipalities participating in the collection of hotel/motel room taxes, and in support of the operations of the Fox Cities Convention and Visitors Bureau (FCCVB) and construction of tourism facilities within the Fox Valley, we will properly collect and remit the proceeds of the room tax.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 2: "Encourage active community participation and involvement".

Objectives:

The purpose of this fund is to account for the receipt of a 10% room tax and the corresponding transfers to the FCCVB, Associated Trust Company, and the City's general fund. The tax is allocated as follows:

- 3%* to FCCVB to support tourism in the Fox Cities region
- 3% to FCCVB for Exhibition Center construction funding
- 1% to FCCVB for a future amateur sports facility construction funding
- 2% to Associated Trust to fund payment of the PAC bonds (expected to be reallocated to the sports facility funding in 2018)
- 1% to Associated Trust to support the operations of the PAC

* 5% of this amount is retained by the City to pay for administrative expenses

Major changes in Revenue, Expenditures, or Programs:

The remaining outstanding PAC bonds are expected to be paid off in March, 2018. Beginning the first day of the following quarter (4/1/18), the 2% room tax currently being collected for payment of those bonds will be reallocated toward funding the cost of a future amateur sports facility within the Fox Cities Tourism zone.

**CITY OF APPLETON 2018 BUDGET
INTERNAL SERVICE FUNDS**

NOTES

CITY OF APPLETON 2018 BUDGET INTERNAL SERVICE FUNDS

Other Post Employment Benefits

Business Unit 6410

PROGRAM MISSION

This fund accounts for the actuarially determined liability associated with other post employment benefits (OPEB) in accordance with Government Accounting Standards Board (GASB) Statements No. 43 and 45.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 1: "Prompt delivery of excellent services."

Objectives:

The GASB considers other post employment benefits (OPEB), such as the ability of retirees to purchase City health insurance, as part of the compensation employees earn each year, even though these benefits are not received until after employment ends.

Retired City employees can continue to purchase health insurance from the City until they become eligible for Medicare, for which they self-pay 100% of the required premium equivalent amount. In a standard OPEB valuation, the GASB's guidelines require that the OPEB benefit be based on the value of the health care benefit. An implicit subsidy exists when retirees and current employees are covered together as a group, wherein the premium equivalent rate paid by the retirees may be lower than it would be if the retirees were rated separately. The final GASB statements declare that, even if the retirees pay 100% of the premium equivalent, without a contribution from the employer, the employer is required to treat the implicit rate subsidy as an OPEB.

The City is required to have an actuarial study every two years to update the OPEB calculation. City staff update the information in the off year. The last study was completed in 2017 for the year ended December 31, 2016.

Major program changes:

City staff will update the actuarial study in 2018 for the year ending December 31, 2017.

PERFORMANCE INDICATORS

Actual 2015 Actual 2016 Target 2017 Projected 2017 Target 2018

Note: Since this program exists solely to account for the actuarially determined liability associated with other post employment benefits, there are no applicable performance measures.

CITY OF APPLETON 2018 BUDGET

INFORMATION TECHNOLOGY

Information Technology Director: Dean J. Fox

CITY OF APPLETON 2018 BUDGET INFORMATION TECHNOLOGY

MISSION STATEMENT

The Information Technology Department serves to provide all City departments with reliable, timely and accurate computer applications, as well as planning and implementation of technology related hardware and services that are both cost effective and responsive to departmental needs.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

As the City's Information Technology (IT) Department remains ever vigilant of the technology needs of our departments, our increasing dependence on technology and the ability to manage it continues to be a priority. Essential functions of the IT Department are; providing services such as monitoring network and operating systems, ensuring the performance of backups, maintaining security procedures and protocols, and providing hardware and software technical support for all technology infrastructure components to ensure that technology resources are accessible to City staff. Plans and strategies to improve technology systems as we move forward will continue to be evaluated. Our goal is, and always has been, to be as close to 100% uptime as possible. As the department continues to evolve with technology, we will focus on understanding how the IT role is changing, look at IT as a complete part of making the City departments technically successful, driving new business initiatives and becoming a strategic partner with each department for the benefit of the City. Our goal is for the IT Department to be a seamless partner with other City Departments allowing the technology to work for them behind the scenes.

The following summarizes significant events in 2017:

Took our first step into operating in the cloud by moving our Microsoft Exchange email server to an Office 365 cloud environment

Began the migration of our workstations to Microsoft Windows 10 from Windows 7

Continued to add additional components to our security assessment, continuing offsite monitoring and intrusion detection; increased end point protection with additional malware software

Continued work on the City's website, went into partnership with Site-Improve for website monitoring as well as continue to self-monitor and keep the site fresh and the information set up in an easy to use format

Installed new Meraki wireless system in most City buildings and Houdini Plaza, implementing the latest security best practices along with it

Implemented a new document management system for the Legal Department

Continued to replace and upgrade PCs and laptops to stay as close to a 4 year replacement cycle as financially feasible

Continued with the project of replacing the iSeries mainframe and related software with a networked Enterprise Resource Planning (ERP) System and asset management, inventory and Computer Assisted Mass Appraisal (CAMA) systems. The CAMA system went live in the summer of 2017 and the Finance modules are scheduled to go live in November of 2017. The next steps for 2018 will be implementation of the HR and Payroll modules.

Significant programming work continues in preparing the data on the iSeries to convert to the ERP program along with SQL programming to transition both the CAMA and ERP projects

Work continues on the redundancy needed for our AAMFON fiber to anticipate as many disaster scenarios as possible

Programming changes as needed to enhance the intranet applications used by various departments

CITY OF APPLETON 2018 BUDGET INFORMATION TECHNOLOGY

MAJOR 2018 OBJECTIVES

Proactively find opportunities to streamline processes and improve communications. Collaborative efforts with the Appleton School District along with Fox Valley Technical College and Outagamie County on potential shared costs will always be explored when feasible. Included in the collaborative efforts will be working with other agencies in the growth of the Appleton Area Metropolitan Fiber Optic Network (AAMFON) and continued updating and increasing of its utilization and bandwidth. This will become even more important since the need for additional stable bandwidth is ever-increasing.

Move toward completion of the ERP system and further implementation of the selected modules

Continue to upgrade the necessary PC's, laptops, MDC's and tablets to maximize efficiency and minimize the cost of maintaining older equipment

Review and analyze existing technical and system operations to improve effectiveness and keep pace with the technological landscape; with continuous improvement and enhancement, our goal is to achieve 99.999% uptime of our systems

Enhance the build-out of a disaster recovery system from the original 2015 project, ensuring the most effective way of protecting the City's data using the latest offsite backup technology; continue a business continuity plan for the IT Department, giving us procedures to follow in case of an emergency

Replace the Storage Area Network (SAN) with new updated hardware and the latest software to ensure confidentiality, integrity and availability of all City data

Work with individual departments to become a closer business partner and help identify departmental technology needs and advancements

Utilize cloud services whenever financially and technically feasible

Develop and establish information technology-related goals and objectives

CITY OF APPLETON 2018 BUDGET INFORMATION TECHNOLOGY

Administration

Business Unit 13010

PROGRAM MISSION

To ensure that staff within the Information Technology Department can perform their duties in an effective manner while working in a pleasing and comfortable atmosphere, we will provide necessary tools, equipment, training and support to promote a healthy work environment that encourages customer support and personal development.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 3: "Recognize and grow everyone's talents", # 4: "Continuously assess trends affecting the community and proactively respond", # 6: "Create opportunities and learn from successes and failures" and # 7: "Communicate our success through stories and testimonials".

Objectives:

Provide training resources to maintain, enhance and develop skills for efficient job performance and personal development of staff

Provide workspace, parking and supplies to create a comfortable working environment that meets safety and environmental needs

Provide resources including telephone and voicemail to enhance communication opportunities for staff

Provide for opportunities to network with industry professionals through memberships and subscriptions to trade publications

Major changes in Revenue, Expenditures, or Programs:

The increase in utilities expense in this budget is the result of greater use of mobile devices, particularly laptops and tablets using air cards for remote access to the City network.

CITY OF APPLETON 2018 BUDGET INFORMATION TECHNOLOGY

Mainframe

Business Unit 13020

PROGRAM MISSION

To ensure that all mainframe users can collect, process and manage needed information and communicate more effectively, we will assist with the analysis, development, testing and implementation of new and upgraded automated systems, as well as maintain the availability and reliability of the mainframe computer.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 4: "Continuously assess trends affecting the community and proactively respond", and # 6: "Create opportunities and learn from successes and failures".

Objectives:

- Communicate on a regular basis with department liaisons to ascertain information needs
- Complete ongoing prioritization of all new and existing mainframe system development tasks
- Coordinate, prioritize and complete department projects in line with available resources, and ensure all departments are regularly kept informed of progress
- Enhance knowledge of newly implemented technology including hardware, software and specialized systems through effective training programs
- Maintain availability of reliable computer hardware and software through a cost effective upgrade schedule
- Continue work on replacement of the iSeries with the Enterprise Resource Planning (ERP) package

Major changes in Revenue, Expenditures, or Programs:

A reduction in modules used on the iSeries as use of programs that are part of the ERP system project continues to ramp up has reduced IT's need for in-house programmers. One programmer position previously budgeted as full time is vacant following a retirement but remains on the table of organization pending further review of IT's staffing needs as the transition away from the iSeries proceeds. For 2018, this position is budgeted as half time and unbenefited.

The reduction in software support expense reflects the planned termination of the maintenance agreement for the JDEdwards software. With the transition to the Tyler Munis software it will no longer be needed and is planned to be dropped after the first quarter.

PERFORMANCE INDICATORS

	<u>Actual 2015</u>	<u>Actual 2016</u>	<u>Target 2017</u>	<u>Projected 2017</u>	<u>Target 2018</u>

CITY OF APPLETON 2018 BUDGET INFORMATION TECHNOLOGY

Network

Business Unit 13030

PROGRAM MISSION

To ensure that users of City network data and communication systems can continue to perform automated functions in an effective manner, we will maintain the availability and reliability of such systems and correct any operational problems, as well as provide appropriate upgrades and development of new systems as needed.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 4: "Continuously assess trends affecting the community and proactively respond", and # 6: "Create opportunities and learn from successes and failures".

Objectives:

Minimize downtime of computer systems, applications, phone, voice mail and copier services through timely and skilled maintenance and problem solving

Maintain availability of reliable hardware and software through a cost effective maintenance and upgrade schedule

Enhance effective information availability through the internal intranet as well as the external internet site

Continue work toward full utilization of the fiber optic network which will vastly increase the efficiency of network administration as well as the speed at which employees can access information

Major changes in Revenue, Expenditures, or Programs:

Equipment repairs and maintenance expenses have increased due to the maintenance cost of the recently upgraded and expanded wireless access and the video conferencing unit used for remote access to Council meetings.

The increases in software support include Microsoft licensing, reflecting both the number of machines covered and the move to Office 365 software, malware protection, the backup system, IT trouble ticket management software, increased use of Adobe Cloud Suite software, website support and the new software for the Legal Department's document management software (\$22,050).

PERFORMANCE INDICATORS

CAPITAL PROJECTS FUNDS**

Information Technology

Business Unit 4220

PROGRAM MISSION

This program accounts for funding sources and expenditures for various data processing, communications, and technology related needs.

PROGRAM NARRATIVE

Link to Strategy:

Implements Key Strategy # 6: "... improve the efficiency and effectiveness of City services..."

Objectives:

Further descriptions of projects to be funded from this fund can be found in the Capital Projects section of the budget, as follows:

<u>Project</u>	<u>Subledger</u>	<u>Amount</u>	<u>Page</u>
ERP system (I-series replacement)	2407	\$ 243,000	Projects, Pg. 629
Storage Area Network (SAN) replacement	2403	500,000	Projects, Pg. 630
Council Chambers audio / video upgrade	2416	65,000	Projects, Pg. 630
		<u>\$ 808,000</u>	

Major changes in Revenue, Expenditures, or Programs:

No major changes

PERFORMANCE INDICATORS

Actual 2015 Actual 2016 Target 2017 Projected 2017 Target 2018

Note: Since this program exists solely to account for funding sources and expenditures for various technology capital investments, there are no continuing performance measures.

CITY OF APPLETON 2018 BUDGET

LEGAL SERVICES

City Attorney: James P. Walsh

Deputy City Attorney: Christopher R. Behrens

City Clerk: Kami L. Lynch

CITY OF APPLETON 2018 BUDGET LEGAL SERVICES

MISSION STATEMENT

The Legal Services Department is committed to being a resource; providing information to external customers and information, legal advice and guidance to internal customers.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

City Attorney's Office:

- * The Fox River clean up litigation was completed. We have worked with outside counsel to finalize the payment of costs.
- * Worked with the Department of Public Works and the Parks, Recreation and Facilities Management Department regarding railroad trestles and trails near the Fox River. We worked to complete the process and get the final agreement signed.
- * Represented the City in traffic and ordinance related matters in 2016 including 6,798 scheduled initial court appearances, 107 scheduled jury and court trials and 3,336 scheduled pre-trials/jury trial conferences or motion hearings. Through June 3, 2017, staff has represented the City in 3,455 scheduled initial court appearances, 68 scheduled jury and court trials and 1,491 scheduled pre-trials/jury trial conferences or motion hearings.
- * Represented the City in truancy court both at the courthouse and by travelling to each of the high schools and middle schools multiple times each month.
- * Actively engaged in other litigation including the defense in a variety of lawsuits. Staff resolved a number of matters through mediation or dispositive motions.
- * Continued to work with outside counsel on a worker's compensation and duty disability claim.
- * Assisted the Parks, Recreation and Facilities Management Department with a resolution of a performance bond claim.
- * Continued to assist outside counsel and monitor work of outside counsel in matters pending in Federal Court.
- * Continued to work with the Finance and Utilities Departments on customer issues such as theft of water and collection as well as assisting with the development of an excessive water usage monitoring policy and modifications to the Water Leak Policy.
- * Worked closely with various departments regarding employee discipline and discharge matters.
- * Provided training regarding HIPPA issues.
- * Worked with the Department of Public Works and the WisDOT on preliminary tasks relating to the land acquisitions for the Oneida Street reconstruction.
- * Filed suit against the Village of Fox Crossing regarding its incorporation of property subject to an existing boundary agreement.
- * Worked with the Department of Public Works to amend the RoW ordinance and address relocation invoices submitted by utilities.
- * Began integration of an electronic file management system.

City Clerk's Office:

- * Successfully conducted two elections.
- * Found significant cost savings in ballot printing through the use of another State certified vendor.
- * Continued training on the State WisVote voter/election administration system.
- * Worked to find two new polling locations for 2018.
- * Worked with Outagamie County on election procurement for new voting machines.
- * Provided education and training to election workers on new voting equipment.
- * At the time of liquor license renewals, 211 beer/liquor licenses were issued.
- * Revised the Liquor License Policy to include statutory changes and clarify portions of the policy.
- * Attended various training including Municipal Clerk's Institute, liquor licensing updates, WisVote webinars and classes at the Wisconsin Municipal Clerk's Association Annual Conference.
- * Worked with the special events staff committee and applicants in administration of the new Special Events Policy.
- * Attended Department of Revenue approved Board of Review Training.
- * The Board of Review proceedings were completed on June 1st.

CITY OF APPLETON 2018 BUDGET LEGAL SERVICES

MAJOR 2018 OBJECTIVES

- * Work with the Department of Public Works and our outside consultants to ensure that all necessary acquisitions and paperwork for the Oneida Street construction project are completed.
- * Work with the Department of Public Works and property owners to assure acquisition of any property needed for stormwater detention ponds.
- * Continue working with insurance counsel to make sure any remaining invoices for the Fox River litigation are appropriately reimbursed.
- * Continue to assist, guide and advise City staff as well as elected officials on legal matters in a timely fashion.
- * Continue to work with other departments to ensure that City tasks are timely completed and projects are not delayed and items such as land acquisitions and negotiated agreements be completed pursuant to the department's requested deadline, whenever possible.
- * Continue working cooperatively with the Finance Department and the Appleton Public Library in collections efforts and making sure all materials are returned as required.
- * Represent and defend the City in future lawsuits brought against it or its employees or officials except when particular expertise of outside counsel is required or outside counsel is mandated by the insurance carrier.
- * With a yearly average of over 2,000 initial appearances, 150 scheduled jury and court trials and an average of 3,200 pretrials/jury conferences and motion hearings, continue to prosecute City citations.
- * Continue to work with the court and school district on truancy court matters, spending an average of fifteen days per year strictly on truancy court appearances in various schools in addition to meetings with school officials and other required court appearances.
- * Work with PRFMD on additional trail acquisitions.
- * Effectively conduct four regularly scheduled elections including the November general election for Governor.
- * Learn the State's new online voter registration system and work to make voters aware of the new online registration option.
- * Continue to examine how to advance election processes through new devices and software.
- * Continue to evaluate and improve the administration of licenses and permits.
- * Work with Department of Public Works for the development of the Leona Street stormwater pond.
- * Work with other City departments for a successful exhibition center construction process.
- * Work with Finance to learn and utilize new system for cash receipting/accounting.

**CITY OF APPLETON 2018 BUDGET
LEGAL SERVICES**

Administration

Business Unit 14510

PROGRAM MISSION

We will provide legal services to City staff and Alderpersons in an efficient manner to assist them in making fully informed decisions. We will provide guidance, training and development of our department's employees keeping them well informed while increasing their potential and job satisfaction.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: " Prompt delivery of excellent services", #3: "Recognize and grow everyone's talents", #4: "Continually assess trends affecting the community and proactively respond", #6: "Create opportunities and learn from successes and failures" and # 7: "Communicate our success through stories and testimonials."

Objectives:

- * Prepare contracts and legal opinions in a timely fashion and provide counsel and legal advice to departments and officials.
- * Attend all meetings of the Common Council's committees, boards and commissions and provide legal advice, including parliamentary procedure guidance, as requested by members and respond to requests for information.
- * Administer cost effective management of department activities.
- * Encourage employees to attend training in personal and professional development.
- * Continue to review all department functions and strive for maximum efficiency utilizing current technologies.
- * Review all existing policies and processes, develop and implement new procedures when deemed necessary.
- * Administer the Board of Review.
- * Continue involvement with State and national organizations associated with the professionalism of the Municipal Clerk.
- * Provide customer service to both internal and external customers at a level of acceptable or higher.
- * Continue involvement in the real estate aspect of the City's business to ensure that appropriate steps are taken to protect the City's interest and to ensure that there are no irregularities on the titles of City real estate.

Major Changes in Revenue, Expenditures or Programs:

The 2018 budget includes \$6,600 tuition reimbursement for the City Clerk's pursuit of a Master's degree in public administration.

LEGAL SERVICES**

Litigation

Business Unit 14521

PROGRAM MISSION

We will continue to represent the City of Appleton and its employees in pending litigation and advise the departments concerning such matters in an effort to minimize claims against the City.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", #4: "Continually assess trends affecting the community and proactively respond" and #6: "Create opportunity and learn from successes and failures."

Objectives:

The City of Appleton, by its very nature, is involved in a multitude of circumstances which could result in litigation. We are engaged in the continuous process of employment activity and such things as law enforcement, real estate acquisitions and numerous other activities. The City has potential exposure in all of these areas if a step is missed or an inappropriate action is taken. This office has maintained an active and aggressive stance in representing the interests of the City. We will continue this procedure in an attempt to minimize legal exposure for the citizens and employees of the City of Appleton.

Major Changes in Revenue, Expenditures or Programs:

With the conclusion of the most recent excessive assessment litigation in 2017, legal fee expenses have been reduced \$50,000 for 2018.

Recordkeeping

Business Unit 11020

PROGRAM MISSION

In order to meet legal requirements and to provide a history of the City to the Common Council, City departments and the public, we will provide timely filing, maintenance and retrieval of all official City documents and provide support services.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 4: "Continually assess trends affecting the community and proactively respond", #6: "Create opportunities and learn from successes and failures" and # 7: "Communicate our success through stories and testimonials."

Objectives:

- * Effectively respond to all document requests and public inquiries.
- * Timely organize City meeting information for City officials, staff and public.
- * Appropriately organize and retain City records as required by State law.
- * Continue and improve coordination of electronic records through new electronic records management software.
- * Organize vault files in a logical and accessible manner.
- * Monitor Granicus system for potential improvements and training opportunities for City staff.

Major Changes in Revenue, Expenditures or Programs:

No major changes.

Licensing

Business Unit 11030

PROGRAM MISSION

In order to ensure a safe, healthy and accepting environment for our community, we will process all applications and issue all approved licenses and permits in a timely manner to individuals and organizations.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 4: "Continually assess trends affecting the community and proactively respond" and # 6: "Create opportunities and learn from successes and failures".

Objectives:

- * Efficiently service license inquiries, issues and applicants.
- * Continue to provide prompt turnaround time from initial application.
- * Accurately maintain data files.
- * Work with other departments to ensure timely processing of licenses.
- * Assist applicants/organizations for special events through the permitting process.
- * Attend training and monitor procedures to keep current with State licensing requirements.

Major Changes in Revenue, Expenditures or Programs:

The decrease in Operators licensing relates to the timing of issuing two-year licenses. Even years, such as 2018, have about half the renewals as odd years.

**CITY OF APPLETON 2018 BUDGET
LEGAL SERVICES**

Elections

Business Unit 11040

PROGRAM MISSION

For the benefit of the community, in order to ensure effective democratic decision-making, to maintain all election data and to respond to information requests, we will administer elections as required.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2, "Encourage active community participation and involvement", # 3: "Recognize and grow everyone's talents", # 4: "Continually assess trends affecting the community and proactively respond", # 6: "Create opportunities and learn from successes and failures" and # 7: "Communicate our success through stories and testimonials."

Objectives:

- * Educate voters of the online voter registration system and capabilities through the State MyVote website.
- * Utilize the City's website for voter outreach and education.
- * Provide effective training for all election inspectors.
- * Streamline polling place procedures and materials.
- * Effectively assist local candidates and maintain campaign finance reports.
- * Learn and implement new election equipment and related software.

Major Changes in Revenue, Expenditures or Programs:

The City of Appleton will be purchasing new election equipment in 2018 from Outagamie County who will provide for a cost-share of the equipment. The equipment will allow for the transmission of election night results electronically to the County.

There are four anticipated elections in 2018 versus 2 elections in 2017 including a general election for the office of Governor in the fall which will draw significant turnout. The additional elections adds costs in the areas of salaries, printing and equipment.

The performance indicator number of voter status changes below has replaced # of add, deletes, changes to better reflect updates to the election database and separate this number from voter registrations.

LEGAL SERVICES

Mail/Copy Services

Business Unit 11050

PROGRAM MISSION

In order to insure mail, photocopy and package handling services to all City departments in the most timely and cost effective manner, we will provide prompt service and education to all users of our services.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 4: "Continually assess trends affecting the community and proactively respond", # 6: "Create opportunities and learn from successes and failures" and # 7: "Communicate our success through stories and testimonials."

Objectives:

- * Timely processing of photocopy requests, processing and sorting of mail.
- * Continue to collaborate with other departments to reduce mailing costs.
- * Maintain log of postage and UPS items.
- * Educate City departments on mail/copy service procedures.

Major Changes in Revenue, Expenditures or Programs:

No major changes

CITY OF APPLETON 2018 BUDGET

HUMAN RESOURCES

Human Resources Director: Sandra A. Matz

Deputy Director of Human Resources: Debra M. Van den Bogart

CITY OF APPLETON 2018 BUDGET HUMAN RESOURCES

MISSION STATEMENT

To establish and maintain a high quality, competent and loyal workforce and to provide on-going support, training, and prompt and courteous service to all City departments, staff and the public.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

In terms of general administrative functions, we continued to plan and make changes to our medical insurance program to remain in compliance with the Health Care Reform Act as well as being prepared for any new changes made at the federal level. We successfully converted our 457(b) deferred compensation plan from Nationwide to Voya. We will continue to work with our advisor to serve as fiduciary for the plan, oversee investment decisions, and work with Voya to educate employees on this benefit. We continue to work with Appleton Area School District on the shared employee medical clinic. Due to overwhelming success of the clinic, we hired two more staff in May to handle the demand for services. The Health Smart team ran the annual health screening program for employees and spouses and continued to promote healthy living programs. An RFP process was also conducted for health screening services and a new provider was selected to conduct those services this Fall. The annual glance chart (tables of organization, department staffing information and salary charts) was also updated and distributed. We continue to electronically scan and index personnel files into the Metafile imaging system.

In the area of employee/labor relations, the department began union/management meetings with Valley Transit for the Teamster contract expiring December 31, 2017. Staff also met with a number of employees regarding FMLA, worker's compensation, career development and a variety of employment-related questions and concerns.

Since the new compensation study was finalized, we processed another year of pay-for-performance adjustments based on all non-union employee ratings in the performance evaluation system. The compensation team continues to meet to review the administration and performance of the evaluation system.

Recruitment activities continued to be heavy due to retirements and terminations. In particular, recruitment processes were completed for police officers, fire fighters, several positions at the Library, Public Works, Valley Transit and City Hall as well as several internal promotions/transfers City-wide. We continued to use Biddle testing which is integrated with our NEO.gov application system. We also worked with social media outlets to find new ways to reach potential candidates. With 60% of staff eligible to retire within the next 5-10 years, recruitment will continue to be a focus for our department.

In the area of staff development and training, the department completed training for all general employees and supervisors during 20 classes held throughout the year and provided required training to all seasonal employees during four seasonal classes. The staff also conducted three new employee orientation programs, along with two new supervisor orientations. Staff also implemented new e-learning courses using CVMIC's Kwik Course tool and continue to expand the use of online onboarding for new employees. In addition, the staff also facilitated two successful administrative professionals' recognition programs in April. One of the primary areas of focus in 2017 was the implementation of the City's talent management strategy, including City-wide and departmental workforce analysis, succession plans, individual stay interviews, group stay interviews, culture discussions and new City-wide leadership development program. We also began an executive development program for our director staff.

CITY OF APPLETON 2018 BUDGET HUMAN RESOURCES

MAJOR 2018 OBJECTIVES

To provide departmental support meeting the City's organizational needs in the areas of:

Administration:

Continue work on the health insurance program to stay in compliance with the Health Care Act and industry trends for all employee benefits
Administer the annual employee/spouse/retiree health screenings along with various wellness programs to educate employees
Maintain the City's non-represented compensation plan
Promote the new medical clinic to all employees and dependents
Promote programs to increase employee financial wellness and retirement readiness
Negotiate labor agreements and provide assistance to departments on labor issues
Continue work on deferred compensation and plan services

Recruitment and Retention:

Fill vacant employee positions throughout the year
Continue to evaluate the use of testing and employment related assessments to best meet our needs
Continue to investigate new social media tools to promote City positions

Staff Training and Development:

Continue to implement City-wide talent management strategy, including updates and implementation of succession plans, individual development plans and city-wide leadership development programs
Continue to create and facilitate required general employee and supervisory training sessions
Continue development and implementation of e-learning programs
Conduct new employee orientation sessions
Conduct seasonal employee training
Coordinate team and individual development opportunities for City employees
Manage and expand use of online onboarding system

HUMAN RESOURCES**

Administration

Business Unit 14010

PROGRAM MISSION

For the benefit of managers and employees, so that the City may attract and retain talented and dedicated staff who will be fairly and equitably compensated and supervised, we will develop and administer policies and procedures, maintain compensation schedules reflective of the market, conduct labor contract negotiations, resolve grievances, and assist with employee-related issues.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", #3: "Recognize and grow everyone's talents", and #5: "Promote an environment that is respectful and inclusive."

Objectives:

- Develop, implement, maintain and distribute policies and procedures applicable to City employees
- Review policies and procedures
- Serve as a resource for other agencies seeking employment and statistical data
- Administer various policies and programs to comply with state and federal legislation
- Administer fringe benefit programs and voluntary fringe benefit programs
- Counsel employees on benefit related issues and conduct organizational benefit reviews
- Coordinate and administer the employee compensation and classification system
- Administer the performance and goal evaluation system
- Educate employees on health insurance costs and issues
- Maintain employment records
- Negotiate labor union contracts, address employee issues and handle grievances as they occur
- Investigate complaints and follow through to resolution
- Provide intervention and conflict resolution services
- Assist and advise employees on employment related issues
- Provide contract interpretation and training
- Coordinate and participate in grievance and interest arbitrations

Major Changes in Revenue, Expenditures or Programs:

Decrease in salary and fringe benefits due to costs being transferred to the Risk Management Fund for staff time spent performing risk management duties during an anticipated vacancy in the Risk Manager position in 2018. The six month period will allow the H/R Department to evaluate potential long-term options for this position.

Recruitment and Selection

Business Unit 14020

PROGRAM MISSION

For the benefit of the program managers, so that the City will have a qualified, diverse staff, we will research, recruit and recommend appropriate candidates.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", #3: "Recognize and grow everyone's talents" and #5: "Promote an environment that is respectful and inclusive."

Objectives:

- Review and make recommendations on the filling of vacancies, reorganizations and other staffing changes
- Review and update job descriptions, post or advertise vacant positions
- Receive, enter Equal Employment Opportunity (EEO) information and screen applications
- Administer selection process including: corresponding with applicants, maintaining recruitment data, testing, interviewing, performing background and reference checks, coordinating travel arrangements, medical, psychological and physical agility tests and documenting employment offers
- Maintain statistical data on applicant files
- Process all recruitment for seasonal employees
- Outline and document all hiring processes and continue to explore online job posting opportunities
- Evaluate the use of testing and employment related assessments
- Use NEO.gov system for all volunteer processes to streamline and ensure all backgrounds are completed

Major Changes in Revenue, Expenditures or Programs:

- Decrease in memberships due to SHRM national membership being paid every other year.
- Increase on food/provisions due to high current and anticipated recruitment processes and expenses relating to 60 percent of the City's workforce retiring within the next five to ten years.
- Increase to consulting services due to expected increase in vendor charges in 2018.

Staff Development & Training

Business Unit 14040

PROGRAM MISSION

For the benefit of City staff and the community, we will provide training to meet strategic goals and educational opportunities for staff to enhance employees' skills, to fulfill legally mandated training requirements, and to increase employee engagement and productivity.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #1: "Prompt delivery of excellent services", #3: "Recognize and grow everyone's talents" and #6: "Create opportunities and learn from successes and failures".

Objectives:

- Coordinate and conduct required general employee training for all employees
- Coordinate and conduct supervisory training
- Maintain City-wide training/tracking database
- Coordinate online training registration
- Facilitate staff and team development
- Deliver organizational development training
- Conduct new employee orientation
- Conduct new supervisor orientation
- Coordinate and conduct seasonal training
- Facilitate City-wide talent management strategy, including workforce analysis and planning
- Coordinate and facilitate leadership and individual development plans and programs
- Continue to implement online NEO.gov performance evaluation system and online onboarding system

Major Changes in Revenue, Expenditures or Programs:

The increase in the overall training budget is because of the continued focus on talent development and engagement because our workforce continues to age, with 60% of our employees being retirement-eligible within the next 10 years. The additional money for City-wide training will be used to continue the implementation of the City's leadership development program, along with support for individual and team development plans.

CITY OF APPLETON 2018 BUDGET

RISK MANAGEMENT

Human Resources Director: Sandra A. Matz

Deputy Director of Human Resources: Debra M. Van Den Bogart

CITY OF APPLETON 2018 BUDGET RISK MANAGEMENT

MISSION STATEMENT

To establish and maintain a successful risk management program and to provide on-going support and training to all City Departments and staff as well as prompt and fair service to the public.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

The Risk Management staff continued to manage organizational liability through a variety of efforts. The Risk Management staff continues to analyze our current coverages and completed our annual insurance renewals for the 2018 policy year. The staff reviewed all insurance policies to keep premiums at the lowest cost and maintain proper levels of coverage for the City's liability needs. We reviewed risk and provided adequate insurance coverage for 68 special events. Multiple reviews were completed on the Exhibition Center contract and the Erb Pool project to make sure builders risk coverages continued to be adequate. We completed the 2017 risk actuarial assessment to verify the City's reserves were adequate for potential loss. We updated the certificates of insurance requirements to be more consistent and provide better clarification for our customers. We worked with the Attorney's Office to update City ordinances related to insurance requirements for applicable customers. We also worked with them to update the Special Events Policy to ensure insurance requirements in the policy match the changes made to each certificate level.

We continued to manage the Central Safety Committee and worked with department safety committees to review current safety practices and make improvements as needed.

We also continued to proactively promote safe work practices by conducting required training for all supervisors, employees and volunteers on risk management topics. To help generate interest and keep our employees engaged in safety training, we created a Plinko game to reinforce safety topics for seasonal participants. We continue to work with CVMIC to offer confined space entry training for appropriate staff.

We worked to complete the Safety Data Sheets (SDS) audit and applicable updates, and continued to educate appropriate staff on the online SDS information.

The staff continues to analyze worker's compensation statistics to find ways to proactively mitigate injuries in the future. Based on the analysis, we followed up with departments to provide suggestions for ways to improve safety for employees.

Staff completed our annual training requirements including the respirator medical surveillance program and respirator fit testing for all employees who are required to wear respirators. Annual hearing tests were completed in the fall to ensure compliance with the hearing conservation program.

The Fox River clean-up has been a long-running source of potential liability for the City. In 2014, the City submitted a consent decree, previously agreed to among several of the parties, to the US District Court. The consent decree capped the City's liability for cleanup at \$5.2 million, removed the City from further litigation, and was approved by the court. The \$5.2 million settlement amount was deposited with the court and reimbursed by the insurance companies that provided coverage to the City. Following approval of the consent decree, another of the litigants in the case brought suit for reimbursement of expenses related to the cleanup. That suit has been dismissed by the court and the Fox River cleanup litigation is now considered closed.

CITY OF APPLETON 2018 BUDGET RISK MANAGEMENT

MAJOR 2018 OBJECTIVES

Our key objective is to ensure that the City has sufficient insurance coverage and reserves for any type of claim, and to handle all claims and potential claims involving the City. Therefore, our focus will be on the development of new policies and revisions of existing policies consistent with this objective. In terms of insurance coverage and claims handling, we will:

Investigate and resolve all claims filed against the City

Work with the Attorney's Office on workers' compensation claims and other unresolved claims

Review all property, liability and workers' compensation insurance coverages

Evaluate funding source adequacy, including charges for service for workers' compensation

Conduct an audit of our insurance fund to make sure adequate funding is available for potential litigation claims

Continue to review certificate of insurance requirements to make sure risk of liability is reduced in case of any claims against the City

Work with vendor annually to assess city buildings to make sure the value of our property is adequately covered for insurance purposes

Continue to provide all applicable staff training in the safety/loss prevention areas

Monitor OSHA 300 log entries (listing of work related injuries and illnesses) and send mandatory reports to the State

Analyze workers' compensation statistics and work with departments to develop appropriate courses of action

Work with vendors such as CVMIC to make sure all safety related education is available to our employees

Continue to monitor the financial status of the Risk Management Fund. Due to unusually high workers' compensation claims in 2015 and 2016, expenses in this fund significantly exceeded revenues in those years, resulting in a negative fund balance. As a result, a supplemental departmental charge was added in 2017. The fund balance will continue to be closely monitored in 2018 to determine if more corrective action needs to be taken..

CITY OF APPLETON 2018 BUDGET RISK MANAGEMENT

Property & Liability Management

Business Unit 6210

PROGRAM MISSION

For the financial benefit of our citizens, we will proactively administer and manage a fiscally responsible risk management program.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy #1: "Prompt delivery of excellent services", #2: "Encourage active community participation and involvement", and #4: "Continually assess trends affecting the community and proactively respond."

Objectives:

- Review all lines of insurance coverage for alternatives and cost reduction
- Analyze statistical data and develop programs to reduce exposures
- Proactively train and educate employees regarding risk management
- Review discounting opportunities for workers' compensation claims

Major changes in Revenue, Expenditures, or Programs:

With the addition of the Exhibition Center and Erb Pool, the value of the City's property dramatically increased. This in turn caused an increase to our insurance premiums for 2018. The Exhibition Center premiums will be charged back to the general fund after being paid through this fund.

The Uninsured Losses - WC is an estimate based on a three year history of workers' compensation claims paid. We continue to work with departments on safety training and equipment usage in an effort to reduce the number and severity of claims but many of the current claims are the result of unforeseeable accidents.

With the conclusion of the Fox River clean-up litigation, no legal fees or corresponding insurance reimbursements are projected for 2018. These decreases are reflected in the insurance proceeds and uninsured loss accounts.

CITY OF APPLETON 2018 BUDGET RISK MANAGEMENT

Safety/Loss Prevention

Business Unit 6220

PROGRAM MISSION

For the benefit of City employees, we will identify, educate and promote loss prevention programs in order to provide a safe and healthy work environment.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy #1: "Prompt delivery of excellent services", #3: "Recognize and grow everyone's talents."

Objectives:

- Continue training employees on usage of the automated external defibrillators (AED), CPR and first aid
- Facilitate new employee orientation and new supervisor orientation classes
- Conduct training with volunteers, seasonal and part-time employees in the areas of harassment and discrimination, right to know, workplace violence, blood borne pathogens, and drug-free workplace policies
- Continue to offer required training to all general employees and supervisors
- Continue with safety day presentations to cover required safety policies and updates
- Conduct blood borne pathogen training for supervisors and new employees
- Attend departmental safety committee meetings
- Respond to and document ergonomic concerns and implement solutions
- Conduct annual hearing tests on required personnel
- Review and develop programs to promote safety, reduce injuries and reduce claims
- Conduct annual lead testing
- Conduct respirator fit testing and obtain proper medical clearance for respirator usage
- Conduct confined space entry training
- Conduct trenching and excavation training
- Provide training on the use of the Safety Data Sheets (SDS) labeling system

Major changes in Revenue, Expenditures, or Programs:

- The increase in training/conferences is due to an anticipated retirement in 2018.
- The increase in food and provisions is based on prior year actual expenses.
- The increase in printing & reproduction is based on prior year actual expenses.

CITY OF APPLETON 2018 BUDGET

COMMUNITY & ECONOMIC DEVELOPMENT

Director Community & Economic Development: Karen E. Harkness

Deputy Director Community & Economic Development: Monica N. Stage

CITY OF APPLETON 2018 BUDGET COMMUNITY & ECONOMIC DEVELOPMENT

MISSION STATEMENT

The Community and Economic Development Department proactively fosters a healthy economy and a strong, welcoming community.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

In 2017, the Community and Economic Development Department continued to deliver services to the public with a focus on meeting the community needs and enhancing the quality of life.

- * Industrial development saw a continued increase in 2017 with the sale of two lots in the Southpoint Commerce Park. Land sales totaling 6.64 acres resulted in a total sale price of \$282,300. Custom Offsets intends to start construction on a 17,000 square foot facility by the end of summer.
- * The Appleton Redevelopment Authority sold the Former Foremost parcel, a redevelopment site comprised of approximately 8.1 acres, in 2017 to Alexander Company and Tukka, the developers of Eagle Point. The groundbreaking was held on May 4, 2017 for a \$21 million, 99 unit senior living facility which is the first phase of this project.
- * RiverHeath completed construction of the 90 room Courtyard by Marriot that is slated to open in October, 2017. The Woolen Mills Loft, a \$10 million, 60 unit apartment complex constructed in the Flats will open in December. This project used WHEDA tax credits and historic tax credits.
- * Continued efforts to construct and finance the Exhibition Center with a focus on communication with nine other municipalities, the ARA, the Exhibition Center Advisory Committee and the Hotel Room Tax Commission. The construction of the Exhibition Center is anticipated to be complete in fall of 2017.
- * The department continues to work and communicate with the business community in Appleton and throughout the region with efforts including social media, regular business retention visits and partnerships with community organizations that help build relationships that benefit the City.
- * The council approved the updates to the Comprehensive Plan on March 15, 2017, marking the culmination of an 18 month process that included intensive public engagement with approximately 1,100 respondents to a survey, 4 public envisioning sessions, an interactive map, and several public presentations.
- * A new Assessor software system has replaced the aging I-series Assessor system. This year-long data conversion project of all 26,000 properties and 2,000 business accounts in the City was successfully completed this summer by the IT and assessor staff. The new system integrates the City's GIS system to facilitate assessor data analysis, provides user friendly querying of property data, automates state reporting, and provides for batch calculating along with other enhancements.
- * The City's equalized value increased greatly by 6% in 2017 from \$4,938,725,300 to \$5,222,923,900 exceeding the statewide gain of 4%. Two new proposed TIDs were created in 2017 with TIF #11 on East College Avenue created as a blighted TIF and TIF #12 on West College created as a rehabilitation/ conservation TIF. Both were approved in September, 2017.
- * During the first half of 2017, the site plan review team has approved 8 multi-family dwelling units, approximately 100,000 square feet of office space, and 3,180 square feet of commercial space.
- * Per the annual growth report, the City had approximately 210 single family residential lots platted and available for sale starting in 2017. Final plat approval resulted in the creation of an additional 26 residential lots. The City still has several acres of planned unplatted land available for single family development.
- * Appleton's GIS team performed a major system upgrade during the first half of 2017. All of the GIS servers were migrated from a Windows Server 2008 environment to a Windows Server 2012 environment to fit into the IT Department's server management program. Additionally, the GIS data server's SQL Server version was upgraded from 2008 to 2014. Upgrades were done on the water maintenance and tree inventory iPad applications to enhance user options and to allow for more data collection by field staff.
- * A GIS team member was trained and received their pilot's license to fly a drone. The training course covered topics such as: federal statutes, safety procedures, emergency protocol, aviation weather decryption, chart comprehension, aeronautical terms and airports operation, and how to deal with contentious situations where public opinions oppose the use of drones. It is anticipated the drone will be used to highlight TIF Districts, development sites, events, etc.
- * Staff organized and delivered two neighborhood sessions in 2017, one in the spring and one in the fall, providing an informal, "roundtable" discussion for neighborhood leaders to share information about the neighborhood program, grants, and to provide a forum for peer sharing.
- * A Neighborhood Grant for \$60,000 was approved for the St. Bernadette Parish/Thompson Center in the Lourdes Drive neighborhood, along with one smaller grant from the general fund for the Erb Park neighborhood.

CITY OF APPLETON 2018 BUDGET COMMUNITY & ECONOMIC DEVELOPMENT

MAJOR 2018 OBJECTIVES

- * Implement the newly updated City's 2010-2030 Comprehensive Plan providing input to development proposals and initiating zoning code changes (when necessary and in compliance with state statutes) as identified in the Plan. Continue creation, execution and implementation of the City's Economic Development Strategic Plan, primary goals and key strategies that will result in the development within targeted districts of the City and enhance the business climate and vibrancy of the community.
- * Contact at least forty businesses in the City with information on business assistance programs and City support.
- * Attract development to the City that will result in substantial tax base enhancement; target remains 2.6% of new equalized value.
- * Sell four acres of business park land.
- * Continue multi-year process of a comprehensive re-write of the zoning ordinance and amendments to the official zoning map.
- * Coordinate and increase communication and shared vision between the technical review group, City departments, Plan Commission, Community and Economic Development Committee, Historic Preservation Commission, registered neighborhoods, Appleton Redevelopment Authority, Common Council and community.
- * Work with the development community, elected and appointed officials, neighborhoods, non-government organizations, businesses and other City departments to formulate development proposals that aligns with City plans, ordinances and policies, as well as recognized industry practices.
- * Continue to allow easier access to the City's GIS system by enhancing existing mobile applications, creating new applications, utilizing ArcGIS online as well as creating access for smartphones and tablets. Utilize upgraded server structure to better organize our external web applications and allow for more "real-time" updates to GIS data.
- * The Assessor's division will perform a City-wide revaluation of all commercial property including apartments in 2018. Revaluations are completed at least once every five years to maintain 100% fair market value assessments. Revaluing these 1,700 properties will require: inspecting properties, researching current listing and sale prices, analyzing assessment/sale price ratios, collecting and analyzing rental income data and income multipliers, applying appropriate replacement values and depreciation, defending the assessments, etc. It will be performed in-house using existing staff and resources.
- * Begin a Citywide revaluation of all 23,500 residential properties for 2019. By year-end 2018, we will have entered new land values, analyzed sales, completed the neighborhood ratio analysis, collected and analyzed rents, and set about 20% of the new improvement values. This large project was last performed in 2014 and will be completed in-house with no outside help or additional staff needed.

**CITY OF APPLETON 2018 BUDGET
COMMUNITY & ECONOMIC DEVELOPMENT**

Administration

Business Unit 10550

PROGRAM MISSION

For the benefit of staff so that productivity, efficiency, product quality, delivery of service and job satisfaction are optimized, we will provide a healthy work environment including proper supervision, training, evaluation, coaching and support services to better the quality of life in Appleton.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 3: "Recognize and grow everyone's talents," # 4: "Continually assess trends affecting the community and proactively respond", and # 6: "Create opportunities and learn from successes and failures."

Objectives:

Administrative processing, procedures and reporting for the department.

Continue to develop a standardized, coordinate-based and positionally accurate geographic information system (GIS) that meet the needs of all users.

Provide access to geographic and demographic information to City staff and, as appropriate, to the public.

Major changes in Revenue, Expenditures, or Programs:

The Community Development Specialist's salary and fringe benefit costs are recorded in both this budget and in the Housing and Community Development Grants budget. The portion of the Specialist's salary and fringes reimbursable through the grant is charged to the grant budget while the remainder is charged here. Due to a reduction in State grant funding, more of the position's salary and fringe benefit costs are reflected in this budget.

COMMUNITY & ECONOMIC DEVELOPMENT**

Marketing & Business Services

Business Unit 10551

PROGRAM MISSION

For the benefit of Appleton's current and prospective businesses and developers, so that business assistance services are identified and conveyed, and Appleton is selected as the prime location for investment, we will provide information and expertise to address business issues and promote the community. We are committed to fostering diversity through policies, processes, programs and educational opportunities that promote understanding and acceptance for all people while creating and supporting a culture of inclusion that celebrates and values our similarities and differences.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 2: "Encourage active community participation and involvement", # 3: "Recognize and grow everyone's talents", # 4: "Continually assess trends affecting the community and proactively respond," # 6: "Create opportunities and learn from successes and failures", and # 7: "Communicate our success through stories and testimonials."

Objectives:

- Continue to enhance the environment in Appleton to promote business and industry and attract investment.
- Continue to examine ways in which City government can be improved to be more responsive, supportive and proactive to business needs.
- Promote Appleton to the broader public, especially business and industry.
- Conduct business retention visits.
- Provide technical assistance for start-up and growing companies.
- Assist and be responsive to prospective and established businesses and developers.
- Promote the City's interest and develop positive relationships through active participation on various boards, committees and organizations.
- Continue implementation of the Comprehensive Plan 2010-2030 and Economic Development Strategic Plan.

Major changes in Revenue, Expenditures, or Programs:

Salaries, fringe benefits and associated administration costs have decreased with the transfer of the Diversity Coordinator position to the Mayor's office.

The \$25,000 for the Fox Cities Regional Partnership in this budget is designated for the Talent Upload program.

Business Unit 10553

PROGRAM MISSION

For the benefit of targeted businesses and/or developers so that desired development occurs, we will prospect, encourage, direct, negotiate, coordinate and secure development projects.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 2: "Encourage active community participation and involvement", # 4: "Continually assess trends affecting the community and proactively respond", and # 6: "Create opportunities and learn from successes and failures."

Objectives:

Provide quality information and direction, as well as financial and technical assistance to businesses seeking to expand or locate within the City.

Act as ombudsman for developers pursuing investments in the City.

Increase the commercial and industrial components' respective shares of the City's tax base, giving highest priority to redevelopment areas and tax incremental financing districts.

Create developable parcels throughout the City, especially within the City's industrial and business parks, redevelopment districts, tax incremental financing districts and registered neighborhoods.

Identify Brownfield sites within Appleton and when feasible and appropriate, mitigate those sites to bring them back to community use.

Plan and manage projects conducted to acquire land for industrial and business park expansion, provide necessary infrastructure to facilitate developments of raw land and secure the appropriate public approvals to allow development to occur.

Major changes in Revenue, Expenditures, or Programs:

No major program changes.

Planning

Business Unit 15020

PROGRAM MISSION

For the benefit of the entire community so that Appleton provides a balance between the community's growth needs and desires, thus ensuring an aesthetic and quality urban environment including those areas of historic value, we will provide planning, analysis, technical services and program/process coordination to assure citizen knowledge and interaction by complying with relevant codes, ordinances and regulations.

PROGRAM NARRATIVE

Link to Key Strategies:

Implements Key Strategies # 2: "Encourage active community participation and involvement", # 4: "Continually assess trends affecting the community and proactively respond," # 6: "Create opportunities and learn from successes and failures", and # 7: "Communicate our success through stories and testimonials."

Objectives:

- * Provide timely services to the public, development community and other agencies. Provide technical and administrative support to the Common Council, the Plan Commission, Community and Economic Development Committee and the Historic Preservation Commission in matters relating to the comprehensive plan, neighborhood program, zoning and subdivision ordinances, annexations, rezoning, special use permits, historic building and site designations, historic certificate awards, zoning text amendments, future streets, subdivisions, site plan appeals, business licenses and public land dedications and discontinuances.
- * Encourage the continued economic development of the City by working with developers, their representatives and the general public to facilitate and expedite their requests for development approval or general planning assistance.
- * Improve and protect the health, safety and welfare of Appleton citizens consistent with the Appleton subdivision ordinance, zoning ordinance, comprehensive plan and policies adopted by the Common Council with good land use planning and zoning practices.
- * Continue to maintain effective and efficient procedures for meeting legal requirements that set forth the maximum time periods in which planning and historic preservation applications must be accomplished.
- * Continue to coordinate the technical review group process.
- * Continue to monitor and maintain all elements of the comprehensive plan and all sections of the zoning ordinance and subdivision ordinance and process all suggested and required amendments to the comprehensive plan, zoning ordinance, subdivision ordinance and land use plan map, zoning map and official street map.
- * Continue to implement the goals, objectives and policies of the nine statutory elements of the comprehensive plan.
- * Provide the expertise and technical assistance in administering the City's neighborhood program including assisting residents in registering their neighborhood, marketing the program to City residents and working with Appleton residents, other City staff and outside agencies to leverage resources to help improve Appleton's neighborhoods.

Major changes in Revenue, Expenditures, or Programs:

No major program changes.

COMMUNITY & ECONOMIC DEVELOPMENT**

Assessing

Business Unit 13520

PROGRAM MISSION

The Appleton Assessor's Office, as a professional team, exists to maintain equitable market value assessments and serve as an informational resource to the community.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 4: "Continuously assess trends affecting the community and proactively respond" and # 6: "Create opportunities and learn from successes and failures."

Objectives:

We will perform a City-wide revaluation of all commercial property in 2018. Revaluations are completed at least once every five years to maintain 100% fair market value assessments. Revaluing the 1,700 commercial properties including apartments will require: inspecting properties, researching current listing and sale prices, analyzing assessment/sale price ratios, collecting and analyzing rental income data and income multipliers, applying appropriate replacement values and depreciation, defending the assessments, etc. This revaluation will be performed in-house with limited overtime.

Begin a City-wide revaluation of all 23,500 residential properties for 2019. By year-end 2018 enter new land values, analyze sales, complete the neighborhood ratio analysis, collect and analyze rents, and set about 20% of the new improvement values. This large project was last performed in 2014 and will be completed in-house with no outside help or additional staff needed.

Major changes in Revenue, Expenditures, or Programs:

Estimated overtime cost for the timely completion of the 2018 City-wide commercial revaluation project is \$3,500. (Actual overtime cost for the 2013 City-wide commercial reval was \$3,340).

CITY OF APPLETON 2018 BUDGET

HOUSING AND COMMUNITY DEVELOPMENT GRANTS

Director Community & Economic Development: Karen E. Harkness

Deputy Director Community & Economic Development: Monica N. Stage

CITY OF APPLETON 2018 BUDGET

HOUSING AND COMMUNITY DEVELOPMENT GRANTS

MISSION STATEMENT

The primary goal of the City's Housing and Community Development Grant programs is the creation of a thriving urban community and improved quality of life in neighborhoods through provision of assistance to low-income households in the forms of affordable homeowner and rental housing opportunities, neighborhood education and revitalization projects.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

Homeowner Rehabilitation Loan Program

This program benefits the City of Appleton by improving residential properties where property owners were unable to obtain financing to make the improvements on their own. In 2017, the Homeowner Rehabilitation Loan Program rehabilitated 24 owner-occupied housing units and invested nearly \$400,000 in home improvement loans. The funding sources that support the homeowner rehabilitation loan program include:

Homeowner Rehabilitation Loan Program Funding Sources:

- Program Income from the repayment of HOME Homeowner Rehabilitation loans (Business Unit 2160)
- CDBG funds from the U.S. Department of Housing and Urban Development (HUD) (Business Unit 2170)
- Program Income from the repayment of CDBG loans (Business Unit 2170)
- Program Income from the repayment of Lead Hazard Control Grant loans (Business Unit 2190)
- Program Income from the repayment of HOME Rental Rehabilitation loans (Business Unit 2160)

Neighborhood Program (NP)

Mayor Hanna and the Common Council have encouraged strengthening Appleton's neighborhoods by building strong bonds, engaging social capital, encouraging investment, and leveraging local resources. The department implemented a new Neighborhood Program (NP) in 2013, that is founded in building strong partnerships and supporting the priorities of the neighborhood as defined by the residents, and collaborating with strong community partners. Sixteen neighborhoods have registered thus far.

Staff continues to promote competitive grant funds available to registered neighborhoods through the Neighborhood Grant Program (TNGP). The Huntley Houses Neighborhood's community fitness playground project, which received funding through TNGP, was completed in late 2016. Also, the St. Bernadette Parish/Thompson Center on Lourdes Neighborhood's request for TNGP funding was approved by Common Council in June 2017. In May, 2017, staff organized and delivered the Neighborhood Program spring meeting, an informal, "roundtable" discussion for neighborhood leaders. In total, there were 12 participants representing 5 different neighborhoods. It is anticipated that a similar meeting will be coordinated in the fall.

Community Development Block Grant (CDBG)

For the 2017-2018 award of \$550,037, \$412,451 was allocated as detailed below for City programs. \$137,586 was awarded through a competitive application process.

- Homeowner Rehabilitation Loan Program \$81,222
- Appleton Housing Authority \$60,000
- Fair Housing Services \$25,000
- CDBG Administration \$46,229
- Community Development Affordable Housing Project \$200,000

The 2016 CAPER was submitted as the third program year for the 2015-2019 Consolidated Plan.

The resident participation plan policy was updated according to the new Affirmatively Furthering Fair Housing Rule to ensure that resident participation procedures are administered uniformly according to the requirements set forth by HUD and other various regulations in an efficient and effective manner.

In May, staff took the initial steps in drafting the 2020-2025 assessment of fair housing by establishing a regional consortium with other entitlement communities and public housing authorities.

Continuum of Care/Supportive Housing Program (COC/SHP) #1 (THP) & #2 (PSH)

In 2016, the City, in collaboration with the Housing Partnership of the Fox Cities, Salvation Army of the Fox Cities and ADVOCAP, was successful in renewing both a Transitional Housing Program (THP) and a Permanent Supportive Housing (PSH) grant for another program year (October, 2016 - September, 2017 for THP and January 1, 2017 - December 31, 2017 for PSH, \$181,152 for THP and \$55,532 for PSH). Additionally, the City was awarded funds for the 2017-2018 program year (October 2017 - September 2018), which included \$181,152 for THP and for the 2018 program year (January - December, 2018), which included \$55,532 for PSH.

Emergency Solutions Grant/Transitional Housing Program (ESG/THP)

The City, in collaboration with the Housing Partnership of the Fox Cities, ADVOCAP, Homeless Connection and Fox Valley Warming Shelter was successful in its application for ESG funds for the 2016 program year (July, 2016 - June, 2017). The State separated the grants into the Emergency Solutions Grant (ESG) and the Transitional Housing Program (THP). The City received \$259,563 for ESG and \$25,310 for THP.

Additionally, the City was awarded funds for the 2017 program year (July, 2017 - June, 2018) which included \$138,551 (est.) for ESG and \$28,750 for THP.

During 2017, we had on-site subrecipient monitoring visits from the DOR Division of Energy, Housing and Community Resources (DEHCR) and the Wisconsin Balance of State Continuum of Care (WIBOSCOC). The City also underwent desk monitorings of our records. The City is coordinating with the subrecipients to implement policies and procedures to address the identified issues.

CITY OF APPLETON 2018 BUDGET

HOUSING AND COMMUNITY DEVELOPMENT GRANTS

MAJOR 2018 OBJECTIVES

The following grant funded programs are intended to both benefit low and moderate income (LMI) households and eliminate slum and blight conditions in the City. Below are the specific objectives of each of these programs:

Homeowner Rehabilitation Loan Program (HRLP)

(Program Year: April 1 to March 31)

Improve Appleton's affordable single-family homes by rehabilitating 24 homes for LMI homeowners.

Neighborhood Program (NP)

(Program Year: April 1 to March 31)

Award grants to the participating registered neighborhoods from CDBG and general funds based on the application criteria.

Community Development Block Grant (CDBG)

(Program Year: April 1 to March 31)

Create and maintain decent and affordable housing opportunities for low-income residents.
 Strengthen community services by offering new and improved access for low-income residents.
 Expand economic opportunity through financial counseling and business revitalization activities.
 Improve various public facilities throughout Appleton to create better availability/accessibility.

Continuum of Care/Supportive Housing Program (COC/SHP) #1 and #2

(Program Year: October 1 to September 30)

Continuum of Care/Permanent Supportive Housing (PSH)

(Program Year: January 1 to December 31)

Provide for adequate and successful operation of transitional and permanent supportive housing programs.
 Provide for utilization of Housing First Model.

Emergency Solutions Grant/Transitional Housing Program (ESG/THP)

(Program Year: July 1 to June 30)

Prevent homelessness among City of Appleton residents through housing counseling and financial assistance.
 Provide essential services and adequate facilities for transitional housing and rapid rehousing program participants utilizing the Housing First Model.
 Provide emergency shelter and associated services to persons experiencing homelessness.

**CITY OF APPLETON 2018 BUDGET
HOUSING AND COMMUNITY DEVELOPMENT GRANTS**

Community Development Block Grant

Business Unit 2100

PROGRAM MISSION

In order to provide decent housing, create suitable living environments and expand economic opportunities for low-income persons, the City will administer the receipt and expenditure of Federal Community Development Block Grant (CDBG) proceeds for affordable housing rehabilitation, public facilities improvements, neighborhood revitalization projects, provision of public services and various other community development projects.

PROGRAM NARRATIVE

Link to City Goals:

Key Strategy # 2: "Encourage active community participation and involvement".

Objectives:

The creation of a thriving urban community through provision of assistance to low and moderate income (LMI) households in the forms of basic shelter, affordable housing opportunities, expanded economic opportunities, suitable living environments and supportive services related to residential, financial and social stability.

Major changes in Revenue, Expenditures, or Programs:

Revenues and expenditures associated with this program are subject to the final entitlement award amount, as well as the Community and Economic Development Committee and City Council approval of CDBG subrecipient awards. For the overall CDBG timeliness ratio, a grantee is considered to be timely if, 60 days prior to the end of the grantee's current program year, the amount of entitlement grant funds available to the recipient under grant agreements, including program income, but undisbursed by the U.S. Treasury is less than or equal to 1.5 times the annual entitlement grant amount for its current program year. As indicated below, the timeliness ratio has been met.

Due to changes in Federal guidance in regard to administrative requirements, cost principles, and audit requirements, a small portion of the Housing Coordinator's salary will be drawn from the CDBG general administration funds, along with a small amount of Finance Department staff time and audit fee expense. The Housing Coordinator's time allocated to CDBG increased in 2017 to better reflect the actual amount of time the position is spending on these activities.

The new Assessment of Fair Housing report under the new Affirmatively Furthering Fair Housing Rule is a new federal requirement that is expected to be submitted in collaboration with the Five-Year Consolidated Plan. It is replacing the previously applied Analysis of Impediments, and is designed to improve the process by providing data and greater clarity of the steps that must be undertaken to assess fair housing issues and factors, establish priorities and goals addressing the identified issues and factors, and then take meaningful action to eliminate them. HUD is encouraging regional collaboration with this new report, and as such, the City of Appleton is involved in a regional consortium with the Cities of Oshkosh and Neenah, as well as local housing authorities. The City's share of the anticipated expenses associated with the consortium's work are shown under other contracts/obligations.

The 2017 CDBG award was \$550,037 (for the period April 1, 2017 - March 31, 2018), a slight increase from the 2016-2017 award. The estimated award for the 2018-2019 program year is \$535,000. The allocation of the funds are as follows:

CDBG - Community Dev/Finance Admin	\$ 135,000*
Homeowner Rehab. Loan Program	115,000
Neighborhood Program	<u>40,000</u>
	290,000
Awarded through competitive application process	<u>245,000</u>

Total estimated award **\$ 535,000**

* Includes requirement for Fair Housing Services and any allocation for Appleton Housing Authority.

Summary of the Appleton CDBG Allocation Process

Each program year, administration costs, funding for fair housing requirements, the Homeowner Rehabilitation Loan Program, the Neighborhood Services Program and Appleton Housing Authority, plus any other City programs that qualify for CDBG funding will be subtracted from the annual entitlement award amount to determine an adjusted dollar figure of CDBG funds available for subrecipient projects.

**CITY OF APPLETON 2018 BUDGET
HOUSING, HOMELESS AND BLOCK GRANTS**

Emergency Solutions Grant (ESG)/Transitional Housing Program (THP)

Business Unit 2140

PROGRAM MISSION

To promote efficient and cooperative use of resources by local non-profit agencies for the benefit of persons in need of emergency shelter, transitional housing and homeless prevention services in the City of Appleton and the greater Fox Cities region.

PROGRAM NARRATIVE

Link to City Goals:

Key Strategy # 2: "Encourage active community participation and involvement".

Objectives:

The purpose of this grant is to benefit persons in need of emergency shelter, transitional housing and homeless prevention services. Emergency Transitional Housing/Transitional Housing Program (ESG/THP) funds are disbursed by the Wisconsin Department of Administration via a competitive grant application process.

As the lead fiscal and administrative agent, the City of Appleton applies for ESG/THP funding in collaboration with other local non-profit partners. The City serves as a pass-through for funding to local non-profit agencies that meet the niche requirements of the ESG/THP program. In exchange for serving as the lead fiscal and administrative agent, the City of Appleton receives a small amount of funding for administration costs. The City uses some of the administration funds for HMIS (Homeless Management Information System). Effective March 1, 2014, the Institute for Community Alliances (ICA) became the HMIS lead organization for the State of Wisconsin.

ESG/THP funds may be used in the following areas related to emergency shelter and transitional housing programs: rehabilitation of facilities, essential supportive services, operation costs and homeless prevention services. The shelter programs may include shelters for victims of domestic violence, runaway adolescents, persons with disabilities as well as generic shelter and transitional housing programs. Any city, county or private non-profit agency may apply for funding during the State's annual competition for ESG/THP funding.

The current partner agencies receiving ESG/THP funding are: Housing Partnership of the Fox Cities, Homeless Connection, ADVOCAP, and Fox Valley Warming Shelter.

Major changes in Revenue, Expenditures, or Programs:

During the end of 2016, the department transitioned the management of non-CDBG grant funds from a third-party contractor to the City's Community Development Specialist position. In the future, if these funds are eliminated, other sources of revenue to fund this portion of the Community Development Specialist's salary and fringes will have to be explored.

**CITY OF APPLETON 2018 BUDGET
HOUSING, HOMELESS AND BLOCK GRANTS**

Continuum of Care Supportive Housing Program (COC/SHP)

Business Unit 2150

PROGRAM MISSION

To provide necessary case management and support services to individuals and families enrolled in transitional and permanent supportive housing programs, the City of Appleton will serve as a pass-through entity and administer funds to local non-profit organizations that directly serve the target population in Appleton and the Fox Cities.

PROGRAM NARRATIVE

Link to City Goals:

Key Strategy # 2: "Encourage active community participation and involvement".

Objectives:

The purpose of this grant is to benefit formerly homeless Appleton residents who need extensive case management and supportive services in order to achieve a stable living environment.

Continuum of Care/Supportive Housing Program (COC/SHP) funds support programs that offer both housing opportunities and related supportive services for persons transitioning from homelessness to independent living. Specifically, COC/SHP funds supportive housing in the following environments: (1) transitional housing; (2) permanent housing for homeless persons with disabilities; (3) other types of innovative supportive housing for homeless people.

COC/SHP funds are disbursed by the U.S. Department of Housing & Urban Development, but are awarded to the City of Appleton as a partner in the Balance of State (Wisconsin) via a competitive grant application process. As the lead fiscal and administrative agent, the City of Appleton applies for two separate COC/SHP grants in collaboration with other local non-profit partners -- one for a collaborative transitional housing program (THP) and one for a permanent supportive housing (PSH).

The City serves as a pass-through for this funding to local non-profit agencies that meet the niche requirements of the COC/SHP program. Three agencies, including Housing Partnership of the Fox Cities, Salvation Army of the Fox Cities and ADVOCAP, receive THP funding, while the Housing Partnership of the Fox Cities receives the PSH funding. In exchange for serving as the lead fiscal and administrative agent, the City of Appleton receives a small amount of funding for administration costs.

Major changes in Revenue, Expenditures, or Programs:

During the end of 2016, the department transitioned the management of non-CDBG grant funds from a third-party contractor to the City's Community Development Specialist position. In the future, if these funds are eliminated, other sources of revenue to fund this portion of the Community Development Specialist's salary and fringes will have to be explored.

HOUSING AND COMMUNITY DEVELOPMENT GRANTS**

HOMEOWNER REHABILITATION LOAN PROGRAM

Business Unit 2160/2170/2190

PROGRAM MISSION

In order to assist low and moderate income (LMI) homeowners in protecting the investment in their single-family homes or owner-occupied duplex, the Homeowner Rehabilitation Loan Program (HRLP) will utilize CDBG funds, HOME Homeowner funds, and Lead Hazard Control funds to provide them with no interest/no monthly payment loans to make necessary repairs, eliminate lead-based paint hazards, increase the value and extend the life of their homes.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 2: "Encourage active community participation and involvement" and # 7: "Communicate our success through stories and testimonials".

Objectives:

Provide LMI homeowners in the City of Appleton with financial and related technical assistance for the rehabilitation of their single-family homes or owner-occupied duplexes in order to maintain affordable home ownership opportunities for all residents.

The Homeowner Rehabilitation Loan Program (HRLP) is a revolving loan program that combines CDBG grant funds, CDBG Program Income, HOME Homeowner/Rental Program Income and Lead Hazard Control Program Income to rehabilitate owner-occupied housing units.

Major changes in Revenue, Expenditures or Programs:

Due to an increase in HOME Homeowner program income, the Homeowner Rehabilitation Loan Program budget includes 90% of the Housing Coordinator's salary and fringes (80% from CDBG (2170) and 10% from HOME Homeowner (2160)). The remaining 10% is included in the Community Development Block Grant budget as general program administration. In the future, if CDBG funds are eliminated, the Housing Coordinator's salary and fringes may come out of the City's General fund or from other revenue sources.

 Rehab projects

\$ 97,000

**CITY OF APPLETON 2018 BUDGET
HOUSING AND COMMUNITY DEVELOPMENT GRANTS**

NEIGHBORHOOD PROGRAM

Business Unit 2180

PROGRAM MISSION

For the benefit of Appleton neighborhoods, the Neighborhood Program (NP) will help create and/or maintain suitable living environments by providing opportunities that encourage and facilitate private and public investment in residential and commercial areas of the City. This community investment provides the impetus for overall neighborhood improvements -- such as strengthening existing neighborhoods, attracting new businesses, enhancing public spaces -- that contribute to the social, cultural and economic vitality of neighborhoods.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #2: "Encourage active community participation and involvement" and # 7: "Communicate our success through stories and testimonials".

Objectives:

The goal of this program is to foster communication between neighborhoods and the City of Appleton. Provide the expertise and technical assistance in administering the City's Neighborhood Program including assisting residents on how to register their neighborhood, market the program to City residents and work with Appleton residents, other City staff and outside agencies to leverage resources to help improve Appleton's neighborhoods.

Major changes in Revenue, Expenditures or Programs:

The NP delivery will incorporate the use of multiple CDBG national objectives as a means of facilitating and completing projects in a timely and effective manner.

Staff organized and delivered the Neighborhood Program Spring Meeting, an informal, "roundtable" discussion for neighborhood leaders in May 2017. In 2018, facilitating opportunities for neighborhoods to report out their successes, solicit peer review and learn about City resources may continue to replace the conventional Neighborhood Academy. Grant funds will continue to be available to registered neighborhoods. Neighborhood grants (CDBG) totaling \$68,653 are anticipated in 2018, after a \$60,000 award to the St. Bernadette Parish/Thompson Center on Lourdes Neighborhood in 2017. The NP will request additional CDBG funding in 2018, after drawing down a significant amount of funds from prior year allocations.

To truly strengthen our entire City, neighborhoods need the tools to connect with their neighbors. Examples could be: polls of neighborhoods, community gatherings and other opportunities to promote communication and identify needs. This budget includes \$3,000 of property taxes that would be available to all neighborhoods, not just those qualified by HUD.

Industrial Park Land

Business Unit 4280/4281

PROGRAM MISSION

The Industrial Park Land Fund is the clearing house for the City's industrial and business park land sale revenue, acquisition of associated land, debt service from prior acquisition, and land development costs associated with industrial/business park infrastructures. This fund is utilized for these purposes exclusive of the industrial/business park areas developed and financed with tax incremental financing district(s).

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 2: "Encourage active community participation and involvement".

Objectives:

The 2018 budget includes funds for maintenance of the remaining 2.27 acres of land and berm maintenance in the City's Northeast Business Park in addition to the portion of Southpoint Commerce Park that is outside of TIF District #6. This includes weed cutting, soil testing, environmental reviews, surveys, real estate commissions, title insurance, and other costs associated with selling land. Maintenance costs and rental income associated with the homes and land acquired in 2016 at 110 and 210 W Edgewood Drive are also included in this budget. In addition, funds to cover the cost of lighting the two business park identification signs marking the main entrances to the Northeast Business Park and Southpoint Commerce Park are also included in this budget. There are currently 12 parcels sold in the Northeast Business Park that remain undeveloped. Per the covenants, the owners have one year to develop these parcels. The City has first right of refusal on these properties.

Major changes in Revenue, Expenditures or Programs:

Land purchases are budgeted in 2018 to repurchase lots in the Northeast Business Park that are not in compliance with the protective covenants for construction. Purchases are only made at the direction of the Common Council.

The outbuildings at 210 W. Edgewood Drive are required to be removed based on their condition. Rental income includes the leasing of both homes (110 and 210 W. Edgewood) and farmland associated with the Edgewood Drive properties as well as the portion of Southpoint Commerce Park outside of TIF #6.

PERFORMANCE INDICATORS

Actual 2015 Actual 2016 Target 2017 Projected 2017 Target 2018

Note: Since this program exists solely to account for business park land sale revenue, acquisition of associated land, debt service from prior acquisition, and land development costs associated with industrial/business park infrastructures, there are no applicable performance measures.

CAPITAL PROJECTS FUNDS**

NOTES

CITY OF APPLETON 2018 BUDGET

CAPITAL PROJECTS FUNDS

Community & Economic Development

Business Unit 4330

PROGRAM MISSION

This fund provides for the City's investment in the redevelopment of the riverfront and targeted areas.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 2: "Encourage active community participation and involvement".

Objectives:

The City's updated Comprehensive Plan 2010-2030, including the downtown plan and Fox River chapters, and the economic development strategic plan have identified areas where redevelopment may be appropriate. The ability of the City to acquire properties in these areas as they become available will enhance our ability to influence meaningful redevelopment. Supporting the retention, growth and long-term economic vitality of Appleton's businesses is also a priority.

Specific funding for 2018 is requested for the Appleton Redevelopment Authority to complete next steps in the redevelopment of opportune acquisition properties and projects that become available within areas of the City that are in need of redevelopment. These redevelopment projects will become part of a developed plan to revive depressed areas of the City.

Further descriptions of projects to be funded from this fund can be found in the Capital Projects section of the budget, as follows:

Project	Subledger	Amount	Page
Miscellaneous Site Acquisition - ARA		350,000	Projects, Pg. 568
		\$ 350,000	

Major changes in Revenue, Expenditures, or Programs:

The projects funded by this program vary from year to year.

PERFORMANCE INDICATORS

Actual 2015 Actual 2016 Target 2017 Projected 2017 Target 2018

Note: Since this program exists solely to account for capital investments and incremental property tax receipts, there are no applicable performance measures.

CITY OF APPLETON 2018 BUDGET

TAX INCREMENTAL FINANCING DISTRICTS

Community & Economic Development Director: Karen E. Harkness

Finance Director: Anthony D. Saucerman, CPA

**CITY OF APPLETON 2018 BUDGET
SPECIAL REVENUE FUNDS**

Tax Incremental District # 3

Business Unit 2040

PROGRAM MISSION

This program accounts for the receipt of district "incremental" property taxes and other revenues, along with the corresponding program expenditures.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 2: "Encourage active community participation and involvement."

Objectives:

Tax Incremental Financing (TIF) District #3 includes the area bounded by Richmond and Superior Streets, from the County Courthouse to the School Administration building.

Primary projects include the Green and Yellow Parking Ramps, the Radisson Paper Valley Hotel expansion, the Evans Title building, Angelus Assisted Living Center, the Copper Leaf Hotel, and the Richmond Terrace property. This district was scheduled to close in 2021 but in 2011 was designated as distressed as allowed by Act 310. This designation allows the extension of the district's life by up to ten years (2031) beyond the original

			12/31/18 Balance	\$ 5,992,427	\$ 26,610,419

Major changes in Revenue, Expenditures, or Programs:

TIF #3 is expected to repay the general fund advances including interest by 2024. At that time, the annual property tax increments will be used to repay the Parking Utility until the closure of the TIF in 2031.

PERFORMANCE INDICATORS

Actual 2015 Actual 2016 Target 2017 Projected 2017 Target 2018

Note: Since this program exists solely to account for incremental property tax receipts, there are no applicable performance measures.

Discussion of changes in fund balances:

TIF #3 closed for capital expenditures as of November 4, 2003, therefore it is classified as a Special Revenue Fund. The existence of a negative fund balance in this fund is the result of capital investments in the early years of the TIF district which continue to be funded by the inflows of incremental property taxes.

Tax Incremental District # 6

Business Unit 4090

PROGRAM MISSION

TIF District #6 supports the City's southeast growth corridor, financing land assembly for both public purposes and industrial development as well as infrastructure installation to the area. This fund accounts for the receipt of district "incremental" property taxes and other revenues, along with the corresponding program expenditures.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 2: "Encourage active community participation and involvement."

Objectives:

Overall administration of the Park, including costs for maintenance, real estate commissions, surveys, title insurance, and other costs associated with selling land and maintaining a high quality business park are funded from the Industrial Park Land Fund (IPLF). Eligible expenditures may be made in this TIF district until February 14, 2018; this district will close in 2023. Further descriptions of projects to be funded from this fund can be found in the Capital Projects section of the budget, as follows:

Project	Amount	Page
Southpoint Commerce Park development	\$ 25,401	Projects, Pg. 569
	<u>\$ 25,401</u>	

Summary of General Fund Advance

2010	\$ 1,025,000	2015	141,094
2011	1,877,500 *	2016	1,853,245
2012	145,125	2017	1,900,000
2013	(360,119)	2018	(500,000)
2014	134,375		
		12/31/18 Balance	<u>\$ 6,216,220</u>

* \$781,707 was part of general levy for TIF #6 debt service in 2011 Debt Service Fund.

Major changes in Revenue, Expenditures, or Programs:

The 2018 budget provides funding for the sanitary area assessment for the last portion of property in the TIF District within the Southpoint Commerce Park.

The farm lease for vacant Southpoint Commerce park land is based on \$210 an acre lease rate with 142.4 acres in 2018. 80% of the lease revenue is payable to the IPLF and 20% is in TIF #6.

Sale of City property assumes 4 acres in the TIF #6 portion of Southpoint Commerce Park at \$40,000 per acre.

Funding for maintenance of the Park in 2018 and beyond will come from the Industrial Park Land Fund while TIF #6 recaptures the investments it's made in this District. The City will evaluate the need for additional infrastructure and platting of the land for the Park and will determine at a later date if a new TIF District will be created to fund these costs.

Payment of Developer Incentives to Manda Panda and Alco Tech are subject to performance standards per the Common Council approved purchase agreements for development in Southpoint Commerce Park.

PERFORMANCE INDICATORS

Tax Incremental District # 7

Business Unit 4100

PROGRAM MISSION

This fund provides for commercial redevelopment of the area of South Memorial Drive from Calumet Street to Valley Road and for the receipt of district "incremental" property taxes and other revenues, along with the corresponding program expenditures.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 2: "Encourage active community participation and involvement."

Objectives:

The City created TIF District #7 in 2007 to provide targeted investments in the commercial area of South Memorial Drive from Calumet Street to State Highway 441 which had deteriorated significantly over the prior ten years. The abandonment of Valley Fair Mall and the under utilization of former retail and service buildings were cause for concern. The TIF District provides for a 22 year expenditure period (September 5, 2029) to make investments to support the goals of the District, including eliminating blight and encouraging the rehabilitation of properties, enhancing the viability of the businesses, retention of businesses and attraction of new businesses, stabilizing and increasing property values and improving the overall appearance of public and private spaces. The maximum life of the District is September 5, 2034.

Major commercial projects which have occurred thus far (not all received TIF assistance) include construction of a grocery store, a gas station/convenience store, and renovation of a former department store to office space. Three businesses also benefited from the creation of the TIF #7 Business Enhancement Grant program for the renovation of building facades, parking lots, landscaping and signage. In 2015, Secura Insurance began leasing the former Kohl's department store that had been vacant for years. With Secura's announcement of a new headquarters in the Village of Fox Crossing their current campus is for sale. The TIF remains a tool to support and encourage investment in this area. No new funds are being requested for the program in 2018.

Major changes in Revenue, Expenditures, or Programs:

No major changes.

Tax Incremental District # 8

Business Unit 4110

PROGRAM MISSION

This fund provides for redevelopment to eliminate blight and stimulate the redevelopment of the river corridor in an area that lies just north and south of the College Avenue Bridge and for the receipt of district "incremental" property taxes and other revenues, along with the corresponding program expenditures.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 2: "Encourage active community participation and involvement."

Objectives:

The City's updated Comprehensive Plan 2010-2030, including the Downtown Plan and Fox River chapters, identified several redevelopment sites located along the banks of the Fox River, as well as the opportunities the opening of the Fox River Navigation System provided the community. Several key sites included the former Foremost Dairy property (935 E. John Street) on the north side of the river, RiverHeath on the south, and the Eagle Flats property up the Fox River between Lawe Street and Olde Oneida Street. These sites were identified for future medium to high density residential development, neighborhood commercial development, and public access to the river.

In response, the City created Tax Increment Financing (TIF) District # 8 in 2009 to provide targeted investments in these areas, in conjunction with the private market, while recapturing the cost of participation through increased property tax revenues. The District was amended in 2011 to incorporate the Eagle Flats property, formerly Riverside Paper mill. The TIF District provides for a 22 year expenditure period to make investments to support the goals of the District, including eliminating blight and encouraging the rehabilitation of properties, enhancing the viability of businesses, retaining and attracting new businesses, stabilizing and increasing property values, and improving the overall appearance of public and private spaces.

Tax Incremental District # 9

Business Unit 4120

PROGRAM MISSION

This fund provides for redevelopment to eliminate blight and stimulate the redevelopment of the business and industrial corridor located along East Wisconsin Avenue from Meade Street to Viola Street for the receipt of district "incremental" property taxes and other revenues, along with the corresponding program expenditures.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 2: "Encourage active community participation and involvement."

Objectives:

- The district was created 9/19/13 and allows a 22 year expenditure period to make investments. Costs can be recouped over the 27 year maximum life (9/18/2040). The investment in this district will:
- * Eliminate blight and foster urban renewal through public and private investment
 - * Enhance the development potential of private property within and adjacent to the district
 - * Stabilize property values in the area
 - * Promote business retention, expansion, and attraction through the development of an improved area
 - * Increase the attraction of compatible residential and business uses in this area
 - * Improve the overall appearance of public and private spaces
 - * Strengthen the economic well-being and economic diversity of the area
 - * Provide appropriate financial incentives to encourage business expansion and retention
 - * Reduce the financial risks to the taxpayer by timing the implementation of the project plan with the creation of additional property value
 - * Maximize the district's strategic location close to the central business district

Tax Incremental District # 10

Business Unit 4130

PROGRAM MISSION

This fund provides for redevelopment to eliminate blight and stimulate the redevelopment of the northside of the West College Avenue corridor from Lilas Drive to Linwood Avenue and for the receipt of district "incremental" property taxes and other revenues, along with the corresponding program expenditures.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 2: "Encourage active community participation and involvement."

Objectives:

The district was created 9/19/13 and allows a 22 year expenditure period to make investments. Costs can be recouped over the 27 year maximum life (9/18/2040).

The largest building in TIF District #10 is the Marketplace Commercial Center. Built in 1964 and added to in 1988, it has experienced significant vacancies for several years. The largest vacant parcel in this District is the 12 acre former K-Mart site. The K-Mart store was demolished in 2008, leaving a blighted, vacant parcel. CVS Pharmacy vacated their 17,000 square foot building in 2009 and it remains unoccupied. These sites and buildings are poised for commercial redevelopment/rehabilitation, being located along the gateway to Appleton with easy access to U.S. Highway 41 and Appleton's downtown. The City continues to work cooperatively with the owners to analyze and consider options to provide appropriate development incentives for this area.

Major changes in Revenue, Expenditures, or Programs:

The January 1, 2017 equalized value of this TIF has decreased below the base value by \$641,800 therefore no property tax increment is included in the 2018 budget.

PERFORMANCE INDICATORS

Actual 2015 Actual 2016 Target 2017 Projected 2017 Target 2018

Note: Since this program exists solely to account for capital investments and incremental property tax receipts, there are no applicable performance measures.

Tax Incremental District # 11

Business Unit 4140

PROGRAM MISSION

This fund provides for redevelopment to eliminate blight and stimulate the redevelopment of East College Avenue from Durkee Street to just west of Superior Street, south to Water Street and north to E. Washington Street and for the receipt of district "incremental" property taxes and other revenues, along with the corresponding program expenditures.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 2: "Encourage active community participation and involvement."

Objectives:

This area of East College Avenue, is characterized by a large blighted and vacant commercial site, a mixture of small businesses, office space, and housing which have the potential to create, and in some cases already have created, a blighting influence on the surrounding area. Assisting with the rehabilitation and conservation of existing properties and business, as well as redevelopment of vacant, blighted, and underutilized properties as needed to support the urban renewal of this area, is a priority for the City as outlined in the Comprehensive Plan 2010-2030 (Chapter 14 Downtown Plan). The City created TIF District #11 in 2017 to provide targeted investments in this commercial corridor in conjunction with the private market, while recapturing the cost of participation through the increased property tax revenues. The TIF District provides for a 22 year expenditure period (August 9, 2039) to make investments to support the goals of the District, including eliminating blight and encouraging the rehabilitation of properties, enhancing the viability of the businesses, retention of businesses and attraction of new businesses, stabilizing and increasing property values and improving the overall appearance of public and private spaces. The maximum life of the District is 27 years (August 9, 2044).

Projects to be funded from this fund can be found in the Capital Projects section of the budget, as follows:

**FACILITIES AND
CONSTRUCTION MANAGEMENT**

**Director of Parks, Recreation & Facilities Management:
Dean R. Gazza, CFM, PMP, LEED-AP**

**Deputy Director of Parks, Recreation & Facilities Management:
Thomas R. Flick**

CITY OF APPLETON 2018 BUDGET FACILITIES AND CONSTRUCTION MANAGEMENT

MISSION STATEMENT

Building communities and enriching lives where we live, work and play.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

The Facilities Management Division provided operation and maintenance services for more than 1.2 million square feet of municipal buildings including, but not limited to, offices, park pavilions, municipal aquatic centers, vehicle garages, police and fire stations, a golf course and water and wastewater plants. The services provided included maintaining and inspecting all building systems, such as HVAC, electrical, plumbing, structural and fire systems and general services such as janitorial services, pest control and elevator maintenance. Additionally, support was provided in areas directly impacting City departmental missions such as fuel systems, vehicle exhaust systems, appliances, air compressors, UPS's and vehicle wash bays.

The focus continues on being proactive and providing a high quality of customer service. As a customer service department, it is essential that we meet the needs of our customers by improving the systems' reliability, reducing maintenance costs, ensuring safety, and providing productive environments to allow our customers to deliver City services at a high level. We do this through a robust preventive maintenance program and by getting to the root cause of system issues to improve reliability.

Our tradesmen continued to improve their skills and knowledge by maintaining their professional licenses, attending training and seeking ways to find new approaches, such as LEAN and predictive maintenance. Management staff also attended various training and networking opportunities to improve their leadership and technical skills. Benchmark costs for maintenance and janitorial services is \$3.02 per square foot, as published by FM Benchmarking, compared to our cost of \$1.95. Expenses are controlled by employing in-house trades people to perform higher-cost skilled work while contracting out work requiring a lesser degree of skill which can generally be procured at a lower cost.

Construction management and planning services were performed for the renovation of Erb Pool and Park and the construction of the Fox Cities Exhibition Center. In addition, various audits to identify required capital improvements at several facilities were performed.

Capital improvement projects completed in 2017 included roof replacements at the Municipal Services Building and Fire Station #3; HVAC upgrades at the Facilities & Grounds Operations Center and the Wastewater Treatment Plant; lighting upgrades at the Municipal Services Building, Wastewater Plant and Alicia Park; replacement of the UPS system at the Police Station, recoating the parking deck at the Police Station and replacing aged water laterals at the Wastewater Plant. Additionally, we performed testing of the electrical distribution system at the Wastewater and Water Plants. Numerous other general projects were also completed to preserve and extend the useful life of the facilities. These type of projects include ADA, safety and security improvements, door replacements, flooring replacements, large-scale painting and various HVAC, plumbing and electrical upgrades.

Finally, the department remained diligent in its continued implementation of energy conservation and sustainability plans. The department considers sustainability when procuring products including the use of LED fixtures and the purchase of products utilizing recyclable materials when feasible. Since 2005, electrical usage has been reduced by over 35.4 million kWh's and natural gas usage reduced by over 1.67 million therms resulting in an approximately \$3.87 million in energy savings. We are proud of the fact that the City of Appleton is far exceeding the initial goal of a 10% reduction established in 2005.

CITY OF APPLETON 2018 BUDGET FACILITIES AND CONSTRUCTION MANAGEMENT

MAJOR 2018 OBJECTIVES

Provide planning and project management services including construction oversight and representation related to projects outlined in the capital improvement plan. Ensure all major facility maintenance projects meet project objectives and are completed on time and within budget. Projects in 2018 include the construction of the amenities and facilities in Jones Park, construction documentation for razing the Blue Parking Ramp, and numerous facility and grounds improvement projects noted in the Parks and Recreation Budget.

Provide project management for the close-out phase of the Fox Cities Exhibition Center.

Maintain the roof management program including a complete roof inventory and condition analysis, long-term replacement and recondition plans, and an annual preventive and predictive inspection plan. Although the initial inspection and inventory of all roofs is complete, the goal now is to review each roof on a two-year cycle. Severe weather can cause unexpected damage. It is especially important to inspect the roofs that are nearing the end of their expected life span.

Emphasize maintenance activities while systematically reducing alterations, improvements, remodeling, and other non-maintenance activities. Simultaneously upgrade current facilities' conditions.

Implement corrective maintenance plan findings from facility audits. Continue performing audits.

Continue to inventory, consolidate and, where necessary, create or obtain necessary facility documentation to better manage the facilities. Documentation of facility assets includes site, architectural, structural, electrical, mechanical, plumbing, fire protection and furniture. Results of facilities asset condition assessments will determine facility asset maintenance and repair cycles.

Continue to apply codes, regulations, and standards in all considerations of building systems, structures, interiors, and exteriors for building construction, operations and maintenance.

Continue to promote workplace safety by routinely performing facility safety assessments to ensure safe facilities and working environments.

Continue to implement energy management and sustainability plans for facilities. Initiate program to install LED lighting in City parks and facilities where feasible.

Maintain a cost per square foot for maintenance and housekeeping under \$2.00 per square foot. Our current square foot benchmark is \$1.95, which is far below the industry's benchmark of \$3.02 as published by FM Benchmarking.

Continue to provide a high level of customer service by meeting or exceeding our customers' expectations for quality, timeliness and professionalism.

Prepare for the conversion from the Asset Management System to a new Tyler Munis Work Order System. Though this conversion will likely occur in 2019, much preparation needs to be performed before implementation.

**CITY OF APPLETON 2018 BUDGET
FACILITIES AND CONSTRUCTION MANAGEMENT**

Administration

Business Unit 6330

PROGRAM MISSION

To provide a safe and productive physical environment which supports all the City of Appleton's departments and community in a safe, accessible, sustainable and cost effective manner.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 1: "Prompt delivery of excellent services", # 3: "Recognize and grow everyone's talents", and # 5: "Promote an environment that is respectful and inclusive".

Objectives:

Provide quality cost-effective administrative management to support the internal and external services provided by the Facilities Management Division, including:

- | | |
|----------------------------------|-------------------------------------|
| Strategic facilities planning | Major renovation project management |
| Office space and layout planning | New construction project management |
| ADA analysis | Move coordination |

As well as performing a range of planning services, including:

- | | |
|---------------------------------|--------------------------|
| Building assessment | Environmental programs |
| Preventive maintenance programs | Facility documentation |
| Energy programs | Space allocation records |

Monitor the timeliness, professionalism and efficiency of staff, and the overall satisfaction with our services as perceived by our internal customers. Also, provide education and training opportunities for our employees to promote personal and professional growth and to meet federal, State and local guidelines.

Major changes in Revenue, Expenditures, or Programs:

No major changes.

CITY OF APPLETON 2018 BUDGET CAPITAL PROJECTS FUNDS

Facilities and Construction Management

Business Unit 4350

PROGRAM MISSION

This program accounts for funding sources and expenditures related to capital improvements of City facilities.

PROGRAM NARRATIVE

Link to Strategy:

Implements Key Strategies # 4: "Continually assess trends affecting the community and proactively respond".

Objectives:

This budget, under oversight of the Parks, Recreation and Facilities Management Director, accounts for the expenditures related to City facility construction and major facilities improvements not accounted for separately in the City's enterprise funds. The projects anticipated for the upcoming year include the following:

Project	Subledger	Amount	Page
Building Envelope	2100	\$ 25,000	Projects, Pg. 609
Blue Ramp Demolition	3414	1,850,000	Projects, Pg. 608
Library Building Planning	2100	500,000	Projects, Pg. 608
Electrical	2101	25,000	Projects, Pg. 610
Facility Renovations	2101, 2107, 1913	475,000	Projects, Pg. 611
Grounds Improvements	4340, 4454	50,000	Projects, Pg. 612
Hardscape Improvements	4480, 1917, 1709	380,000	Projects, Pg. 613
Interior Finishes and Furniture	1915, 2100	80,000	Projects, Pg. 615
Lighting Upgrades	4350	50,000	Projects, Pg. 616
Plumbing Upgrades	1913	35,000	Projects, Pg. 618
Roof Replacement	1917	150,000	Projects, Pg. 619
Safety and Security	21,004,380	55,000	Projects, Pg. 620
Park ADA Improvements	4420	50,000	Projects, Pg. 650
Park Aquatics	4230	145,000	Projects, Pg. 651
Park Development	4710, 4320, 4441	2,045,000	Projects, Pg. 652
Sheig Center	4169	100,000	Projects, Pg. 655
Southeast Community Park	4700	500,000	Projects, Pg. 656
Statue and Monument Restoration	4235	15,000	Projects, Pg. 657
Telulah Park Improvements	4450	765,000	Projects, Pg. 658
		<u>\$ 7,295,000</u>	

Major changes in Revenue, Expenditures, or Programs:

The budget for this capital projects fund varies from year to year based on the investment needs of City facilities.

Exhibition Center Construction

Business Unit 4360

PROGRAM MISSION

This program accounts for funding sources and expenditures related to the construction of new exhibition center.

PROGRAM NARRATIVE

Link to Strategy:

Implements Key Strategies #2: "Encourage active community participation and involvement", and # 4: "Continually assess trends affecting the community and proactively respond".

Objectives:

This budget, under oversight of the Parks, Recreation and Facilities Management Director, accounts for the revenues and expenditures associated with the construction of the Fox Cities Exhibition Center.

Major changes in Revenue, Expenditures, or Programs:

Construction is expected to be completed in early 2018. No new funds are requested for 2018 as any costs incurred are expected to be funded from carryover of 2017 Budget appropriations.

PERFORMANCE INDICATORS

Actual 2015 Actual 2016 Target 2017 Projected 2017 Target 2018

Note: Since this program exists solely to account for funding sources and expenditures for various facility improvements, there are no continuing performance measures.

DEPARTMENT**

Director of Parks, Recreation & Facilities Management:

Dean R. Gazza, CPRE, LEED-AP

Deputy Director of Parks, Recreation & Facilities Management:

Thomas R. Flick, CPRP

CITY OF APPLETON 2018 BUDGET PARKS, RECREATION AND FACILITIES MANAGEMENT DEPARTMENT

MISSION STATEMENT

Building communities and enriching lives where we live, work and play.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

Parks and recreation are a tangible reflection of the quality of life in a community. Together, they provide gathering places and opportunities for families and social groups, as well as for individuals of all ages and economic status, regardless of their ability to pay. In 2017, many great projects were completed to preserve and extend the useful life of our parks as well as updates made to our recreational programming to meet the demands and needs of our community.

Parks and Grounds Management

The grounds division proactively managed 633 acres of grounds, 17 ball diamonds, 17 tennis courts, 11 basketball courts, 2 frisbee golf courses, 1 skate board park, 7 ice rinks, 9.2 miles of paved trails, an archery range and 20,100 sq. ft. of accessible playgrounds.

Significant projects included the design and construction of Erb Pool and park which was completed in July, 2017, the design and installation of a new Kiwanis playground which will be finished in the fall of 2017, and stabilization of the Alicia hillside. Other projects included the completion of a new tennis court and basketball court in Highview Park, reconditioning the tennis court at Colony Oaks Park, replacement of the roadways, basketball courts and goals at Kiwanis and Schaefer Parks, the installation of an asphalt overlay and lighting upgrades to the North Island Trail, improvements to the skateboard park, new park lighting at City and Telulah Parks, the completion of phase 2 of the Scheig Center, replacement of the retaining wall at Arbutus Park, various ADA improvements and the installation of a new LED entry sign at Memorial Park. Projects also included various ball diamond field improvements, security improvements, pavilion roof replacements, park drainage improvements, invasive plant control, trail hard surface repairs and general grounds maintenance. Planning efforts included design of the Ellen Kort Peace Park, design of Jones Park, design of the ball diamond complex at Memorial Park, work on the trail master plan, design of the Lutz Park trail, and planning for the development of lower Telulah Park.

Recreation Services

The recreation division continues to excel in our mission to provide recreational services by developing programs and activities that encourage community involvement and the well-being of our residents.

2017 was an exciting year for the Recreation Division with the opening of Erb Park and Pool. The staff was heavily involved with the development, planning and oversight for the new pool opening. A high priority was placed on the promotion of the pool opening with a float in the Flag Day Parade, a coloring contest in partnership with the Post Crescent, our mascots Drip and Drop and the grand opening celebration which included a beach ball drop and free "Make a Splash in 2017" t-shirts for attendees.

Due to the poor response for RFP's for concession services, the Recreation Division took over the concession operations at Mead Pool and Erb Pool for the summer of 2017. Time was spent working with vendors, determining equipment needs, hiring/training staff, and developing operations manuals, inventory control sheets and daily procedural checklists.

Community partnerships continue to play a huge role in what we do. Working together with community businesses and organizations to give our residents access to additional programming opportunities has been very beneficial. Participation numbers have surged over the past year with classes being at capacity and many with waitlists; which have driven us to expand our current offerings. Examples of new offerings in 2017 included a youth lacrosse camp, S.W.A.T. and Fire workouts, Milwaukee Bucks camp for youth, USTA Junior Team Tennis, Mommy and Me classes, gardening workshops, and Evolve Yoga.

With Jones Park and Erb Park being under construction, we were forced to look at alternative sites for outdoor recreational skating. With the help of the grounds staff, we were able to successfully host a skating rink under the pavilion at Pierce Park. This was met with a great response from the public and we plan to continue this site.

New marketing strategies were used this year to help promote our programs/services, job opportunities and parks/amenities. These include the digital sign in Appleton Memorial Park, a first ever job fair and commercial with NBC26 to help with seasonal staff recruiting, a new Children's Week website was launched and a new partnership with Go Valley Kids.

CITY OF APPLETON 2018 BUDGET PARKS, RECREATION AND FACILITIES MANAGEMENT

MAJOR 2018 OBJECTIVES

Provide planning and project management services including construction oversight and representation related to projects outlined in the capital improvement plan.

Provide a multi-use aquatic facility that serves as a destination for residents of Appleton and surrounding communities at a reasonable cost for all ages and abilities while maintaining a welcoming and safe environment.

Implement Chapter 18 Parks and Recreation of the Comprehensive Plan. Monitor trends in the community, changes in the parks and recreational industry and solicit and implement feedback to update the 5-year plan annually.

Implement improvements as indicated in the ADA accessibility audit to ensure compliance with ADA Title II Section 35.150(d)(3) requirements.

Implement recommendations outlined in the Trails Master Plan.

Upgrade playground area/equipment to obtain a 15 year life-cycle replacement schedule. We currently provide 46 playground structures, 81 swing sets and numerous other play equipment in 29 playground areas throughout the parks. When playground equipment exceeds its life expectancy, we replace it to ensure safety and ensure it meets the recreational needs of the users.

Continue to initiate an adopt-a-park program and volunteer programs for the Appleton Memorial Park Gardens
Strengthen partnerships to become more responsive to community needs. Look to engage, leverage and develop community and corporate partners to optimize and broaden programs and services.

Increase communication and outreach through marketing efforts to better educate the community regarding facilities, events, programs and resources. Explore photo and video usage on our social media sites and website for optimum audience reach.

Expand our outdoor adventure/educational programming to promote our natural environment and use of outdoor City of Appleton amenities. Continue to seek partnerships/relationships with other service providers to enhance program offerings and teach new outdoor recreation skills to the community.

Orchestrate the launch of our new teen recreation program. This will include solidifying the program concept, developing program ideas, determining a means for branding the program, and promotion our first official program(s).

Enhance health and wellness within our community and provide opportunities for learning and socialization to promote personal growth and well-being for adults in our community.

PARKS, RECREATION AND FACILITIES MANAGEMENT**

Parks and Grounds Management

Business Unit 16532

PROGRAM MISSION

Develop, manage and maintain a high quality, diverse system of park land, athletic facilities, trails, open spaces and other City property in an environmentally conscious manner for the enjoyment and healthful recreation of the community.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement".

Objectives:

To maintain the appropriate levels and quality of green space to increase health, social connection, aid the environment and have significant positive impacts on the local economy.

Proactively perform grounds preparation, planning and maintenance of open spaces, City-owned facilities, ball diamonds, trails, boulevards, triangles, ice rinks and playgrounds. Services provided to internal and external customers include, but are not limited to:

Asphalt/concrete maintenance	Landscaping	Spring and Fall cleanup
Fence/gate maintenance	Mowing	Snow removal/ice control
Fertilizing	Parking/sidewalks maint.	Turf management
Graffiti removal	Signage	Weed control

Recreational maintenance of playground equipment, ball fields, basketball courts, tennis courts, trails, x-country skiing and ice rink maintenance.

Major changes in Revenue, Expenditures, or Programs:

This budget includes an \$11,200 reduction in the grounds repair and maintenance account to fund the cost of upgrades to Parks Department equipment being replaced in 2018 in the CEA Replacement fund. By policy, the department requesting the upgrades is responsible to provide this initial funding. The specific upgrades are:

- \$3,000 to upgrade pickup 456 replacement with lift gate.
- \$2,200 to upgrade tractor 515 replacement with level best box scraper.
- \$6,000 for a harley rake for tractor 515.

The remaining decrease in grounds repair and maintenance is due to anticipated hardscape and landscaping improvements being performed as part of larger projects in the Capital Projects budget so no funds were included for that work in this budget.

Miscellaneous equipment expense has been increased \$11,500 for the replacement of small equipment. The 2018 budget amount of \$25,000 better reflects the actual needs of the department as evidenced by prior year actual expenses from this account.

PARKS, RECREATION AND FACILITIES MANAGEMENT**

Recreation Services

Business Unit 16541

PROGRAM MISSION

To provide both structured and unstructured recreational services by developing diverse programs and activities that encourage community involvement while striving to enhance the social, cultural and physical well-being of our residents and visitors.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy #4: "Continually assess trends affecting the community and proactively respond" and #6: "Create opportunities and learn from successes and failures".

Objectives:

- Provide exceptional customer service through:
 - Promotion and support services for our online registration system and pass management system
 - Effective and efficient person to person customer service contacts
 - Utilization of social media including the e-newsletter, website, Facebook, Twitter and Instagram
 - Well trained staff and volunteers
- Provide diverse recreational opportunities for youth and adults (pre-school through older adult) that are cost-effective:

Active adult programs	Youth sports programs	Drop-in programs
Pre-school programs	Adult and older instructional programs	Special event trips
Youth instructional programs	Adaptive programs	Teen programs
- Coordinate delivery of recreation programs, activities and facilities by:
 - Administration of agreements with existing partners
 - Collaboration with other government agencies
 - Coordination with community groups and organizations
- Maximize utilization of recreational facilities through:
 - Department programming of pools, athletic fields, tennis courts, studios, pavilions, etc.
 - Policies that promote and monitor community use
 - Customer friendly registration and reservation methods for park usage, sport fields/diamonds, pavilions
 - Collaboration of recreation services with community groups and other leisure service providers
- Recognize changing landscape of parks and recreation services in community by:
 - Developing strategic plan for delivery of recreation services
 - Annually updating the five year comprehensive plan
 - Engaging in community activities, groups and organizations

Major Changes in Revenue, Expenditures or Programs:

Increases in revenue and expenses related to the opening of Erb Pool and Park and self-operated concessions at both Erb and Mead Pools. Charges for services increased from \$199,600 to \$391,875 to reflect this additional revenue. Part-time labor increased from \$407,290 to \$462,236 for the cost of additional lifeguards and slide attendants at the new pool as well as concession workers at both pools. Concession supplies increased from \$4,765 to \$44,765 due to City staff now running the concession areas. The increased revenue is expected to exceed the increases in expenses.

SPECIAL REVENUE FUNDS**

Park Open Space

Business Unit 7160

PROGRAM MISSION

Provide funding mechanism to account for moneys received from subdivision developers to finance acquisition of new park land and development of new parks and facilities.

PROGRAM NARRATIVE

Objectives:

Acquisition of park land and/or trail corridors identified in the Parks, Recreation and Facilities Management Department Comprehensive Plan.

Development of new parks and trails that would include: expenses associated with appraisals, title searches, surveys, wetland delineation, environmental impact studies, legal fees, counsel fees and debt issuance costs.

Development of recreation facilities and associated facilities identified in the approved master plan for the new park or trail.

Major changes in Revenue, Expenditures and Programs:

\$300,000 was allocated to purchase land for a southside park in 2017. However, no acceptable land was identified for purchase so the funds have not been expended. Meanwhile, an opportunity has arisen to purchase two properties near Appleton Memorial Park to be used for trail expansion and other park related development. It is projected that those properties will be acquired before the end of 2017.

Miracle League Field

Business Unit 7190

PROGRAM MISSION

To account for funding received from private donations to finance the maintenance and upgrade costs of the Miracle League Field and its associated amenities and the corresponding expenditures.

PROGRAM NARRATIVE

Objectives:

Provide funds for major maintenance and/or upgrading of the Miracle League Field and its associated amenities. Examples include:
 Equipment upgrades to meet code or safety guidelines outlined by the Consumer Product Safety Commission and/or American Society for Testing and Materials.
 Repairs and/or replacement of existing facilities, materials, equipment damaged by storms or acts of vandalism not covered by insurance.
 Repairs and/or replacement of resilient surfacing materials.
 Future site grading, roadways, sidewalks, utilities, etc. not included in original construction, but identified in project plan.
 Additional security and/or area lighting, accessible parking, etc. beyond current code requirements that directly or indirectly benefit the Miracle League Field and associated amenities.
 Construction and/or renovations to shelters/restrooms and other park amenities in the immediate vicinity of the Miracle League Field for the benefit in part or whole to the Miracle League Field.

Major changes in Revenue, Expenditures or Program:

No major changes.

REID GOLF COURSE

**Director of Parks, Recreation & Facilities Management:
Dean R. Gazza, CPRE, LEED-AP**

**Deputy Director of Parks, Recreation & Facilities Management:
Thomas R. Flick, CPRP**

CITY OF APPLETON 2018 BUDGET REID GOLF COURSE

MISSION STATEMENT

Reid Golf Course will be dedicated to growing the game of golf by providing competitive rates, a golf course conforming to high standards, quality facilities and sincere customer service to golfers at all skill levels.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

Continued improvement of all clubhouse services to increase revenue, consistencies and improve future financial sustainability of the golf course including the introduction of breakfast service on Saturday mornings.

Expanded the use of the GolfNow marketing, social media marketing and constant contact for marketing and golfer communications.

Expanded our efforts to maximize rounds played by using GolfNow.com, Teeoff.com and Reid Golf Course phone app as real-time marketing in slow periods.

Adjusted our tee sheet to split front 9-hole and back 9-hole tee times to increase our capacity on certain days when walk-ins show up without tee times. Each weekday has its own tee sheet to maximize rounds and revenues throughout the day prior to leagues teeing off. This method of tee time reservations helps the golf course on outing days allowing more play around the outing. More and more players only have time for 9-holes which opens up the back 9-holes for more play.

Utilized a phone app to enhance golfers' experience, market in real-time and introduce a loyalty program to the golfers.

Worked closely with league representatives to accommodate all golf leagues that committed to returning and joining the course in 2017.

Continued the traditions of two long running stroke play tournaments at Reid; the City Tournament and the Fox Cities Amateur (formerly Post Crescent). Also introduced in 2017 was a new event, Reid's 3-4-5. This tournament is a fun event that combines scramble and best ball formats. 13 two-person teams participated in the inaugural event.

Developed and implemented a marketing plan for the 2017 golf season that included regular email messages, promotional materials, radio ads, printed media, increased social media presence, brochures and flyers.

Created daily food specials and rotated monthly to encourage golfers to stay and eat after their rounds.

Established rates and fees for 2018 golf season.

Corporate pass sales increased by 2 (5 to 7).

Junior lessons were expanded from four morning sessions to six sessions throughout the day, increasing our capacity by 24 juniors. An additional 16 juniors participated in the program this year.

CITY OF APPLETON 2018 BUDGET REID GOLF COURSE

MAJOR 2018 OBJECTIVES

Hire and train staff to operate the golf course. Develop operational and marketing plans to maximize revenues.

Develop and implement a plan to provide clubhouse services that consider changing golf trends, available City resources and program direction to maximize revenues and meet current and future community interests and needs.

Continue to expand the use of the GolfNow and Teeoff reservations system and associated marketing modules to:

- Maximize the financial potential of "prime time" tee times and expand utilization of "non-prime time" tee times
- Increase electronic marketing and golfer communications
- Improve administration of tee times, tournaments, outings and league play
- Improve accounting methods and procedures for all clubhouse sales
- Improve data collection of golfer information

Market the golf course through other available media with available resources.

Work with golf course superintendent and clubhouse supervisor to explore opportunities for reductions in expenses, alternative staffing levels and work plans, new equipment, etc. to meet challenges of the ever-changing golf industry.

Maintain the golf course, including the treatment of pesticides and fertilizers, irrigation and mowing of turf and the upkeep of bunkers, water hazards and other vegetation. Continue to evolve the agronomic program at Reid by introducing lower environmental impact quotient pesticides as budget allows.

Maintain the clubhouse, the maintenance shop and all golf course equipment.

Work closely with Parks and Recreation Division to implement new program opportunities and expand on existing programs..

Continue to expand our two historical stroke play competitions, City Tournament and Fox Cities Amateur, and our new fun 3-4-5 and 2-Pin Challenge.

Target new business to expand corporate pass sales.

Continue efforts of increasing the number of youth golfers visiting the course for both instruction and play while creating new opportunities for adults to participate in similar means.

**CITY OF APPLETON 2018 BUDGET
REID GOLF COURSE**

Operations

Business Unit 5630

PROGRAM MISSION

Manage and maintain the Reid Golf Course facilities and grounds in a fiscally and environmentally responsible manner, consistent with quality municipal golf courses, for the benefit of the users.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy #4: "Continually assess trends affecting the community and proactively respond." #6: "Create opportunities and learn from successes and failures."

Objectives:

- To provide a golfing experience that is welcoming to all people regardless of skill or ability.
- Grow the game of golf by providing various opportunities including instruction, outings, leagues and special events.
- To enhance the quality of life in our community by providing golf as a recreational amenity at a great value.
- Operate the golf course in an environmentally responsible manner to sustain the green space for future generations.
- Maintain the course in the best condition possible utilizing the resources available to meet the recommendations of the United States Golf Association.
- Work closely with CEA to coordinate repairs and provide equipment to maintain high quality playing conditions.
- Work closely with the Recreation Division to implement new program opportunities targeting youth.

Major Changes in Revenue, Expenditures, or Programs:

Increase in revenue is a result of providing exceptional customer service and pricing, and promotional strategies to sell golf during non-peak times. Efforts also included the utilization of social media and internet reservations to increase exposure. In addition, we have increased the number of leagues and tournaments. The increase in miscellaneous equipment is due to the purchase of a new kitchen fryer and range ball washer along with replacing certain pieces of golf course equipment. Personnel costs in 2018 reflect a requested increase in the Clubhouse Manager's position from the current 9 month position to a 10 month position. This would allow the Clubhouse manager to wrap up the season with vendor meetings, close-out of cash operations, clean equipment and oversee holiday sales. The past two years, the golf course was still open after the Clubhouse Manager had left for the year.

Coverage Ratio	1.23	1.01	1.11	0.90	0.91	0.72

ASSUMPTIONS:

Rounds of golf played @ projected 2017 levels and then increasing slightly for estimated increase in rounds
2% overall rate increase in 2019 and 2021
Operating expenses to increase 2.5% per year after 2018
None of the costs identified in the Reid Golf Course CIP are included in this projection
Strive to maintain a level of 25% working capital reserve and 1.25 coverage ratio.

CITY OF APPLETON 2018 BUDGET

LIBRARY

Library Director: Colleen T. Rortvedt

Assistant Library Director: Tasha M. Saecker

CITY OF APPLETON 2018 BUDGET LIBRARY

MISSION STATEMENT

Learn, know, gather and grow in your center of community life.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

Maintain high quality library services

Implemented the 2017 Library User Survey with 836 responses; 98.1% of those surveyed reported the library was responsive or very responsive to their needs
487,795 visits in 2016; 4,630 meeting room uses in 2016, a 6% increase of meeting room uses over previous year
2016 summer program for children had 3,430 participants, the teen summer reading program had 567 participants, and the adult program had 742 participants, a record number (this number will be updated at end of 2017 program)
On track to circulate nearly 1.2 million physical items in 2017; self-checkout averages 80%
Offered high interest programs for all ages; over 52,000 in total attendance in 2016
Contracted with collection agency to improve recovery of materials and/or replacement costs

Increase marketing and advocacy, fund development, technology for efficiency, staffing levels and training, library environment and neighborhood

Developed APL Storyteller marketing campaign with stories of how APL has helped patrons "create their future"
Marketing e-blasts sent to approximately 5,600 e-mail addresses
Friends of the APL provided \$67,000 in grants and served as fiscal agent for grants from outside funding agencies
Hosted staff retreat in Feb. and monthly staff trainings on continuing education, change and safety topics
Participated in statewide planning process for public library systems
Continued working with Washington Square, APD and security guard to improve neighborhood environment

Continue to explore facility needs and options

Library Board endorsed parking study, mobility study and the city comprehensive plan
Aligned focus for planning on how library fits into the city's comprehensive plan and other priorities
Made repairs to the HVAC and patched worn carpeting
Implemented wireless printing, improving service to patrons using their own devices

Continue cooperation with schools and other community organizations

Developed Community Partnerships Framework to provide options for different levels of engagement
Provided space for local non-profits doing community outreach on site, helping expand their access to people who need their services: Feeding America, Riverview Gardens, Partnership Community Health Center
Served on the Older Adult/Community Center Taskforce
Collaborated with 191 programs with local educational institutions, businesses, non-profits and civic groups -
Hosted Hmong American Day Celebration at Long Cheng Marketplace attended by over 300 people in May 2017;
collaborated with local organizations on the annual Celebration of Hispanic Heritage; hosted Fox Valley Memory Cafes, artists-in-residence, teen Minecraft guild, MashUp Con
Secured continued grant funding from the United Way Fox Cities for Reach Out and Read - Fox Cities
Sponsor and collaborator for the Fox Cities Community Read and Books Build Community - Evicted and Fox Cities Book Festival Fall, 2017
Operated second year of the Appleton Seed Library with The Seed Guild
Represented the library throughout the community at civic events
Summer Library Program theme "Build a Better World" allowed us to showcase city and community organizations - Storycatchers, Fire Department, Hearthstone, ADI and APD

Utilize volunteers more effectively

Volunteer hours on track to reach 8,000 hours in 2017
Utilized volunteer greeter station, providing welcome and simple assistance as patrons enter the building as well as assistance promoting programming

Continuously work to improve website and online service delivery

Developed an APL app; expanded digital content and improved access to content via Infosoup when feasible
Developed method to track digital content use more effectively
Total E-checkout of 44,365 for e-books, audiobooks, videos, comics, magazines, music and games through May 2017
APL's Facebook page has approx. 5,000 followers

CITY OF APPLETON 2018 BUDGET LIBRARY

MAJOR 2018 OBJECTIVES

Apply APL 150 strategies focusing on 21st century library service, serving as a community partner and participating in solving community problems utilizing the following strategic priorities and activities:

Hub of Learning and Literacy - We connect our community with opportunities for growth, self-instruction and inquiry. We recognize reading as the heart of the library's mission and also expand beyond it to offer our community additional ways to improve and develop.

Collaborative Environment – We celebrate our diverse community, serving as a place where understanding can grow. We work with many partners, allowing our entire community to benefit from shared knowledge and information.

The Future: Children and Teens – We provide youth of all ages in our community with programs and services that are age-appropriate, dynamic and inspiring. We ensure that families from all backgrounds find a supportive and strengthening place for their futures.

Creation and Innovation – We honor imagination, invention, and inspiration. We provide people, places and platforms to encourage discovery, development and originality.

Enriched Entertainment– We embrace the important role of entertainment in the lives of our community members and its ability to enhance and enrich our lives. We maintain a collection that covers the breadth of changing interests, technologies and formats.

Specialized Services and Programs – We support and sustain education for all ages. We address the varied needs within our community by offering targeted assistance for diverse populations.

Engaged and Sustainable Organization – Our knowledgeable and creative staff provides a patron experience that represents and aids our diverse community. We work closely with many organizations and partners to benefit those we serve.

Other specific objectives include:

Continue to plan for library facility needs

Continue outreach to parents and English Language Learners with a continuum of programs that target families at different developmental stages

Collaborate with schools and other community organizations utilizing the Community Partnerships Framework to provide options for different levels of engagement

Provide the community space for civic engagement and public meetings

Work to bring circulation services out into the community

Market collections, programs and services in a holistic way, incorporating social media and in-house marketing

Continue to enhance online "digital branch" with increased access to content such as e-courses for lifelong learning and mobile content

Improve website to make it easier to navigate

Incorporate information and results from system and State studies into library policies and operations

LIBRARY**

Administration

Business Unit 16010

PROGRAM MISSION

To ensure delivery of library programs and services to patrons for the benefit of the community, Administration plans, organizes and develops resources, and facilitates effective and responsible staff efforts.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 2: "Encourage active community participation and involvement"; # 3: "Recognize and grow everyone's talents"; # 4: "Continually assess trends affecting the community and proactively respond"; # 5: "Promote an environment that is respectful and inclusive"; # 6: "Create opportunities and learn from successes and failures"; and # 7: "Communicate our success through stories and testimonials".

Objectives:

Oversee and guide the library's long range plan

Ensure library is responsive to community needs

Continue working on library facility plans. Continue efforts to provide citizen engagement and transparency in library planning and incorporate results of parking, mobility studies and the city's comprehensive plan

Communicate the role of libraries in 21st century society and the value of service APL provides to the community

Work with Finance Department in transition to the new ERP system

Work with Washington Square group with security guard collaboration

Support the strategic plan of the Friends of Appleton Public Library; work with Friends to develop strong public/private partnerships to support the library in providing edge of excellence services; be good stewards of grant funds

Major changes in Revenue, Expenditures, or Programs:

Increase in state-level meeting attendance is due to participation in the public library system redesign process occurring throughout the State.

Beginning in 2017, all parking permits are charged to this program for ease of management. The overall increase in the amount budgeted in 2017 was due both to an increase in the monthly permit rate and to the elimination of the lower cost single-entry permit.

PERFORMANCE INDICATORS

CITY OF APPLETON 2018 BUDGET

LIBRARY

Children's Services

Business Unit 16021

PROGRAM MISSION

In collaboration with the community, we educate, inspire, engage, motivate and provide access to resources for all children.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services"; # 2: "Encourage active community participation and involvement"; # 4: "Continually assess trends affecting the community and proactively respond"; # 5: "Promote an environment that is respectful and inclusive"; and # 6: "Create opportunities and learn from successes and failures".

Objectives:

Cultivate quality children's materials collections through careful selection and maintenance practices to support both education and recreation

Provide responsive customer service, including reference, readers' advisory and directional assistance

Develop and provide quality programs for more than 35,000 children and caregivers, including fieldtrips and group visits, age-appropriate programs for children birth to age 12, specialized programs for children with sensory challenges, specialized programs and services to minority and low income families, and reading incentive programs

Through Appleton Ready to Read (ARTR) outreach specialists, work directly with Hmong and Hispanic families and coordinate with AASD Birth to 5 Programs, Outagamie County Birth to 3 Early Intervention, Fox Valley Literacy Council and Head Start by using a formal referral system to link families with needed resources, providing in-home visits to families and building towards their full use of the library and its services

Create specialized English Language Learner (ELL) programs directed at school age ELL students to include refugees, including coordination with other organizations to bring specialized programs like Lego Robotics to ELL students and taking our ELL classes to partnering organizations like the Building for Kids and the YMCA

Major changes in Revenue, Expenditures, or Programs:

In 2016, we launched ReadSquared, an online Summer Library Program. It has been successful in both 2016 and 2017. In 2018, we need \$3200 in Other Contracts to continue this service which was launched using Friends funds.

The Reach out and Read program (ROR), which supports a half-time physician liaison position and the purchase of age-appropriate books to be distributed by medical staff at well-child visits, is supported by a grant from the United Way. ROR has been budgeted in this program since its inception in 2016 but the growth of ROR has led to a decision to move it to the Library Grants Fund to better account for revenues and related expenditures.

In 2017, we received a \$9,500 grant from BMO Harris to continue to deliver a high quality ELL program.

LIBRARY**

Public Services

Business Unit 16023

PROGRAM MISSION

Public Services is at the front-line, providing excellent customer service by helping the community use library resources.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services"; # 4: "Continually assess trends affecting the community and proactively respond"; # 5: "Promote an environment that is respectful and inclusive"; and # 6: "Create opportunities and learn from successes and failures".

Objectives:

Work with patrons in support of the strategies of Hub of Learning and Literacy and Enriched Entertainment; work with other system libraries and State libraries in a collaborative environment; embrace new technologies and best library practices to continue to be an engaged and sustainable organization

Respond to reference, readers' advisory, technological and directional questions in person, via phone, email, and online social media and work to create consistent customer service levels at all service desks in the library; use technology competencies for the adult service desk staff for increased consistency between desks and focused training in 2018; provide quality service to over 480,000 people

Register new patrons and maintain a database of over 78,000 users; process holds in conjunction with the Materials Management section (approx. 125,000 items each year); send out overdue, billing and reserve notices; utilize TRIP and Unique Management Services for the collection of long overdue items and fines

Promote and train the public on the use of the self-check machines by patrons at an average of 80% of library materials check out via self-check each month

Prepare and maintain displays of new and/or popular materials

Continue to work with Materials Management and OWLS to improve functionality of library catalog and discovery layer

Oversee the inter-library loan process

Work with Community Partnerships and Children's Librarians to bring circulation services out into the community

Major changes in Revenue, Expenditures, or Programs:

In 2017 with Friends funding, the library launched an app called Boopsie. It allows access to library cards, holds, barcode scanners and digital materials on a phone or device. Continued funding of this app (\$5,695) is budgeted in other contracts and obligations in this program. This line item also includes Microfilm reader contracts, along with revenues from the reader/printers. Both the revenues and expense were previously recorded in the Community Partnerships program.

The decline over time in materials circulation reflects a national trend but also excludes circulation of electronic content, which follows Department of Public Instruction requirements for tracking and reporting.

Building Operations

Business Unit 16031

PROGRAM MISSION

Support the community and the library's role as a hub of learning and literacy by maintaining a welcoming environment that promotes and contributes to lifelong learning.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services"; # 4: "Continually assess trends affecting the community and proactively respond"; # 5: "Promote an environment that is respectful and inclusive"; and # 6: "Create opportunities and learn from successes and failures".

Objectives:

Maintain safety and security within the library through monitoring, conflict resolution and policy and procedure enforcement in collaboration with other City departments

Ensure the needs of library meeting room users are met by conducting meeting room set-ups and providing on-site assistance for staff programs and the community

Proactively meet the needs of the community through quality customer service and by effectively incorporating sustainable and cost-effective practices in our day to day operations

Facilitate the work done in the library by the Facilities Management Department by performing basic facility and equipment maintenance, cleaning, and informing them of building needs and concerns and work with the cleaning service and other contractors to ensure the library facility is being maintained according to service contracts

Major changes in Revenue, Expenditures, or Programs:

No major changes.

Materials Management

Business Unit 16032

PROGRAM MISSION

To develop, organize, and maintain well-rounded collections. Collections are built in anticipation of and response to Appleton residents' informational, educational & recreational needs.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services"; # 4: "Continually assess trends affecting the community and proactively respond"; and # 6: "Create opportunities and learn from successes and failures".

Objectives:

Materials Management creates entries and database records for approximately 30,000 new titles in the online catalog. We process 39,000 items annually, including labels, RFID tags and jacket protectors. We receive 1,100 newspapers, periodicals and standing order subscriptions and process over 5,000 magazine issues for circulation and storage.

Other specific objectives include:

Work with Public Services on improving the patron hold experience

Collect and route approximately 120,000 items to fill reserves at other OWLSnet libraries; accurately check-in, sort and re-shelve returned materials using the automated materials handling system

Continue to evaluate new electronic collection offerings/services/platforms such as online courses, e-publications of popular magazines, streaming downloads of films, e-books and e-audio books and e-language learning

Conclude reference collection review for currency and usefulness

Major changes in Revenue, Expenditures, or Programs:

Other Contracts reflects \$5,000 in costs for Unique Management, a collection agency used by libraries to recover materials and/or replacement costs.

CITY OF APPLETON 2018 BUDGET

LIBRARY

Network Services

Business Unit 16033

PROGRAM MISSION

Providing high-quality technology, in the most cost-effective manner, to best serve our community.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services"; # 4: "Continually assess trends affecting the community and proactively respond"; and # 6: "Create opportunities and learn from successes and failures".

Objectives:

Replace 20% of staff and public computing devices annually to maintain reasonable levels of usability and maintain and update the network servers and software to insure responsiveness to patron and staff need; replace aging network switches to increase uptime and reliability; maintain warranties on production servers

Maintain online public access catalogs, public workstations, AV equipment, digital signage, RFID and AMH equipment; filter and protect public connections to keep library and public technology reasonably safe

Provide network and software support for the video security system; maintain reliable data communication between the library's and OWLS' networks

Work to improve staff mobile access to Library systems to enable them to move about the building assisting patrons

Assist staff in technical aspects of providing electronic services to the public and support staff computer users; seek out and evaluate technologies to provide increased efficiencies for staff and operations

Partner with OWLS to reduce costs and increase efficiencies when providing services to both the public and staff

Major changes in Revenue, Expenditures, or Programs:

New backup system: \$10,000. Our current backup system is approaching 7 years old and with all the ransomware attacks becoming more prevalent in our society, it's important to protect our data with a more modern backup solution to best maintain our data integrity.

The decrease in Supplies is due to toner costs moving to Equipment Repair & Maintenance since it is now part of our contract with the vendor. The increase in equipment repairs and maintenance reflects that change and an increase in the service contract for Bibliotheca.

The increase in database sessions shown below is due to better usage reporting from a number of the databases and not strictly to an increase in the number of searches conducted.

PERFORMANCE INDICATORS

Library Grants

Business Unit 2550

PROGRAM MISSION

This program accounts for the receipt of Library grants and other revenues, along with the corresponding program expenditures.

PROGRAM NARRATIVE

Link to Strategy:

Implements Key Strategy # 4: "Proactively pursue collaborative and cooperative agreements to meet the needs of the community".

Objectives:

Reach Out and Read (ROR) is a research-based and evidence-based national program that puts books in the hands of families and children through their pediatricians. The doctors use the books to help facilitate developmental screenings and also to provide families information on how important it is to read to their small children. The books are provided to children age birth to five and the program in the Fox Cities includes Appleton, Neenah, Menasha and the surrounding region.

Major changes in Revenue, Expenditures, or Programs:

The Reach out and Read program (ROR), which supports a half-time physician liaison position and the purchase of age-appropriate books to be distributed by medical staff at well-child visits, is supported by a grant from the United Way. ROR has been budgeted in the Children's Services program in the Library's general fund budget since its inception in 2016 but the growth of ROR has led to a decision to move it to this special revenue fund to better account for revenues and related expenditures.

The library has applied to become a United Way Agency for the Reach Out and Read program. A strategic planning process with the clinics is also being done with a professional facilitator. This process will clarify the ongoing funding model of the program.

PERFORMANCE INDICATORS

Actual 2015 Actual 2016 Target 2017 Projected 2017 Target 2018

Note: Since this program exists solely to account for receipt and expenditure of various grants, there are no continuing performance measures.

CITY OF APPLETON 2018 BUDGET

VALLEY TRANSIT

General Manager: Ron C. McDonald

Assistant General Manager: Amy Erickson

Administrative Services Manager: Debra Ebben

CITY OF APPLETON 2018 BUDGET VALLEY TRANSIT

MISSION STATEMENT

Valley Transit provides safe, customer-focused transportation options that connect our communities to enhance the quality of life.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

Ridership

Following national transit ridership trends, Valley Transit ridership is slightly down (2.5%) in the first six months of 2017. When gas prices are lower, as they have been in 2017, transit ridership tends to dip.

Legislative Issues

Valley Transit faces funding challenges every year and has been able to find solutions to keep the system operating without service cuts or major increases in costs to the local funding partners. Staff continues to look for a stable source of local funding to offset the swings in funding at the State and federal level.

Federal Funding– During 2015, congress passed the FAST Act (Fixing America's Surface Transportation) to improve the nation's surface transportation infrastructure. The five-year legislation reforms and strengthens transportation programs and provides long-term certainty and more flexibility for State and local governments. The FAST Act increases dedicated bus funding, provides both stable formula funding and a competitive grant program to address bus and bus facility needs and provides flexibility for recipients in the use of federal funds to maintain facilities and equipment in a state of good repair.

Although the FAST Act has provided more stable funding for Valley Transit, the new legislation, along with Valley Transit's reclassification to a large system and as a direct recipient of Federal Transit Authority (FTA) funds, has increased the amount of administrative time needed to meet our obligations to the FTA. Reporting requirements have increased from annual reports to quarterly reports and new reporting requirements have been developed along with a higher level of scrutiny from the FTA.

State Budget – After State funding for transit operations was cut by 10% in 2012, funding has remained at a consistent level.

RTA – Valley Transit's Strategic Plan maintains that the best long-term solution for stable and adequate funding is establishing a Regional Transit Authority (RTA) in the Fox Cities. Valley Transit remains committed to pursuing enabling legislation at the State level.

Audits

Single Financial Audit

Valley Transit received no findings in the 2016 financial audit conducted in early 2017.

Federal Funds (5310)

"5310" funding provides assistance to programs serving the elderly and persons with disabilities. When the population of the Fox Valley reached 200,000 with the 2010 census, Valley Transit became a direct recipient of this funding. The grant allows 45% of the funds to go to fixed route providers, such as Valley Transit, for senior/disabled services in excess of ADA paratransit requirements and requires a minimum of 55% of the funds to be distributed to non-profit organizations that provide transportation services to senior and disabled populations. Valley Transit and the East Central Wisconsin Regional Planning Commission (ECWRPC) reached an agreement that designates Valley Transit as the recipient of 5310 funds and ECWRPC as the lead on the process to distribute the 55% funds to non-profit organizations. The 2018 proposed budget reflects an award of funds to a non-profit organization.

CITY OF APPLETON 2018 BUDGET VALLEY TRANSIT

MAJOR 2018 OBJECTIVES

Valley Transit's Strategic Plan was completed in early 2015. The plan includes recommendations for near-term, three, five and ten years. A near-term action plan and schedule has been developed and is being implemented. The focus of the near-term plan is to make sure the existing services function as efficiently and effectively as possible before adding additional services. Valley Transit has performance measures and tracking mechanisms in place which build on existing strengths of the system and address weaknesses. Improving on-time-performance will continue to be a major focus in 2018, as will monitoring subcontractor performance to deal with performance issues. The asset management plan will continue to be fine-tuned for vehicles, facilities and equipment and will identify funding requirements for vehicle and equipment replacements and to maintain facilities in a state of good repair.

Valley Transit will continue to focus on strengthening the partnership with advocacy groups in the Fox Cities and increasing communication with Valley Transit stakeholders. Staff will continue to refine and improve the communication tools used to give potential riders information on how to use the system. As part of the effort to increase ridership, Valley Transit will be working on partnerships with area businesses to increase ridership by their employees.

We will continue to work on establishing an RTA in the Fox Cities and finding alternate/sustainable sources of funding for both fixed route and paratransit services.

Valley Transit is required to complete a Transit Development Plan (TDP) every five years. The 2017 Budget included an expense of \$100,000 for the TDP. Transit system development plans refine and detail the recommendations for transit services set forth in the regional transportation plan. The TDP got a late start in 2017 due to timing of availability of State funding. During 2018, the plan will be finished and reviewed to determine the feasibility of recommendations with an implementation plan to follow.

VALLEY TRANSIT**

Administration

Business Unit 5810

PROGRAM MISSION

We will equitably allocate federal, State, and local resources among a variety of transportation services and we will provide management, oversight, planning, and marketing information for and about our services for the benefit of our passengers, employees, and participating governmental units.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #1: "Prompt delivery of excellent services"; #2: "Encourage active community participation and involvement"; #4: "Continually assess trends affecting the community and proactively respond"; #6: "Create opportunities and learn from successes and failures"; and #7: "Communicate our successes through stories and testimonials."

Objectives:

- To provide administrative support to ensure that local funding from the municipalities and counties is equitable
- To monitor all services to ensure cost effectiveness and efficiency and to avoid duplication of services
- To reach out to riders and non-riders alike to demonstrate that Valley Transit provides low cost, safe, reliable, friendly public transportation that directly improves the quality of life for everyone
- To continue to be a fiscally responsible organization that is accessible and supports a high quality of life in the Fox Cities
- To fund Valley Transit in a manner that promotes stability and resilience and is flexible to accommodate a growing region

Major changes in Revenue, Expenditures, or Programs:

- Combined State and federal operating assistance is estimated at 57% of eligible expenses in 2018.
- The increase in depreciation expense is related to new buses purchased in 2017.

**CITY OF APPLETON 2018 BUDGET
VALLEY TRANSIT**

Vehicle Maintenance

Business Unit 5820

PROGRAM MISSION

We will provide safe, reliable, and environmentally-friendly service by maintaining our vehicle fleet to minimize service delays due to breakdowns and sustain a quality fleet that benefits our bus drivers, passengers and the general public.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #3: "Recognize and grow everyone's talents"; #4: "Continually assess trends affecting the community and proactively respond"; #6: "Create opportunities and learn from successes and failures"; and #7: "Communicate our successes through stories and testimonials."

Objectives:

- To maintain the vehicle fleet in a manner that will ensure that all service requirements are met
- To maintain the vehicle fleet in a manner that minimizes the number of road calls that require a replacement bus or cause a trip to be significantly delayed or missed
- To maintain the vehicle fleet in a manner that ensures that there are no vehicle accidents due to mechanical failure

Major changes in Revenue, Expenditures, or Programs:

The higher level of expense in the vehicle maintenance budget reflect the aging of our bus fleet and the more frequent need to replace transmissions and engines, along with routine repairs. Included in the 2018 budget is expense related to tools for the four new buses received in 2017.

The higher expense in regular salaries is due to the Maintenance Supervisor position being fully allocated to the Vehicle Maintenance business unit. In prior years, the salary and fringes were divided between the Vehicle Maintenance and Operations business units.

VALLEY TRANSIT

Facilities Maintenance

Business Unit 5830

PROGRAM MISSION

We will provide a clean and safe working environment by purchasing, cleaning, maintaining and repairing the Operations and Maintenance facility, the Transit Center and the passenger shelters located throughout the Fox Cities that benefits our passengers, employees, and the general public.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #1: "Prompt delivery of excellent services"; #4: "Continually assess trends affecting the community and proactively respond"; and #6: "Create opportunities and learn from successes and failures".

Objectives:

- To provide clean, safe shelter for passengers waiting to board the bus
- To provide a clean, safe working environment for employees
- To maintain facilities that enhance the beauty of the community

Major changes in Revenue, Expenditures, or Programs:

Increases in the Facilities Maintenance budget is due to several capital projects. Valley Transit needs to replace the existing generator at the Whitman facility (\$145,000) that provides a minimum amount of power during outages. Also budgeted is much needed maintenance/repair to an existing floor pit and hoist in the maintenance garage (\$100,000). Valley Transit's fuel tank and diesel fueling station are budgeted for repair or replacement (\$100,000). Capital funding has been budgeted to cover 80% of the cost (\$276,000). The remaining 20% will be funded from the depreciation reserve.

PROGRAM MISSION

Valley Transit provides safe, customer-focused transportation options that connect our communities to enhance the quality of life.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #2: "Encourage active community participation and involvement"; #3: "Recognize and grow everyone's talents"; #4: "Continually assess trends affecting the community and proactively respond"; #6: "Create opportunities and learn from successes and failures"; and #7: "Communicate our successes through stories and testimonials."

Objectives:

Excellence in customer service is a central value of Valley Transit, so the organization will continuously monitor and exceed customer expectations:

To have transit services in the Fox Cities direct, on-time and easy to use

To have the transportation infrastructure in the Fox Cities improve communities and offer seamless connections for all people traveling to, from, or within the region

To have transit needs in the Fox Cities met efficiently and in a manner that is consistent with our mission

Major changes in Revenue, Expenditures, or Programs:

Overtime expense has been relatively high in recent years due to the need to add buses for detours around street construction sites and to the need to cover drivers' shifts for absences due to illness and FMLA leave. During 2017, Valley Transit changed the table of organization to allow hiring of additional drivers with various scheduling options to control overtime expense.

Contractor fees include Valley Transit's \$17,000 contribution to the cost of security patrol services for the Transit Center and surrounding areas. Valley Transit partners with Appleton Downtown Inc., the Appleton Public Library and Department of Public Works, and downtown employers Theda Care, Pfefferle, and Thrivent Financial to pay for a neighborhood monitor who is a presence in the Washington Square area to discourage nuisance behaviors.

The high level of customer complaints shown below is the result of inconsistent on-time performance, which results in missed connections, appointments, etc. On-time performance is in turn due to a variety of factors such as detours due to street construction, less experienced drivers (due to retirements of long-time employees) pressing to meet schedules and not focusing on customer service as much as we would like, etc. We are working to address bus on-time performance and are counseling drivers on customer service.

An increase in the price and usage of tires is reflected in the Vehicle & Equipment Parts budget. Those impacts were underestimated in the 2016 budget. The miscellaneous equipment budget includes an on-going program of camera replacement on the buses, as the cameras have exceeded their useful lives and do not provide the quality of image required.

CITY OF APPLETON 2018 BUDGET

VALLEY TRANSIT

ADA Paratransit

Business Unit 5850

PROGRAM MISSION

We will provide specialized curb-to-curb advance reservation demand response transportation for people with disabilities who are unable to use the fixed route bus system.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #2: "Encourage active community participation and involvement"; #4: "Continually assess trends affecting the community and proactively respond"; #6: "Create opportunities and learn from successes and failures"; and #7: "Communicate our successes through stories and testimonials".

Objectives:

- To comply with the requirements of the Americans with Disabilities Act
- To provide safe, reliable, convenient, and friendly specialized transportation
- To meet the needs of the transit dependent population, including outreach efforts to agencies and companies that provide services to seniors and people with disabilities

Major changes in Revenue, Expenditures, or Programs:

ADA ridership remained relatively flat in 2016 and we continue to see a steady use of ADA paratransit services for the first half of 2017. There are more people in the region, both seniors and disabled, who qualify for ADA paratransit services, which is why we have projected a slight increase in 2018.

The increase in payroll expense in 2017 in this program was due to an increased allocation of the Paratransit Coordinator and the addition of a .6 FTE Administrative Assistant position. Those changes were made to increase the oversight of ADA contracts and to conduct ADA passenger certification, previously provided by a consultant. As those efforts have progressed in 2017, it has been apparent that the Paratransit Coordinator is able to handle the certifications and contract oversight in the normal course of work so the Administrative Assistant has been budgeted in the Administration program for 2018 to reflect the more general administrative duties of that individual.

The increase in local aids in this program reflects a change in the year-end treatment of agency tickets. Though not required by contract, agency ticket sales have been included in the year-end reconciling calculation of local support due from Valley Transit's municipal partners. This practice has been discontinued, resulting in a larger increase in local support to this program and a smaller increase in local support to be collected from our municipal funding partners for fixed route service.

CITY OF APPLETON 2018 BUDGET

VALLEY TRANSIT

Ancillary Paratransit

Business Unit 5860

PROGRAM MISSION

We will coordinate a broad range of contracted specialized services that maximizes transportation funding and benefits older adults, people with disabilities and participating local governments.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #2: "Encourage active community participation and involvement"; #4: "Continually assess trends affecting the community and proactively respond"; #6: "Create opportunities and learn from successes and failures"; and #7: "Communicate our successes through stories and testimonials."

Objectives:

- To provide a transportation alternative to older adults for whom fixed route bus service is difficult
- To provide employment transportation and limited Sunday service to people with disabilities
- To coordinate transportation services to maximize the effectiveness of each local dollar spent
- To provide employment transportation for 2nd and 3rd shift workers and those who need to travel to jobs outside the fixed route service area

Major changes in Revenue, Expenditures, or Programs:

The local share of all ancillary paratransit services other than the Connector and Trolley is paid by the three counties in which Valley Transit operates (Outagamie, Winnebago and Calumet), the cities of Neenah and Menasha, the town of Menasha, and the Family Care providers. The organizations that are paying for the local share determine what the fare and operating rules will be for each of the services. The local share for the Connector is currently being paid for by donations from and through the Fox Cities United Way and by support from the local municipalities that participate in the fixed route system.

The increase in contractor fees is mostly due to increased costs for specialized employment transportation services. The cost of the Connector's extended service hour program has also increased due to an increase in ridership.

The 2018 Budget continues to show an expense in Other Contracts/Obligations and a revenue in Federal Grant revenue for administration of the FTA Section 5310 grant funds. The Section 5310 program is a discretionary program designed to improve transportation for seniors and customers with disabilities. Valley Transit is the direct recipient of the funds and uses 45% of the total to support Valley Transit's services. The remaining 55% is awarded to a non-profit organization(s) through an application process conducted in partnership with East Central Wisconsin Regional Planning Commission.

CITY OF APPLETON 2018 BUDGET

PUBLIC WORKS DEPARTMENT

Public Works Director: Paula A. Vandehey

Deputy Director/City Engineer: Ross M. Buetow

Deputy Director of Operations-DPW: Nathan D. Loper

CITY OF APPLETON 2018 BUDGET PUBLIC WORKS DEPARTMENT

MISSION STATEMENT

To provide quality, cost effective public works services for our customers.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

Celebrated National Public Works Week

Reconstructed streets surrounding new exhibition center with new concrete pavement, sidewalk and bike lanes

Promoted the Public Works Department (DPW) by participating in public events, including "Things That Go" and the Fox River clean-up

Implemented fourth year of our sidewalk poetry program which included 5 original poems written by Appleton residents and students

Implemented seventh year of City-wide bike lane plan, and received Bike Friendly Community Silver Designation

Participated in the second annual Citizens Academy with a second evening of Public Works topics added to the curriculum

Supported 4 civic events by barricading for the Memorial Day, Flag Day, and Christmas parades, as well as for the National Night Out event. Public Works continues to support many of the other special events held in Appleton (87 events in 2017) by sweeping streets and patching potholes prior to the event and cleaning up trash after the event. Examples of other events supported were Oktoberfest, Mile of Music, and numerous run/walk events held throughout the year.

Collaborated with ADI and Riverview Gardens on Downtown CARE initiative (second year of a three year initiative) improving the cleanliness of our downtown

CITY OF APPLETON 2018 BUDGET PUBLIC WORKS DEPARTMENT

MAJOR 2018 OBJECTIVES

Monitor, review and respond to input from customers by tracking all customer service requests and providing appropriate follow-up

Promote a working environment conducive to employee productivity, growth and retention

Implement eighth year of adopted City-wide bike lane plan

Continue to review processes using LEAN initiatives

Implement fifth year of our tree planting program to in-fill urbanized areas as part of the Department's sustainability initiative and to replace existing ash trees

Continue working with the Facilities Management Department, Community Development Department, City Attorney, Finance Department and Mayor to review upcoming projects for improved communication and coordination

Continue working with surrounding communities for opportunities to jointly bid projects such as pavement marking and patch program

Work with the art community to implement new ideas

Implement portions of the Downtown Mobility Plan

Implement portions of the Railroad Quiet Zone Plan

Focus on improved customer service to increase percent of customers with a positive perception of Public Works

Implement "stay interview" concepts to retain as many existing high performing Public Works employees as feasible

Improve neighborhood connectivity by implementing enhanced crosswalks at various locations throughout the City

**CITY OF APPLETON 2018 BUDGET
PUBLIC WORKS DEPARTMENT**

Administrative Services

Business Unit 17011

PROGRAM MISSION

To provide supervision, training and leadership in all department functions and activities.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 3: "Recognize and grow everyone's talents", # 4: "Continually assess trends affecting the community and proactively respond", # 5: "Promote an environment that is respectful and inclusive", # 6: "Create opportunities and learn from successes and failures", and # 7: "Communicate our success through stories and testimonials".

Objectives:

- Work with the GIS staff to review and update the official City map to reflect current growth
- Develop and implement a 5-year capital plan to improve City infrastructure
- Monitor project completion dates for contract compliance and timely assessment billings
- Support employee Individual development plans as part of Department's succession planning
- Improve budget development, implementation and monitoring practices
- Review engineering designs, site plans and plats prepared by consultants for private construction projects to insure compliance throughout the City
- Develop and/or update department policies necessary for department administration
- Provide support and accountability towards City's vision statement, "Appleton is the place where people can use their talents to thrive."
- Review services, and work with other departments, to improve efficiency and effectiveness of City services
- Continue implementation of City-wide bike lane plan
- Continue to pursue social media opportunities to improve communication with the public

Major Changes in Revenue, Expenditures, or Programs:

Miscellaneous equipment includes 14 GPS units to complete outfitting all engineering and inspection vehicles with GPS units which accounts for the increase.

Consulting services has been increased to hire a Ped/Bike Professional Service to provide expertise as needed throughout the year. This cost had previously been included in the Concrete Reconstruction (17014) budget.

Included in this budget is \$2,500 to update and reprint a new city map (every 4 years).

PUBLIC WORKS DEPARTMENT**

Concrete Reconstruction

Business Unit 17014

PROGRAM MISSION

The department will monitor the condition and use of City streets and plan for reconstruction or expansion of those that do not meet our standards or requirements to reduce maintenance costs, improve traffic management, and maintain safe and consistent pavement.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 4: "Continually assess trends affecting the community and proactively respond", # 6: "Create opportunities and learn from successes and failures", and # 7: "Communicate our success through stories and testimonials".

Objectives:

- Implement the 2017 concrete reconstruction program
- Identify streets that are below standards and incorporate them into our five-year plan
- Coordinate street reconstruction plans with the Water and Wastewater Utilities to identify problem areas and minimize multi-year inconvenience
- Coordinate current and future paving projects with affected municipal and governmental agencies
- Prepare bids, monitor costs, and manage contracts to insure the highest possible rideability rating of the city streets

Major Changes in Revenue, Expenditures, or Programs:

Miscellaneous State Aid: Local Road Improvement Project funds (LRIP) are received every two years. No payment is expected to be received in 2018.

Please see Projects, page 580 for further details about this program.

Sidewalk Construction

Business Unit 17015

PROGRAM MISSION

To provide a safe pedestrian transportation system throughout the City.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 4: "Continually assess trends affecting the community and proactively respond", # 6: "Create opportunities and learn from successes and failures", and # 7: "Communicate our success through stories and testimonials".

Objectives:

- Monitor the impact of the sidewalk policy
- Improve public awareness of the sidewalk policy
- Investigate equipment alternatives to best address hazardous sidewalk locations

Major Changes in Revenue, Expenditures, or Programs:

Please see Projects, page 588 for further detail about this program.

**CITY OF APPLETON 2018 BUDGET
PUBLIC WORKS DEPARTMENT**

Traffic Control and Maintenance

Business Unit 17022

PROGRAM MISSION

Working together to provide for the safe and efficient movement of pedestrians, cyclists and vehicular traffic within the City.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 4: "Continually assess trends affecting the community and proactively respond", # 6: "Create opportunities and learn from successes and failures", and # 7: "Communicate our success through stories and testimonials".

Objectives:

Respond to requests for special studies from alderpersons, citizens and City staff for all traffic related issues
 Work with the engineering staff and developers to design streets for safety and efficiency
 Improve safety within the public right-of-way by analyzing recommendations from traffic accident analysis and annual sign visibility surveys
 Ensure traffic control signage is highly visible both during daylight and night time hours and is installed in accordance with prescribed standards and guidelines

Major Changes in Revenue, Expenditures, or Programs:

The software support includes the 2nd year of a two year software maintenance contract included with the upgrade of the traffic signal centralized control system in 2017.

Included in the CEA Replacement budget is a \$60,000 upgrade to the sign shop truck which is scheduled for replacement in 2018. Per CEA policy, the department requesting the upgrade is asked to fund the cost of the upgrade through their operating budget. Therefore, the traffic division has made one-time reductions to the following accounts to offset the requested upgrade cost: contractor fees, construction materials, signs, miscellaneous equipment, software support, safety supplies, and training/conferences.

PERFORMANCE INDICATORS

**CITY OF APPLETON 2018 BUDGET
PUBLIC WORKS DEPARTMENT**

Street Lighting

Business Unit 17023

PROGRAM MISSION

To provide and maintain consistent quality street lighting throughout the City.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 4: "Continually assess trends affecting the community and proactively respond", # 6: "Create opportunities and learn from successes and failures", and # 7: "Communicate our success through stories and testimonials".

Objectives:

Maintain consistent street lighting throughout the City by performing routine maintenance, replacing malfunctioning lights and repairing lights when damaged

Initiate installation and maintenance of street lights along all new City streets and in those areas that do not meet our current lighting standard

Use new and innovative technologies and products to reduce street light energy consumption

Major Changes in Revenue, Expenditures, or Programs:

The number of City-owned street lights will have increased by approximately 70% between 2008 and 2017 (going from 573 lights to 975 lights). While this shift away from leased lights saves money overall (in the form of reduced leased lighting costs), it will require gradual increase in maintenance funding and electrical costs.

PERFORMANCE INDICATORS

CITY OF APPLETON 2018 BUDGET

PUBLIC WORKS DEPARTMENT

Municipal Services Building Administration

Business Unit 17031

PROGRAM MISSION

To provide administration and support services to meet the operational requirements of the Department of Public Works

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 3: "Recognize and grow everyone's talents", and # 7: "Communicate our success through stories and testimonials".

Objectives:

Continue to improve the efficiency and effectiveness of the inventory handling procedures and employ practices to minimize out of stock items and inventory count discrepancies

Continue to improve training to create a safe workplace and minimize employee and equipment accidents and damage

Educate the citizens on the services provided through phone calls, walk-ins, the City Guide newsletter, new resident mailings, web page, Facebook, Twitter and the Department of Public Works information line

Major Changes in Revenue, Expenditures, or Programs:

Other Contracts / Obligation has increased as the traffic division had started using Digger's Hotline for locates.

**CITY OF APPLETON 2018 BUDGET
PUBLIC WORKS DEPARTMENT**

Street Repair

Business Unit 17032

PROGRAM MISSION

To plan and implement a preventative maintenance and repair program to keep the streets in a safe and serviceable condition

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #1: "Prompt delivery of excellent services", #2: "Encourage active community participation and involvement", #4: "Continually assess trends affecting the community and proactively respond", #6: "Create opportunities and learn from successes and failures", and #7: "Communicate our success through stories and testimonials".

Objectives:

- Provide temporary traffic control barricades and display street decorations in support of City sponsored civic events and celebrations in the City
- Maintain City streets by patching potholes, sealing cracks, replacing defective concrete and resurfacing asphalt streets
- Provide residents with timely and cost-effective maintenance patches
- Monitor the effectiveness of the epoxy patch program to preserve the rideability of our streets
- Continue the program of grinding hazardous sidewalks to reduce the potential for trip and falls

Major Changes in Revenue, Expenditures, or Programs:

- Software support increased as a result of adding GPS units in 6 more vehicles.
- The design and reconstruction of the Ballard Road box culvert, a joint project with Outagamie County is included in this budget. Miscellaneous intergovernmental revenue shows the County's contribution.
- Included in other contracts/obligation is \$5,000 toward the CARE Program which is a joint venture with Appleton Downtown (ADI) and Riverview Gardens to improve the cleanliness of downtown.
- The increase in part-time wages is due to using summer seasonal help as flag crews during paving repair projects.

**CITY OF APPLETON 2018 BUDGET
PUBLIC WORKS DEPARTMENT**

Snow and Ice Control

Business Unit 17033

PROGRAM MISSION

To provide snow and ice control for safe travel throughout the City

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #1: "Prompt delivery of excellent services", #2: "Encourage active community participation and involvement", #4: "Continually assess trends affecting the community and proactively respond", #6: "Create opportunities and learn from successes and failures", and #7: "Communicate our success through stories and testimonials".

Objectives:

- Maintain traffic movement on all collector and arterial streets during a storm
- Plow all streets within 12 hours of the end of a snowstorm and remove accumulated snow from designated haul routes
- Investigate and expand contractual services when necessary to meet current levels of service
- Perform an annual review of regional snow plowing agreements to insure they are current and equitable
- Monitor sidewalk snow removal contract to insure quality and timeliness of services
- Review snow plow routes and make necessary changes to gain efficiencies
- Investigate mailbox damage caused by plows and enforce per City policy
- Evaluate use of salt brine and other pre-wetting liquids for snow and ice control
- Continue low salt usage on newly paved streets to minimize damage to new concrete

Major Changes in Revenue, Expenditures, or Programs:

This budget includes \$5,000 for a 5,000 gallon tank for salt brine storage. This will allow us to expand our anti-ice program (prior to the storm) which will increase driver safety on our collector and arterial streets. Currently we do not have the capacity to increase the anti-ice program as it uses up our on-site brine storage needed during the storm.

**CITY OF APPLETON 2018 BUDGET
PUBLIC WORKS DEPARTMENT**

Forestry Services

Business Unit 17034

PROGRAM MISSION

Manage the urban forest to enhance the current and future environmental quality, safety and aesthetics for the benefit of the community.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #4: "Continually assess trends affecting the community and proactively respond", and #6: "Create opportunities and learn from successes and failures".

Objectives:

- Replenish and maintain approximately 32,000 trees on City terraces and boulevards
- Prune trees to provide proper growth structure, maintain proper clearances for vehicles, signs, and pedestrians, and remove dead/diseased limbs
- Respond to storm damage situations
- Plant trees in new subdivisions and reconstructed streets where final concrete pavement has been installed
- Work closely with Engineering and Street Division to minimize the impact of street reconstruction projects on street trees
- Continue to address gypsy moth situation and coordinate suppression programs with the Department of Natural Resources as needed
- Secure grants through the Department of Natural Resources as opportunities arise
- Continue implementation of the action plan developed in 2009 to address the emerald ash borer situation and make the necessary program adjustments as the impact of the insect is realized in the community
- Coordinate labor pool with operations staff to maximize available resources
- Coordinate equipment use and purchases to maximize equipment and create efficiencies
- Continue efforts to remove invasive species from City property through volunteer services
- Continue to educate the elected officials on the benefits of the urban forest and the City's investment in the

Major Changes in Revenue, Expenditures, or Programs:

Continue to increase the number of trees we plant each year and target sections of the City that are short on terrace trees. The average cost per tree has increased approximately 50% in the last 5 years. The additional demand for replacement trees associated with emerald ash borer also impacts the ability to maintain the tree canopy. Based on DNR analysis, the City's urban tree canopy is about 22%. Increasing the canopy will reduce stormwater runoff, lower summer air temperatures, and reduce air pollution.

Seasonal laborers, which account for the part time wages, are used to maintain various plantings around the City under the direction of the City Forester.

Tipping fees have been added as we now have to pay to dispose of stump grinding debris.

CITY OF APPLETON 2018 BUDGET

PUBLIC WORKS DEPARTMENT

Inspections/Licensing & Plan Review

Business Unit 15520

PROGRAM MISSION

To provide building inspection services to insure public health and safety.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #1: "Prompt delivery of excellent services", #2: "Encourage active community participation and involvement", #4: "Continually assess trends affecting the community and proactively respond", #6: "Create opportunities and learn from successes and failures", and #7: "Communicate our success through stories and testimonials".

Objectives:

- Investigate and respond to complaints from the public, other departments and alderpersons in a timely and professional manner and take the necessary enforcement steps to achieve compliance
- Improve the level of inspection services offered to the community by thorough review and discussion of current practices and procedures
- Provide inspection services in a timely and effective manner
- Perform site plan reviews to insure compliance with established City codes
- Monitor compliance of approved building plans and applicable codes on construction projects and provide feedback to the inspectors and the public
- Utilize code enforcement procedures that are more streamlined and efficient due to an increased use of technology
- Work cooperatively with the Assessor's Office. The Inspection Division continues to provide property data to the Assessor's Office which saves time and resources.

Major Changes in Revenue, Expenditures, or Programs:

The Inspections Division hired a new electrical inspector early in 2017, replacing a retired electrical inspector which accounts for very little increase in wages.

The part-time wages represent the cost of seasonal employees following up on weed and property maintenance complaints. The department started using seasonal employees rather than full-time staff for this purpose in 2017.

PERFORMANCE INDICATORS

	<u>Actual 2015</u>	<u>Actual 2016</u>	<u>Target 2017</u>	<u>Projected 2017</u>	<u>Target 2018</u>
Client Benefits/Impacts					
Customer knowledge of ordinances					
Customer generated violation reports	1,332	1,371	1,200	1,200	1,100
Effectiveness of plan review					
# of onsite consultations prior to plan submittal	76	57	100	120	120
Strategic Outcomes					
Availability of staff					
% of total inspector hours spent on inspections	48.9%	46.5%	47.0%	48.0%	48.0%
Consistency of information					
# of policies/ordinances reviewed/updated	3/3	2/2	2/2	2/2	2/2
Work Process Outputs					
Availability of service					
# of inspections performed	10,125	8,372	12,000	11,000	12,000
# of re-inspections performed	727	725	500	500	500
# of notices issued	891	941	700	700	800
# of permits issued	3,752	3,785	3,500	3,500	3,500

MISSION STATEMENT

To serve the public through the collection and disposal of recyclables, yard waste, and solid waste in a safe, cost effective and environmentally responsible manner.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

Continued participation in a compost pilot project with Outagamie County, the Wastewater treatment plant and the Public Works Department. The program is evaluating the feasibility of local composting of biosolids with other bio-degradable products such as leaves and wood chips at a local site. The goal of the project is to reduce biosolids trucking costs for land application and provide a continuous beneficial outlet for biosolids. With a compost outlet, the current biosolids storage volume available would better allow for meeting the 180 day regulatory limit. Active composting began in October, 2010 and has continued through 2016, based upon technical findings, economic feasibility report, and wastewater biosolids storage needs. Outlets for finished compost are being thoroughly evaluated, including compost giveaways and field demonstration/research plots. Assessment of local compost demand and uses will be used to validate economic feasibility findings and establish a timeline for design and future construction of a permitted facility.

The Sanitation work group reviewed feedback from a recent residential survey and is working on potential policy and service changes for Council consideration in 2017.

Worked with Outagamie County to encourage recycling which resulted in a continued increase in the City's landfill diversion rate.

Included a recycling flyer in the City's utility bills to help educate residents on the additional plastics that are now being accepted as recyclable material.

Gained Council approval to reduce the second recycling cart fee from \$100 to \$50 to encourage additional recycling efforts.

Spring yard waste collection dates were advertised in April to allow this program to be more "weather dependent" and better serve our customers. In the past, since the City Guide is written six months in advance, due to weather conditions, the dates published for spring yard waste collection often didn't coincide with when residents were able to perform their yard work.

Repaired and upgraded the telemetry system and well replacement at the landfill site in Mackville.

Cleaned the north ditch at the Mackville landfill site which is needed every 3-5 years.

**CITY OF APPLETON 2018 BUDGET
SPECIAL REVENUE FUNDS
SANITATION**

MAJOR 2018 OBJECTIVES

Continue to review and evaluate the current collection procedures, policies and rates to provide consistent, cost effective services

Continue to monitor the agreement with the Town of Grand Chute to use the yard waste sites

Continue to monitor the policy for disposal of solid waste at the yard waste site

Continue to develop relationships with outside services to dispose of brush and yard materials

Continue to monitor the customer service log and respond timely to customer needs

Continue participation in compost pilot project with Outagamie County, the Wastewater treatment plant and the Public Works Department. This pilot program is seeking a long term, cost effective and environmentally sound alternative for management of organic waste materials. In 2017, DPW provided an estimated 5,000 cubic yards of mixed yard waste and leaves from our fall collection for the project. A more detailed description of the project is included on the prior page.

GPS units will be added to the remaining sanitation trucks in 2018. These units have the ability for the driver to push a button while driving to be able to identify when a garbage can is not out, when overflow refuse is at the curb, when a garbage can needs maintenance, or to note a pothole that needs attention. These units will have preprogrammed buttons so drivers will no longer have to look for an address and stop to log it or to call it in, making them more efficient.

Continue to review feedback from customer survey for possible future policy changes

Continue to advertise spring yard waste collection dates in April to allow this program to be more "weather dependent" and better serve our customers

Prepare the Stormwater Pollution Prevention Plan for the old landfill site as required by the Wisconsin Department of Natural Resources' Phase 2 Stormwater Permit

Sanitation - Administration

Business Unit 2210

PROGRAM MISSION

To provide administrative and planning support to insure safe, consistent, and cost effective sanitation services for our customers.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 3: "Recognize and grow everyone's talents", # 4: "Continually assess trends affecting the community and proactively respond", # 6: "Create opportunities and learn from successes and failures", and # 7: "Communicate our success through stories and testimonials".

Objectives:

- Continue to review and evaluate the current collection procedures, policies and rates to provide consistent, cost effective services
- Continue to monitor the agreement with the Town of Grand Chute for use of the yard waste sites
- Continue to monitor the policy for disposal of solid waste at the yard waste site
- Continue to develop relationships with outside services to dispose of brush and yard materials
- Continue to monitor the customer service log and respond timely to customer needs
- Continue to make customer contacts by delivering educational information to residents who put overflow curbside on non-overflow collection weeks
- Continue to advertise spring yard waste collection dates in April to allow this program to be more "weather dependent" and better serve our customers

Major changes in Revenue, Expenditures, or Programs:

No major changes.

**CITY OF APPLETON 2018 BUDGET
SPECIAL REVENUE FUNDS**

Sanitation - Recycling

Business Unit 2221

PROGRAM MISSION

Implement and maintain a cost effective residential recycling program to reduce the amount of solid waste entering the landfill

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 4: "Continually assess trends affecting the community and proactively respond", # 6: "Create opportunities and learn from successes and failures", and # 7: "Communicate our success through stories and testimonials".

Objectives:

Continue to work with Outagamie County to educate and update the citizens on proper recycling practices
Continue to seek out interested parties to haul yard materials from City sites eliminating the need for City crews to haul materials long distances.
Continue to grind brush for the Park and Recreation Department to use as wood chips in the parks.

Major changes in Revenue, Expenditures, or Programs:

The decrease in revenue is due to the termination of the \$3.00/cart quarterly recycling cart fee in the second quarter of 2017.

Recycling tons are expected to increase but diversion rate percentage may decline slightly due to projected increase in solid waste refuse tons. The increase in refuse tons may be a result of the improving economy and more waste being generated.

Yard site hours open is estimated to be slightly lower in 2018 as a result of the calendar and being open 2 less days.

PERFORMANCE INDICATORS

	<u>Actual 2015</u>	<u>Actual 2016</u>	<u>Target 2017</u>	<u>Projected 2017</u>	<u>Target 2018</u>

Sanitation - Solid Waste Collection

Business Unit 2223

PROGRAM MISSION

Provide regularly scheduled and special collections of solid waste

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #1: "Prompt delivery of excellent services", #2: "Encourage active community participation and involvement", #4: "Continually assess trends affecting the community and proactively respond", #6: "Create opportunities and learn from successes and failures", and #7: "Communicate our success through stories and testimonials".

Objectives:

- Continue to evaluate the automated collection routes for efficiencies
- Continue to assess the needs of the community and provide great customer service
- Continue to monitor the bi-weekly collection of large item (bulky) overflow
- Continue to monitor the impact of the curbside recycling program

Major changes in Revenue, Expenditures, or Programs:

- An estimated \$21,000 is being budgeted for hauling brush to the WWTP compost site.
- A slight decrease is being seen in the amount of grass clippings being brought to the yardwaste sites.
- An increase in refuse tonnage of 500 tons is budgeted due to the economic recovery.

Sanitation - Landfill Maintenance

Business Unit 2230

PROGRAM MISSION

Maintain and monitor the condition of this site to insure compliance with Department of Natural Resources requirements

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", and # 7: "Communicate our success through stories and testimonials".

Objectives:

Perform routine inspections of the landfill site to monitor the overall condition and provide the necessary maintenance to prevent site deterioration

Comply with mandated Department of Natural Resources regulations

Work with Valley Aero Modelers (VAM) to make the site usable for their club and community events

Major changes in Revenue, Expenditures, or Programs:

The 2018 budget includes funds for the replacing the landfill gas blower, which is needed approximately every 3 years.

Facilities will continue to keep certain areas mowed and do minor maintenance at the Mackville site.

Discussion of changes in fund balances:

In 2000, when the capitalization threshold was raised to \$10,000, \$774,755 was transferred back to Sanitation from CEA for replacement of trash cans designed for pick-up by automated sanitation trucks because those cans no longer met the revised capitalization threshold. The history of the use of the container replacement balance is presented below:

In 2013, the City converted to an automated recycling cart system investing \$1,240,300 for purchase of the new carts. The new carts were to be funded by a \$3/quarter charge to customers, which terminated in 2017 as the carts were paid in full. The history of the collections are presented below:

Refuse Can Replacement

Year	Amount	Balance
		774,755
2000	(16,674)	758,081
2001	(18,209)	739,872

CITY OF APPLETON 2018 BUDGET CAPITAL PROJECTS FUNDS

Subdivision

Business Unit 4010

PROGRAM MISSION

This program accounts for funding sources and expenditures for various infrastructure projects.

PROGRAM NARRATIVE

Link to Strategy:

Implements Key Strategies #4: "Continually assess trends affecting the community and proactively respond", and #6: "Create opportunities and learn from successes and failures".

Objectives:

This fund is utilized for new subdivision work only, including administration, engineering, street lights, street signs, and temporary asphalt streets within the subdivision. This fund will not be utilized to refurbish an existing roadway.

For subdivisions platted between January 1, 2004 and December 31, 2014, the City does not advance money for new subdivision development. The developer is required to obtain a standby line of credit from which the City will have exclusive rights to draw all applicable costs. Upon completion of contracts and any other outstanding issues, the City will release the lien. For ease of administration, all other expenditures in this budget will be administered by the City for immediate reimbursement by the developer, versus direct payment from the line of credit to the vendor. For developments approved prior to January 1, 2004 or after December 31, 2014, the City will advance money for development and recoup it via special assessments.

Further descriptions of projects to be paid from this fund can be found in the Capital Projects section of the budget, as follows:

Project	Amount	Page
Concrete Paving Program	\$ 571,137	Projects, Pg. 580
Grade & Gravel	61,245	Projects, Pg. 586
Sidewalks	102,418	Projects, Pg. 588
	\$ 734,800	

Major changes in Revenue, Expenditures, or Programs:

In 2014, the Common Council amended the subdivision portion of the special assessment policy to no longer require developers to maintain a line of credit for the cost of final concrete streets in new subdivisions. This policy change is effective for subdivisions platted after January 1, 2015. Construction costs for final concrete will be paid by the City and recouped through special assessments to benefited property owners.

PERFORMANCE INDICATORS

Actual 2015 Actual 2016 Target 2017 Projected 2017 Target 2018

Note: Since this program exists solely to account for funding sources and expenditures for various infrastructure investments relating to the development of new subdivisions, there are no continuing performance measures.

CITY OF APPLETON 2018 BUDGET CAPITAL PROJECTS FUNDS

Public Works

Business Unit 4240

PROGRAM MISSION

This program accounts for funding sources and expenditures for various public works projects.

PROGRAM NARRATIVE

Link to Strategy:

Implements Key Strategies #4: "Continually assess trends affecting the community and proactively respond", and #6: "Create opportunities and learn from successes and failures".

Objectives:

This fund provides for a variety of Public Works capital needs.

Further descriptions of projects to be paid from this fund can be found in the Capital Improvement Projects section of the budget, as follows:

Project	Amount	Page
Mobility study improvements	\$ 4,000,000	Projects, Pg. 608
Concrete paving	4,189,202	Projects, Pg. 580

Major program changes:

The Oneida Street project is a State-run project. The costs included in the concrete paving program for this project are the City costs only.

Included in the concrete paving costs are funds for the signal installation on Northland Avenue at Conkey Street which is a joint project with Outagamie County. The County's contribution (\$30,000) to the project is shown in Other Reimbursements revenue.

Wheel Tax

Business Unit 2650

PROGRAM MISSION

This program accounts for receipt of State wheel tax proceeds and related transfer of funds to road reconstruction projects.

PROGRAM NARRATIVE

Link to Strategy:

Implements Key Strategies # 4: "Continually assess trends affecting the community and proactively respond", and # 6: "Create opportunities and learn from successes and failures".

Objectives:

The wheel tax is a fee added to the cost of vehicle registrations and subsequent annual renewals. The City Council adopted a \$20 per vehicle wheel tax in 2014 to replace special assessments as a funding mechanism for road reconstruction projects. The fee is collected by the State Department of Transportation (which retains 17 cents per vehicle) and remitted to the City on a monthly basis. Per Council action, all proceeds of the wheel tax are restricted for road reconstruction expenditures only.

Major program changes:

No major changes.

CITY OF APPLETON 2018 BUDGET

PARKING UTILITY

Public Works Director: Paula A. Vandehey

Deputy Director/City Engineer: Ross M. Buetow

Deputy Director of Operations-DPW: Nathan D. Loper

CITY OF APPLETON 2018 BUDGET PARKING UTILITY

MISSION STATEMENT

To provide clean, safe on-and-off street downtown parking using managerial and financial practices that maintain the financial solvency of the Parking Utility.

To professionally enforce downtown parking ordinances while maintaining a customer friendly environment.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

Continued to work with Appleton Downtown Incorporated (ADI) and downtown parking users to seek ways to improve the parking system

Continued implementation of the Downtown Parking Study recommendations

Implemented a system allowing users the option to pay for on-street meters via smart phone app

Implemented parking changes to coincide with construction/completion of the Fox Cities Exhibition Center

Completed miscellaneous ramp repairs in accordance with 2016 consultant structural reports and 2011 End-of-Life study for the Blue Ramp

Continued coordination efforts related to the anticipated demolition/replacement of the Blue Parking Ramp

Purchased a new enforcement vehicle specially equipped for time-limit parking enforcement throughout the City

Continued ongoing program of meter mechanism/housing/bracket replacement

Continued ongoing program of line painting of ramp and on-street parking stalls

Hired Lead Parking Service Person, a new position created to extend the hours of customer service to help customers with the new pay-on-exit system

Hired a consultant for the renovation design of the Green Ramp Parking Office and shop areas planned for 2019 construction

Hired consultant to update a portion of the Downtown Parking Study to address anticipated new development and in-fill of vacant property

Added cameras and a portable bathroom to address issues in the Yellow Ramp

Worked with the Fox Cities Performing Arts Center to implement Special Event Parking to improve exit times from the Green Ramp after major events

CITY OF APPLETON 2018 BUDGET PARKING UTILITY

MAJOR 2018 OBJECTIVES

- Continue to work with Appleton Downtown Incorporated (ADI) and downtown parking users to seek ways to improve the parking system
- Continue implementation of recommendations from consultant's Downtown Parking Study
- Complete miscellaneous ramp repairs in accordance with 2016 consultant structural reports and 2011 End-of-Life study for the Blue Ramp
- Continue coordination efforts related to the anticipated demolition/replacement of the Blue Parking Ramp
- Comprehensive LED Lighting upgrades in the Red, Green and Yellow Parking Ramps
- Continue ongoing program of line painting of ramp and on-street parking stalls
- Seal concrete decks of the Red Ramp
- Complete next phase of security camera installations/replacements in City parking ramps
- Replace the three existing elevators in the Red Parking Ramp
- Implement a 2-hour on-street parking enforcement zone in the Lawrence University neighborhood
- Work with potential/new downtown development to accommodate parking needs

**CITY OF APPLETON 2018 BUDGET
PARKING UTILITY**

Administration

Business Unit 5110

PROGRAM MISSION

The Parking Utility uses sound managerial and financial practices to achieve financial solvency of the Parking Utility.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 3: "Recognize and grow everyone's talents", # 4: "Continually assess trends affecting the community and proactively respond", # 6: "Create opportunities and learn from successes and failures", and # 7: "Communicate our success through stories and testimonials".

Objectives:

- Review existing parking policies against current and future requirements
- Explore ways to improve customer service and contain operating costs
- Research additional ways to compile, review, and disseminate parking statistical data
- Identify technology that will assist in monitoring customer usage
- Refine procedures for reconciling permit sales to collections
- Implement consultant recommendations from Downtown Parking Study to improve operational efficiencies

Major changes in Revenue, Expenditures, or Programs:

The budgeted banking service fees include an estimated \$31,800 in credit card fees associated with the use of credit cards at the LUKE pay stations and a pay-as-you-exit option in the ramps.

CITY OF APPLETON 2018 BUDGET

PARKING UTILITY

Operations and Maintenance

Business Unit 5120

PROGRAM MISSION

The Parking Utility maintains a safe, clean and reliable parking system.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 4: "Continually assess trends affecting the community and proactively respond", # 6: "Create opportunities and learn from successes and failures", and # 7: "Communicate our success through stories and testimonials".

Objectives:

Pressure clean the decks and stairwells in all ramps twice a year
 Identify and complete maintenance projects in a timely manner
 Investigate ways to reduce operating expenses without reducing current maintenance and service standards
 Focus on aesthetics of ramps to encourage ramp usage
 Enhance preventive maintenance of meters to reduce malfunctions
 Perform structural repairs in all City ramps in accordance with the consultant's recommendations. The following repairs are scheduled to be completed; see the capital project request on page 621 for further detail:

1. Stair repairs - all ramps
2. Concrete patching - all ramps
3. Crack filling/joint repair - all ramps
4. Drainage system repairs/maintenance - all ramps

Any new/priority repairs beyond those identified in the 2016 Structural Inspections Report could defer some of the work listed above.

Major changes in Revenue, Expenditures, or Programs:

The increase in regular salaries is due to a change in the table of organization related to the change to pay-on-exit ramps. The change eliminated the positions that made up the .8 FTE part-time cashier position and added a lead parking service position with four service positions. Seasonal help is used to cover PAC shows and other events needing additional staff coverage. Call time increased due to the conversion to pay-on-exit where staff needs to be called in if there is a malfunction with the system.

No consulting fees were budgeted in 2018 as the structural conditional analysis of the City's four ramps, done every three years, was done in 2016.

Printing & Reproduction increase is due to the purchase of pay-on-exit machine tickets and stickers.

Construction material increase is due to the cost increase of ice control materials that are suitable for the ramps.

Included in the building expense are costs for two major replacements projects: a) replacement of all existing non-LED fixtures in the Red ramp, which will result in a reduction in energy cost which is shown by the decrease in utility expense; b) replacement of the 3 existing elevators in the Red ramp which are reaching the end of their useful life.

The contractor fee increase is due to a slight increase in line painting costs for the stall parking in the ramps and on-street.

Miscellaneous equipment includes a snow blower for the ramps, three GPS units for parking vehicles, and \$20,000 for new meter mechanisms and housings, as the replacement programs has been on hold for the past two years.

PERFORMANCE INDICATORS

**CITY OF APPLETON 2018 BUDGET
PARKING UTILITY**

Enforcement

Business Unit 5130

PROGRAM MISSION

The Parking Utility enforces City parking ordinances to promote the safety and availability of parking spaces for the benefit of our customers and downtown guests.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 4: "Continually assess trends affecting the community and proactively respond", # 6: "Create opportunities and learn from successes and failures", and # 7: "Communicate our success through stories and testimonials".

Objectives:

- Educate and inform customers on parking policies and assist with directions and questions about the City.
- Provide timely reviews and responses to parking citation review forms.
- Continue to investigate ways to reduce the number of citation review forms received that do not meet submittal criteria.

Major changes in Revenue, Expenditures, or Programs:

Increase in equipment repairs and maintenance is for the service contract for Autocite handheld ticket writers

ASSUMPTIONS:

Interest rate on debt at 3% ten year term
Operating expenses to increase 3% per year after 2018
Depreciation expense in years 2019-2022 reflects 5-year capital improvement projects
No changes in hours of enforcement or use of parking spaces and 1% increase in revenue starting in 2020 for potential increase in parking needs for exhibition center use, parking enforcement reflects full use of enforcement vehicle in 2019
Estimated loss on disposal of the Blue Ramp is included for 2019

CITY OF APPLETON 2018 BUDGET

CENTRAL EQUIPMENT AGENCY

Public Works Director: Paula A. Vandehey

Deputy Director/City Engineer: Ross M. Buetow

Deputy Director of Operations-DPW: Nathan D. Loper

CITY OF APPLETON 2018 BUDGET CENTRAL EQUIPMENT AGENCY

MISSION STATEMENT

The Central Equipment Agency (CEA) exists to maintain the City fleet and to provide timely, cost effective replacement of vehicles as they reach the end of their useful service lives.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

Continued to purchase E-85 fuel compatible vehicles. The majority of our cars and light trucks are E-85 compliant

Purchased heavy duty trucks and equipment with clean diesel technology

Worked with the Traffic Division staff to ensure equipment is meeting current City lighting and traffic requirements

Monitored and revised the CEA monthly billings as necessary

Celebrated National Public Works Week with the following events:

- Training for mechanics

- Department-wide breakfast celebrating with DPW employees

- Lunch for mechanics where we went over our mission, goals and objectives

- Discussion on where improvements/efficiencies could be made and areas where things are being done well

Continued annual bridge maintenance program to keep bridges operational

Added another certified mechanic to the fire extinguisher program and recertified two mechanics - inspecting all vehicle fire extinguishers annually (this training can now be obtained on-line for a reduced fee)

Continued working with the Information Technology Department updating the diagnostic software for use in the repair and maintenance of the CEA fleet

Installed an additional 20 GPS units in various DPW pieces of equipment

Continued using the web-based training program offered by Packer City Truck, Inc. and AC Delco for many repairs on the light, medium and heavy duty cars and trucks. Due to the volume of parts purchased from Packer City and Factory Motor Parts, this program is offered at no charge

Completed installation of the new digital mobile radio (DMR) system, including the installation of 125 new mobile radios, fifteen portable radios and a Base Station for the Department of Public Works' fleet

Worked with Baycom Communications to purchase and implement a Sonetics Communication Hearing Protection Headset for Public Works to help improve construction site communication and safety

Completed goal setting for CEA employees utilizing NeoGov website for goal evaluations

Evaluated a hybrid mower to be used at Reid Golf Course

Met with all CEA employees to discuss City expectations

Installed carbide cutting edges on 3 snow plow trucks to increase edge longevity and reduce out of service time for cutting edge replacement

Researched and purchased new all wheel drive (AWD) marked sedans for the Appleton Police Department

Continued to expand the functionality of Precise GPS system to include automatic reporting of potholes, yardwaste, overflow and metal

CITY OF APPLETON 2018 BUDGET CENTRAL EQUIPMENT AGENCY

MAJOR 2018 OBJECTIVES

- Rent or loan equipment to, and borrow equipment from, neighboring communities in emergency situations
- Advise user groups about making good equipment choices to do their work, lowering fuel costs and decreasing the carbon footprint of the fleet
- Work with the Traffic Division staff to insure that equipment lighting meets current City standards
- Hold cooperative training for mechanics from the City as well as neighboring communities
- Investigate opportunities for purchasing vehicles that are alternative fuel compatible
- Monitor and revise the CEA monthly billings as necessary
- Celebrate National Public Works Week
- Evaluate the 108 GPS units that were installed between 2012 - 2017 and continue installing the additional units purchased in 2018 to have GPS units in all the Department of Public Works vehicles
- Update/implement succession plan for CEA staff
- Research options to find different vendors for shop supplies and parts to reduce costs
- Research the option of using fully synthetic oils to extend oil change intervals
- Research options for initial setup of police vehicles
- Continue to expand the Precise GPS/GIS system to include more automatic reporting functions and Customer Service Request (CSR) reports
- Continue to meet with employees throughout the year to evaluate performance and review goals
- Continue to evaluate new snow patrol truck hitch, plow and carbide cutting edge combination for future purchases
- Work with a local petroleum equipment vendor and consultant to write specifications for the 2019 Fuel Site upgrades
- Work with the Appleton Fire Department on the replacement of four fire apparatuses in the next three years
- Assist the Police Department in replacing the some of the intensive use (IU) fleet with Ford Interceptor AWD utility vehicles

**CITY OF APPLETON 2018 BUDGET
CENTRAL EQUIPMENT AGENCY**

Administration

Business Unit 6110

PROGRAM MISSION

The Central Equipment Agency establishes overhead rates, evaluates vehicle replacement schedules and works with the users to meet their operational needs.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 3: "Recognize and grow everyone's talents", # 4: "Continually assess trends affecting the community and proactively respond", # 6: "Create opportunities and learn from successes and failures", and # 7: "Communicate our success through stories and testimonials".

Objectives:

Evaluate the billing process and reports for timeliness, accuracy and clarity; minimize increases to CEA billing rate by reviewing budget requests and non-billable hours

Review and revise equipment replacement policies; provide detailed information on replacement equipment and requests for changes in replacement life

Continue to find ways to improve communications with all agencies and investigate opportunities to share vehicles among departments

Major changes in Revenue, Expenditures, or Programs:

The revenue from the sale of City vehicles is expected to be much higher as there are several pieces of heavy equipment being replaced in 2018 and the City has been very successful selling on eBay Motors. However, with the purchase of fire trucks, since we are usually offered a trade-in value rather than trying to sell it on an on-line auction, the projected proceeds from the sale of the used apparatus is not included in the budgeted revenue.

The reduction in equipment repairs and maintenance expense is due to moving the cost of inspecting the hoist and the fuel system to the maintenance business unit, reporting all inspection fees in one place.

The reduction in fleet size (below) is a result of the snow plow attachments now being purchased together with the plow trucks, tying them together as one asset.

The \$10,000 budgeted in consulting services relates to contracting with a professional services firm to provide guidance/options on upgrading the fuel system at MSB to meet WI Commercial Code 10.500(5) standards. These standards require the City to install fuel tank containment and below dispenser containment systems including sensors to detect leaks. The project is expected to cost \$160,000 and is scheduled for construction in 2019.

Equipment rental expense is for the Airgas cylinders which had been on a 5 year lease (paid in full in 2013). A new 3 year lease will be paid in full in 2018.

**CITY OF APPLETON 2018 BUDGET
CENTRAL EQUIPMENT AGENCY**

Maintenance

Business Unit 6121

PROGRAM MISSION

The Central Equipment Agency performs repairs, preventive maintenance, new vehicle preparation, seasonal change-overs and other special projects as necessary to insure safe and reliable vehicles and equipment.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 3: "Recognize and grow everyone's talents", # 6: "Create opportunities and learn from successes and failures", and # 7: "Communicate our success through stories and testimonials".

Objectives:

- Minimize downtime of vehicles and equipment
- Monitor equipment service calls, evaluate condition of the equipment against the estimated remaining life, and alert departments of possible extensive repairs or early equipment replacements
- Maintain a clean, safe work environment
- Consolidate maintenance repairs with preventive maintenance work when possible
- Inspect all vehicles of 26,000 pounds gross vehicle weight to comply with Dept. of Transportation requirements
- Evaluate major repairs and research options to minimize out of service time and costs
- Perform seasonal change-over on all departments' equipment in a timely manner to meet their needs
- Continue cleaning debris from radiators for better performance and longer radiator life
- Continue to implement extended preventive maintenance schedules (where feasible) to reduce cost

Major changes in Revenue, Expenditures, or Programs:

- The increase in vehicle and equipment parts is due to the continuing increase in the cost of the parts.
- The increase in vehicle repairs (outside vendors) is due to the need to outsource many specialty repairs that require specialty tools, including work on the new tier IV engines.
- Fuel costs were budgeted at \$2.00/gallon and \$2.19/gallon for unleaded and diesel fuel, respectively, in 2017. For 2018, based on current and past prices, these estimates are expected to go slightly higher for unleaded to \$2.14/gallon and drop slightly to \$2.16/gallon for diesel fuel. This accounts for the budget increase.
- The annual hoist, sling/chain, and the State fuel site inspection fees have been moved from the Administration budget to this budget in order to capture all inspection fees in one account which results in an increase in inspection fees expense in 2018.

PERFORMANCE INDICATORS

	<u>Actual 2015</u>	<u>Actual 2016</u>	<u>Target 2017</u>	<u>Projected 2017</u>	<u>Target 2018</u>
Client Benefits/Impacts					
Response to customer needs					
Number of vehicles not available for use within 24 hours	80	86	65	85	75
Equipment available for operational readiness					
# of emergency breakdown (hours)	349	334	275	275	270

DETAILED SUMMARY OF 2018 PROPOSED EXPENDITURES > \$15,000

Gas/Oil Purchases *

Fuel for vehicles & equipment:	
Unleaded gasoline: 152,240 gallons	
@ \$2.14/gallon	\$ 325,794
Diesel fuel: 167,473 gallons	
@ \$2.16/gallon	361,741
Oil	40,000
	<u>\$ 727,535</u>

Vehicle Repairs & Maint.

Tire service	\$ 150,000
Vehicle alignments	29,750
Towing services	3,250
Vehicle cleaning/upholstery	15,000
Body shop work	31,000
Painting	22,000
Outside fire vehicle maint.	24,000
	<u>\$ 275,000</u>

Vehicle & Equipment Parts

Operational (engine, drive train, main body, etc.)	\$ 313,193
Non-operational (add-ons to chassis; e.g. packer, dump box, etc.)	115,000
Fire vehicle parts	30,000
	<u>\$ 458,193</u>

* The City does not pay federal gas tax (currently \$0.184/gal unleaded and \$0.244/gal diesel) and attains bulk purchasing rates.

**CITY OF APPLETON 2018 BUDGET
CAPITAL PROJECTS FUNDS**

CEA REPLACEMENT FUND

Business Unit 4320

PROGRAM MISSION

This program accounts for funding sources and expenditures for the replacement of City vehicles and equipment.

PROGRAM NARRATIVE

This budget provides for the replacement of the following equipment in the CEA fund:

Equipment	Home Department	Funding Source			Total Cost
		CEA	Other	Source	
Pickup Ext Cab 4x4	Parks	\$ 30,150	\$ 3,000	(1) General Fund	\$ 33,150
Bunker Rake	Parks	18,741			18,741
Box Scraper	Parks	80,000	8,200	(2) General Fund	88,200
Mini Pickup/Plow	Parks	37,800			37,800
Zero Turn Mower	Parks	65,967			65,967
360 Mower	Parks	67,471			67,471
Kubota UTV	Parks	26,000			26,000
Pickup 4x2	Parks	31,000			31,000
Mini-Dump	Parks	48,550			48,550
Bunker Rake	Golf	20,598			20,598
Greens Mower	Golf	28,000	3,200	(3) Golf Course	31,200
Pickup 4x2	Health	35,600			35,600
Compact Pickup 4x2	Sanitation	28,000	1,000	(4) Sanitation	29,000
Squad - Marked IU (13)	Police	543,452	52,780	(5) General Fund	596,232
Interceptor UV	Police	41,804			41,804
CSO Van	Police	28,000			28,000
F550 Pickup	Traffic	48,800	60,000	(6) General Fund	108,800
Ext Cab Pickup - 1/2 ton	Parking	33,150			33,150
Crew Cab 4x4	Fire	34,200			34,200
Pumper	Fire	650,000			650,000
Single-Axle w/Plow (6)	Street	1,151,934			1,151,934
Tri-Axle Patrol	Street	245,362			245,362
Extended Cab Pickup 4x4	Water Distr	28,000	1,000	(7) Water Utility	29,000
Extended Cab 4WD Pickup	Water Filtr	28,000	1,000	(8) Water Utility	29,000
Jetter/Combination	Stormwater	396,000			396,000
		\$ 3,746,579	\$ 130,180		\$ 3,876,759

Major changes in Revenue, Expenditures, or Programs:

In 2017, the CEA Review Committee approved the following equipment upgrades:

1. Add a lift gate to a four wheel drive pickup (\$3,000 contribution from Parks, Recreation & Facilities Mgmt);
2. Harley Rake to Box Scraper & keep Harley Rake as spare (\$8,200 contribution from Parks, Recreation & Facilities Mgmt)
3. Greens Mower to a Hybrid E-Cut mower (\$3,200 contribution from the Golf Course);
4. Add 4 Wheel Drive to Compact Pickup (\$1,000 contribution from Sanitation);
5. 13 Impala IU Patrol vehicles to Ford SUV's (\$52,780 contribution from Police, \$4,060 per unit);
6. Sign Shop 1/2 ton to F550 w/additions (\$60,000 contribution from Traffic Division)
7. Compact Pickup to Extended Cab (\$1,000 contribution from Water Distribution)
8. Compact Pickup to full size, extended cab w/four wheel drive Pickup (\$1,000 contribution from Water Filtration)

\$250,000 of G.O. debt has been included in this budget to supplement the cost of the Fire Pumper. Fire apparatus costs have escalated at a higher rate than initially projected causing the need for additional funding.

CITY OF APPLETON 2018 BUDGET

HEALTH DEPARTMENT

Public Health Officer: Kurt D. Eggebrecht

CITY OF APPLETON 2018 BUDGET HEALTH DEPARTMENT

MISSION STATEMENT

The mission of the Appleton Health Department is to safeguard the environment, promote public health, and protect consumers in the community by providing high quality services responsive to the needs of the people. Our belief is that prevention is the most effective public health strategy.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

In 2017, staff responded to several emerging health issues in the community. Zika virus education was a focus as it impacts pregnancy and contributes to birth defects. We also responded to new pertussis (whooping cough) cases. The department also continued to provide directly observed therapy to residents who have active or latent TB.

The department's public health preparedness staff continued to provide technical and staff support to several communities including Green Lake, Marquette, Waushara counties and the City of Menasha for these shared services. Working together brings value through regional planning and response capacity.

Staff continues to collaborate with representatives from local hospital-based health care providers including; Aurora, Children's Hospital of the Fox Valley, Ministry Health Care, and Thedacare, as well as Fox Valley health departments including those in Calumet, Outagamie and Winnebago counties and the City of Menasha. This collaboration has led to the use of the behavioral risk factor surveillance survey to track trends in lifestyle related to illness. In 2017, we addressed both the hospital and health department requirements of the Affordable Care Act. Together, we collaborated on comprehensive community health needs assessments and in 2018 we will summarize these results and identify strategies for improvement and implementation plans.

The East Central Weights and Measures Consortium, administered by the Appleton Health Department, continues to provide contracted services in the Cities of Berlin, Kaukauna, New London, Ripon and Waupaca and the Villages of Ashwaubenon, Kimberly and Little Chute. In 2017, we increased the number of service days to reflect the growing number of businesses in these communities.

Staff recognize their role as a collaborative one within the community. Staff participates in more than three dozen different agency boards, community and professional organizations. This cooperation is critical to identify and address local and Statewide health and environmental issues. Special emphasis in 2017 has been on our most vulnerable populations including the homeless and victims of abuse. For example, department staff supported the successful Butterfly Festival held in June which raised more than \$75,000 for Parent Connections which provides child abuse prevention services.

By the end of the year we anticipate that our department will have welcomed 75 new refugees to Appleton. Public health nurses reviewed medical records and made arrangements for a medical home. Additional public health services were provided as determined necessary. The department received compensation for the initial screening and referral through a State contract.

Staff serve in a leadership role on the tri-county Weight of the Fox Valley project. In 2017, we collaborated with local health care systems to utilize electronic medical records to better identify the health impact on our community as we strive to achieve and maintain healthy weights at every age.

CITY OF APPLETON 2018 BUDGET HEALTH DEPARTMENT

MAJOR 2018 OBJECTIVES

In 2018, we anticipate receiving more new refugees to Appleton. Our public health role will continue to be assisting in the initial health review of medical records, find medical homes for these families and respond to public health services as necessary. We anticipate welcoming individuals and families through this process and continue to support them by collaborating with Fox Cities based agencies to meet their unique social and health needs.

The Weight of the Fox Valley project will continue to be an area of focus. The Health Department staff serves in a leadership role and supports the vision of a community that achieves and maintains a healthy weight at every age. Unhealthy weight contributes to five of the ten leading causes of death in Appleton, including heart disease, type 2 diabetes, cancer and stroke. More than three in ten children and adolescents, and more than two of every three adults, are clinically at risk of premature illness due to this condition. In 2018 and beyond, our department will collaborate with community partners to implement community intervention strategies to slow this trend.

As a department, we place a high value on our collaborative partnerships throughout the region and will continue to strengthen these existing relationships. Examples of these partnerships where department staff provide a leadership role includes the East Central Weights and Measures Consortium, Northeast Wisconsin Immunization Coalition, Lactation Coalition, Fox Valley Healthcare Coalition, Northeast Wisconsin Public Health Preparedness Partnership and Fox Valley Community Health Improvement Coalition to name a few.

Public health preparedness issues will continue to be a priority for the department. This planning will take an all hazards approach, meaning this response planning can be applied to a variety of public health challenges the City may face. Re-emerging communicable diseases like TB, vaccine preventable illnesses such as measles, pertussis and mumps and sexually transmitted diseases such as syphilis will remain a priority for the department. We will continue to strengthen our disease surveillance and communication with local health care partners. Emerging illnesses like zika virus have resulted in an awareness of the need for a global surveillance and planning effort locally.

Public Health accreditation is a voluntary program that measures the degree to which state, local, tribal, and territorial health departments meet nationally recognized standards and measures. The standards are set by a Public Health Accreditation Board (PHAB), a non-profit accrediting body for national public health accreditation. Their mission is to promote and protect the health of the public by advancing the quality and performance of all health departments in the United States. In 2018, our department will work towards maintaining the status of accreditation-ready in the event this becomes a mandatory requirement in the future.

Public Health Nursing

Business Unit 12520

PROGRAM MISSION

The nursing program prevents disease and promotes health through epidemiology, collaboration, consultation, assessment, intervention and case management to citizens and health care providers of Appleton.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 4: "Continually assess trends affecting the community and proactively respond", #6: "Create opportunities and learn from successes and failures."

Objectives:

Prevent the occurrence and spread of disease in the community through disease investigation, intervention, and partner notification; immunization against vaccine preventable diseases; investigation of elevated childhood blood lead levels; data collection; coordination with other area providers and the State; and public education.

Promote citizen health through assessment, intervention, case management and education for high risk families and adults.

Major Changes in Revenue, Expenditures or Programs:

Case management of TB client's home visits increased in 2017 due to an active case of TB.

**CITY OF APPLETON 2018 BUDGET
HEALTH DEPARTMENT**

Environmental Health

Business Unit 12530

PROGRAM MISSION

The Environmental Health program ensures safe food handling practices and protects the health and safety of Appleton residents and visitors through annual licensed establishment inspections, nuisance complaint investigations and communicable disease epidemiology.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 4: "Continually assess trends affecting the community and proactively respond", #6: "Create opportunities and learn from successes and failures."

Prevent the occurrence and spread of disease in the community through regulatory activities in public eating/drinking establishments, retail food establishments, recreational facilities and body art establishments.

Assess, consult and correct human health hazards including those associated with lead paint, solid waste, housing sanitation, potential rabies exposure and vector control.

Provide public education and act as a referral mechanism to other State and local agencies for information on environmental and safety hazards.

Major Changes in Revenue, Expenditures or Programs:

The # of education sessions will decrease in 2018 due to Wisconsin DATCP decision, which no longer mandates education or collection of permit fees for non-profit organizations.

Due to new State ruling, non-profit food vendors from organizations that have three or fewer events per year are now exempt from license requirements. As a result of this new ruling we will experience a reduction in revenues. In addition the educational component that was provided in the past can no longer be required resulting in a reduction of education sessions provided to non-profit food vendors.

PROGRAM MISSION

The program educates, consults and inspects local businesses to ensure the delivery of full quantity and fair, equitable trade practices between the Appleton business community and the consumer.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 2: "Encourage active community participation and involvement."

Objectives:

Provide consumer protection through complaint investigation, measurement and weighing device testing, price scanning device testing, product check weighing and label verification.

Monitor business methods to prevent fraudulent advertising and trade practices.

Provide investigative services for the City Clerk's Office in licensing and regulating "going out of business" sales, commercial solicitors, salvage dealers and taxi cab/limousine service firms.

Major Changes in Revenue, Expenditures or Programs:

Increase in contracted service days due to business growth in some communities and a decrease in one community due to business closings. The total number of days has a net increase of 5 days.

Public Health Officer: Kurt D. Eggebrecht

**CITY OF APPLETON 2018 BUDGET
SPECIAL REVENUE FUNDS
HEALTH GRANTS**

MISSION STATEMENT

It is the mission of the Appleton Health Department to safeguard the environment, promote public health and protect the consumers in the community by providing high quality services responsive to the needs of the people.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

Maternal/Child Health (MCH) Grant

This grant's objectives require a systems approach using the Life Course Model. Focus areas include: networks of early childhood services addressing family support, child development, mental health, safety and injury prevention, child death review team and fetal infant mortality review team implementation on a local level.

Prevention Grant

This grant supports the development, printing and placement of "points of decision prompts" throughout the entire network of City owned parking ramps. These signs of encouragement promote the use of stairs as a way to improve physical activity. Funds were also used to support staff participation in training.

Vaccine Improvement Plan Grant

These grant dollars support our goal of having more than 90% of Appleton children aged 19-35 months receive age appropriate immunizations. This grant also supports the Northeast Wisconsin Immunization Coalition, a regional effort which strives to increase immunization rates in the Fox Valley area.

Centers for Disease Control and Prevention (CDC) Lead Poisoning Prevention Grant

Department staff worked with the Community Development Block Grants Administrator to coordinate with the Appleton Housing Rehabilitation, Housing Partnership and Housing Authority to identify families whose pre-1950 homes are being rehabilitated. Our goal this year is ten pre-1950 housing units located in the City will be made lead safe. Nursing staff works with families to minimize and prevent lead poisoning of children through follow-up of cases of elevated blood lead and prevention education.

Bioterrorism/Public Health Preparedness Grant

This grant supports training to deal with the effects of bioterrorism. Appleton provides staff support for the Northeast Wisconsin Public Health Preparedness Partnership Consortium. Several area health departments contract with Appleton to provide shared service opportunities including Waushara, Marquette and Green Lake Counties and the City of Menasha.

**CITY OF APPLETON 2018 BUDGET
SPECIAL REVENUE FUNDS
HEALTH GRANTS**

MAJOR 2018 OBJECTIVES

Maternal Child Health (MCH) Grant

Provide maternal and child health program services to Appleton residents.

CDC Lead Poisoning Prevention Program Grant

Reduce the incidence of childhood blood lead poisoning through intervention and education.

Vaccine Improvement Plan Grant

Ensure that 91% of all two year olds served by the department will have completed their primary vaccine series.

Bioterrorism/Public Health Preparedness Grant

Provide plan development and training opportunities for public health staff and key community leaders and first responders.

Health Grants - MCH Grant

Business Unit 2011

PROGRAM MISSION

The Maternal Child Health (MCH) grant program ensures universal access to MCH public health services for eligible Appleton residents.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 4: "Continually assess trends affecting the community and proactively respond", and #6: "Create opportunities and learn from successes and failures."

Objectives:

Work with community partners to build an integrated system that promotes optimal physical, social, emotional and developmental health of children, mothers, fathers and their families.

Participate in Outagamie County child death review teams and Fox Valley safe kids coalition to address prevention of injuries and death identified through reviews.

Major changes in Revenue, Expenditures or Programs:

In 2017, we began to align these grant funds to also support breastfeeding friendly environments.

PROGRAM MISSION

Provide lead poisoning prevention services to high-risk children in the City of Appleton.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 4: "Continually assess trends affecting the community and proactively respond", and #6: "Create opportunities and learn from successes and failures."

Objectives:

The Lead Poisoning Prevention Program is intended to:

- Assure screening for elevated blood lead levels in children at risk for lead poisoning.
- Decrease identified lead hazards in the environment.
- Increase awareness of lead poisoning, prevention and control among community stakeholders.
- Link lead poisoned children and families to appropriate medical, housing and support services.

Major changes in Revenue, Expenditures or Programs:

No major changes.

Health Grants - Vaccine Improvement Grant

Business Unit 2015

PROGRAM MISSION

Provide immunization to children from the ages of 2 months to 18 years, without barriers, in order to prevent disease. In addition, these resources are used to provide outreach and education.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 4: "Continually assess trends affecting the community and proactively respond", and #6: "Create opportunities and learn from successes and failures."

Objectives:

The department's immunization program is expected to administer vaccines primarily to children from 2 months through 18 years of age and assist in developing the immunization infrastructure necessary to raise immunization levels and prevent vaccine preventable diseases such as diphtheria, tetanus, pertussis, polio, measles, mumps, rubella, haemophilus influenza B, varicella, rotavirus, hepatitis B, hepatitis A and bacterial meningitis.

Major changes in Revenue, Expenditures or Programs:

In 2017, we received an additional \$5,323 for HPV vaccines and public awareness.

Health Grants - Bioterrorism Grant

Business Unit 2018

PROGRAM MISSION

Provide a regional approach to all hazard emergency preparedness. Appleton provides staff support to the NEW (Northeast Wisconsin) Public Health Preparedness Partnership, comprised of Appleton and four area health departments.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 2: "Encourage active community participation and involvement."

Objectives:

To prepare and train for public health emergencies which may result from terrorist activity or naturally occurring events such as an influenza pandemic.

Prepare response plans which integrate and complement local emergency operations plans (EOP) or emergency support functions (ESF).

Establish and maintain 24/7 response capacity.

Encourage and support a regional response to communicable disease prevention, response and recovery.

Major changes in Revenue, Expenditures or Programs:

In an effort to pursue collaborative and cooperative agreements to meet the needs of the community, we maintained agreements with several communities. The grant period is from July 2017 - June 2018. We have received contracts from Marquette (\$6,000), Waushara (\$6,000), and Green Lake (\$6,000) counties and the City of Menasha (\$6,000). It is also assumed these contracts will be renewed in July 2018, provided there is no change in State and Federal funding. Revenue decreased in 2016 due to Winnebago and Manitowoc Counties not renewing their contracts. A new Preparedness Coordinator was hired in early 2017; due to the decrease in contracts, the position was reduced from full-time to .75 FTE.

In addition, the department received a one-time increase in funding in 2017 (\$1,500) for Ebola planning and response, (\$7,635) for PHEP conference and training and (\$3,681) for our main preparedness grant. These were used to offset the cost of salary, fringe benefits, supplies and training during 2017.

CITY OF APPLETON 2018 BUDGET

POLICE DEPARTMENT

Police Chief: Todd L. Thomas

Assistant Police Chief: Lawrence W. Potter

CITY OF APPLETON 2018 BUDGET POLICE DEPARTMENT

MISSION STATEMENT

Excellence in Police Service

DISCUSSION OF SIGNIFICANT 2017 EVENTS

Enhancing police services and increasing community outreach was our objective for collaborating with Silver Lake College to prepare the *Community Survey On Public Safety And Law Enforcement*. The survey, sent out in June to randomly picked city residents, will determine how the public perceives our police services. We will use this information to establish a model for our future that will increase department efficiency and promote community awareness.

A reorganizational structure was presented in early 2017 to streamline how the police department operates. The results provide better coordination and supervision within various units that overlapped in assignments. The reorganization is also reflected in the 2018 budget with units combined to correspond with the Table of Organization. We will continue to evaluate the structure to ensure the core services are maintained.

Many significant trends have affected the direction of the Police Department investigations. This area has encountered significant cases that targeted available resources critical to providing professional investigations. The first six months, investigators were involved in an officer-involved death investigation in Appleton and Green Bay, bank robberies, shooting incidents, arson, fatal car accident, pedestrian-train accident, and multiple opioid-related overdose investigations.

With increased activity in human trafficking, the Community Resource Unit joined the Outagamie County Human Trafficking Task Force to collaborate on preventing these types of crimes. The Community Resource Unit provided numerous presentations on human trafficking and drug issues to various community groups.

Embracing the body worn camera (BWC) technology, the department continues to increase transparency and improve community trust, while also providing an excellent evidence collection tool. The cameras capture video and audio recordings of interactions with citizens that provide an accountability on the part of officers and the public. The officer safety program was expanded in 2017 with the purchase of an additional 10 BWC's.

The vehicle committee addressed the replacement of the discontinued Chevrolet Impala that has historically been the police vehicle. The primary consideration in the research and evaluation process involved selecting vehicles to maximize safety, reliability and performance. Significant to officers was the storage space for equipment and all-wheel drive feature that provides better traction when driving in Wisconsin winters and other weather conditions. The committee recommended the Ford Interceptor sport utility vehicle (SUV) for 2018 vehicle replacements.

The increasing demand on our Operations Unit officers responding to a mental health crisis emphasizes the need to be more proactive to better serve this specialized population. Officers are often the first responder to these calls and sometimes the only source of immediate service. Our vision for a Behavior Health Officer would promote a centralized point of contact to collaborate with mental health professionals will improve interactions with at-risk individuals and increase safety for everyone involved.

New training has been offered for all Community Service Officers (CSO) including training in use of fire extinguishers, basic cardiopulmonary resuscitation (CPR) and First Aid, and tourniquet use. We have also included an invitation to current CSO's to train in defensive and arrest tactics (DAAT) with new-hire CSO's as a refresher. This training is important as CSO's have increased community service activities such as special enforcements actions on various parking, bike and skateboarding violations City-wide.

CITY OF APPLETON 2018 BUDGET POLICE DEPARTMENT

MAJOR 2018 OBJECTIVES

Evaluate and respond to the 2017 Community Survey on Public Safety and Law Enforcement.

Continuous evaluation of Operations Unit staffing levels, deployment, and service levels.

Expand collaborative investigative efforts within the Investigative Services Unit.

Suppress criminal activity by aggressively investigating drug, gang, and human trafficking crimes using a balance of proactive and reactive strategies.

Improve the safety and security of the school learning environment by working in partnership with the Appleton Area School District. Establish a long term agreement with the Appleton Area School District that will provide sustainability of the School Resource Officer Program that is beneficial to the community, department, and the district.

Implement the new records management system, *Spillmann Technologies*.

Plan and implement possible succession planning in the command staff and supervisory unit.

Research the feasibility and impact of a *crime analyst* position.

POLICE DEPARTMENT**

Executive Management

Business Unit 17511

PROGRAM MISSION

The mission of the Executive Management team is to lead and support Department members to meet the City of Appleton mission and the Appleton Police Department mission of *Excellence in Police Services*.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 2: "Encourage active community participation and involvement".

Objectives:

Provide leadership and oversight to the community to support community partnerships
 Coordinate inter/intra departmental activities and solicit employee participation in department programs
 Support employees with resources for development and growth

Major Changes in Revenue, Expenditures or Programs:

This budget acknowledges the police department reorganization in 2017 by combining the Executive and Support Services budgets. Other personnel changes include the transfer of \$65,668 of personnel expenses for the Administrative Assistant position from the Administrative Services budget to this budget.

Throughout the years, we have experienced significant changes in communication as seen by the increase in social media followers. With the growth of internet access, people are drawn to using Twitter, Facebook, Instagram, Tipsoft, and etc. as a means of communication.

Business Unit 17512

PROGRAM MISSION

For the benefit of the community, City operating departments, law enforcement agencies, and other governmental offices, we will process and maintain police records and prepare documentation for prosecution, so that the quality of life and community safety is ensured.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 4: "Continually assess trends affecting the community and proactively respond".

Objectives:

Supply accurate and timely information to police officers, City departments, and other external agencies

Provide a centralized repository for all field reports created by law enforcement personnel

Maintain a working relationship with surrounding communities and counties that allow the sharing of law enforcement records

Major Changes in Revenue, Expenditures or Programs:

This budget combines the Administrative Services and Police Communication budgets as a result of the Police Department reorganization in 2017. The budget reflects the transfer of \$65,668 in personnel expenses for the Administrative Assistant position from this budget to the Executive Management budget.

Community Services

Business Unit 17524

PROGRAM MISSION

For the benefit of citizens, visitors, and City departments, in order to provide a timely response to requests for service, we will provide services in non-violent, non-critical situations.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 4: "Continually assess trends affecting the community and proactively respond".

Objectives:

Provide support services to patrol officers by having Community Service Officers (CSOs) complete those operational tasks that do not require a sworn officer

Increase the number and effectiveness of proactive patrols and activities (City parks, parking ramps, special events, etc.)

Major Changes in Revenue, Expenditures or Programs:

Recognizing the Community Service Officers and Crossing Guards are in integral part of the community service performed through the Police Department, the budgets were combined under the title of Community Services. Other personnel changes include the reassignment of a Lieutenant and officer position from the Patrol budget to this budget which includes a transfer of \$251,255 in personnel expenses.

POLICE DEPARTMENT**

Investigative Services

Business Unit 17532

PROGRAM MISSION

We develop crime prevention strategies, investigate major crimes and arrest suspects who commit crimes in support of the criminal justice system, the community, and victims, in order to prevent and/or minimize the impact of major crimes.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 2: "Encourage active community participation and involvement".

Objectives:

- Provide major case investigative support to the districts
- Conduct investigations in high tech crimes
- Evaluate investigators' case review and reporting procedures
- Support investigations with qualified forensic recovery and analysis

Major Changes in Revenue, Expenditures or Programs:

This budget acknowledges the Police Department reorganization in 2017 by combining the School Resource Officer and Investigative Services budgets. The reorganization also includes the transfer of the Community Resource Lieutenant and six officers from the Patrol budget at an estimated \$840,500 in personnel expenses.

The increase in the School Resource Officer (SRO) reimbursement is due the Appleton Area School District agreeing to increase their contribution to 40% of the program cost in 2018.

**CITY OF APPLETON 2018 BUDGET
POLICE DEPARTMENT**

Field Operations (Patrol)

Business Unit 17541

PROGRAM MISSION

Provide excellence in police service by working in partnership with our community and other government agencies to identify and resolve problems and improve the quality of life in our community through innovative and refined problem solving methods.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 2: "Encourage active community participation and involvement".

Objectives:

- Be visible and accessible within our community and our department
- Facilitate the development of collaborative efforts between police and community partners by encouraging officers to apply the philosophy of problem oriented policing as part of their everyday work experience
- Adapt quickly to changing conditions and constantly examine current operating practices to improve processes
- Encourage community participation in crime prevention strategies
- Create partnerships in the community to identify and solve recurring problems

Major Changes in Revenue, Expenditures or Programs:

This budget reflects the transfer of the Community Resource Unit (one Lieutenant and six officers) to the Investigative Services budget and the transfer of one Lieutenant and one officer to the Community Service budget. The estimated reallocation of personnel expenses is \$1,091,755. The 2018 budget includes the addition of one entry level officer, which will maintain the department's current patrol staffing following the assignment of an existing officer as a full-time Behavioral Health Officer (BHO). The BHO will address both police services and City-wide issues related to identifying and responding to situations involving individuals who are experiencing symptoms of mental illness.

Due to the discontinuation of the Chevrolet Impala for police vehicles, the 2018 budget includes an additional \$57,636 in replacement reserve to CEA to support the change to the Ford Interceptor. This increase has been offset by reductions in various expense line items throughout the Police Department budgets.

This budget also includes \$9,438 for year 2 of the officer safety plan for body worn cameras and tasers purchased in 2017 (recorded in other contracts/obligations).

PERFORMANCE INDICATORS

	<u>Actual 2015</u>	<u>Actual 2016</u>	<u>Target 2017</u>	<u>Projected 2017</u>	<u>Target 2018</u>

PROGRAM MISSION

This program accounts for the receipt of various law enforcement and public safety grants and other revenues, along with the corresponding program expenditures.

PROGRAM NARRATIVE

Link to Strategy:

Implements Key Strategy # 4: "Proactively pursue collaborative and cooperative agreements to meet the needs of the community".

Objectives:

The Police Department will continue to pursue grants to offset costs for equipment, training, supplies and services. These funds come from a variety of sources including State and federal agencies.

Major changes in Revenue, Expenditures, or Programs:

Grants are awarded through federal and State agencies that further the Police Department's ability to provide a safer and more crime-free community. The 2018 grant budget includes anticipated funding through the Wisconsin Department of Transportation (DOT) and the State and Federal Department Office of Justice Assistance (DOJ).

Previous grant funds awarded to Appleton through the Wisconsin Department of Transportation (DOT) provided funding for seat belt, speed, pedestrian, and bicycle enforcement to increase traffic-related safety awareness. In 2016-2017 DOT designated Outagamie County as the administrator of the seat belt traffic grant for Outagamie County law enforcement agencies. The revenue budget for 2018 anticipates similar traffic grants to be available for the 2017-2018 grant year.

PERFORMANCE INDICATORS

Actual 2015 Actual 2016 Target 2017 Projected 2017 Target 2018

Note: Since this program exists solely to account for receipt and expenditure of various law enforcement grants, there are no continuing performance measures.

Public Safety

Business Unit 4210

PROGRAM MISSION

This program accounts for funding sources and expenditures for various public safety investments.

PROGRAM NARRATIVE

Link to Strategy:

Implements Key Strategies # 1: "Prompt delivery of excellent services".

Objectives:

Further descriptions of projects to be funded from this fund can be found in the Capital Projects section of the budget, as follows:

Project	Subledger	Amount	Page
Firefighter Heavy Rescue Equipment	1945	\$ 50,000	Projects, Pg. 628
Fire Records Management System	1924	119,500	Projects, Pg. 627
Police Tactical Robot	1927	62,765	Projects, Pg. 632 - A
Total		<u>\$ 232,265</u>	

Major changes in Revenue, Expenditures, or Programs:

The records management system for the Fire Department was originally included in the 2017 Budget. Subsequently, due to the time taken to research various systems, check references, schedule demonstrations, etc., it was determined that the ultimate purchase would not occur until 2018, so the cost has been re-budgeted in 2018.

PERFORMANCE INDICATORS

Actual 2015 Actual 2016 Target 2017 Projected 2017 Target 2018

Note: Since this program exists solely to account for funding sources and expenditures for various public safety investments, there are no continuing performance measures.

CITY OF APPLETON 2018 BUDGET

FIRE DEPARTMENT

Fire Chief: Len R. Vander Wyst

Deputy Fire Chief: Darrel H. Baker

CITY OF APPLETON 2018 BUDGET FIRE DEPARTMENT

MISSION STATEMENT

In partnership with the community, the Appleton Fire Department protects and preserves lives and property from the adverse effects of fires and dangerous conditions through prevention, education, rescue, and response.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

In 2017, the department had four retirements including a deputy chief, battalion chief, lieutenant, and driver/engineer. All of these positions were filled with internal promotions. The department worked in conjunction with Fox Valley Technical College's regional hiring process for the hiring of five recruits who started a six-week training academy in April. With the absence of a training officer, other management staff took on the program management of the recruit school including the direct supervision of the recruits, instruction, curriculum development and delivery. The recruits were assigned to an operations shift with an eighteen-month probationary period. After the recruitment of a Battalion Chief of Training was unsuccessful, the management team reviewed the table of organization and proposed a reorganization with a Battalion Chief of Resource Development and Special Operations along with a civilian Training and Resource Development Specialist position. This proposal reduced the number of Battalion Chiefs from six to five. The staff also agreed to reduce the number of captains from eight to six through attrition. The overall number of FTEs remained the same with the approved reorganization.

The department hosted an in-house State of Wisconsin Certified Fire Officer I class for 27 members. This is a forty-hour class that was delivered by a staff member, who is also an instructor for Fox Valley Technical College. The coursework included a State written exam and practical testing. Students also worked with a mentor on the department to assist them in developing their skills as an officer. All 27 passed and are now certified as Fire Officer 1. In addition, the department sponsored four employees to take a 40-hour Emergency Services Instructor class at Fox Valley Technical College in February.

In 2016, Outagamie County notified the department that it would be researching a new computer-aided dispatch (CAD) system and discontinuing their commitment to provide a fire records management system to fire agencies within the county. In 2017, the evaluation and selection of a new County-wide computer-aided dispatch system was completed. Internally, a Technology Committee, made up of both Fire Department and Information Technology staff members, was tasked with evaluating and selecting a new fire records management system for the Appleton Fire Department.

Operationally, the department has been working with GIS to identify areas in the City that the department may be lacking relating to meeting our response time goals per NFPA standards. The department is continuing its commitment to provide incident command training, which is a continuation of the 2016 "Calming the Chaos" training that Shift Commanders attended in February, 2016. The department received permission to sole source the purchase of the 2017 replacement fire truck along with an additional cost savings for four future replacement trucks.

The department continues our commitment to recruitment and promoting careers in the fire service through our active involvement in career fairs and the fire camps offered through UW-Oshkosh. In addition, our department actively participates in events such as Mile of Music, Oktoberfest, and the farmer's markets.

Several years ago, the department became more proactive regarding keeping fire fighters safe from the byproducts of combustion in post-fire environments. Every fire fighter received a second set of personal protective equipment (PPE). This past year, it became mandatory that immediately after every fire, each individual needed to wash their gear if it became soiled with the byproducts of combustion and their backup set of gear was placed into service. The department purchased a second helmet liner and ear flaps for all personnel so their soiled liner could be washed. Historically, after the fire was extinguished, our staff would monitor for carbon monoxide and a few other chemicals. If the levels were low enough, our personnel could work without self-contained breathing apparatus (SCBA). Currently, any time within an hour after the fire has been extinguished, all personnel need to be wearing SCBAs. After an hour of fresh air ventilation, fire investigators can wear a lower level of respiratory protection.

In early June, eight members of the Appleton Fire Department were deployed to the explosion in Cambria, Wisconsin. This is a result of the department's participation in and significant training with Wisconsin Taskforce 1 (WI-TF1). Under that agreement, the department is reimbursed for staff members deployed as well as those that were called in to backfill those positions. This additional training assists the department with disaster preparedness for events that may occur in the City of Appleton and keeps our overall costs to a minimum.

CITY OF APPLETON 2018 BUDGET FIRE DEPARTMENT

MAJOR 2018 OBJECTIVES

Through strong partnerships with neighboring municipalities, the department enhances the safety and quality of life in our regional community. We pursue excellence and embrace diversity in thought, strategy, and staff in order to meet the changing needs of those we serve.

The department is responsible for saving lives and protecting property as described in our vision and mission statements. The historical role of the Fire Department is evolving to improve awareness of all facets of life safety.

In 2018, the department will strive to meet the following goals:

Improve an awareness of changing community needs and diverse community populations and their effect on our levels of service and programs

Maintain identified levels of service in a cost-effective manner by providing quality programs to our community

Provide a quality work environment which both encourages and enhances employee participation and growth as well as supporting efficient work processes and sustainability

Continue to enhance the department's capability to respond to routine and non-routine emergencies. This includes addressing response capabilities necessary based upon projected risks developed by the Department of Homeland Security and the State of Wisconsin

Conduct the evaluation and the purchase of a records management system for the fire department

Implement the strategic initiatives identified in the department strategic plan

Maintain and enhance existing regional relationships

Utilize existing staff to deliver public education programs and continue to enhance our fire prevention efforts

PROGRAM MISSION

For the benefit of the Appleton community and Fire Department employees, so that they are protected from the effects of fire and other hazards, we will set community-wide fire protection goals and establish necessary direction, policies, and procedures to meet them.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 3: "Recognize and grow everyone's talents", # 4: "Continually assess trends affecting the community and proactively respond", and # 7: "Communicate our success through stories and testimonials".

Objectives:

- Identify currently provided service levels and evaluate their effectiveness and customer value
- Address service needs created by continued growth north of U.S. Hwy. 41 and south of CTH KK
- Plan and prepare operational and capital budgets
- Maintain staffing levels as detailed in the table of organization and approved by the Common Council
- Continue the development of joint service opportunities and regional relationships with neighboring fire departments
- Enhance internal and external communications and working relationships
- Evaluate, select, and implement a records management system (RMS)

Major changes in Revenue, Expenditures, or Programs:

In 2017, the Appleton Fire Department upgraded two vehicles in our fleet with an upgrade cost of \$15,600. The department was asked to find that one-time funding within our 2017 operating budget, so certain line items were reduced. In 2018, those line items were returned to their previously budgeted amounts. This includes expenses related to training and conferences and miscellaneous equipment.

Part of the 2017 upgrades included upgrading the Deputy Chief's vehicle from a van to a pickup truck to serve as a backup command vehicle. The increase in CEA replacement costs in 2018 reflect this upgrade.

With the announcement of the retirement of the Fire Chief in 2018, salaries and fringe benefit costs have been reduced to reflect a temporary vacancy in the position during search and recruitment of a new Chief.

CITY OF APPLETON 2018 BUDGET

FIRE DEPARTMENT

Fire Suppression

Business Unit 18021

PROGRAM MISSION

To meet the needs of our community and enhance the quality of life of our citizens and visitors by providing a safe, healthy, and accepting environment through emergency and non-emergency response.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 2: "Encourage active community participation and involvement", # 3: "Recognize and grow everyone's talents", and # 4: "Continually assess trends affecting the community and proactively respond".

Objectives:

Utilize data gathered through mobile data computers and department records to monitor response times and staffing levels to emergency and non-emergency calls for service
 Identify and develop pre-fire plans for new structures and update pre-fire plans for existing structures, and develop emergency response plans for special events which present potential risks within the community
 Proactively pursue, with our regional partners, the enhancement of our current mutual aid agreements and potential automatic aid agreements, evaluation of shared resources, updating of emergency management planning, and cooperative training exercises to help reduce the threats to our regional security and economy
 Identify and develop employee safety programs, practices, and training for reducing the impact of lost time work-related injuries

Major changes in Revenue, Expenditures, or Programs:

Due to a worker's compensation injury, the department's number of lost time days (below) has experienced a significant increase in 2017.

The department's Technology Committee will be evaluating and selecting a fire records management system in 2017. The implementation of the new system will continue well into 2018.

In 2017, the Appleton Fire Department upgraded two vehicles in our fleet with an upgrade cost of \$15,600. The department was asked to find that one-time funding within our 2017 operating budget, so certain line items were reduced. In 2018, those line items were returned to their previously budgeted amounts. This includes expenses related to training and conferences and tuition fees.

In early 2017, the IAFF 257 and the City agreed to a three-year contract for 2017 to 2019. The personnel costs increase within this budget include the following increases:

- 7/1/17 - 1 1/2%
- 10/1/17 - 1%
- 1/1/18 - 1.5%
- 7/1/18 - 1%

PROGRAM MISSION

For the benefit of the Appleton community, contracted jurisdictions, and our environment, we will protect life and property by promoting educational and preventive measures and respond to situations that require specialty skilled services.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 2: "Encourage active community participation and involvement" and # 4: "Continually assess trends affecting the community and proactively respond".

Objectives:

- Provide for local and county hazardous materials response in jurisdictions as defined by the contract
- Seek grant opportunities for equipment and training available through local and State organizations
- Maintain necessary equipment and skill levels for local and County incidents
- Participate on the County Local Emergency Planning Committee
- Continue the partnership with Winnebago County (Oshkosh Fire Department) and Brown County (Green Bay Fire Department)
- Provide specialized emergency response to include: local hazardous materials response, confined space rescue, water rescue, structural collapse response, and trench rescue

Major changes in Revenue, Expenditures, or Programs:

No major changes.

FIRE DEPARTMENT**

Resource Development

Business Unit 18023

PROGRAM MISSION

To enhance the safety and performance of employees and assure the effectiveness of response to the community, we will provide a variety of appropriate training programs.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 3: "Recognize and grow everyone's talents" and # 4: "Continually assess trends affecting the community and proactively respond".

Objectives:

- Provide 100% of federal and State mandatory classes that apply to the department
- Investigate and encourage attendance at specialized training to expand personal growth and development
- Facilitate and coordinate the Safety Committee meetings for the department to promote health and safety among the department employees
- Provide initial tactical decision-making training
- Provide advanced firefighter rescue skills and technique training to all personnel
- Seek opportunities to provide internally or send personnel to leadership training to include command level training

Major changes in Revenue, Expenditures, or Programs:

The increase in the overtime budget for this program is to accommodate the utilization of existing staff as training instructors on overtime. This was approved as part of the 2017 reorganization that eliminated a Battalion Chief and replaced the position with a Training and Resource Development Specialist. The cost savings from the elimination of this position was intended to be used to fund the additional overtime costs.

**CITY OF APPLETON 2018 BUDGET
FIRE DEPARTMENT**

Emergency Medical Services

Business Unit 18024

PROGRAM MISSION

The mission of Appleton Fire Department's Emergency Medical Services Division is to enhance the quality of life in our community by providing a premier level of pre-hospital services which ultimately improve the outcomes for those that need our service.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 2: "Encourage active community participation and involvement", # 3: "Recognize and grow everyone's talents", and # 4: "Continually assess trends affecting the community and proactively respond".

Objectives:

- To provide timely, state of the art pre-hospital care to all people within our service area that are subject to illness or injury.
- To provide quality, consistent pre-hospital medical training to all employees of the Fire Department resulting in all employees being certified at the emergency medical responder level.
- To provide the Fire Department emergency medical responders with current equipment and supplies needed to fulfill the scope assigned to the responders.
- To actively participate in local and statewide committees to promote positive change in how we provide service.
- To maintain compliance with department, local and State codes, laws, guidelines, and regulations.
- To ensure continuous program development and quality improvement.
- Utilize automated external defibrillator (AED) data gathered from department records, Gold Cross Ambulance records, and hospital information to monitor the percentage of cardiac patients who were discovered in ventricular fibrillation that survived and were discharged from the hospital.

Major changes in Revenue, Expenditures, or Programs:

In the past few years, the Appleton Fire Department first responders were approved by the medical director to perform some additional advanced skills including the administration of two medications: Narcan and Albuterol. As you may recall, the department was approved to administer epinephrine (Epi-pen) some time ago. Typically, the department is able to re-stock our supplies from those carried by Gold Cross Ambulance who bills the patient for the cost of the supplies. However, in the case of the medications, some will expire before they are used or Gold Cross Ambulance does not carry the identical product so restocking from their supply is not a feasible option. Unfortunately, the cost of these medications continues to rise. Therefore, the department is seeking an increase in medical/lab supplies to provide for the much needed medications and other medical supplies that we are not able to re-stock.

**CITY OF APPLETON 2018 BUDGET
FIRE DEPARTMENT**

Fire Prevention/Public Education

Business Unit 18032

PROGRAM MISSION

For the preservation of lives and property in our community, we will provide fire inspection, education, code development, and fire and life safety plan review.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 2: "Encourage active community participation and involvement" and # 4: "Continually assess trends affecting the community and proactively respond".

Objectives:

- Perform all State-mandated fire and life safety inspections in all buildings
- Perform all plan reviews of State and locally required fire protection systems
- Process all license applications for compliance with the provisions of the Fire Prevention Code
- Continue proactive involvement with all City departments, as well as surrounding community departments to create a more consistent and cohesive code enforcement process throughout our community
- Implement pre-plan incident reports utilizing the Premise (inspections) module of the records management system
- Develop, implement, coordinate, and evaluate life safety programs designed to meet the needs of our community's diverse populations
- Provide public information at emergency incidents and throughout the year
- Define media relationship strategy as method/vehicle to communicate prevention messages
- Enhance smoke detector awareness in the City of Appleton

Major changes in Revenue, Expenditures, or Programs:

In 2017, the Appleton Fire Department upgraded two vehicles in our fleet with an upgrade cost of \$15,600. The department was asked to find that one-time funding within our 2017 operating budget, so certain line items were reduced. In 2018, those line items were returned to their previously budgeted amounts. This includes expenses related to books and library materials, safety supplies and miscellaneous equipment.

**CITY OF APPLETON 2018 BUDGET
FIRE DEPARTMENT**

Technical Services

Business Unit 18033

PROGRAM MISSION

For the benefit of the Fire Department and community, we will purchase vehicles and equipment and ensure that it is maintained in a condition that safely meets the operational needs of the Department.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 1: "Prompt delivery of excellent services", and #3: "Recognize and grow everyone's talents".

Objectives:

Provide and track all preventive, scheduled, and emergency maintenance on all non-motorized equipment to meet applicable standards

Research, purchase, and distribute equipment needed by the department

Provide ongoing technical training for department personnel

Major changes in Revenue, Expenditures, or Programs:

The apparatus committee made recommendations for the sole source purchase of 2017 fire truck purchase. The committee continues to meet to discuss equipment and storage strategies. The fire truck delivery is expected in late 2017.

In 2017, the Appleton Fire Department upgraded two vehicles in our fleet with an upgrade cost of \$15,600. The department was asked to find that one-time funding within our 2017 operating budget, so certain line items were reduced. In 2018, those line items were returned to their previously budgeted amounts. This includes expenses related to miscellaneous equipment, equipment repairs, and communication equipment.

PROGRAM MISSION

In order to protect people and the environment, we will provide certain Type II hazardous materials handling services relating to the containment of hazardous substances in the event of an accidental spill, release, or discharge within our service area.

PROGRAM NARRATIVE

Link to Strategy:

Implements Key Strategy # 2: "Encourage active community participation and involvement".

Objectives:

The Cities of Appleton, Oshkosh, and Green Bay provide haz-mat services under a contract with the State of Wisconsin. The Type II Wisconsin Hazardous Materials Response Team will strive to meet the provisions of the State contract by providing service to the contract area, providing equipment as recommended by the State, and providing an adequate number of trained, medically monitored, competent and supervised personnel. The City of Appleton also contracts for a Radiological Response Team which responds to radiological incidents to provide metering and detection.

Major changes in Revenue, Expenditures, or Programs:

No major changes.

CITY OF APPLETON 2018 BUDGET UTILITIES

Enterprise funds are funds used to account for activities that are financed and operated in a manner similar to that found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities provided to outside parties are accounted for in enterprise funds, which include Appleton's Water, Wastewater and Stormwater Utilities.

Residential water sales makes up the largest portion of Water Utility revenues, followed by wholesale, commercial and industrial. Fire protection revenues include charges for private, public, Town of Grand Chute, Waverly Sanitary District and Village of Sherwood fire protection. Average residential water consumption continues to decline due to individuals' conservation efforts. However, this decrease in revenue is offset by an increase in the number of households served.

Interest income is earnings on available working cash, required reserve accounts and funds borrowed for construction pending their expenditure invested in various short- and longer-term investments. Two factors which determine investment income are interest rates and the cash balances available for investment. Historically low interest rates and the prospect of their continuation do not allow us to forecast an increase in investment income. Also, according to Governmental Accounting Standards Board (GASB) rules, we are required to value all investments at market value ("mark to market"). Although we do not intend to sell any of the investments prior to maturity, we still must record the unrealized gain or loss, which affects interest earnings. The current market environment plays heavily in this calculation.

Other revenues come from ancillary or nonrecurring activities, including standby charges, revenues from leasing access to City property, customer penalties and gains on the sale of fixed assets. A 10% rate increase was implemented on December 31, 2010. There is no rate increase planned for 2018.

Charges for services for wastewater treatment comes from various categories of customers - residential, commercial, industrial, municipal and multi-family, as well as charges for special services such as industrial pre-treatment.

Interest income is earnings on available working cash and required reserve accounts. Two factors which determine investment income are interest rates and the cash balances available for investment. Historically low interest rates and the prospect of their continuation do not allow us to forecast an increase in investment income. Also, according to Governmental Accounting Standards Board (GASB) rules, we are required to value all investments at market value ("mark to market"). Although we do not intend to sell any of the investments prior to maturity, we still must record the unrealized gain or loss, which affects interest earnings. The current market environment plays heavily in this calculation.

Other revenues come from ancillary or nonrecurring activities, income from customer penalties and special hauled waste charges. A tiered rate system for special hauled waste from outside the service area went into effect January 1, 2010 and the rates for these customers were increased 10% on July 1, 2015 and will increase an additional 3% on January 1, 2018. The current rates for service have been effective since July 1, 2011. There is no rate increase planned for 2018.

UTILITY REVENUES**

STORMWATER UTILITY

Sources of Revenue	2014 Actual	2015 Actual	2016 Actual	2017 Budget	2017 Projected	2018 Budget	% Change
Charges for Service	\$ 9,004,066	\$ 9,123,964	\$ 9,339,293	\$ 9,361,845	\$ 9,371,460	\$ 9,415,000	0.46%
Interest Income	299,387	117,941	84,919	200,000	200,000	200,000	0.00%
Capital Contributions	1,483,674	509,100	415,683	461,966	600,056	161,555	-73.08%
Other	176,800	707,026	269,644	246,754	479,852	472,435	-1.55%
Total Stormwater Utility	\$ 10,963,927	\$ 10,458,031	\$ 10,109,539	\$ 10,270,565	\$ 10,651,368	\$ 10,248,990	-3.78%

Charges for services include all charges for provision of stormwater management and consists of a charge based on equivalent runoff units (ERU). An ERU is defined as 2,368 square feet of impervious area and represents the runoff impact of an average home. Rates used to bill charges to multi-family properties were changed on January 1, 2015 from a per living unit charge to actual square footage for impervious area of the property.

Interest income is earnings on available working cash, required reserve accounts, and funds borrowed for construction pending their expenditure invested in various short- and longer-term investments. Two factors which determine investment income are interest rates and the cash balances available for investment. Historically low interest rates and the prospect of their continuation do not allow us to forecast an increase in investment income. Also, according to Governmental Accounting Standards Board (GASB) rules, we are required to value all investments at market value ("mark to market"). Although we do not intend to sell any of the investments prior to maturity, we still must record the unrealized gain or loss, which affects interest earnings. The current market environment plays heavily in this calculation.

Other revenues come from ancillary or nonrecurring activities and customer penalties. The current rate of \$155 per ERU took effect on July 1, 2013. The next rate increase is planned at 15% on January 1, 2019.

CITY OF APPLETON 2018 BUDGET
WATER UTILITY
RATE DETAIL

The rates detailed below are the current rates, which went into effect December 31, 2010. The Public Service Commission of Wisconsin approves all Water Utility rate increases. There is no planned rate increase for 2018.

Quarterly Water Rates

Retail Water:

Meter (Inches)	Water Service	Public Fire	Total
5/8	\$ 21.90	\$ 14.58	\$ 36.48
3/4	21.90	14.58	36.48
1	32.70	36.45	69.15
1 1/4	45.90	54.00	99.90
1 1/2	59.10	72.90	132.00
2	91.80	116.70	208.50
3	147.30	218.70	366.00
4	231.00	364.50	595.50
6	426.00	729.00	1,155.00
8	666.00	1,167.00	1,833.00
10	981.00	1,752.00	2,733.00
12	1,299.00	2,334.00	3,633.00

Volume Charge *

	Quarterly Use (Ccf)	Quarterly Charge
First	500	\$ 4.55
Next	4,500	4.11
Over	5,000	3.50

Private Fire Protection Rates:

Connection Size (")	Quarterly Charge
1	\$ 8.40
1 1/4	11.10
1 1/2	14.10
2	17.00
3	32.00
4	53.00
6	105.00
8	169.00
10	252.00
12	336.00
14	420.00
16	504.00
Town of Grand Chute	35,384.00
Waverly Sanitary District	9,325.50
Village of Sherwood	4,436.50

Wholesale Water Rates:

Meter (Inches)	Quarterly Charge		
	Town of Grand Chute	Waverly Sanitary District	Town of Sherwood
6	-	\$ 426.00	\$ 426.00
8	\$666.00	-	-
Volume Charge *	\$ 3.28	\$ 3.53	\$ 3.56

* Volume charge is applied to volume of water used, measured in 100 cubic foot (Ccf) increments.

WASTEWATER UTILITY
RATE DETAIL**

The current rates detailed below are from the rate study completed in 2009 by Baker Tilly Virchow Krause, LLP. Based on this study, no increase was implemented in 2010 and a rate increase of 5% was implemented effective on July 1, 2011. There is no rate increased planned for 2018.

Quarterly Sanitary Sewer Rates

Meter (Inches)	Current Charge
5/8	\$ 13.60
3/4	13.60
1	25.00
1 1/4	34.00
1 1/2	44.00
2	68.00
3	121.00
4	199.00
6	391.00
8	622.00

Volume Charge *

Quarterly	
Use (Ccf)	Charge
All	\$ 2.04

Rates for Quantity/Quality Discharge: Current Charge

Flow	\$ 1.73 / 1,000 gallons
Biochemical Oxygen Demand (BOD)	\$ 35.48 / 100 pounds
Total Suspended Solids (TSS)	\$ 11.26 / 100 pounds

Sanitary Waste Hauler Fees:

Septic Tank/Portable Toilet Waste	\$ 4.40 / ton
Holding Tank Waste	\$ 4.40 / ton
Analytical Charge	\$ 9.45 / load
Customer Charge	\$ 15.75 / quarter

* Volume charge is applied to volume of water used, measured in 100 cubic foot (Ccf) increments.

**CITY OF APPLETON 2018 BUDGET
CITY SERVICE INVOICE
EFFECT OF UTILITY RATES ON AVERAGE
RESIDENTIAL PROPERTIES**

Assumptions:

Rates calculated are based on a meter size of 5/8" or 3/4"

Quarterly Water Charges*:

Residential Users	Average Use (Ccf)	Current Charge
Small	14	\$ 100.18
Average	17	\$ 113.83
Large	20	\$ 127.48

Quarterly Wastewater Charges:**

Residential Users	Average Use (Ccf)	Current Charge
Small	14	\$ 28.56
Average	17	\$ 34.68
Large	20	\$ 40.80

Quarterly Stormwater Charges: ***

Residential Users	ERU's	Current Charge
N/A	1	\$ 38.75
N/A	1	\$ 38.75
N/A	1	\$ 38.75

Total:

Residential Users	Average Use (Ccf)	Current Charge
Small	14	\$ 167.49
Average	17	\$ 187.26
Large	20	\$ 207.03

* The quarterly water charges shown here are the current rates as of December 30, 2010.

** The quarterly wastewater charges shown are the current rates as of July 1, 2011.

*** Annual rate of \$155.00 / ERU took effect July 1, 2013. The next rate increase will be approximately 15% and is anticipated to take effect on January 1, 2019; at an annual rate of \$178.00 / ERU.

Deputy Director/City Engineer: Ross M. Buetow

Deputy Director of Operations-DPW: Nathan D. Loper

CITY OF APPLETON 2018 BUDGET WATER UTILITY

MISSION STATEMENT

The City of Appleton water treatment and distribution systems provide the community with consistently safe and high quality water utilizing the full potential of our highly motivated, technically skilled staff. It is our goal to achieve these objectives in a manner that demonstrates integrity, responsibility and economically sound practices.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

WATER TREATMENT

Membrane Treatment Operation - The Koch Membrane System (KMS) was not operated during 2017. Regulatory approval to transition away from ultrafiltration and to the new ultraviolet light was finalized in June 2017. Water quality goals were met with increased performance for virus destruction and parasite deactivation.

Ultraviolet Light Process - The ultraviolet light process has performed well under the first year of operation. Plant operating costs have continued to decline for electrical, chemical and manpower as plant operations are becoming refined. The UV process equipment continues to be under warranty until 2020 and 2025.

1 Million Gallon Glendale Tower - The Glendale Water Tower was completed in July of 2017. The Glendale Tower replaces the 0.5 million gallon Oneida Street Tower which was taken out of service and decommissioned. The Glendale tower meets the hydraulic needs of the City's main pressure zone. The new tower remains in the warranty phase until September 2021.

Matthias Water Tower - The Matthias tower valve vault underwent a maintenance project to mitigate pipe and equipment corrosion and increase personnel safety issues with confined space entry.

Tank Maintenance - #3 and #4 Softener tanks were taken out of service to complete rehabilitation and coatings work. The softeners were media blasted and painted to prevent further corrosion.

Plant Process Control - The recently repurposed filters were optimized by water plant staff. Filter performance was improved by adjusting hydraulic loading rates, runtimes, and the backwash air and scour rates. Turbidity removals were increased by applying Aluminum Chlorohydrate (ACH).

WATER DISTRIBUTION

Celebrated National Public Works Week with a department-wide breakfast for Public Works employees

Completed the Sensus/ I-perl water meter radio read system installation

Continued to sell our used water meters and other components to a local scrap company

WATER ADMINISTRATION

Reviewed rate requirements. The utility had a 6.33% rate of return for 2016. The utility is currently authorized a rate of return of 7%. A rate increase is not planned for 2018 as debt coverage ratio and cash coverage have been maintained with current rates.

CITY OF APPLETON 2018 BUDGET WATER UTILITY

MAJOR 2018 OBJECTIVES

The Departments of Public Works and Utilities will work together to provide effective and efficient operation of the Water Utility in order to:

Provide water that meets all State and federal water quality standards and regulations; continue to meet WDNR requirements for annual inspections and make any requested corrections.

The water plant Supervisory Control and Data Acquisition (SCADA) system will be further upgraded for operator interfacing with the new regulatory reporting software. The system's uninterruptable power source (UPS) will also be replaced. Other SCADA improvements include replacement of field instruments.

The Glendale Water Tower construction project will be finalized by an inspection of the coatings system prior to the warranty end date.

The water distribution system will continue to be refined and balanced for pressure and flow throughout the main, medium, and high pressure zones.

The Raw Water Lake Station Project will make necessary upgrades and meet redundancy objectives for the raw water pipe that pumps water from the lake to the water plant. The existing pipe is 60 years old and will need to either be replaced or become the redundant back up to a new pipe. Other project components include a new lake intake to deter frazil ice formation and screening equipment at the shore well.

Chemical delivery systems will be repaired or replaced depending on current state of conditions. Systems for 2018 include: carbon dioxide, polyphosphate, and aluminum chlorohydrate.

Respond promptly to main breaks to minimize water loss, property damage, and disruption of service to our customers using criteria established for emergency vs. non-emergency repairs.

Continue reviewing the lead service replacement program to reduce service replacement costs to allow for an aggressive lead service replacement schedule.

Incorporate recommendations from the water distribution study into appropriate operating and capital budget requests.

Implement customer portal for new Sensus meters to allow water utility customers to monitor their own water use.

Pursue providing leak detection surveys on properties believed to have galvanized services on private property.

Install new bulk water dispensing system for better customer service.

Continue to monitor rate requirements. The last water rate increase of 10% was implemented on December 31, 2010. The utility continues to meet debt coverage ratios and cash coverage and continues to earn rate of return as approved by the Wisconsin Public Service Commission. These indicators will be reviewed upon the completion of the 2017 audit, to further determine when the next rate increase application will be filed with the Public Service Commission.

Finance Administration

Business Unit 5310

PROGRAM MISSION

For the benefit of Appleton water consumers, customer billing and financial systems will be maintained in a manner consistent with Wisconsin Public Service Commission (PSC) regulations and generally accepted accounting principles.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 4: "Continually assess trends affecting the community and proactively respond" and # 6: "Create opportunities and learn from successes and failures".

Objectives:

- To account for water revenues from various sources, and administrative overhead costs such as interest, depreciation, insurance and other miscellaneous expenses.
- Maintain customer records and accounting information in compliance with PSC regulations and generally accepted accounting principles.
- Develop the full potential of all employees through seminars, training programs, and continuing education

Major changes in Revenue, Expenditures or Programs:

The capital contributions revenue represents funding provided from TIF#11 for water infrastructure up-grades.

WATER UTILITY**

Treatment Administration

Business Unit 5321

PROGRAM MISSION

For the benefit of the Water Filtration Operations Staff, Water Utility managers will provide administrative support and mentoring to employees so that all aspects of water treatment will meet State and federal compliance.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy # 2: "Encourage active community participation and involvement."

Objectives:

Maintain records necessary for compliance with State and federal organizations

Maintain maintenance records for equipment, procurement of chemicals, training and safety schedules, operating expenses and project status

Maintain financial records as they apply to the treatment plant

Major changes in Revenue, Expenditures or Programs:

Training\Conferences expense include fees to send up to two employees to Surface Water Chemistry training.

DETAILED SUMMARY OF 2018 PROPOSED EXPENDITURES > \$15,000

None

**CITY OF APPLETON 2018 BUDGET
WATER UTILITY**

Treatment Operations

Business Unit 5323

PROGRAM MISSION

For the benefit of Appleton water consumers, we will provide potable water so that customers are furnished an adequate volume of the safest, highest quality water available.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 4: "Continually assess trends affecting the community and proactively respond" and #6: " Create opportunities and learn from successes and failures".

Objectives:

- Comply with all State and federal standards
- Supply the public with safe, high quality water in sufficient quantities to support the needs of our customers

Major changes in Revenue, Expenditures or Programs:

The salary budget reflects the reduction of .3 FTE of the allocation of a shared Electrician and Maintenance Specialist with the Wastewater Utility; current maintenance needs have been reduced at the Water Treatment Facility and needs at the Wastewater Treatment Plant have increased due to aging equipment and additional lift stations coming on-line. The overtime budget has been reduced as additional time is no longer needed to maintain the membrane system.

Lab Supplies expense reflects the moving of the expense paid to outside laboratories to the Lab Fees account and maintenance of lab equipment to Contractor Fees.

Building repair and maintenance expense reflects the cost of expansion joint repair.

Contractor Fees are reduced as there are no significant maintenance or equipment upgrade projects planned for the water towers or at the treatment facility; 2017 expense was for painting the north reservoir.

The Materials expense account has been merged into the Equipment Parts expense starting in 2018.

WATER UTILITY**

Distribution Administration

Business Unit 5351

PROGRAM MISSION

Provide administrative services to meet the needs of our customers.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 3: "Recognize and grow everyone's talents", # 4: "Continually assess trends affecting the community and proactively respond", # 6: "Create opportunities and learn from successes and failures", and # 7: "Communicate our success through stories and testimonials".

Objectives:

- Maintain accurate records of repair and maintenance to the system and ensure completeness of all information submitted annually to the Public Service Commission
- Continue to enforce the Exception Meter Policy to insure meter accuracy and recover meter costs
- Continue practicing proper safety procedures when changing out old lead services
- Increase inventory turnover ratio by decreasing excessive, obsolete, and rare parts from inventory
- Maintain accurate records of all valves, services, and hydrants to simplify reporting to the Public Service Commission and ensure integrity of our records

Major changes in Revenue, Expenditures or Programs:

The increase in other contracts and obligations is due to an increased use of Digger's Hotline and the increase in the number of street excavation permits with Outagamie County.

We have been using summer seasonal staff to update the water records. In 2018, less staff time will be needed accounting for the decrease in part-time salary dollars as we are becoming more current with our records.

Appointment request letters will be minimal due to anticipated completion of the meter install program.

The number of cross connection inspections has been reduced in 2018 (see below), due to the anticipated completion of the meter install program. The target 2018 reflects expected customer service visits to properties where cross connection inspections will take place.

Consulting expense is for the cost to complete a distribution study. The last study was completed in 2007. Information from this study is used to prioritize new and replacement projects for water towers, transmission lines and distribution lines.

WATER UTILITY**

Meter Operations & Maintenance

Business Unit 5352

PROGRAM MISSION

The department reads, maintains and upgrades meters for the benefit of all users of the system.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 4: "Continually assess trends affecting the community and proactively respond", # 6: "Create opportunities and learn from successes and failures", and # 7: "Communicate our success through stories and testimonials".

Objectives:

- Inspect exception meters as the new meter system is installed
- Ensure commercial and residential meters are the proper size and type when installing new meters
- Continue to monitor cross connection program to prevent illegal connections into the City water system
- Implement a Customer Portal and educate residents and customers on the use and benefits of the portal

Major changes in Revenue, Expenditures or Programs:

The 2018 budget reflects the transition of wage expense back into customer service modules as the completion of the capital project of implementing the 27,738 new Sensus meters will be completed in 2017.

The software support includes the hosting fee of the data associated with the new meter reading system adjusted for the number of active meters. The larger increase is mainly attributed to the addition of the hosting fees of the new customer service portal which will be implemented in 2018.

With the completion of the new meter installation program, the need once again to purchase meters and related cost moves back to the meter operations and maintenance business unit. This results in an increase in miscellaneous equipment to purchase 150-200 meters annually for new customers.

Increase in shop supplies and tool expense is to add three iPads for monitoring out in the field, a DeWalt air hammer & inverter, along with the additional supplies needed for the meter test bench.

**CITY OF APPLETON 2018 BUDGET
WATER UTILITY**

Distribution Operations and Maintenance

Business Unit 5353

PROGRAM MISSION

The department maintains the distribution mains, services, hydrants and valves to keep the system operating, reduce treated water loss and comply with PSC requirements.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 4: "Continually assess trends affecting the community and proactively respond", # 6: "Create opportunities and learn from successes and failures", and # 7: "Communicate our success through stories and testimonials".

Objectives:

- Respond promptly to main breaks to minimize water loss, reduce property damage and lessen disruption of service to customers
- Meet the Public Service Commission requirements with a preventive maintenance and general upkeep schedule
- Monitor the cross connection program and the lead replacement program
- Pursue valve maintenance to comply with Public Service Commission standards

Major changes in Revenue, Expenditures or Programs:

The 2018 budget reflects the transition of wage expense back into operations. Some of the operations staff were used to complete the installation of the 27,738 new Sensus meters.

Now being back to full staff, water distribution will continue to focus on replacing and repairing mainline valves, hydrants and curb boxes in areas with corrosive soils in 2018, as well as increasing our efforts to replace lead services. Therefore, there will also be an increase the CEA equipment and other equipment rental as more of the water equipment will be used in this business unit.

The decrease in tipping fees is the result of being able to dump all spoils at MCC's Freedom Quarry site for \$2.50/ton. This will result in a significant savings in tipping fees.

**CITY OF APPLETON 2018 BUDGET
WATER UTILITY**

Distribution Capital Improvements

Business Unit 5370

PROGRAM MISSION

For the health and safety of the community, the department will identify, plan, design, prepare bid specifications and manage construction contracts to replace failing or inadequate water mains, hydrants, and services, to improve the reliability of the system, prevent system failures and reduce damage to other related infrastructure and extend water service to accommodate new growth areas.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 4: "Continually assess trends affecting the community and proactively respond", # 6: "Create opportunities and learn from successes and failures", and # 7: "Communicate our success through stories and testimonials".

Objectives:

- Implement the 2018 watermain program
- Continue to coordinate water capital projects with other capital improvement projects
- Evaluate the needs of the system and prepare a five year plan to reflect those needs
- Replace some undersized 4 inch mains per DNR water audit
- Implement a bulk water dispensing station to provide 24/7 access

The following are 2018 CIPs:

	<u>2018 Budget</u>	<u>Page</u>
Bulk Water Dispensing System	\$ 45,000	Projects, Pg. 639
Water main construction	3,458,847	Projects, Pg. 596
	<u>\$ 3,503,847</u>	

Major changes in Revenue, Expenditures or Programs:

Water mains reconstructed shall have improved fire flows to bring flows within conformance of current international fire flow standards for residential, commercial and industrial zoning/use. Please see the project section within the capital improvement section of the budget for further information about the watermain program.

Installation of a bulk water dispensing station provide us an opportunity to gain efficiencies and improve customer service. The new system will be available during any project schedule allowing customers 24/7 access.

Working Cash - End of Year	<u>\$ 6,187,597</u>	<u>\$ 8,256,031</u>	<u>\$ 8,085,202</u>	<u>\$ 6,019,918</u>	<u>\$ 4,694,186</u>	<u>\$ 7,344,885</u>
25% Working Capital Reserve (prior year's audited expenses)		3,400,213	3,245,444	3,519,169	3,509,386	3,665,705
Coverage Ratio	1.40	1.47	1.38	1.37	1.30	1.25

ASSUMPTIONS:

Borrow 75% of capital expenditures as detailed in the five year plan for years 2018-2022
Interest rate at 4% twenty year term for all future debt issues
Revenue increases of 1/2% per year for additional customer base
Operating expenses to increase 3.0% per year after 2018
Includes in O&M expense for painting of the North Reservoir at a cost of \$675,000 in 2017, of the Lindbergh Standpipe at a cost of \$725,000 in 2019, of the Ridgeway Tower at a cost of \$325,000 in 2020 and of the Matthias Tower at a cost of \$465,000 in 2021
Maintain a level of 25% working capital reserve and 1.10 coverage ratio as required by bond covenants

RESULTS:

Rates should be monitored on an annual basis for adjustment based on actual results or changes in circumstances. The projections are shown with the current rates and no adjustments for any approved rate increase by the Public Service Commission. A rate study would be completed in the year prior to any rate increase; that rate increase would require PSC approval prior to implementation. The current water rates were effective 12/30/2010.

Note: Schedule is based on accrual method of accounting. Revenue bonds in the amount of \$3,800,000 will be issued in 2018. Expected interest expense of the issue in 2018 is \$38,000 at 4%.

CITY OF APPLETON 2018 BUDGET

WASTEWATER UTILITY

Utilities Director: Chris W. Shaw

Deputy Director Utilities: Christopher F. Stempa

Public Works Director: Paula A. Vandehey

Deputy Director/City Engineer: Ross M. Buetow

Deputy Director of Operations-DPW: Nathan D. Loper

CITY OF APPLETON 2018 BUDGET WASTEWATER UTILITY

MISSION STATEMENT

The City of Appleton Wastewater Treatment and Collections Systems provide the community with essential wastewater treatment services utilizing the full potential of highly motivated and technically skilled staff. It is our goal to maintain maximum standards of community health and safety, while protecting and preserving the environment, in a manner that demonstrates integrity, responsibility, and economically sound practices.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

WASTEWATER TREATMENT

Total Maximum Daily Load

The Appleton Wastewater Treatment Plant's (AWWTP) Wisconsin Discharge Elimination System (WPDES) permit was reissued effective April 1, 2017. The reissued permit contains language addressing lower phosphorus and total suspended solids treatment limits resulting from Total Maximum Daily Load (TMDL) legislation. During 2017 the AWWTP continued full-scale chemical treatment studies to determine the ability to consistently meet future total phosphorus effluent loading limits (e.g. 23 pound per day as six month average) while staying abreast of alternative compliance opportunities provided through Water Quality Trading (WQT) and Adaptive Management (AM).

Midway Road Lift Station Improvements

Preliminary engineering to site a stand-by emergency power generator at the Midway Lift Station was initiated in the fall of 2015. Further project development during 2016 identified spatial limitations within the Midway Road right-of-way that were coupled with existing underground utilities along the north side of the lift station site. Those findings necessitated the steps to acquire a parcel of land immediately north of the existing (within existing stormwater and utility easements) to locate the emergency standby generator. The project was re-budgeted for 2017 to include land purchase as well as site improvements that will facilitate emergency access off of Midway Road by Utility maintenance vehicles.

F2 Building Chemical Storage Room Improvements

This CIP was initiated in 2017 for the intended purpose of rehabilitating the existing iron salt chemical storage room after 22 years of continuous use. It also incorporates improvements to the chemical feed system that will allow for precision chemical dosing necessary to consistently achieve future low-level phosphorus limits. The project bidding phase is scheduled for late summer 2017 with active construction forecasted for completion by March 1, 2018.

Digester Compressor Glycol System, WAS Pump Replacement, Effluent Pump Firm Capacity, and Aeration Blower Replacement

The 2017 Wastewater Treatment Plant Improvements Project involves equipment rehabilitation, replacement, and improvements to address immediate needs and long term reliability associated with four independent processes. The preliminary engineering phases throughout 2017 are focused on delivering a complete conditions assessment and project alternatives technical document. That document is to include observations, data, alternatives, costs, conclusions, and recommendations that will be used to consolidate four independent projects for streamlining purposes into a single construction project to be bid out in early 2018. Forecasted final construction completion is January 1, 2019.

WASTEWATER COLLECTION

Reconstructed / rehabilitated approximately 1.68 miles of sanitary sewer and adding 1.10 miles of new sewer. Completed the fifth/final year of a comprehensive flow monitoring project covering approximately 15% of the City's sanitary collection system, which helped identify and address areas of inflow/infiltration into our collection system. Developed policy language for replacement of laterals on private property to be implemented in 2018. Used the sewer televising program to identify and resolve several significant grease issues.

CITY OF APPLETON 2018 BUDGET WASTEWATER UTILITY

MAJOR 2018 OBJECTIVES

The Departments of Public Works and Utilities will work together to provide effective and efficient operation of the Wastewater Utility to:

Provide treatment that meets or exceeds State and federal water quality standards that are established in the reissued April 1, 2017 WPDES permit. This permit includes a compliance schedule for reporting requirements within the 5-year permit term including reference to future more stringent discharge limits for effluent phosphorus and total suspended solids under NR 102, NR 217, and Lower Fox River Total Maximum Daily Load (TMDL) legislation.

Continue to evaluate phosphorus loading sources and potential for source reduction, further investigate and refine existing treatment optimization opportunities, and research new treatment technologies capable of achieving future water quality based effluent limits for phosphorus

Continue to engage and participate in Adaptive Management and Water Quality Trading opportunities that have the potential of meeting new phosphorus limits and reduction criteria set forth in the TMDL and NR 217.

Provide the citizens of Appleton with efficient, safe, and cost-effective treatment of its residential, commercial, and industrial wastewaters

Provide for both short-term and long-term facility planning and management to address community growth and increased wastewater treatment needs

Optimize and maintain plant processes and capital assets to produce a high quality effluent, while maximizing biogas utilization and reducing overall energy consumption. Provide biosolids and compost product of high quality and in demand for a variety of beneficial uses while continuing to explore biosolids diversification opportunities.

The following project completions will enhance longevity of wastewater treatment infrastructure: aeration blower replacement, effluent pump station rehabilitation, and lift station upgrades.

Continue the clear water program to reduce inflow into wastewater system

Complete the annual sewer cleaning program and identify areas of concern

Promptly respond to emergency sewer backups

Continue major interceptor rehabilitation to maintain the system at a level that will accommodate growth and increased wastewater needs

Reduce the amount of inflow and infiltration into the sanitary sewer system

Use City's sewer truck camera to identify problem areas and address them accordingly

Continue to update the City sanitary sewer database

Use our televising software to assist in the programming of sewer spot repairs, protruding taps and mineral deposits

Update a Capacity, Management, Operations and Maintenance (CMOM) Plan to meet WisDNR requirements

DEPARTMENT BUDGET SUMMARY

**CITY OF APPLETON 2018 BUDGET
WASTEWATER UTILITY**

Utility Administration

Business Unit 5411

PROGRAM MISSION

For the benefit of the Wastewater Utility staff, managers will administer the Wastewater facility, while supporting and mentoring operations, biosolids, laboratory, and maintenance staff to ensure that all administrative business functions are completed accurately, timely, and professionally.

PROGRAM NARRATIVE

Link to City Key Strategies:

Implements Key Strategies # 4: "Continually assess trends affecting the community and proactively respond", and # 6: "Create opportunities and learn from successes and failures".

Objectives:

- Continue to comply with all statutory requirements, filing all reports accurately and on a timely basis
- Continue to provide support in developing capital improvement projects, budgets, and process analysis
- Identify cost efficient technologies to assist in taking a proactive approach to administration
- Maintain a safe and healthy work environment for divisional employees
- Provide leadership in the coordination of community relations

Major changes in Revenue, Expenditures or Programs:

As part of the ERP (Enterprise Resource Planning) project the Laboratory & Pretreatment business unit (5424) was combined with the Treatment business unit (5422). Revenue and lab license fees that were previously recorded in the business unit and have been consolidated into the Administration business unit.

Special Hauled Waste revenue reflects a 3% rate increase that is effective January 1, 2018, was approved July 2017.

**CITY OF APPLETON 2018 BUDGET
WASTEWATER UTILITY**

Finance Administration

Business Unit 5412

PROGRAM MISSION

Customer billing and financial system maintenance to be in compliance with generally accepted accounting principles (GAAP).

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 2: "Encourage active community participation and involvement", # 4: "Continually assess trends affecting the community and proactively respond", and # 6: "Create opportunities and learn from successes and failures".

Objectives:

Administrative overhead costs such as interest, depreciation, insurance and other miscellaneous expenses are accounted for in this program.

Major changes in Revenue, Expenditures or Programs:

Meter expense is increasing due to the replacement of the Badger radio read system. The new Sensus meter system value is more than the system that it is replacing, thus increasing the allocation of meter related costs to the Wastewater Utility from the Water Utility. The Wastewater Utility shares the expense of meters because the billing consumption for sewer service is also calculated using the meter system.

The Insurance increase in 2017 and 2018 is due to the allocation of costs related to the Fox River PCB cleanup litigation (not covered by the City's insurance carrier) to the Wastewater Utility and to a surcharge to all departments to address the deficit fund balance in the Risk Management fund arising from several years of unusually high workers' compensation costs. Since the Fox River cleanup litigation has been resolved (please refer to the Risk Management budget), we expect costs related to it to taper off.

WASTEWATER UTILITY**

Treatment

Business Unit 5422

PROGRAM MISSION

For the benefit of the community, we will provide essential services to process wastewater so that an effluent suitable for discharge to the Fox River and a biosolids component suitable for agriculture beneficial reuse is achieved.

PROGRAM NARRATIVE

Link to City Key Strategies:

Implements Key Strategies # 4: "Continually assess trends affecting the community and proactively respond", and # 6: "Create opportunities and learn from successes and failures".

Objectives:

Meet or exceed all State and federal regulatory agency requirements
Monitor and evaluate all operating systems to ensure the most efficient and cost-effective treatment methods are being applied to current operations, and to support future special revenue programs
Maintain an effective relationship with all City departments, public officials, and the community

Major changes in Revenue, Expenditures or Programs:

The AWWTP was reissued a WPDES permit with an effective start date of April 1, 2017. The 2018 treatment budget reflects the purchase of additional iron salts (ferric chloride) to facilitate ongoing full-scale treatment evaluations under higher chemical dosage regimens to determine the ability to consistently and reliably achieve low-level phosphorus criteria established by TMDL legislation and Wisconsin Administrative Code NR 217.

As part of the ERP (Enterprise Resource Planning) project the Laboratory & Pretreatment business unit (5424) was combined with the Treatment business unit (5422). Repair parts expense reflects the costs for parts and material used to repair and maintain equipment by staff; the expense for parts was previously included in the budget in the equipment repair and maintenance line item. The lab fees expense was previously part of the contractor fees budget.

Overtime budget reflects an increase to allow for 15 minutes of overtime at each shift change to allow for communication between staff.

**CITY OF APPLETON 2018 BUDGET
WASTEWATER UTILITY**

Biosolids Management

Business Unit 5423

PROGRAM MISSION

For the benefit of the ratepayers and the agricultural community, we will research and implement cost-effective recycling so that we accomplish beneficial reuse of biosolids produced during wastewater treatment.

PROGRAM NARRATIVE

Link to City Key Strategies:

Implements Key Strategy # 2: "Encourage active community participation and involvement".

Objectives:

The Biosolids Management Program implements storage and final disposition strategies for the biosolids produced in the wastewater treatment process. Program implementation must meet all State and federal standards applicable to the generation and beneficial use of municipal treatment plant biosolids. In addition to regulatory compliance, the program relies on a strong interface with regional authorities and the agricultural community to facilitate land application and composting of biosolids for beneficial use.

Major changes in Revenue, Expenditures or Programs:

The CIP to evaluate the feasibility of local composting of biosolids with leaves and ground brush was completed in 2012. The goal of the project, now transitioned to program, is to diversify the current biosolids management program by creating a cost effective and sustainable alternative beneficial use that complements traditional agricultural land application. A reliable compost outlet would alleviate AWWTP 180-day storage deficiencies by allowing for off-site storage through compost processing. Viable markets remain a primary focus as compost use demonstration projects are pursued to establish a baseline for compost demand. Other objectives include marketing the program and educating the general public within the greater Fox Cities region. This information is pivotal to determine future program viability. On April 1, 2017 the Biosolids Composting Facility was permitted as part of the AWWTP's Wisconsin Pollutant Discharge Elimination System (WPDES) permit. The AWWTP will now formally be able to recognize the compost processing facility located at the Outagamie County Landfill as part of the 180-day biosolids storage requirement. The current compost facility lease with Outagamie County expires in April 2022 which parallels the WPDES permit term.

The increase in contractor fees are reflective of the increase in the contracted biosolids hauling rates beginning in 2018. The budget also reflects additional land application costs resulting from the escalation in biosolids production observed since 2015.

Miscellaneous equipment expense is to purchase compost covers. Lab Fee expense for testing of biosolids, compost and soils was previously part of the Laboratory & Pretreatment business unit and is now included in the Biosolids business unit.

Lift Stations

Business Unit 5425

PROGRAM MISSION

For the benefit of the Appleton sewer consumers, we will operate, monitor, and maintain the lift stations throughout the City to ensure consistent and reliable conveyance of sewage to the wastewater treatment facility.

PROGRAM NARRATIVE

Link to City Key Strategies:

Implements Key Strategies # 4: "Continually assess trends affecting the community and proactively respond" and # 6: "Create opportunities and learn from successes and failures".

Objectives:

Convey the city's industrial, commercial, and residential wastewater that cannot flow by gravity to one of the 14 lift stations where sewage is pumped to the wastewater plant for processing.

Major changes in Revenue, Expenditures or Programs:

The new Spartan Drive lift station will be placed into service late in 2017.

The contractor fees budget is to complete an assessment of needs for the City's lift stations.

PERFORMANCE INDICATORS

**CITY OF APPLETON 2018 BUDGET
WASTEWATER UTILITY**

Utility Capital Improvements

Business Unit 5432

PROGRAM MISSION

For the benefit of Appleton sewer consumers, we will provide necessary improvements to all wastewater facilities, structures, and equipment so that the treatment processes meet current and future needs in a cost-effective manner.

PROGRAM NARRATIVE

Link to City Key Strategies:

Implements Key Strategies # 4: "Continually assess trends affecting the community and proactively respond, and # 6: "Create opportunities and learn from successes and failures".

Objectives:

- Provide resources to upgrade existing plant components and facilities
- Identify and install new systems and equipment for improved treatment processes
- Correct safety hazards when identified

The following are 2018 CIPs:

	<u>2018 Budget</u>	<u>Page</u>
Aeration Blower Replacement	\$ 920,000	Projects, Pg. 643
Belt Filter Press upgrades	70,000	Projects, Pg. 644
Programmable Logic Controller and SCADA system maintenance	158,500	Projects, Pg. 646
Marshall Heights Lift Station upgrades	150,000	Projects, Pg. 645
Electrical Distribution System Replacement	1,470,750	Projects, Pg. 610
Landscaping	25,000	Projects, Pg. 612
Roadway Replacement	290,000	Projects, Pg. 613
S-building air handling unit upgrades	250,000	Projects, Pg. 614
H-building new water line	30,000	Projects, Pg. 618
	<u>\$ 3,364,250</u>	

Major changes in Revenue, Expenditures or Programs:

The budget for this program varies from year to year based on the capital needs of the utility.

Note for future capital planning:

In late 2015, the engineering firm CH2M provided the Utility Department recommendations that could achieve lower phosphorus and total suspended solids treatment limits resulting from Total Maximum Daily Load legislation. Treatment plant upgrades along with a matrix of off-site regulatory compliance options that include Water Quality Trading (WQT) and Adaptive Management (AM) were included as of the recommendations by CH2M. In a WQT program the Utility would purchase phosphorus credits from the agricultural community rather than constructing on-site treatment. Similarly, through AM the Utility would contract with agriculture to establish field practices that reduce phosphorus loading to the watershed. The structure for these "off-site" compliance alternatives remain undeveloped and will result in millions of dollars added to wastewater budgets over future permit cycles to evaluate and create mechanisms necessary for their success. In parallel with ongoing on-site treatment evaluation studies, the Appleton Wastewater Utility will explore AM and WQT opportunities to build experience of how these compliance options may function.

**CITY OF APPLETON 2018 BUDGET
WASTEWATER UTILITY**

Collection Systems

Business Unit 5427

PROGRAM MISSION

Maintain the sanitary sewer system for the health and safety of the community.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 4: "Continually assess trends affecting the community and proactively respond", # 6: "Create opportunities and learn from successes and failures", and # 7: "Communicate our success through stories and testimonials".

Objectives:

- Complete the annual sewer cleaning program and identify those areas with improper connections and defects
- Reduce the amount of inflow and infiltration into the sanitary sewer system

Major changes in Revenue, Expenditures or Programs:

The fluctuation in contractor fees from year to year is the result of the root control program. Because the City does not have an extensive root problem, we are able to conduct this program every other year, which also results in better bid prices. The 2018 budget shows a reduction in contractor fees as a result.

Per the Sanitary Lateral Policy, \$10,000 has been added to consulting services to begin the lateral televising in advance of replacing them in 2019.

The amount budgeted in equipment repair and maintenance is to be used for preventive maintenance for the Rover X sewer camera to extend the life of the camera.

Public Works Capital Improvements

Business Unit 5431

PROGRAM MISSION

Identify, design, and implement the capital construction program to maintain and expand the sanitary sewer system for the benefit of current and future users of the system.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies # 1: "Prompt delivery of excellent services", # 2: "Encourage active community participation and involvement", # 4: "Continually assess trends affecting the community and proactively respond", # 6: "Create opportunities and learn from successes and failures", and # 7: "Communicate our success through stories and testimonials".

Objectives:

- Identify failing or improperly sized sewers and incorporate them into our five year plan
- Identify the need for future system expansions and incorporate them into our five year plan
- Design replacement systems or system expansions to meet current and future demands
- Reduce the amount of inflow and infiltration into the sanitary sewer system

The following are 2018 CIPs:

	<u>2018 Budget</u>	<u>Page</u>
Sanitary Sewer Construction	\$ 2,235,551	Projects, Pg. 602

Major changes in Revenue, Expenditures or Programs:

No major change.

PERFORMANCE INDICATORS

	<u>Actual 2015</u>	<u>Actual 2016</u>	<u>Target 2017</u>	<u>Projected 2017</u>	<u>Target 2018</u>
Client Benefits/Impacts					
Reduction of wastewater treatment cost					
# of manholes - rehab/rebuilt	23	34	25	25	25
Collection system rating from CMAR	A	A	A	A	A
# of laterals replaced	106	134	200	200	200
Strategic Outcomes					
Improvements to the sanitary sewer system					
Total miles of sanitary sewer	323	325	324	324*	324
% of total miles of sanitary sewer reconstructed	0.46%	0.60%	0.52%	0.52%	0.50%
Work Process Outputs					
Restoration of sanitary sewers					
Miles of existing sanitary sewer reconstruction	1.47	1.95	1.70	1.70	1.84
Expansion of sanitary sewer system					
Miles of new sanitary sewer added	0.49	1.04	0.23	0.23	0.69
Reduction of treatment costs					
# of seals installed	94	94	100	100	100

* Total Miles of sanitary sewer main decreased due to the City abandoning 2975 feet while installing only 494 feet of new sewer main.

Working Cash - End of Year	<u>\$ 9,527,186</u>	<u>\$ 6,874,566</u>	<u>\$ 6,004,612</u>	<u>\$ 6,456,889</u>	<u>\$ 6,908,169</u>	<u>\$ 5,537,677</u>	
25% Working Capital Reserve (prior year's audited expenses)		2,055,697	1,885,269	1,949,915	2,073,829	2,175,572	
Coverage Ratio		3.15	3.20	2.72	2.74	2.01	1.79

ASSUMPTIONS:

Borrow 70% of capital expenditures as detailed in plan starting in 2019.
Interest rate at 4%; twenty year term for borrowings starting in 2019
Projected rate increase 1/4% for additional customer base each year.
Operating expenses to increase 3.0% per year after 2018
Maintain a level of 25% working capital reserve and 1.20 coverage ratio as required by bond covenants

RESULTS:

Rates and borrowing needs should be monitored on an annual basis for adjustment based on actual results or changes in circumstances. A 10% rate increase is projected for 1/1/2020 to provide cash flow needed and to cover operating expense and to meet the debt coverage ratio. The current rates were effective 7/1/2011.

CITY OF APPLETON 2018 BUDGET

STORMWATER UTILITY

Public Works Director: Paula A. Vandehey

Deputy Director/City Engineer: Ross M. Buetow

Deputy Director of Operations-DPW: Nathan D. Loper

CITY OF APPLETON 2018 BUDGET STORMWATER

MISSION STATEMENT

The Stormwater Utility was created to provide for the management of surface water run-off in the City of Appleton. It exists to limit flooding and protect water quality.

DISCUSSION OF SIGNIFICANT 2017 EVENTS

Updated the following City Stormwater Plans per new WDNR standards: Illicit Discharge Detection and Elimination

Completed final construction of Northland Pond in West Wisconsin drainage study area

Continued to improve practices for inspecting and maintaining City stormwater facilities by using available resources such as GIS mapping and the DPW horticulturist position

Hauled leaves and debris to the Outagamie County pilot compost site to reduce haul distances and associated costs

Continued implementing the selected alternatives of detailed drainage studies as streets come up for reconstruction, to reduce flooding and to take advantage of opportunities to implement water quality practices

Continued to implement the on-going Field Screening Program for the illicit discharge requirements of the City's NR216 Permit

Continued implementing the following programs as required by the City's NR216 permit: Public Education, Public Participation, Erosion Control, Pollution Prevention, Illicit Discharge Detection/Elimination, and Post-Construction Stormwater Management Plan review

Continue to inspect and maintain the stormwater facilities on Appleton Area School District (AASD) property (added in 2016) including ponds, bio-filters, and large sump manholes per the cooperative agreement with AASD.

Currently maintaining a total inventory of 40 wet ponds, 8 dry ponds, 4 bio-filters, and several miles of engineered channels

Continued working toward compliance with the new WDNR NR216 Water Quality Permit / Fox River TMDL

Continued to coordinate with WisDOT on 441/Oneida Street project to facilitate possible future expansion of the Valley Road detention basin to improve flood reduction and runoff quality

Completed construction of Arbutus Park storm sewer lift station rehabilitation

Continued design, permitting, and property acquisition for Leona Pond

Completed 60% engineering for Spartan Drive storm sewers, stormwater management practices, and stream crossings

Assisted Community Development with permitting issues, delineated wetlands and other stormwater planning issues

Received \$349,790 funding from the DNR Municipal Flood Control Grant for Northland Pond

Administered installation of native vegetation for Facilities & Construction Management at the new Erb Pool Pond

Constructed CTH JJ/Lightning Stormwater Pond jointly with Outagamie County for JJ/Lightning Drive reconstruction project

Constructed Cotter Street Pond to reduce flooding in Leonard Street Basin Study Area

Installed two new storm sewer outfalls to the Fox River per Spencer-Locust Basin Study

Completed drainage study for urbanization of Alvin Street and Evergreen Drive east of Richmond Street

CITY OF APPLETON 2018 BUDGET STORMWATER

MAJOR 2018 OBJECTIVES

Continue implementing the following programs as required by the City's NR216 permit: Public Education, Public Participation, Erosion Control, Pollution Prevention, Illicit Discharge Detection/Elimination, Post-Construction Stormwater Management Plans, including implementing the eighth year of on-going Field Screening Program for the Illicit Discharge requirements of the City's NR216 Permit

Continue to identify and pursue water quality practices toward continual progress in achieving compliance with TMDL water quality standards

Continue to improve practices for inspecting and maintaining City stormwater facilities by using available resources such as GIS mapping and the DPW horticulturist position

Continue to haul leaves and debris to the Outagamie County pilot compost site to reduce haul distances and associated costs

Continue to address flooding concerns by refining and implementing recommendations from completed drainage studies throughout the City

Continue working with WisDOT to find joint stormwater solutions on STH 441 Project

Continue to acquire land, complete bid documents, grant applications, and permit applications for Leona Street Pond Project

Construct Spartan Drive storm sewer and stream crossing between STH 47 and Haymeadow Avenue

Reconstruct Ballard Road storm sewer from Wisconsin Avenue to Fox River for flood reduction

Continue to update GIS measurements for all commercial properties for utility billing

Construct storm sewers and stormwater management facilities for reconstruction of Evergreen Drive east of STH 47 and Alvin Street jointly with Town of Grand Chute to meet future development needs.

CITY OF APPLETON 2018 BUDGET

STORMWATER

Administration

Business Unit 5210

PROGRAM MISSION

To provide administrative and planning support to insure safe, reliable and environmentally sound stormwater management.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #1: "Prompt delivery of excellent services", #2: "Encourage active community participation and involvement", #3: "Recognize and grow everyone's talents", #4: "Continually assess trends affecting the community and proactively respond", #6: "Create opportunities and learn from successes and failures", and #7: "Communicate our success through stories and testimonials".

Objectives:

- Continue to educate the community on stormwater issues and assessment billing policies
- Insure that all construction and repair of our facilities is in compliance with the Department of Natural Resources regulations
- Continue to research other funding sources for stormwater programs and submit requests when applicable
- Develop short and long range plans that meet regulations and provide for the stormwater needs of the community and the watershed
- Continue to train employees on stormwater regulations
- Show continual progress toward meeting TMDL water quality standards

Major changes in Revenue, Expenditures, or Programs:

Drainage studies have been completed for all major drainage areas in the City. Flood report analysis funds will be used to develop details and answer questions related to existing internal flood reports and to help refine and clarify existing study areas.

The increase in depreciation and interest expense is due to the expansion of infrastructure. As debt is issued each year to fund infrastructure costs interest expense continues to rise as the total debt issued is increasing each year; depreciation expense also increases as more infrastructure is added and the cost of the infrastructure is increasing each year.

Facility Maintenance

Business Unit 5220

PROGRAM MISSION

To plan and implement a maintenance program that keeps the stormwater system in a safe and environmentally sound condition.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #1: "Prompt delivery of excellent services", #4: "Continually assess trends affecting the community and proactively respond", #6: "Create opportunities and learn from successes and failures", and #7: "Communicate our success through stories and testimonials".

Objectives:

- Continue to have a proactive maintenance program to identify major repair areas
- Reduce the number of failures and insure the system is operating properly
- Encourage good housekeeping practices on private developments, which will reduce the City's maintenance cost and improve water quality
- Reduce the response time per facility through an effective maintenance program
- Implement adaptive management plans for stormwater facilities to improve management techniques and response times for facilities maintenance

Major changes in Revenue, Expenditures, or Programs:

The amount budgeted in equipment repair and maintenance is to be used for preventive maintenance for the Rover X sewer camera to extend the life of the camera.

Leaf Collection

Business Unit 5225

PROGRAM MISSION

Collect leaves from city streets and dispose of them in a safe and environmentally productive manner

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #1: "Prompt delivery of excellent services", #4: "Continually assess trends affecting the community and proactively respond", #6: "Create opportunities and learn from successes and failures", and #7: "Communicate our success through stories and testimonials".

Objectives:

- Continually search for ways to improve communication with the public on leaf collection schedules
- Research and evaluate alternative methods of leaf collection and long term disposal
- Adjust leaf collection routes to avoid picking up leaves on the same day as collecting refuse
- Minimize secondary hauling costs of leaves, transporting to Outagamie County compost site, hauling to farm fields and grinding into mulch by working with a composting company

Major changes in Revenue, Expenditures, or Programs:

Actual leaf collections vary from year to year depending on the weather. It is projected to complete three cycles of collection in 2018. The cost per cubic yard collected is based more on the condition of leaves collected than the number of cycles (wet soggy vs. dry fluffy).

PERFORMANCE INDICATORS

CITY OF APPLETON 2018 BUDGET

STORMWATER

Capital Construction

Business Unit 5230

PROGRAM MISSION

Design, build, and replace stormwater facilities for the current users to insure compliance with established regulations, to protect surrounding infrastructure and the environment, to increase the acres of land available for development and to prevent major system failures.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #1: "Prompt delivery of excellent services", #2: "Encourage active community participation and involvement", #4: "Continually assess trends affecting the community and proactively respond", #6: "Create opportunities and learn from successes and failures", and #7: "Communicate our success through stories and testimonials".

Objectives:

- Continue to inform property owners of future construction in a timely manner
- Design projects to meet regulations and provide cost effective solutions for the community and the watershed
- Monitor projects to insure compliance with deadlines, specifications, and regulations
- Comply with the NR216 Stormwater permit requirements
- Continue implementing the Citywide stormwater management plan and regional flood studies selected alternatives

Major changes in Revenue, Expenditures, or Programs:

- Included funds for purchase of land for proposed Leona Street stormwater pond, to help meet flood reduction and water quality goals (construction planned for 2019).
 - Included funds for reconstruction of Ballard Road storm sewer south of Wisconsin Avenue to help meet flood reduction goals.
 - Included funds for new storm sewers and stormwater management facilities for urbanization of Alvin Street and Evergreen Drive east of STH 47.
 - Included funds for storm sewers and box culvert construction in Spartan Drive from STH 47 to Haymeadow Avenue.
- Please see the Stormwater 5-year capital improvement plan on page 582 for further details.

Working Cash - End of Year	<u>\$ 8,574,035</u>	<u>\$ 8,740,953</u>	<u>\$ 9,781,459</u>	<u>\$ 10,910,007</u>	<u>\$ 11,631,398</u>	<u>\$ 12,602,000</u>	
25% Working Capital Reserve (prior year's audited expenses)		1,231,635	1,247,292	1,287,130	1,320,110	1,356,560	
Coverage Ratio		1.44	1.34	1.47	1.44	1.36	1.37

ASSUMPTIONS:

Borrow approximately 75% of capital expenditures as detailed for capital improvements in years 2018-2022
Interest rate at 4% for future debt issues
ERU's to increase at a rate of 1/2% per year after 2018
Operating expenses to increase 3.0% per year after 2018
Maintain a level of 25% working capital reserve and 1.20 coverage ratio as required by bond covenants

RESULTS:

Rate increased 24% effective July 1, 2013 to \$155 per ERU replacing the rate of \$125 per ERU that has been in effect since July 1, 2010. The rate increase that was planned for July 1, 2016 as part of the plan presented to Council on June 15, 2011 was not needed. The next rate increase is planned at 15% on January 1, 2019. Rates will be monitored on an annual basis for adjustment based on actual results or changes in circumstances.

Note: Schedule is based on accrual method of accounting. Revenue bonds in amount of \$4,200,000 will be issued in 2018. Expected interest expense of the issue in 2018 is \$42,000 at 4%.

CITY OF APPLETON 2018 BUDGET RESOLUTION

Resolved,

The 2018 Executive Budget and Service Plan as published in the newspaper and subsequently amended by the Common Council, be adopted as amended. There be levied upon the taxable property of the several wards of the City of Appleton the sum of \$34,835,750 for General Fund purposes;

Be it further resolved,

There be levied upon the taxable property of the several wards of the City of Appleton the sum of \$5,241,380, for Debt Service Funds;

There be levied upon the taxable property of the several wards of the City of Appleton the sum of \$2,047,968 for Special Revenue Funds;

There be levied upon the taxable property of the several wards of the City of Appleton the sum of \$300,000 for Capital Projects Funds;

The Department of Finance be authorized to sell general obligation promissory notes and/or bonds in the amount of \$19,401,351, including contracting with bond counsel, financial advisors and rating agencies, as necessary. Further, an official statement be prepared and distributed by the Director of Finance in support of the sale.

The Director of Finance be authorized to sell water, sewer, or stormwater revenue supported bonds in the amount of \$8,000,000, including contracting with bond counsel, financial advisors and rating agencies, as necessary. Further, an Official Statement be prepared and distributed by the Director of Finance in support of the sale.

Be it further resolved,

That all projects included herein are not appropriated or authorized to proceed until non-tax funding sources are committed without recourse.

CITY OF APPLETON

2018 BUDGET

GLOSSARY

ADA: Americans with Disabilities Act.

AD VALOREM TAX: A tax based on value (e.g., a property tax).

AGENCY FUND: A fund consisting of resources received and held by the governmental unit as an agent for others; for example, taxes collected and held by a municipality for a school district.

APPLIED EQUITY: An amount projected to be available from current and past years' equity balances to be consumed in lieu of raising taxes or other revenues. Application of equity prevents unneeded equity from accumulating, and should be utilized in a planned conservative manner.

APPROPRIATION: An authorization granted by the legislative body to make expenditures and to incur obligations for specific purposes.

ASSESSED VALUATION: A valuation set upon real estate or other property by a government as a basis for levying taxes.

ASSESSMENT: (1) The process of making the official valuation of property for taxation. (2) The valuation placed upon property as a result of this process.

ASSESSMENT ROLL: In the case of real property, the official list containing the legal description of each parcel of property and its assessed valuation. In the case of other property, the official list containing the name and address of each owner of such property and its assessed value.

BALANCED BUDGET: A balanced budget is one in which total anticipated revenues equal or exceed total budgeted expenditures for each fund. Budgets may also be balanced by use of unallocated reserves available if fund balance policies permit.

BASIS OF ACCOUNTING/BASIS OF BUDGET: The basis of budget or of accounting refers to the timing of revenue and expenditure recognition. With few exceptions, the budget is prepared on the same basis as the City's annual financial statements, which is the modified accrual basis for all governmental funds and the accrual basis for proprietary funds. Under the modified accrual basis, revenues are recognized when they become measurable and available and expenditures generally when the related liability is incurred. Under the accrual basis, revenues are recognized when they occur, regardless of the timing of related cash flows. One significant difference between the basis of accounting and the basis of budget is in the treatment of capital expenditures in the proprietary funds, which are included in operating expenditures for budget purposes.

BOND: Most often, a written promise to pay a specified sum of money (called the face value or principal amount), at a specified date or dates in the future, called the maturity date(s), together with periodic interest at a specified rate. Sometimes, however, all or a substantial portion of the interest is included in the face value of the security. The difference between a note and a bond is that the latter is issued for a longer period (over ten years) and requires greater legal formality.

BOND ANTICIPATION NOTES: Short-term notes of a municipality sold in anticipation of bond issuance, which are full faith and credit obligations of the governmental unit and are to be retired from the proceeds of the bonds to be issued.

BOND DISCOUNT: The excess of the face value of a bond over the price for which it is acquired or sold.

CITY OF APPLETON

2018 BUDGET

GLOSSARY

BOND FUND: A fund established to receive and disburse the proceeds of a governmental bond issue.

BOND PREMIUM: The excess of the price at which a bond is acquired or sold, over its face value.

BUDGET: A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a single fiscal year. The term “budget” is used in two senses in practice. Sometimes it designates the financial plan presented to the appropriating governing body for adoption and sometimes, the plan finally approved by the body.

BUDGET ADJUSTMENT: A legal procedure requiring Council action to revise a budget appropriation. (City staff has the prerogative to adjust certain expenditures within a department budget.)

BUDGET MESSAGE: A general discussion of the budget as presented in writing by the budget making authority to the legislative body. The budget message should contain an explanation of the principal budget items, an outline of the government’s experience during the past period and its financial status at the time of the message and recommendations regarding the financial policy for the coming period.

BUDGET PROCESS: The budget process consists of activities that encompass the development, implementation, communication and evaluation of a plan for the provision of services and capital assets that allows for public input.

CAPITAL BUDGET: A plan for acquisition or construction of assets embodying an estimate of proposed expenditures for a given period and the proposed means of financing them.

CAPITAL OUTLAY: Expenditures for equipment, vehicles or machinery with multi-year useful lives.

CAPITAL PROJECT FUND: Capital project funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by enterprise and trust funds.

CENTRAL EQUIPMENT AGENCY (CEA): To account for the user fees and costs associated with the operation and maintenance of various City owned vehicles.

CERTIFIED PUBLIC ACCOUNTANT: An accountant to whom a state has given a certificate showing that he/she has met prescribed requirements designed to insure competence on the part of the public practitioner in accounting and that he/she is permitted to use the designation Certified Public Accountant, commonly abbreviated as C.P.A.

CHARGES FOR SERVICES: User charges for services provided by the City to those specifically benefiting from those services.

CMAR: Compliance Maintenance Annual Report – a required report of the Wastewater utility.

COMMITTEE OF JURISDICTION: A City committee which is responsible for evaluating the programs under its jurisdiction to determine program definition, goals and objectives, costs, efficiency and effectiveness.

CITY OF APPLETON

2018 BUDGET

GLOSSARY

CONTRACTUAL SERVICES: Services rendered to the City by private firms, individuals, or other government agencies. Examples include pest control, equipment maintenance, and professional services.

DEBT: A financial obligation resulting from the borrowing of money. Debts of governments include bonds, notes and land contracts.

DEBT LIMIT: The maximum amount of legally permitted outstanding gross or net debt.

DEBT SERVICE FUND: A fund established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Sometimes referred to as a sinking fund.

DEFERRED SPECIAL ASSESSMENTS: Special assessments which have been levied but are not yet due.

DEFICIT: The excess of an entity's liabilities over its assets (see Fund Balance), the excess of expenditures or expenses over revenues during a single accounting period.

DELINQUENT SPECIAL ASSESSMENTS: Special assessments remaining unpaid on and after the date on which a penalty for non-payment is attached.

DEPARTMENT: A major administrative subset of the City, which has overall management responsibility for an operation or a group of related operations within a functional area. A department is often comprised of several divisions. City Departments include: Administrative Services, Inspection, Police, Fire, Health, Planning & Development, Public Works, Library, Water, and Parks & Recreation.

DEVELOPER FUNDED INCENTIVE: Developer finances its own improvements in a TIF district but signs an agreement with the City guaranteeing that it receives a certain portion of the taxes on the value of the increment for a set number of years or until an agreed upon amount has been attained. Each agreement varies and will also have certain thresholds the developer must attain in order to receive the increment.

DIRECT DEBT: The debt, which a governmental unit has incurred in its own name or assumed through the annexation of territory.

DMR: Discharge Monitoring Report— a required report of the Wastewater utility.

ENCUMBRANCE: Commitments related to unperformed (executory) contracts for goods or services. Used in budgeting, encumbrances are not GAAP expenditures or liabilities, but represent the estimated amount of expenditures ultimately to result if unperformed contracts in process are completed.

ENTERPRISE FUNDS: (1) A fund established to account for operations financed and operated in a manner similar to private business enterprises (e.g. water, gas and electric utilities; airports; parking garages; or transit systems). In this case the governing body intends that cost (i.e. expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. (2) A fund established because the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

CITY OF APPLETON

2018 BUDGET

GLOSSARY

EQUALIZED VALUE: The State's estimate of the full value of property; used to apportion property tax levies of counties, school districts and municipalities among tax districts.

ERU: Equivalent Residential Unit - the basis of charges for stormwater management, equal to 2,368 square feet of impervious surface.

EXECUTIVE BUDGET: The aggregate of information, proposals and estimates prepared and submitted to the legislative body by the chief executive officer.

EXPENDABLE TRUST FUND: A trust fund whose resources, including both principal and earnings, may be expended. Expendable trust funds are accounted for in essentially the same manner as governmental funds.

EXPENDITURES: Decreases in net financial resources. Expenditures include current operating expenses requiring the present or future use of net current assets, debt service and capital outlays, and intergovernmental transfers. Expenditures exist in governmental funds.

EXPENSES: Outflows or other using up of assets or incurrences of liabilities (or a combination of both) from delivering or producing goods, rendering services or carrying out other activities that constitute the entity's ongoing major or central operations. Expenses exist in enterprise and internal service funds.

FACILITIES CHARGES: The fees charged by the Facilities and Construction Management Internal Service Fund for building and equipment maintenance services performed. This fund was formerly known as Central Building Management (CBM) and was discontinued and merged with the Water and Wastewater Utilities as of the 2003 budget, in conformance with the requirements of Governmental Accounting Standards Board Standard #34 (GASB 34). It has been re-established with a City-wide mandate as of the 2007 budget.

FIDUCIARY FUNDS: Funds used to account for assets held by a government in a trustee capacity for individuals, private organizations, other governments and/or other funds.

FISCAL PERIOD: Any period at the end of which a governmental unit determines its financial condition and the results of its operations and closes its books. Note: it is usually a year, though not necessarily a calendar year.

FRINGE BENEFITS: Expenditure items in the operating budget paid on behalf of the employee. These benefits include health insurance, life insurance, long-term disability insurance, retirement, FICA, and workers compensation insurance.

FUND: A fiscal and accounting entity that has self-balancing accounts and financial transactions for specific activities or government functions. Seven commonly used fund types in governmental accounting are: general fund, special revenue funds, debt service funds, capital project funds, enterprise funds, trust and agency funds and internal service funds.

FUND BALANCE: The excess of fund assets over its liabilities. A negative fund balance is sometimes called a fund deficit.

GENERAL FUND: The General Fund accounts for most of the financial resources of the government. General Fund revenues include property taxes, licenses and permits, charges for services and intergovernmental revenues. This fund includes most of the operating services: public protection, park

CITY OF APPLETON

2018 BUDGET

GLOSSARY

and recreation, library, public works, health services, community development and general administration.

GAAP: Generally Accepted Accounting Principles.

GASB: Governmental Accounting Standards Board.

GENERAL LEDGER: A book, file or other device, which contains the accounts necessary to reflect in summary or in detail the financial operations and the financial condition of a governmental unit.

G.O. (GENERAL OBLIGATION) BONDS/NOTES: Bonds/Notes that finance public projects such as streets, buildings and improvements. The repayment of these bonds are backed by the “full faith and credit” of the issuing government.

GOVERNMENTAL FUND TYPES: Funds used to account for the acquisition, use and balances of expendable financial resources and the related current liabilities - except those accounted for in proprietary and fiduciary funds. In essence, these funds are accounting segregations of financial resources. Expendable assets are assigned to a particular governmental fund type according to the purposes for which they may or must be used. Current liabilities are assigned to the fund type from which they are to be paid. The difference between the assets and liabilities of governmental fund types is referred to as fund balance. The measurement focus in these fund types is on the determination of financial position and changes in financial position (sources, uses and balances of financial resources), rather than on net income determination. The statement of revenues, expenditures and changes in fund balance is the primary governmental fund type operating statement. It may be supported or supplemented by more detailed schedules of revenues, expenditures, transfers and other changes in fund balance. Under current GAAP, there are four governmental fund types: general, special revenue, debt service and capital projects.

GREEN DOT PROGRAM: The “Green Dot” program is a sidewalk maintenance program for existing public sidewalks. This program targets a specific area of the City each year where the Department of Public Works inspects and repairs/replaces sidewalks as needed. Treatments can range from grinding to saw cutting to complete replacement. The budget for the Green Dot program is based on completing approximately 5% of the sidewalks in the City each year.

IN LIEU OF TAXES: A contribution by benefactors of City services who are tax exempt, i.e. certain utilities and non-profit organizations who either choose to, or are required to pay a “tax equivalent amount”.

INDIRECT COSTS: Costs associated with, but not directly attributable to, the providing of a product or service. These costs are usually incurred by other departments in the support of operating departments.

INTEREST INCOME: Interest earned on funds, which are not immediately needed by the City.

INTERFUND TRANSFERS: Amounts transferred from one fund to another, primarily as reimbursements for services provided.

INTERGOVERNMENTAL REVENUE: Revenue received from another government in the form of grants and shared revenues. Typically, these contributions are made to local governments from the State and Federal governments and are made for specified purposes.

CITY OF APPLETON

2018 BUDGET

GLOSSARY

INTERNAL SERVICE FUND: Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the County or to other governments on a cost reimbursement basis.

LAPSING/NON-LAPSING BUDGET: A lapsing budget is one for which spending authority terminates at year-end. All operating and capital budgets are considered lapsing with the exception of grant Special Revenue funds that are legally restricted for certain purposes (such as Housing and Community Development Grants).

LEVY: (1) (Verb) To impose taxes, special assessments or service charges for the support of government activities. (2) (Noun) The total amount of taxes, special assessments or service charges imposed by a government.

MA: Medical Assistance, a program funded by the State of Wisconsin to help provide necessary medical care and vaccinations to persons in need.

MODIFIED ACCRUAL: Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., when they are both measurable and available and expenditures are recorded when the related fund liability is incurred.

MUNICIPAL CORPORATION: A political and corporate body established pursuant to state statutes to provide government services and regulations for its inhabitants. A municipal corporation has defined boundaries and a population and usually is organized with the consent of its residents.

NONEXPENDABLE TRUST FUND: A trust fund, the principal of which may not be expended. Nonexpendable trust funds are accounted for in essentially the same manner as proprietary funds.

OPERATING BUDGET: A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them.

PERFORMANCE MEASUREMENT/PERFORMANCE OBJECTIVES: Various criteria for evaluating the outcomes of various programs, often non-financial measures. General categories include outcomes from the perspective of the direct recipient of the service (client benefits), outcomes from the broader perspective of the City (strategic outcomes), and volume measures or outputs (work process outputs) and efficiency measures (cost per unit).

PROGRAM: A logical grouping of department activities, which serve the same broad objective. Program structure may be distinguished from organization structure because a program concerns objectives, while an organization concerns administration. The program structure, from lowest to highest level, is activity - sub program - program - major program.

PROJECT: A special activity involving expenditures and revenues from State and Federal agencies, e.g., Public Works construction projects.

PROPRIETARY FUND TYPES: The classification used to account for a government's ongoing organizations and activities that are similar to those often found in the private sector (i.e., enterprise and internal service funds). All assets, liabilities, equities, revenues, expenses and transfers relating to the government's business and quasi-business activities are accounted for through proprietary funds. The GAAP used are generally those applicable to similar businesses in the private sector and the measurement focus is on determination of net income, financial position and changes in financial

CITY OF APPLETON

2018 BUDGET

GLOSSARY

position. However, where the GASB has issued pronouncements applicable to those entities and activities, they should be guided by these pronouncements.

RESERVES: A segregation of a portion of the unappropriated fund balance for a definite purpose.

RESERVE FOR ENCUMBRANCES: A reserve account that represents open encumbered contracts and purchase orders.

REVENUE: Funds that the government receives as income. It includes such items as taxes, fees from specific services, receipts from other governments, fines, forfeitures, grants, shared revenues and interest income.

REVENUE BONDS: Bonds that finance assets of Enterprise funds. The repayment of these bonds are backed by the revenue stream of the individual enterprise.

SCADA SYSTEM: System Control and Data Acquisition system.

SHARED REVENUES: Revenues levied by one government but shared on a predetermined basis, often in proportion to the amount collected at the local level, with another government or class of governments.

SPECIAL ASSESSMENT: A compulsory levy made against certain properties to defray all or part of the cost of a specific capital improvement or service deemed to benefit primarily those properties.

SPECIAL REVENUE FUNDS: Special Revenue funds are used to account for the proceeds from specific revenue sources that are legally restricted to expenditures for specific purposes.

TID (TAX INCREMENT DISTRICT) or TIF (TAX INCREMENT FINANCING DISTRICT): A legal entity created by local resolution under State Statute 66.46 to promote improvements, jobs, etc. The taxes generated from the assessed value "increment" above the base year is used to finance the costs of the improvements which generate the increased assessed valuation.

TAX LEVY: The total amount to be raised by general property taxes for operating and debt service purposes.

TAX LIENS: Claims governments have upon properties until the taxes levied against them have been paid. This term is sometimes limited to those delinquent taxes the government has taken legal action to collect through the filing of liens.

TAX RATE: The amount of tax levied for each \$1,000 of valuation. The equalized (full) value tax rate is calculated using the equalized value of the City. The assessed value tax rate is calculated using assessed value. The tax rate per \$1 of valuation is known as the mill rate.

TAX ROLL: The official list showing the amount of taxes levied against each taxpayer or property.

TAX YEAR: The calendar year in which ad valorem property taxes are levied to finance the ensuing calendar year budget.

TAXES: Compulsory charges levied by a government for the purpose of financing services performed for the common benefit of the people.

CITY OF APPLETON

2018 BUDGET

GLOSSARY

TRUST FUNDS: Funds used to account for assets held by a government in a trustee capacity for individuals, private organizations, other governments and/or other funds.

WHEEL TAX: The Appleton City Council adopted a \$20 per vehicle wheel tax in 2014 to replace special assessments as a funding mechanism for road reconstruction projects. The fee is collected by the State Department of Transportation (which retains 17 cents per vehicle) and remitted to the City on a monthly basis. Per Council action, all proceeds of the wheel tax are restricted to road reconstruction expenditures only.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM DEVELOPMENT

It is the policy of the City of Appleton to maintain a Capital Improvement Program both to provide physical facilities that are responsive to the needs and demands of the public and City government and to be supportive of the long and short range economic, social and environmental development policies of the City.

Development of the Five-Year Capital Improvement Program entails planning by departments, both singly and in concert with other departments, and communication among departments and with the Mayor and the Finance Director. Project requests are submitted by departments along with their operating budget requests. An effort is made to describe projects in their entirety; for example, projects involving multiple departments or funding sources will be described on a single project request form to enhance interdepartmental project coordination. Project and operating budget requests are reviewed together by the Mayor in order to develop an integrated and coordinated capital program and to balance the operating budget impacts of projects and their funding sources. Particular attention is paid to balancing the costs of debt service with operating and cost efficiencies and economic development resulting from various capital investments. The Five-Year Capital Improvement Program is updated each year as an essential component of budget development.

The process results in the publication of a Five-Year Capital Improvement Program as part of the overall Operating Budget and Service Plan which serves as a planning tool for future growth and development in the City. Funds are appropriated in the budget for the current year only of the Capital Improvement Program, with each subsequent year being separately authorized with that year's operating budget. Sound planning, detailed project descriptions and accurate cost estimates by department staff aid in the formulation of a program that is used as a valuable management tool in accomplishing needed capital improvements within the City's ability to pay.

**CITY OF APPLETON 2018 BUDGET
CAPITAL IMPROVEMENTS PROGRAM
PROJECT DEFINITIONS**

CAPITAL IMPROVEMENT PROJECT

A permanent addition to the City's assets of major importance and cost. The cost of land acquisition, construction, renovation, demolition, equipment and studies are included. Project assets should have a multi-year useful life or extend the useful life of an existing asset. The "program" includes projects costing \$25,000 or greater.

PROJECT COMPONENTS

Plans: Expenditures for feasibility studies, preliminary plans, and final plans required in the development of a capital improvement project.

Land Acquisition: Expenditures for the purchase of land.

Construction: Expenditures for construction of roads, bridges, new buildings or facilities, expansion, extension or for the demolition of existing facilities.

Other: Expenditures for accessory equipment of a newly constructed, rehabilitated or acquired facility. In addition, some acquisitions of major equipment purchases will be considered capital improvements.

FUNDING

Tax Levy (Pay-As-You-Go): Funds generated through local taxes. In general, the City seeks to fund ongoing infrastructure (i.e. streets, sidewalks) and relatively small projects through the levy.

Note/Bond: This source of funding is generated through the borrowing of funds (principal) at a cost (interest). General Obligation Notes and Revenue Bonds are the main instruments used. The City typically sells five to eight year serial notes and pays off a portion of the principal each year. In general, the City seeks to fund one-time major infrastructure projects (bridges, buildings) with borrowed capital in order to spread the fiscal impact over several years.

User Fees: Charges assessed based on the cost of capacity of the system and the volume of service provided to the customer.

Other: Funds provided by the State of Wisconsin and/or the U.S. Federal Government (grants), contributions by developers to finance their projects, donations or interjurisdictional payments (contractual agreement to provide services to other jurisdictions who then share in the cost of the project, thus reducing the cost to the City).

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM, 2018 - 2022

The chart above illustrates the history of total annual budgeted capital expenditures in comparison with the average for 2015 - 2022. The spike in 2017 included demolition and replacement of facilities in Erb Park, including the swimming pool, changing rooms, pavilion and parking area. 2017 also included funds for construction of the Fox Cities Exhibition Center, the design and development of Jones Park, the construction of the Northland stormwater detention pond and stormwater facilities reconstruction on a section of South Oneida Street, scheduled for street reconstruction in 2018. The rise in 2019 include potential design and/or land costs for a new library, costs related to demolition of the Blue parking ramp (along with costs for design of a new ramp) and costs to address biosolids storage issues at the Wastewater Treatment plant. The spike in 2020 include costs related to the construction of a new library, the construction of a new downtown parking ramp, and improvements to the hauled waste receiving station at the Wastewater Treatment plant.

CITY OF APPLETON 2018 BUDGET

CAPITAL IMPROVEMENTS PROGRAM FUNDING SOURCES

This graph represents how the Capital Improvements Program budget is financed. In general, tax levy revenue is used to fund a portion of ongoing infrastructure (i.e. streets, sidewalks) needs as well as other small projects. General obligation (G.O.) notes are used to fund larger capital projects as well as ongoing infrastructure, facility, equipment and quality of life (parks, trails, pools, etc.) capital needs. Revenue bonds are utilized by the Water, Wastewater and Stormwater Utilities to fund utility infrastructure, facility and equipment needs. Revenue bonds are not general obligations of the City but are payable from revenues generated by the respective utility. Other revenue includes funding sources such as the State of Wisconsin or U.S. Government, developer contributions, intergovernmental agreements, or donations.

CITY OF APPLETON 2017 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Miscellaneous Site Acquisition and Projects - Appleton Redevelopment Authority (ARA)

PROJECT DESCRIPTION

Justification:

The focus of the ARA is to promote economic and community development by investing in and growing the community by eliminating blighted areas throughout the community. The goal of ARA is to provide for redevelopment activities throughout the City as necessary to maintain and enhance viable residential, commercial and industrial development.

The City's updated Comprehensive Plan 2010-2030, including the downtown plan and Fox River plan chapters, and the economic development strategic plan have identified areas where redevelopment may be appropriate. The ability of the City to acquire properties in these areas as they become available will enhance our ability to influence meaningful redevelopment. Supporting the retention, growth and long-term economic vitality of Appleton's businesses is also a priority.

This request is for funding Appleton Redevelopment Authority to complete next steps in the redevelopment of properties and projects that become available within areas of the City that are in need of redevelopment. These redevelopment projects will become part of a developed plan to revive depressed areas of the City. Funding is requested for acquisition, demolition and site preparation activities; including infrastructure improvements, planning, consulting and analysis to support redevelopment projects and brownfield mitigation. Due to the confidential nature of the preliminary development stages, the specific locations cannot be shared at this time.

Discussion of operating cost impact:

The final impact on operating costs is undetermined at this time since the properties and the final use for the properties has not been finalized.

DEPARTMENT COST SUMMARY

DEPARTMENT PHASE	2018	2019	2020	2021	2022	Total
Community Development

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: TIF District # 6/IPLF - Southpoint Commerce Park

PROJECT DESCRIPTION

Justification:

This project comprises infrastructure development for the Southpoint Commerce Park in the southeast growth area of the City. The 359-acre site will be developed in several phases over the next several decades. The first half of the Park will be developed using the Tax Incremental District #6 (TIF #6) created in 2000. The TIF #6 Plan projects the district will create \$75 million in tax base. Job creation and retention will also be significant.

The 2018 budget provides funding for administration and management of Southpoint including the final phase that will be paid for by TIF #6. Funding in 2018 and beyond is for maintenance of the Park that will come from the Industrial Park Land Fund while TIF #6 recaptures the investments it's made in this District. The City will evaluate the need for additional infrastructure and platting of the land for the Park and will determine at a later date if a new TIF District will be created to fund these costs. Eligible expenditures may be made in TIF #6 until February 14, 2018.

\$25,401 is included for sanitary area assessment fee for the last portion of property in TIF #6. Other administration costs include real estate commissions paid on land sales, due diligence expenses for land sales and park administration.

Discussion of operating cost impact:

No major impacts.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Bridge Improvements

PROJECT DESCRIPTION

Justification:

Roemer Road over Drainage Ditch

This structure was rehabilitated in 2010 to address immediate structural deficiencies. Based on the 2016 consultant bridge inspection and recommendation, this bridge should be scheduled for replacement in 2020. The schedule for the structure currently has the design in 2017/18 and construction in 2020. This replacement will not receive State financial support because it is under 20 feet in length.

South Island Street over the Power Canal*

The existing structure has deteriorated wearing surfaces, spalling, and delamination of the prestressed concrete box-girders. Future funds are included for design in 2019/20 and construction in 2021. We applied for design and construction funds for South Island Street in 2017 and anticipate an 80% cost share from the State if this project is selected. The State will hold the contracts on these projects.

Olde Oneida Street over S. Power Canal*

Based on the 2016 consultant bridge inspection and recommendation, this bridge is a candidate for a superstructure replacement. Future funds are included for design in 2020 and construction in 2022. We anticipate applying for design and construction funds in 2019 and anticipate an 80% cost share from the State if the project is selected. The State will hold the contracts on these projects.

Lawe Street over Fox River*

Based on the 2016 consultant bridge inspection and recommendation, this bridge is a candidate for either a concrete overlay or a deck replacement. Future funds are included for design in 2022, while construction funds will be added in 2024. We anticipate applying for design and construction funds in 2021 and anticipate an 80% cost share from the State. The State will hold the contracts on these projects.

Memorial Drive over Fox River*

The 2020 expenditure represents the cost of a rehabilitation report needed to assess the structure. This report is required when applying for Trans 213 Local Bridge Program funding. Based on recent consultant bridge inspections and recommendations, this bridge is a candidate for a concrete overlay and repainting of the structural steel. Future funds for design and construction will be added in 2023 and 2025 respectively. We anticipate applying for design and construction funds in 2021 and anticipate an 80% cost share from the State. The State will hold the contracts on these projects.

*Part of the State run Local Bridge Program

Discussion of operating cost impact:

These repair projects are not expected to affect other operating costs.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION
Project Title: Pedestrian Crosswalk Safety Enhancements

PROJECT DESCRIPTION
<p>Justification:</p> <p>In early 2017, the Common Council adopted the <i>Crosswalk Marking/Enhancement Policy for Uncontrolled Crossings at Intersections</i>. This policy was developed as a tool to identify potentially hazardous pedestrian crossing locations and guide/prioritize improvements. The recommended improvements identified below are intended to provide enhanced pedestrian crossings at reasonable intervals across arterial streets and, in doing so, provide important connections between neighborhoods and other destinations. The recommended improvements at each particular location vary based on factors such as traffic volume, traffic speed, lane configurations, the ability to install a raised median, and the whether the necessary right-of-way is available.</p> <p>2018 - College Av/Alton St: Install push-button RRFB system (\$20,000) 2018 - Providence Av @ Apple Creek Trail: Install raised median island (\$20,000) 2018 - Various Locations: Pavement marking enhancements (\$15,000) 2019 - College Av/Schaefer St: Overhead push-button RRFB/continental crosswalks/street light upgrade (\$40,000) 2019 - Richmond St/Winnebago St: Raised median/push-button RRFB/ continental crosswalks/street light upgrade (\$60,000) 2019 - Evergreen Dr/Meade St: Overhead push-button RRFB/continental crosswalks/street light upgrade (\$40,000) 2020 - Richmond St/Parkway Blvd: Raised median/push-button RRFB/ continental crosswalks/street light upgrade (\$60,000) 2020 - Calumet St/Kernan Av: Raised median/push-button RRFB/ continental crosswalks/street light upgrade (\$60,000) 2020 - Wisconsin Av/Owaissa St: Raised median/push-button RRFB/continental crosswalks/extend sidewalk to south (\$30,000) 2021 - Meade St/Grant St: Overhead push-button RRFB/continental crosswalks/street light upgrade (\$40,000)</p> <p>Discussion of operating cost impact:</p> <p>The equipment and markings that are proposed will need to be maintained and eventually need to be replaced. On average, we project pavement markings will need to be replaced every 10 years at a cost of \$3500/location. Electrical equipment would require full replacement at ~20 years at an average cost of \$20,000/location. Additionally, in many cases, we will incur new ongoing electrical costs. On average, we project annual incurred electrical costs to be ~\$120/location/year.</p>

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Street Light Infill in Northeast Industrial Park

PROJECT DESCRIPTION

Justification:

While the City's *Street Lighting Policy* requires that all urbanized city streets be lit, the streets identified below are either completely or partially unlit for unknown reasons, which presents concerns for public safety and is inconsistent with our normal standards. This request would provide funding to install street lights on the identified streets in the Northeast Industrial Park. For the sake of consistency and cost effectiveness, the proposed lights would be installed by and leased from WE Energies.

- Winslow Av from Conkey St to Zuehlke Dr (add ~5 lights)
- Progress Dr from Winslow Dr to Capitol Dr (add ~4 lights)
- Roemer Rd from Glendale Av to Winslow Av (add ~7 lights)
- Capitol Dr from Marshall Rd to Conkey St (~3 lights)

Discussion of operating cost impact:

The cost to lease these lights from WE Energies would be approximately \$180/light/year.

DEPARTMENT COST SUMMARY

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Street Lighting Energy Efficiency Improvements

PROJECT DESCRIPTION

Justification:

This request is intended to allow for investment into energy-efficient street lighting technologies. Due to the rapidly changing marketplace, we continue to reevaluate the available technology options to determine the best return on investment.

WE Energies began offering LED street light fixtures in July, 2015. Our evaluation of this new tariff shows that investment in this area would yield a return on investment (ROI) of 7 to 10 years in most cases, which is significantly better than the ROI we could achieve by retrofitting/replacing our ~300 remaining City-owned decorative fixtures.

We anticipate expending the requested funds to strategically retrofit leased street lights in 2018-2021 at a rate of approximately 225 fixtures per year. Alternatively, we may seek to retrofit or replace the remaining City-owned decorative fixtures if a suitable solution is developed and if the ROI exceeds what could be achieved through leased lighting upgrades.

Discussion of operating cost impact:

Operating costs are driven downward when existing street lights are retrofitted with LED (or similar) technology.

DEPARTMENT COST SUMMARY

DEPARTMENT PHASE		2018	2019	2020	2021	2022	Total

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Traffic Camera Program

PROJECT DESCRIPTION

Justification:

Traffic Camera Program

The traffic camera program, which began in 2006, has proved to be an invaluable tool for City staff in numerous departments. This system is used extensively to: 1) monitor daily traffic, 2) monitor and react in real time to work zone traffic issues, 3) monitor and react in real time to traffic incidents, 4) reconstruct traffic crashes, 5) monitor winter road conditions, and 6) effectively deal with public safety issues. It has become an irreplaceable asset that helps staff conduct their duties much more efficiently, and provides numerous additional capabilities to Public Works and APD staff.

Potential camera locations are evaluated and prioritized based on crash history, public safety concerns, traffic volumes, installation logistics, and the like, with an emphasis on maximizing return on investment. With this in mind, cameras are typically installed at intersections along arterial, collector and CBD streets. The system, as currently envisioned, is nearly complete, with the only remaining proposed locations being located at freeway interchanges. These camera locations are viewed as high priority, given the frequency and severity of the traffic issues that occur on the freeways and at/near the interchanges.

- 1) Oneida St / 441 Interchange (\$15,000)
- 2) Calumet St / 441 Interchange (\$15,000)
- 3) Richmond St /STH 441 Interchange (\$15,000)
- 4) Northland Av / STH 441 Interchange (\$15,000)

Discussion of operating cost impact:

Traffic Camera Program: Initially, this program has had negligible operating cost impact. However, over time, the equipment will require maintenance and eventual replacement. While maintenance costs are expected to be negligible, we anticipate the cameras and appurtenant hardware will need to be replaced approximately every 5-8 years, at an anticipated cost of \$2,900 per location.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Second Raw Water Line

PROJECT DESCRIPTION

Justification:

The Appleton Water Treatment Facility (AWTF) serves the citizens of Appleton and wholesale customers in Grand Chute, Sherwood, and the Waverly Sanitary District. The AWTF draws raw water from Lake Winnebago through preliminary treatment at the raw water lake station. Once treated, the raw water is pumped to the AWTF via a 42" pipe line for further treatment. The intent of this project is to create reliability and redundancy in the raw water processing areas where there is a need or lack of redundancy.

The existing lake intake consists of a single four foot diameter pipe with two bell intakes. The intakes' configuration and building materials are prone to icing events that stop raw water. The lake station traveling screen removes large objects from the raw water intake such as logs, fish, and other debris. These materials are screened out of the water so they do not enter and damage the low lift pumps that pump water to the AWTF. The current screen has reached its useful life and is in need of a replacement. This project will provide a second raw water pipe, replacement screen, and a screenings conveyance system for the wastes to be collected. New screening technologies allow for greater removals of contaminants.

This project includes the construction of a second raw water pipe line from the lake station to the AWTF. The current single raw water pipe runs to the plant over approximately one mile from the lake station to the plant via a circa 1960's 42 inch raw water pipe. There is insufficient space for a second raw water pipe in the current route along Oneida Street. A 2017 study will provide recommendations for land procurement, easements, and permits where necessary to support the future second raw water pipe line construction in 2020.

This project will also explore a treated water interconnection with the City of Menasha and/or Village of Fox Crossing. The City has had discussions with the City of Menasha and Village of Fox Crossing regarding potential interconnections to provide additional supply and redundancy when and if needed. In addition, the State Department of Natural Resources has recommended that Appleton pursue an emergency finished water interconnection. One potential option is an interconnection with the Village of Fox Crossing at a location along Oneida Street where the water mains of the Village are in close proximity to Appleton's.

The indirect cost of losing the ability to serve its customers could involve liability claims against the city and all costs associated with failure to produce water. This project consists of conducting a pre-engineering study of the alternatives in 2018 that includes development of a firm estimate of construction costs. Construction of a second feeder line or City of Menasha interconnection will bring redundancy to the water treatment plant.

Discussion of operating cost impact:

There is no operating cost increase to this project and the potential to avoid liability claims for loss of service.

DEPARTMENT COST SUMMARY

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Asphalt Paving Program

PROJECT DESCRIPTION

Justification:

The following is a summary of the cost associated with the streets identified for reconstruction this year.

A five year plan detailing this and future years' projects follows this summary page.

Discussion of operating cost impact:

Reconstruction is performed based upon the existing condition and expected useful remaining life of the street. However, budget constraints limit the number of streets which can be reconstructed annually.

Typically, less than 1% of our streets are reconstructed on an annual basis. This fact, coupled with new streets added annually to the system result in no overall reduction in our City-wide street maintenance costs.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Grade and Gravel Program

PROJECT DESCRIPTION

Justification:

This project is the initial construction phase for new streets. A five year plan detailing specific projects follows this program summary page.

Discussion of operating cost impact:

The exact operating impact of this program is not easily defined. The addition of new streets will require additional operational service requirements including street maintenance and plowing.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Sidewalk Program

PROJECT DESCRIPTION

Justification:

The total cost of sidewalk replacement and new construction is presented. A five year plan detailing specific projects follows this program summary page.

Discussion of operating cost impact:

The operating impact of this program is minimal. Additional cost of installing new sidewalks will appear in future years as replacements become necessary.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Stormwater Program

PROJECT DESCRIPTION

Justification:

The following is a summary of costs associated with replacing and adding to the stormwater system. A five year plan detailing this and future years' projects follows this summary.

Discussion of operating cost impact:

Reconstruction is performed based upon the existing condition and expected useful remaining life of the stormwater structure (primarily storm sewers and detention ponds). However, budget constraints limit the number of stormwater structures which can be reconstructed annually to an amount less than that which actually meets the criteria for reconstruction.

Typically, less than 1% of our stormwater structures are reconstructed on an annual basis. This fact, coupled with new structures added annually to the system results in no overall reduction in our City-wide stormwater maintenance costs.

DEPARTMENT COST SUMMARY

DEPARTMENT PHASE	2018	2019	2020	2021	2022	Total
Stormwater Reconstruction Stormwater Utility	6,099,124	5,853,203	5,413,609	5,408,791	4,384,196	\$ 27,158,923

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Sanitary Sewer Program

PROJECT DESCRIPTION

Justification:

The following is a summary of costs associated with replacing and adding sanitary sewers. A five year plan detailing this and future years' projects follows this summary.

Discussion of operating cost impact:

Reconstruction is performed based upon the existing condition and expected useful remaining life of the sanitary sewer. However, budget constraints limit the number of sewers which can be reconstructed annually to an amount less than that which actually meets the criteria for reconstruction.

Typically, less than 1% of our sewers are reconstructed on an annual basis. This fact, coupled with new sewers added annually to the system results in no overall reduction in our City-wide sewer maintenance costs.

DEPARTMENT COST SUMMARY

DEPARTMENT PHASE	2018	2019	2020	2021	2022	Total
Wastewater Reconstruction Wastewater Utility	2,235,551	4,784,165	4,010,375	3,608,613	2,355,341	\$ 16,994,045

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Downtown Development

PROJECT DESCRIPTION

Justification:

Ongoing comprehensive planning efforts have identified opportunities to increase the vitality of our central business district by working cooperatively and systematically to promote growing downtown populations, diversity in art, lifestyle and activities, and address vacancies. Broadly, these opportunities revolve around the library, parking, traffic, green space, commercial development, redevelopment opportunities, due diligence and demolition. This CIP supports the update and implementation of several past planning initiatives and identifies and prioritizes a series of strategies that continue to move the downtown towards creativity, inclusion and innovation.

2018 - Determine the future location of the library - costs incurred could be for property appraisals of potential sites, or a portion of the architectural fees for design; purchase land and relocate businesses for Blue parking ramp demolition and construct new stairway; design costs and land acquisition for new parking ramp; and convert Appleton Street to two-way, reconstruct north end of Skyline Bridge, and construct pedestrian connection and parking lot.

2019 - Design costs and/or land acquisition for a new library; deconstruct the Blue ramp; design costs and land acquisition for new parking ramp.

2020 - Construction of a new library; determine future parking solution for downtown area north of College Avenue; complete construction of a new parking ramp; deconstruct the Soldiers Square ramp

2021 - Complete construction of a new library;

2022 - Determine the future of the City Hall building.

This CIP is to remain flexible to increase the City's ability to adapt to future needs and available resources as determined through continued planning which continues to identify opportunities, minimize risk and leverage resources in the community.

Discussion of operating cost impact:

Constructing larger facilities may increase maintenance and utility expenses, but those will be at least partially offset by more efficient mechanical systems, lighting, and general building design. The net impact on operating expenses is, therefore, not presently quantifiable.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION	
Project Title:	Building Envelope

PROJECT DESCRIPTION	
Justification:	
<p>The building envelope is the physical separator between the conditioned and unconditioned environment. Stopping or minimizing premature failure of building components through proactive maintenance and capital repairs protects our investment, saves on energy, and extends the service life of City buildings.</p> <p>Fire Stations: (2019) Replacement of windows at various Fire Stations.</p> <p>Library: (2018) Re-caulk the stone veneer panels.</p> <p>Municipal Services Building: (2020) Refinish the masonry walls on warehouse 156. (2021) Paint exterior of cold storage building.</p> <p>Parks: (2021) Paint Telulah large pavilion. (2022) Paint exterior of Sheig Center.</p> <p>Police Station: (2020) Re-caulk the pre-cast panel walls.</p>	
Discussion of operating cost impact:	
There is no impact on operating cost anticipated.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Electrical Upgrades

PROJECT DESCRIPTION

Justification:

The electrical infrastructure within facilities is in need of periodic testing and repairs. It is critical to have our electrical distribution systems in good working order to prevent electrical shutdowns or unsafe conditions. Testing will identify problems before they become critical and more expensive to repair.

City Facilities: (2019 & 2021) This CIP is to perform electrical panel infrared testing and make the recommended repairs. Infrared testing identifies excessive heat in electrical systems components. High temperatures indicate failing components, ground faults, short circuits, and other problems in the electrical system. The testing and repairs will be completed at various City facilities within the general fund.

Fire Stations: (2022) This CIP is to upgrade 30% of the branch wiring at Fire Station #1.

Library: (2022) This CIP represents a program to upgrade the electrical distribution system for the Library. The electrical distribution components are original to the building and are at the end of their expected life.

MSB: (2018 & 2019) This CIP is to test the electrical distribution system and make the recommended repairs. Testing will indicate failing components, ground faults, short circuits, and other problems in the electrical system.

Wastewater Plant: (2018 / 2019 / 2020 / 2021 / 2022) This CIP represents a phased program to upgrade the electrical distribution system for the Wastewater Plant. There are electrical distribution components that are over 40 years old throughout the plant. Starting at the electrical substation, transformers, breakers, MCC's, panels, and conductors need to be tested, followed by a systematic replacement program. This effort must be coordinated with current and future utility department process upgrades.

Water Plant: (2022) This CIP is to test the electrical distribution system and make the recommended repairs. Testing will indicate failing components, ground faults, short circuits, and other problems in the electrical system.

Discussion of operating cost impact:

There are no operating cost impacts expected due to these improvements.

DEPARTMENT COST SUMMARY

DEPARTMENT PHASE		2018	2019	2020	2021	2022	Total

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Facility Renovations

PROJECT DESCRIPTION

Justification:

City Hall:

Finance Customer Service Upgrades - (2018) Renovate the pneumatic tube delivery system. (\$50,000)

Finance Customer Service Upgrades - (2019) Renovate the office area. (\$175,000)

Fire Stations:

Upgrade kitchen and bathroom areas - (2018 / 2019 / 2020 / 2022) Upgrade kitchen and bathroom areas at various Fire Stations

MSB:

The locker room/restroom renovation - (2018) The locker room/restroom at MSB is 40 years old and many of the plumbing fixtures and components (pipes, flush valves, etc.) are failing and need to be replaced.

PRFMD Facility:

Facility renovation - (2019 / 2020 / 2021) The Facilities & Grounds Operations Center lacks adequate office space and restroom/locker room facilities for both public and staff. This will be a multi phase project starting in 2019 with facility master planning/design and construction in 2020 and 2021.

Bridge Tender Station:

Renovation of interior spaces- (2019) Renovation of the Lawe St. bridge tender station.

Valley Transit:

Facility Renovations- (2019) Design for Facility Renovation - (\$100,000) Professional design services for the building renovation project. (2020) Building Renovation - Construction for the building renovation project.

Discussion of operating cost impact:

Since this project is a renovation of existing space, there is no impact on operating cost anticipated.

DEPARTMENT COST SUMMARY

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Grounds Improvements

PROJECT DESCRIPTION

Justification:

The Parks, Recreation and Facilities Management Department is responsible for grounds of all City properties, including parks and associated recreation facilities, Library, Police Department, Fire Stations, and all Water and Wastewater sites. Responsibilities for these sites include fencing replacement, turf management, landscaping of City properties, tree management, hillside and shoreline stabilization, etc. Annual assessments are conducted on all City properties to determine maintenance, upgrade and/or improvement needs and maintain the functionality and/or appearance of the facility or property to meet current City standards and expectations. Specific programs for years 2018-2022 will be adjusted based on the annual assessments conducted for each property.

City Properties:

Landscaping and Turf Renovations (2018 / 2020 / 2022) - This project will address maintenance landscaping projects at various city properties. Examples of this work are: Improving park drainage, irrigation, replacing trees lost to storm damage/emerald ash borer, and installing new landscape beds.

Parks:

Fence replacements (2019 & 2021) - This project will address replacement of fencing at various parks, Project includes tennis court fencing, property line fencing and ball diamond fencing.

Fields - (2018 / 2020 / 2022) - This project is for full reconstruction of multi-purpose and soccer fields. This will improve field conditions, drainage, and reduce the number of canceled events due to poor field conditions.

Shoreline Stabilization - Peabody - (2019 / 2020 / 2021) - The current seawall at Peabody Park is failing and is in need of reconstruction. Design in 2019 (\$25,000) Construction in 2020 (\$150,000) Construction in 2021 (\$100,000)

Shoreline Stabilization - Lutz - (2021 & 2022) - The current shoreline is eroding and needs to be stabilized to prevent further loss of shoreline and the trail needs relocation. Design in 2021 (\$25,000) and construction in 2022 (\$200,000)

Lutz Boat Launch Dock - (2021) Install new boarding dock for Lutz Boat Launch.

Wastewater:

Landscaping (2018) - This project will address landscaping needs at the Wastewater Treatment Facility.

Discussion of operating cost impact:

These projects are repairs and enhancements of existing facilities and are not expected to have any measurable impact on operating costs.

CITY OF APPLETON 2017 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION	
Project Title:	Hardscape Infrastructure Improvements/Replacements

PROJECT DESCRIPTION											
Justification:											
<p>The Parks, Recreation and Facilities Management Department is responsible for all concrete and asphalt pavement associated with City facilities, including roads, parking lots, building approaches, walkways, sidewalks, trails, entrances, etc. The current inventory of hardscape is 3,117,648 sq. ft. (this number includes parking lots, roadways, sidewalks, and trails).</p> <p>Many of the parking lots, roadways, building approaches, entrances, sidewalks and walkways are reaching the end of their life expectancy and are in need of replacement and/or improvement to address changing needs, equipment modifications, ADA requirements, etc. Maintenance activities are addressed with available resources to maximize the life cycle of these facilities, but replacement and/or improvements are needed as facilities age and deteriorate.</p> <p>This funding request recognizes the need to implement an annual replacement/improvement schedule for all hardscape infrastructure. Based on a 25-30 year replacement cycle for all hardscape areas, an estimated \$200,000-\$300,000 is needed on an annual basis to maintain these hardscape areas. The replacement/improvement schedule for 2018 includes:</p> <table style="width: 100%; border: none;"> <tr> <td style="width: 80%;">City Sites</td> <td style="text-align: right;">\$ 50,000</td> </tr> <tr> <td>Fire Station #5 replace driveway</td> <td style="text-align: right;">\$ 80,000</td> </tr> <tr> <td>Various Parks</td> <td style="text-align: right;">\$185,000</td> </tr> <tr> <td>Vulcan Heritage- Renovate pavers-Phase 2</td> <td style="text-align: right;">\$ 65,000</td> </tr> <tr> <td>Wastewater Treatment Plant - Roadways</td> <td style="text-align: right;">\$290,000</td> </tr> </table> <p>Future projects will be identified after annual assessments of properties and/or parks. Note that the above numbers are budget estimates. Pricing will also be acquired through unit price bidding to get the most competitive pricing and to maximize the funding.</p>		City Sites	\$ 50,000	Fire Station #5 replace driveway	\$ 80,000	Various Parks	\$185,000	Vulcan Heritage- Renovate pavers-Phase 2	\$ 65,000	Wastewater Treatment Plant - Roadways	\$290,000

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Heating, Ventilating, and Air Conditioning Systems

PROJECT DESCRIPTION

Justification:

Upgrades are performed for three reasons: the current equipment is failing and can no longer be repaired; the equipment is not energy efficient and it makes good financial sense to replace to reduce operational costs; or there is a change in operational requirements in the space it serves.

Fire Stations: (2019) Replace HVAC in Fire Station #4. (2020) Replace HVAC system at Fire Station #2. (2021) Replace furnace at Fire Station #1. (2022) Replace furnaces in Fire Stations #3 & 5.

PRFMD Facility: (2019) Replace garage exhaust fans. (2020) Replace make-up air units.

Library: (2020) Replace all VAV boxes and HVAC controls - phase 1. (2022) Facility HVAC upgrades - phase 2

Municipal Services Building: (2019) Design for replacing garage HVAC (2020) Replace garage HVAC Phase 1 (2021) Replace garage HVAC phase 2

Valley Transit: (2018) Install new controls in office area at Whitman Site. (2019) Upgrade HVAC system at Transit Center (2020) Replace Whitman site garage heaters

Wastewater Plant: (2018) Upgrade air handling units at S-Building. (2019) Upgrade HVAC system at L-Building; New HVAC system for H and J Buildings. (2020) Replace HVAC system at D-Building and F-1 Building; Design services for re-piping T-building. (2021) Construction for re-piping T-Building; Design services for heat recovery unit (HRU) on V-Building; New HVAC unit for V-Building Mechanical Room. (2022) Construction for V-Building HRU; Upgrade the HVAC components in the mechanical room at A-Building.

Water Plant : (2018) Design for future HVAC replacement (2019 & 2021) Upgrades to aging HVAC equipment.

Discussion of operating cost impact:

It is expected that the improvements will reduce energy consumption and increase comfort due to more efficient operations. However, the actual energy cost impact will depend on variations in electric and gas rates and efficiency of equipment once installed.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Interior Finishes and Furniture

PROJECT DESCRIPTION

Justification:

Interior finishes and furniture generally have a life span of fifteen years before wearing out or becoming unsafe or requiring changes due to changes in user functions.

Furniture Upgrades - Furniture includes, but is not limited to the following in the workplace: furniture systems (work stations), seating (office chairs), work tools (keyboards, tray, etc.), conference tables, storage systems (file cabinets and bookcases, etc.), office furniture (desks, credenzas, etc.), etc.

City Hall: (2019) Renovate work area stations for 5th floor Engineering Division. (2022) Replace furniture in Assessors Office.

Fire Stations: (2019) New classroom furniture at Fire Station #1.

Library: (2019) Renovate the four service desks.

Parks: (2021) Replace the north/south kitchen cabinets and customer service desk at the Sheig Center.

Police Station: (2019) New conference room table and chairs.

Interior Finishes Upgrades - Interior finishes includes, but is not limited to the following in the workplace: all wall coatings, ceiling tiles, carpet, various tiles, etc.

City Hall: (2019 / 2020 / 2021) Selectively replace carpeting on 5th and 6th floors.

Fire Stations: (2018-2022) Replace flooring in various Fire Stations.

Library: (2018) Replace carpeting on first floor. (2020) Replace carpeting on second floor. (2021) Replace carpeting in basement.

MSB: (2019) Replace ceiling grid in bay 157-D.

Discussion of operating cost impact:

As this project entails the replacement of existing furniture and flooring, there is no anticipated operating expense impact.

DEPARTMENT COST SUMMARY

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Lighting Upgrades

PROJECT DESCRIPTION

Justification:

At city facilities and parks, many of the existing fixtures are outdated and have become maintenance intensive. In addition, these lights do not meet today's definition of being energy efficient. This CIP intends to make both improvements at one time.

Fire Stations: (2019) Upgrade exterior lighting at Fire Stations #1, #2, and #3. (2020 & 2022) Upgrade interior and exterior lighting at various fire stations.

Library: (2019) Upgrade lighting controls. (2022) Upgrade interior and exterior lighting.

MSB: (2019 & 2021) Upgrade interior lighting.

Parks: (2018 / 2019 / 2020 / 2021 / 2022) Upgrade lighting at various City parks.

Police Station: (2021) Upgrade exterior lighting.

PRFMD Facility: (2020) Upgrade interior lighting.

Valley Transit: (2021) Upgrade interior lighting

Wastewater: (2019 & 2021) Interior and exterior lighting upgrades.

Water plant: (2020 & 2022) Upgrade interior lighting and controls.

Discussion of operating cost impact:

Will reduce electrical costs. Total savings are dependent on hours of operation, quantity and type of fixtures used.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Municipal Services Building Heated Storage

PROJECT DESCRIPTION

Justification:

The Municipal Services Building has reached its capacity to house equipment and supplies. The Department of Public Works has indicated inefficiencies, supplies that are being damaged from outside storage and materials that are freezing at times when it is critical to have them available. Accommodations have been made by adding mezzanine storage in areas with higher ceilings and by utilizing shelving when feasible.

This request anticipates that by 2019, a new heated storage facility will be required to continue to provide the level of service and to ensure the department's assets are secure.

2019 - Planning and design
2020 - Building construction

Discussion of operating cost impact:

Additional area will entail additional maintenance and utilities expense, depending on the design. The operating cost impact is not currently quantifiable.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Plumbing Upgrades

PROJECT DESCRIPTION

Justification:

Fire Stations:

Replace Galvanized Sewer Mains - (2018) At Fire Station #1 the current sewer mains are galvanized and need to be replaced with PVC before the current mains fail. Galvanized pipes haven't been used in plumbing applications since the 1960's. Galvanized pipes used in plumbing applications have a short lifespan because they deteriorate very quickly from the inside out and because of this the pipes constantly plug before they finally fail.

Parks:

Camera Testing and Repairs- (2019 / 2020 / 2021) This project will include camera inspections and implementation of repairs to water and sewer laterals for City parks.

City Park Fountain - (2021) Design for replacing the vault and plumbing for the fountain. (2022) Construction for replacing the vault and plumbing for the fountain.

Wastewater:

H-Building new water line- (2018) This project will tie non-potable water to the H-Building.

Discussion of operating cost impact:

There is no operating cost impact from these projects.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Roof Replacement

PROJECT DESCRIPTION

Justification:

Roof areas at various facilities are reaching their expected life and are in need of replacement. Blistering, membrane shrinkage, etc. is affecting base flashings and causing leaks. Roofs require annual preventive and corrective maintenance to maximize their useable life. Each roof is inspected annually and repairs are completed as necessary. A roof audit was completed and roof replacements have been prioritized. Priorities can change and are adjusted annually if needed.

- 2018 - Fire Station #5 (\$150,000)
- 2019 - Fire Station #1 (\$250,000)
- 2020 - Parks - Various Pavilions (\$50,000)
- 2020 - Reid G.C. - Pump house (\$10,000)
- 2020 - Wastewater - B-Building (\$100,000)
- 2021 - Library - Partial (\$400,000)
- 2021 - Parks - AMP Amphitheater (\$30,000)
- 2021 - Parks - AMP Observation (\$20,000)
- 2022 - Fire Station #2 (\$60,000)
- 2022 - Wastewater - V-Building Partial Replacement (\$200,000)

Discussion of operating cost impact:

Roofs are the most critical component of a facility and require ongoing repair and replacement. The average life span of a well maintained roof can reach 25 years. The City has 113 roof areas totaling over 536,000 sq. ft. The total replacement cost is estimated at \$5,092,000. Based on a 25 year replacement cost, we should expect an average of approximately \$203,680 in replacement costs annually to keep our roofs up-to-date. No overall impact on operating costs is expected from roof replacements.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Safety and Security Improvements

PROJECT DESCRIPTION

Justification:

Fire Stations: Emergency Power - (2020) Connect additional circuits to backup power.

Library: Upgrade Security - (2018) This project will secure the employee work areas from the public areas with card access.

Parks: Security Upgrades - (2018 / 2019 / 2020 / 2021) The security upgrades will include but not be limited to: cameras, auto-locks, card readers, and infrastructure upgrades.

Sheig Center - (2019) Install fiber and card access to facility.

PRFMD Facility: Fire Alarm - (2020) Install new fire alarm system with handicap alarms. (2022) **Generator** - Upgrades to generator and back up power system

Valley Transit: Install New Generator - (2018) The existing generator is at the end of its life and is in need of constant maintenance. It was also determined that it would not be reliable in a power outage situation.

Wastewater: Asbestos Removal - (2019) Remove asbestos in A-Building, S-Building, and L-Building.

Water Plant: Upgrade Fire Protection System - (2021) Upgrade the fire protection system.

Discussion of operating cost impact:

Though the parks security upgrades are expected to reduce the time CSO Officers take to open and close pavilions, those hours will be devoted to other police matters and no reduction of labor hours is projected.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Parking Utility Maintenance and Equipment

PROJECT DESCRIPTION

Justification:

Ramp LED Lighting Upgrades - Currently, our parking ramps are illuminated by a combination of fluorescent, high-pressure sodium and metal halide light fixtures. These fixtures are based on older technology and are much less energy efficient than the LED fixtures available today. The planned 2018 replacement of all existing non-LED fixtures throughout the Red ramp will result in drastic reductions in monthly energy bills and it is anticipated that the cost to purchase and install the new fixtures will be offset by energy savings within a three to five year period. The replacement of LED fixtures for the Yellow and Green ramp is planned for 2020.

Red Ramp Elevator Replacements - This project is based on recommendations from the City's elevator maintenance contractor and would include replacement of all three existing elevators in the Red Parking Ramp. These elevators are original equipment from when the ramp was built in 1981 and are reaching the end of their useful life. Due to their age, it is becoming increasingly difficult and costly to obtain replacement parts and maintain these elevators.

Green Ramp Office/Shop Renovation - This project is a collaborative effort with the City's Facilities Maintenance Department and includes renovations to the Parking office and shop areas in the Green Parking Ramp. These areas are the home base for our 10 parking staff and have evolved over time based on changing needs, with no formal planning to date. The current space is quite outdated and lacks efficiency. The goal of this project is to improve the safety, efficiency and functionality of these critical and outdated work spaces.

Install enhanced on-street Wayfinding Signage - This project would coincide with the many proposed changes to the Parking facilities in the downtown area. The goal of the enhanced signage is to expand the overall coverage area of our wayfinding signs and more efficiently direct potential parking customers to an appropriate parking facility.

Purchase and Install Downtown Parking Pay Stations - The primary goal of this project is to improve the flexibility and convenience of options we offer our customers for on-street parking in the downtown area, while at the same time reducing operating costs for City staff. The parking pay stations offer improved technology, flexibility and payment options when compared to our current parking meters. The pay stations would also be compatible with the pay-by-phone application recently rolled out by the City. This project is planned for 2020. No changes are planned at the

Discussion of operating cost impact:

Beginning in 2018 we anticipate a reduction in energy cost due to the conversion to LED lighting; this reduction will continue each year until LED ramps are placed in all ramps. Reduced operating and maintenance costs are also anticipated as a result of the Red Ramp elevator replacement in 2018 and conversion to downtown parking pay stations in 2020.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Water Treatment Chemical Storage

PROJECT DESCRIPTION

Justification:

The Appleton Water Treatment Facility (AWTF) utilizes a group of specifically approved chemicals as part of the drinking water treatment process. Each chemical is intended to perform a unique purpose within the water treatment "train". The AWTF existing chemical storage room was designed as part of original plant construction in 2001 for the intended purpose of supporting the regulatory approved treatment processes and associated components within. The AWTF received formal regulatory authorization effective July 1, 2017 to permanently navigate from ultra filtration membranes following the completion of the Regulatory Upgrade and Process Improvements Project (RUPIP). The successful transition to high density lime feeders, conventional filters, ultraviolet light (UV) reactors, and upgraded disinfection processes now allow the AWTF to make decisions regarding ultra filtration membrane equipment and associated processes (e.g. abandonment, repurposing, and space utilization).

The AWTF initiated Phase I of this CIP in 2017 following a preliminary engineering study that identified a plan for upgrading or modifying various chemical systems. Evidence of chemical deterioration has been observed as the age of some of the critical storage (e.g. fiberglass tanks) and conveyance components (e.g. PVC pipe) has approached or exceeded the normally expected life (e.g. 10-15 years). That report was utilized to develop a priority strategy based on system condition, criticality to treatment, and costs. Phase I systems selected for construction during 2017 included sodium hypochlorite, fluoride, ferric sulfate, polymer, and carbon dioxide (meters).

Phase II CIP construction activities in 2018 are intended to advance the balance of the chemical systems identified for upgrades or improvements based on the preliminary 2017 Chemical Systems Evaluation which include aluminum chlorohydrate (ACH), polyphosphate, and finished water pH control.

Discussion of operating cost impact:

This project will decrease staff labor and associated equipment maintenance related to this equipment, enabling staff to attend to other critical maintenance duties. The primary impact is expected to be a reduction of overtime expense.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: TMDL Related Facility Planning

PROJECT DESCRIPTION

Justification:

On May 18, 2012, the US Environmental Protection Agency (EPA) approved the lower Fox River basin and Green Bay area of concern Total Maximum Daily Load (TMDL). The TMDL outlines phosphorus and sediment reductions needed to restore water quality in the local waterways, lower Fox River and bay of Green Bay. As a result, revisions to NR 217 regulations will lower effluent limits for phosphorus discharges of the Appleton Wastewater Treatment Plant (AWWTP). The Wisconsin Department of Natural Resources (WDNR) implements point source load allocations through permits issued under the Wisconsin Pollutant Discharge Elimination System (WPDES) program. Under the approved TMDL, the WDNR established wastewater effluent limits of 0.2 mg/l or less for point sources with WPDES permits on the lower Fox River. This limit is substantially lower than the AWWTP's current 1.0 mg/l phosphorus limit. The current treatment plant processes were not designed to remove phosphorus to these new lower limits. A preliminary study conducted in 2010 estimated \$40,000,000 in engineering and construction costs to meet the proposed phosphorus rules.

Professional engineering work initiated in the fall of 2013 and completed in late 2015 evaluated existing treatment capabilities at the AWWTP and process optimization opportunities. The study also evaluated new treatment plant improvements that would facilitate regulatory compliance with low-level phosphorus standards. Water Quality Trading (WQT), and/or Adaptive Management (AM) were included within the evaluation as off-site alternative methods for regulatory compliance. The final technical document delivered by the engineer summarized the suite of compliance options including pairing alternatives that would provide the most cost effective path(s) for regulatory compliance. The projected total 20-year present worth cost for compliance could exceed \$20 million depending on the alternative(s) chosen and its success in ultimately achieving future low-level phosphorus limits.

The AWWTP was reissued a WPDES permit with an effective start date of April 1, 2017. This reissued permit includes a compliance schedule for reporting requirements within the 5-year permit term including reference to future more stringent discharge limits for effluent phosphorus and total suspended solids under NR 102, NR 217, and Lower Fox River TMDL legislation. The AWWTP has continued to build from the recommendations outlined within the 2015 engineering study which includes the implementation and refinement of automated phosphorus chemical treatment control, use of additional online phosphorus analyzers, targeted phosphorus source reduction, and other facets of treatment optimization. In parallel with ongoing on-site treatment evaluation studies, the Appleton Wastewater Utility will continue to explore AM and WQT opportunities to build experience of how these compliance options may function. The aforementioned information was used as the basis for future capital planning starting in 2021.

Discussion of operating cost impact:

Non-compliance could result in regulatory fines, a compliance schedule and / or a moratorium on development. Operating impacts will have costs associated with them when the regulatory standards and associated treatment improvements are established in years following the Facilities Study.

Project Title: Wastewater Sludge Storage Options

PROJECT DESCRIPTION

Justification:

Wastewater plant biosolids storage deficiencies have occurred over the past several years. This deficiency has triggered the need for Appleton City Council resolutions to investigate options to address the deficiency and comply with the 180 day biosolids storage requirement under code NR 204. More recently the Wisconsin Department of Natural Resources has proposed more stringent agricultural nutrient management standards for land on which biosolids are applied. These new standards could have significant implications to municipal biosolids management programs. Each of the aforementioned have caused the Utility to consider various treatment options that could provide cost effective storage options and end-use diversification for AWWTP biosolids. Composting was evaluated because it alters Appleton wastewater biosolids classification under NR 204 from a Class-B to a Class-A material. Successful composting also reduces onsite storage needs and allows the wastewater facility to meet the 180-day storage requirement while generating a product that is appealing to a number of markets including residents, nurseries, and commercial landscapers. The composting provides greater flexibility in scheduling land application of Class B biosolids by maximizing available storage which reduces costs.

Since 2008, the Appleton Department of Public Works and Wastewater Utility have worked with the Outagamie County Solid Waste Department to seek cooperative solutions to AWWTP biosolids, curbside leaf / yard waste materials, and landfill cover needs. The Utility received authorization from Common Council in 2009 to begin the engineering phase of a large-scale compost pilot project at the Outagamie County Landfill. A compost facility plan was developed and approved by the DNR which provided operational guidelines to demonstrate the feasibility and assess costs for a cooperative composting operation. Compost pad construction was completed in September 2010. Since the pad construction, approximately 70,000 cubic yards of compost material has been processed as part of 11 individual batches. On April 1, 2017, the Biosolids Composting Facility permitted as part of the AWWTP's Wisconsin Pollutant Discharge Elimination System (WPDES) permit. Feasibility of a long-term composting program will continue to be evaluated as markets are researched and developed. If composting proves to be unsuccessful, funds will be used for design/architecture planning for a biosolids building expansion.

Discussion of operating cost impact:

Since 2013, costs related to composting have been included in the biosolids O&M budget. O&M costs for continued land application of biosolids will closely follow cost increases in fuel and viable application sites. Significant program cost increases would be expected if limitations to on-site sludge storage required landfilling during a period when traditional land application is not feasible. The compost option eliminates that need by providing additional 180-day storage capacity. Developing compost markets may provide the ability to offset future operational costs through bulk compost sales.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Additional Vehicle for Station Six

PROJECT DESCRIPTION

Justification:

Fire District Six is positioned in a growth area on the far northeast quadrant of the City. Due to the physical layout of the community, additional staffing and equipment is required to meet expected response times for the **minimum** initial response staffing of emergency incidents. To maintain response capability, another engine is required. It is anticipated that this unit would provide coverage on the far north side of the community.

Discussion of operating cost impact:

The operating costs include salaries and fringe benefits for twelve additional employees along with funding for maintenance and replacement costs of the vehicle. In the first year, the operating costs also include funds to equip the vehicle and provide protective clothing for the twelve additional employees.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Fire Records Management System

PROJECT DESCRIPTION

Justification:

In 2007, Outagamie County provided a fire records management system to all fire and EMS agencies in the county at no cost to the agencies. Recently, several changes have occurred causing concern about the future viability of the department's fire records management system.

The existing software vendor was purchased by another company that plans to completely revamp the fire and EMS product. The vendor has indicated that they have no plans of providing any updates on our existing software. There are changes planned to be implemented in early 2017 to NEMESIS, which is the state and national data collection standards for emergency medical information, that the vendor does not plan to address in our existing software package. What's more, Outagamie County plans to upgrade to Windows 2012 next year and the existing software cannot operate on those servers. When the software vendor completes a total revamp of the existing software, the department would be starting over with training, implementation, and data conversion and are uncertain if the new product would meet our needs or the costs associated with it.

The State of Wisconsin has offered a fire records management system to all fire agencies in the state; therefore, Outagamie County has indicated that they do not plan to replace our software and may be passing the maintenance fee costs on to the users within the county for the existing software. Since Appleton is the largest user, the department could be expected to take on the bulk of the \$80,000 annual maintenance fee. Those funds could be better utilized invested in a new system.

The City has recently purchased a solution for the Enterprise Resource Planning (ERP) system. That vendor also has a fire product that the City might see some favorable pricing by adding these additional fire modules to this existing product. Another option would be to research the product offered free of charge from the State of Wisconsin. Unfortunately, the offer includes only a minimal number of modules that would not address the department's needs. The department would have to pay for the additional modules/hardware to cover our existing and future records management needs. While this product might be beneficial, this option is problematic in that it ties to State budget funding, and we could find ourselves in the same situation eventually should the State eliminate funding to maintain this product.

With the future of fire records management so unstable and the suspected lack of support from the county, the department is seeking funding for a fire records management system to include the hardware and software needs for the Appleton Fire Department. This request includes the cost of software plus the tablets needed for the mobile client version.

Discussion of operating cost impact:

As is typical with most software products, the City could expect to pay an ongoing maintenance fee estimated at 10% of the software cost beginning in the second year.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Heavy Rescue/Firefighter Rescue Equipment

PROJECT DESCRIPTION

Justification:

Appleton Fire Department lacks training and equipment to safely respond to vehicle accidents involving large commercial vehicles such as school or commercial buses, semi-tractor trailer units, concrete trucks and dump trucks. These vehicles pose unusual challenges in stabilizing and gaining access to patients. Wisconsin Department of Transportation (DOT) statistics show crashes involving both buses and large vehicles have continued to climb each year over the past five years except 2012.

In addition, large commercial vehicles are recognized within relevant vehicle rescue training and response standards as an advanced or technician level event. It is normal for a fully loaded semi-trailer to weigh 80,000 lbs. This is the maximum load allowed under law. However, a 2015 news piece about Hwy. 41 becoming Interstate 41 said "several truck companies stated their trucks routinely carry loads heavier than 80,000 lbs." (Interstate 41 coming to Wisconsin in 2015, Tom Swigert). The heavy haul vehicles can carry loads up to 100,000 lbs. Further, the Wisconsin DOT "frequently asked questions" web page regarding conversion of Hwy. 41 to Interstate 41 says traffic volume on Hwy. 41 ranges from 27,000-150,000 vehicles per day. It goes on to say that more than 80 million truck tons of freight originate in the eight counties along Hwy. 41, accounting for nearly 38% of Wisconsin originating truck tonnage.

Rescue situations involving these types of vehicles will quickly exceed typical fire department resources and training. Several of these types of crash incidents have happened in Appleton and surrounding jurisdictions over the past several years, including Hwy. 41 southbound near Richmond in 2011. A January 29, 2016 crash occurred in the Town of Menasha. In addition, Appleton Fire Department has responded to several unusual calls in the recent past involving vehicles. These include a car into a bank building on South Memorial Drive, a car into a commercial building on North Richmond Street near Atlantic and a car into a structure at Story Street.

The training and tools requested as a part of this new program area include the ability to enhance firefighter rescue through the use of the hydra fusion struts, air bags and rescue tools. These tools are highly portable and can be used for firefighter rescue as well as to enhance current confined space rescue capabilities. These tools have nearly unlimited applications. The original CIP request was to phase the equipment in over three years; however, this request adjusts the phase-in timeframe to two years with the first year completed. Department staff members felt it would be a more effective use of our training and staff time to be able to train on all of the equipment simultaneously in 2018 vs. spreading the purchase out over another year.

Discussion of operating cost impact:

The on-going operating costs includes the annual maintenance of the heavy rescue equipment.

DEPARTMENT COST SUMMARY

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Enterprise Resource Planning (ERP) System

PROJECT DESCRIPTION

Justification:

During 2016, we selected vendors and negotiated contracts for a multi-year project to replace all of the software currently running on the iSeries computer, in anticipation of retiring that computer in 2020 at the end of its useful life. The financial system currently in use is 20 years old and is connected to various other, mostly custom programmed systems (cash receipting, payroll, utility billing, accounts receivable, etc.). The Assessor's and Asset Management systems are both custom programmed, therefore requiring in-house programming capacity and, because they run on the iSeries, tying us to an older programming language (RPG) for which programmers are increasingly difficult to hire. The number and complexity of the interfaces between all of these programs severely limit our ability to provide the level of customer service the citizens of Appleton expect and managers of City departments need.

The process for implementing new technology not only focuses on the technology itself, but also aims to enhance existing business processes performed by individual departments across the City by enabling them to adopt best practices in their various fields. Technology is intended to enhance departmental business processes by:

- Making them both more efficient and effective
- Improving decision-making by improving access to data and tools with which to analyze it
- Providing enhanced customer service to both internal and external customers
- Streamlining processes to reduce costs

It has been determined that the replacement project should be managed in two separate packages - a traditional ERP package for finance, payroll, HR applications, utility billing, asset management and inventory and a Computer-Assisted Mass Appraisal (CAMA) system for property assessments.

The new CAMA system was implemented in August of 2017.

The ERP system implementation was started in Fall of 2016 and continues into 2017. The implementation is broken into phases based on the modules expected to be implemented in a particular year and the entire project is expected to be completed in 2020.

Discussion of operating cost impact:

Hardware and software maintenance for the ERP system and CAMA system that replaces the iSeries would begin in 2018. In 2019, the annual maintenance on JD Edwards accounting software would cease. In 2021, the annual maintenance on the iSeries would cease.

DEPARTMENT COST SUMMARY

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Information Technology

PROJECT DESCRIPTION

Justification:

Storage Area Network

In 2018 our current SAN (Storage Area Network) will be 7 years old, the typical life expectancy of that type of equipment. Due to ever increasing needs to store data / video for even longer, a new SAN, with increased, faster storage and an adequate backup solution are needed. The plan for this solution will be to allow failover between City Hall and FVTC and potentially the Microsoft AZURE cloud service. Many technologies we currently can't utilize on our existing SAN will be provided on the new SAN for increasing security, redundancy and storage capability, snapshot technology. The life expectancy of this new equipment would also be another 7 years.

Council Chambers

The audio / video equipment in the Council Chambers is now approximately 17 years old. Needless to say the technology has improved since it's deployment in both sound and video capabilities. This request would be to implement the latest technology on both sides.

Utilities Wireless

In recent years, cabling to support wireless access throughout the Water and Wastewater plants has been upgraded. This CIP anticipates the need to replace the network hardware in both facilities with equipment comparable to that recently installed at City Center and other facilities. In 2021, the existing equipment will be approximately eight years old.

Firewalls

This CIP anticipates the need to replace and upgrade our network firewalls, a combination of hardware and software that protects our networks from unauthorized access. In 2022, the existing equipment will be eight years old and will likely no longer be able to run the latest versions of software nor have adequate bandwidth to handle

Discussion of operating cost impact:

Operating cost impact is based on expected yearly support cost required to keep the equipment under maintenance and support.

DEPARTMENT COST SUMMARY

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: New Election Equipment

PROJECT DESCRIPTION

Justification:

There has been a CIP request for the past few years to upgrade the City's election equipment in 2018. The City of Appleton entered into an Intergovernmental Agreement with Outagamie County earlier in 2017 for a 50% cost share of equipment for those districts in which the majority lies in Outagamie County. This helps to off-set the cost of new equipment and allows us to upgrade the ADA compliant equipment. Existing equipment lacks many of the functionalities of newer equipment and is becoming less reliable. Upgrading equipment County-wide allows for cost savings in the initial equipment purchase and simplifies election night results reporting.

The type of equipment purchased was decided upon in September of 2017 after an RFP process and review by the Procurement Team.

Discussion of operating cost impact:

An annual maintenance agreement will be required and will likely be similar to what we currently pay for maintenance. The first year of maintenance will be waived by the vendor.

DEPARTMENT COST SUMMARY

DEPARTMENT PHASE	2018	2019	2020	2021	2022	Total

CITY OF APPLETON 2017 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Electronic Pollbooks

PROJECT DESCRIPTION

Justification:

Electronic Pollbooks have recently been introduced in the State with hopes that they are certified and live in summer of 2018. These reduce wait time for voters, increase accuracy of voter information and improve the election day experience for both voters and workers.

The Wisconsin Elections Commission recently directed their staff to create and implement an electronic poll book system. The benefit of the State creating electronic poll books is the ability to communicate with the State WisVote voter management system, the access to support for the electronic poll books, and the cost savings from a State system versus a vendor system. The projected cost of \$30,000 for 60 E-pollbook systems provides for approximately 4 tablets and corresponding printers.

Discussion of operating cost impact:

The operating cost impact of electronic poll books is projected to consist of a maintenance agreement that comes into effect one year after purchase. This would partially be offset by eliminating the cost of printing paper poll books which average to be about 10,000 pages of paper per election. The net impact on operating cost is expected to be approximately \$1,000 per year.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Police tactical robot replacement

PROJECT DESCRIPTION

Justification:

The Appleton Police Department is requesting the purchase an ICOR Technology Min-CALIBER Robot with turreted robotic arm with 15lbs lift and 5 axes of movement, dvr, tactical SWAT disrupter kit and Forward Looking Infra-Red (FLIR) thermal imaging camera. Onsite training is included with this purchase.

In 2012, the department invested in the Robotex Avatar II base model robot platform. The micro robot was purchased as a surveillance and communication platform which could be utilized by the SWAT and Negotiations team. The Robotex Avatar II has been a stable micro robot platform that has seen significant utilization in both patrol and SWAT incidents. Two major limitations that have been encountered with this robot are its inability to open doors and its inability to move the clutter and debris frequently encountered within the operating environment of the micro robot.

Advantages to the proposed model, as opposed to the Robotex, are:

- Enhanced mobility due to ability to remove clutter from path of travel with articulating arm
- Enhanced search capabilities through the ability to utilize the PTZ camera extension on the mini claw to search under objects and into confined spaces that the micro robot cannot completely enter
- The ability to open closed/locked doors through the use of the mini claw attachment or SWAT disrupter kit
- Enhanced officer safety by utilizing FLIR thermal imaging camera for application in open and interior search areas

In 2014, the Department of Homeland Security conducted an evaluation of four micro robots and published "Small Platform Tactical Robots Assessment Report". Of the four robots tested, the ICOR Technology Inc. had the overall highest score with evaluation categories of capability, deployability, usability, and maintainability.

Discussion of operating cost impact:

Since this request is for the replacement of an existing piece of equipment, we expect no appreciable change in operating cost. Consideration may be give to including this item as part of the Central Equipment Agency's (CEA) assets, in which case the department would be charged an additional amount based on the expected life and estimated replacement cost to provide for it's routine replacement at the end of its useful life, but that determination has not yet been made.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: CEA Fuel Site Upgrades

PROJECT DESCRIPTION

Justification:

To meet the laws governing fuel dispensing systems, CEA will need to upgrade the fuel system at the Municipal Services Building. State of Wisconsin Commercial Code 10.500(5) requires the City of Appleton to install tank top containment and below dispenser containment systems, both equipped with sensors to detect for leaks, at the Municipal Services Building fuel site.

This project includes removal of the fuel dispensers and concrete islands, installation of the fuel pump containment devices and monitors, reinstalling or replacing the concrete islands and fuel dispensers, and all associated piping and electrical revisions. It also includes the cost of all permits, testing, certification and training needed for operation of the system. In addition, the cathodic protection anodes in each tank will be replaced while the tanks are exposed, as the sacrificial anodes are near the end of their life.

The City has tried to use other fueling sites in the past, but the lag time between sites made it difficult to manage the data required to initiate preventive maintenance work in a timely manner. Costs were also higher to departments, so they preferred not to use the offsite locations. In addition, many of the retail site roofs are not high enough for our trucks and complaints were received for the large trucks blocking vision to pumps, especially at busy locations.

Discussion of operating cost impact:

No additional operating cost impact at this time.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Central Equipment Agency (CEA) Car Wash Replacement

PROJECT DESCRIPTION

Justification:

The existing CEA car wash is located at the Municipal Services Building (MSB) and was installed in 1998. This car wash is used by all CEA and Appleton Area School District (AASD) vehicles, including large trucks and small passenger vehicles. The existing car wash has served well for 20 years, cleaning the CEA Fleet of over 400 pieces of equipment. However, due to its age and outdated technology the CEA car wash is in need of replacement.

Car wash technology has advanced considerably over the last 20 years. The new car washes are able to detect the size of the equipment being washed and automatically adjust all soap and spray bars accordingly, something the existing car wash cannot do. This adjustment provides a much better wash for both large and small pieces of equipment. The quality of the wash is very important in cold climates where salt is used on roads in winter months, especially considering we have been extending the life of our vehicles and expecting them to last much longer than in previous years.

In addition, the new car washes filter and recycle the water so very little water actually goes down the drain. Currently, every gallon of water used goes down the drain and gets treated at the wastewater treatment plant.

Lastly, due to its age, the car wash is regularly out of service due to it needing maintenance and repair. This results in a lack of customer service for our customers and costly repair bills for the CEA.

The project includes removal of the existing car wash and installation of the new car wash, including all plumbing and mechanical components.

Discussion of operating cost impact:

We expect a significant reduction in water usage as a result the water reclamation feature of the new car wash. The cost savings from lower water usage will depend on actual quantities of water saved and water rates in effect in the future and cannot currently be quantified.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Survey Instrument Replacements

PROJECT DESCRIPTION

Justification:

Survey Instrument Replacements - Robotic Total Station or GPS Unit

These instruments are replacements for our oldest existing robotic units that will be approximately 10 years old at the proposed time of replacement (2018,2021). Robotic total stations and GPS units both provide improved functionality and efficiency over a standard total station instrument, with an added benefit of single-user operation in those situations where workload or staffing levels dictate. Our current robotic stations have provided numerous opportunities for one-person survey work, which has allowed us to reduce our survey backlog as well as reduce our need for overtime. A GPS Unit would also allow for single user operation and would primarily be used for field data collection. Unlike typical survey instruments, the GPS uses satellite links to provide spatially accurate data collection with high degrees of accuracy. The GPS unit would provide a much more efficient method for collection of widespread infrastructure data, which could be used for verification and updates to City records as well as incorporation into the City's expanding GIS program. We will utilize input from various City staff to evaluate which type of instrument will best meet the needs of the City prior to making any purchases. Included with these survey instrument replacements is all the necessary software and auxiliary equipment.

Discussion of operating cost impact:

These survey instruments would allow us to more efficiently utilize existing staff to complete a larger volume of work without the need for additional survey staff.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Mackville Landfill Monitoring Equipment

PROJECT DESCRIPTION

Justification:

The remediation of the closed City landfill occurred in the early to mid 1990's. Although there has been on-going operation, maintenance and monitoring of the site, components installed with the remediation are at or past their expected lift span. These components include gas system control valves, gas blower, and condensate sumps.

The gas system blower has approximately a three year life span and has been replaced before under the yearly consultant contract. The technology of the gas blower changes rapidly and each replacement requires analysis of available models for compatibility with the existing gas telemetry systems.

Several of the gas control system valves are broken and/or not functioning at all, making control of the gas system limited and inefficient.

There are two condensate sumps at the site. Since installation in 1995, they have experienced movement within the refuse layer due to changes in leachate and gas and variable frost depths. The sumps have been taking in significant amounts of non-gas system condensate liquids, suggesting, cracks in the structure and/or pipe connections at the structure. During the spring, Operations Sewer Crew travels to the site to empty the sumps approximately every other day.

Discussion of operating cost impact:

No operating cost impact

DEPARTMENT COST SUMMARY

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: DPW Equipment - Sweeper Replacement

PROJECT DESCRIPTION

Justification:

High Efficiency Sweeper Upgrade - Changing part of the fleet over from mechanical sweepers to vacuum sweepers at the time of their scheduled replacement will help the City to continue with proper stormwater management practices and make progress in the reduction of nonpoint source pollution. The Citywide Stormwater Management Plan (SWMP), updated in 2014, indicates the City will continue to investigate possible upgrades to its sweeper program for innovations in program practices and technology. A sweeper upgrade from mechanical to high efficiency is shown in 2022, per the Citywide SWMP Implementation Plan.

Discussion of operating cost impact:

Since the purchase price of a vacuum sweeper is higher than that of a conventional mechanical sweeper, the annual amortized replacement cost, charged as an operating expense, will also be somewhat higher. Frequency of repair and efficiency of operation are unknown at this time but will be evaluated prior to replacing the next mechanical sweeper.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Bulk Water Dispensing Station

PROJECT DESCRIPTION

Justification:

Wisconsin State Legislature requires water utilities to utilize Reduced Pressure Valve (RPV) devices on fire hydrants to prevent backflow and back siphonage while dispensing water. For this reason, and also to account for all water being used in our system, the City of Appleton requires all contractors and outside agencies to obtain water at our Municipal Services Building or request a portable RPV device be installed near their jobsite.

The City only owns 7 portable RPV devices due to the high cost to purchase, maintain, test and move them. During the typical construction season, all 7 portable RPV's are being used daily and contractors are on a waiting list to use them. To help alleviate the waiting time for these devices and potential unauthorized dispensing of City water, Public Works also has an RPV device on a hydrant in front of the Municipal Service Building (MSB). However, the current RPV device at the MSB is only available during regular office hours since the usage, tracking and billing is a manual process completed by City staff.

With technology advancements, self serve bulk water dispensing systems are now available. The bulk water station would be located near the MSB inside a small, heated building (shed) and would have a built-in RPV device. The system would be all electronic and water would be dispensed similar to fuel at a fuel pump.

Installing a bulk water dispensing station will provide us an opportunity to gain some efficiencies and improve customer service. Improvements that the bulk water dispensing system will create include:

- * 24/7/365 Access - System available during any project schedule, even in cold weather
- * Distribution System Safety - No chance of a backflow or system contamination
- * Provide Security - Only authorized users are issued a PIN
- * Accurate Revenue - Bill for actual water used and reduce unauthorized water dispensing
- * Reduced Administration Time - All data is uploaded to central data base for tracking and billing.

The project includes constructing a heated shed, plumbing, installation, programming and training.

Discussion of operating cost impact:

There is no operating cost impact to the project at this time.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Computer Control Uninterruptable Power Supply System Replacement

PROJECT DESCRIPTION

Justification:

The Water Utility is looking to replace the current uninterruptable power supply (UPS) system at the water plant. The UPS system was installed during plant construction at the turn of the century and supplies power to the plant computer controls until either generator power is established or grid power is restored. The UPS system is also used to protect the large amount of data needed to provide monthly regulatory reports for drinking water compliance, process control, as well as facility-wide protection of sensitive electronics. The existing system may be under-powered for the plant as processes have been added in the recent years. A separate UPS for the plant lighting was replaced in 2016 by the Facilities Management Department.

Discussion of operating cost impact:

This project entails a replacement of existing equipment and is not expected to have any impact on operating expense.

DEPARTMENT COST SUMMARY

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION
Project Title: Water Tower Improvements

PROJECT DESCRIPTION
<p>Justification:</p> <p>The City of Appleton's one million gallon (1 MG) Matthias Street Water Tower is located in the southeastern portion of the City of Appleton. When the tower was first constructed in 1988, it was near the periphery of the City's distribution system; far from the Water Treatment Facility's high lift Pump Station. Due to the tower's close proximity to the Water Treatment Facility, the energy grade line in the distribution system is almost always above the overflow elevation in the tower. As a result, the tower has very little turnover. To improve system operation and to give greater flexibility to create turnover in the Matthias Street the City will install a booster pump station. The pump is used to intentionally pump water out of the tower and into the distribution system. When the pump is shut-off, the tower refills under normal system pressure. The pump and altitude valve are controllable via radio telemetry from the Water Treatment Facility. The actual capacity of the booster pumps will meet the hydraulic and fire flow needs of the system.</p>
<p>Discussion of operating cost impact:</p> <p>There could be a reduction in energy costs as the pumps will be controlled with variable frequency drives. The exact energy savings, if any, would not be known until specific pumping information is calculated at the time of the project.</p>

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Water Treatment Instrument Improvements

PROJECT DESCRIPTION

Justification:

Water treatment process control decisions come from operators and a variety of field instruments. The key function for most instruments deployed at the Water Plant is to decrease the time it takes to respond to changing raw water quality characteristics. Over time instrument become less productive or a newer version with improved response and resolution becomes the industry standard. Overall, these systems are essential in maintaining plant operations within State of Wisconsin and Federal regulatory limits. As such, this project is intended replace/upgrade the following instrumentation:

Ten (10) turbidimeters and associated controllers deploying LED technology for each of the GAC Filters and for finished water monitoring.

Six (6) reagentless chlorine residual analyzers for the chlorine disinfection process and/or finished water monitoring.

Six (6) pressure data-loggers for selected use throughout water utility facilities. These instruments are battery-operated, stand-alone pressure recorders that can accurately measure pressure transients at a selected location. When used in conjunction with other stationary pressure-monitoring equipment, distribution system dynamics associated with main breaks or other events can be more thoroughly evaluated and mitigated.

Discussion of operating cost impact:

Reagentless analyzers have a lower operating cost due reduction in the cost of reagents which must be continuously replenished.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION	
Project Title:	Aeration Blower #3 Replacement

PROJECT DESCRIPTION	
Justification:	
<p>The wastewater treatment plant utilizes air blowers to deliver oxygen to the plant microlife. The plant has an inventory of 80,000 lbs. of microlife that treat wastewater. There are four blowers in the aeration process that can deliver air to the online aeration. Of the blowers, #3 Blower was placed into service in 1992. This 700 horsepower positive displacement blower is currently not operational because it is in need of repair to the electrical variable speed equipment. Due to advances in aeration blower technology, the unit is not efficient enough to consider repairs and replacement is warranted. This was a similar conclusion to the one reached by Focus on Energy for the replacement of the #2 Blower in 2009.</p> <p>The replacement blower will be capable of introducing enough air into the liquid that it can support microlife in the five million gallon volume aeration tanks. The new blower will be linked to sensors in the tank. Data from the tanks will be read by a programmable logic controller that will drive the process. This control loop would allow motors to run based on biological demand rather than a fixed setting.</p> <p>The 2018 construction project would involve the decommissioning of the existing blower, engineering services to create bidding documents and construction management. The blower and instruments will also need to be incorporated in the facility's Supervisory Control and Data Acquisition (SCADA) system.</p>	
Discussion of operating cost impact:	
<p>Electrical costs have a potential for being reduced. The proposed blower also provides sound redundancy for the aging aeration system.</p>

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Wasterwater Belt Filter Press Upgrades

PROJECT DESCRIPTION

Justification:

The AWWTP utilizes three Ashbrook Simon Hartley Winkle presses (Type 84 Size 3 / 2.0 meter) or belt filter presses (BFPs) to dewater anaerobically digested sludge. Each BFP has run times in excess of 4,000 hours per year. BFP solids production rates have increased 25% since 2012 to over 25,000 wet tons annually. This trend follows the increased loadings from local industry and hauled waste customers. The increase in solids production justifies the purchase of additional BFPs including various upgrades to aging existing equipment that has reached its useful life.

Over the past 25 years these BFPs have provided effective mechanical dewatering with minimal overall maintenance. These units were installed in the 1990's and were reconditioned in the late 2000's. The reconditioning work was completed by original equipment manufacturer (OEM) and focused on mechanical and structural component deficiencies which resulted from accumulated wear after nearly 20 years of continuous operation. The reconditioning work completed was not intended to go beyond the priority repairs identified at that time but targeted components which had reached their useful life at that time. Therefore, the original functioning electrical hard wire relays remained untouched and are still in use today. However, these existing relays do not provide the diverse functional capabilities offered with current technologies. This includes the ability to fully integrate BFP unit processes with the existing supervisory control and data acquisition (SCADA) computer operating system. To accomplish this, the existing hard wire relay system will require replacement by a programmable logic controller (PLC) and new relay modules.

Since the original installation of the BFPs, there have been unit processes that have become obsolete (e.g. lime pasteurization process phased out by anaerobic digestion as part of 1994 plant upgrades), including improvements to the solids dewatering polymer batch system. These former treatment processes and ancillary chemical feed systems continue to share common space within existing electrical control panels. This CIP is intended to address unused electrical wiring and components from past improvements and upgrades which remain within the existing BFP control cabinets.

This CIP is segregated into three phases starting in 2018 Phase 1 Preliminary Engineering, followed by Phase 2 Belt Filter Press Additions, and Phase 3 Existing Belt Filter Press Upgrades. Phase 1 services will provide observations, data, alternatives, costs, conclusions, and recommendations that will be used to shape the subsequent two project phases. Phase 2 in 2019 currently includes the estimated costs for the addition of two new BFPs. The addition of two new fully operational BFPs would facilitate Phase 3 work in 2020. This includes existing BFP work to address remnant hard wiring associated from obsolete equipment and processes while simultaneously upgrading the outdated hard wire relays with PLC technology. It is also intended to upgrade antiquated and degraded components outside the electrical hard wire systems which include:

- Replace and relocate existing manual control panels which have degraded internal electrical components;
- Install Human-Machine Interface (HMI) operator touchscreens;
- Upgrades to the existing polymer batch and pump system;
- Replace existing Modicon Quantum Processor with Modicon Unity Processor and convert Concept program to Unity Pro XL

Discussion of operating cost impact:

Facilitating increased solids production and expanded functionality will aid in decreasing associated dewatering operational costs through improvements to reliability, reduced chemical feed use, and reduced equipment maintenance.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Lift Station Improvements

PROJECT DESCRIPTION

Justification:

The Marshall Heights and Briar Cliff Lift Stations are two of 14 sewage pump stations servicing the City of Appleton. The Marshall Heights Lift Station is located adjacent to 4603 North Moss Rose Lane and was originally constructed in 1998. Briar Cliff Lift Station is located within the terrace at 1710 North Briarcliff Drive and was originally constructed in 1969. Escalating occurrences of electrical system failure, sewage pump blockages, and various wetwell and/or drywell component deterioration has increased the potential for sanitary sewer bypasses and basement backups.

Both lift station will be upgraded with new pumps equipped with improved impeller section design to reduce the frequency of clogging. Wholesale change out of instrumentation and electrical systems will restore station reliability and compliance with current electrical codes. The Briar Cliff lift station below grade "can" system design is intended to be replaced with a submersible pump station similar to other recent lift station improvement projects (e.g. 2016 Scarlet Oak Improvements Project). This upgrade will eliminate the need for non-permit confined space entry into an existing drywell to access pumping equipment. The planned Briarcliff upgrades are further intended to improve response during emergency and planned maintenance events. These projects will require professional engineering services to prepare bidding documents. The project also requires Wisconsin Department of Natural Resources authorization.

Discussion of operating cost impact:

Installing new pumps with updated electrical system will restore proper function to the station and reduce personnel service time and emergency calls.

DEPARTMENT COST SUMMARY

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Programmable Logic Controller (PLC) and SCADA Systems Maintenance

PROJECT DESCRIPTION

Justification:

The Supervisory Control and Data Acquisition (SCADA) system is a plant-wide system that controls and monitors in-plant processes, and external lift stations. The key functions of this integrated system are equipment control, process monitoring, data retrieval, and process and compliance reporting capabilities for the wastewater plant. These functions are essential in maintaining plant operations within State of Wisconsin and Federal regulatory limits. The current various software programs are a mix of obsoleted unsupported and manufacturer supported versions. The updated supportable versions of the software component of this system require the purchase of PLC hardware capable of running current day programs.

An additional component of the project is the communication network from the lower and upper wastewater plant. Increasing the reliability of the network is becoming more important as the network consists of a fragile fiber optic cable. Maintaining software, hardware and network components significantly reduces the risk of malfunction or a "crash". Standardizing hardware and software also reduce program conflicts which can result in loss of data. This project will benefit the wastewater utility by providing an integrated and supportable system.

Discussion of operating cost impact:

The system cannot operate without maintenance to the three components - software, hardware and network. Finding parts to support the system as configured is becoming very expensive as the status is obsoleted. Typical reporting software life-cycles range from seven (7) to ten (10) years.

DEPARTMENT COST SUMMARY

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Receiving Station Improvements

PROJECT DESCRIPTION

Justification:

The AWWTP began accepting hauled wastes from out of the Appleton sewer service area in 1999. The program intent is to use available treatment capacity to offset community treatment expenses with the acceptance of wastes. The current four year average annual revenue generated from this program exceeds \$1.25 million. Since January 1, 2012 authorized haulers are billed by the Utilities based on a tier rate system determined by each waste's strength and volumes discharged. Wastes were formerly charged a flat rate based on volume only. The tier rate structure is designed to more effectively cover the costs of treatment, overhead, repair, and future improvements.

Authorized haulers deliver waste to the AWWTP receiving station via tanker truck, then discharge to one (1) of two (2) locations depending upon the waste characteristics or strength. Wastes defined as "low strength" are discharged to the treatment headworks. Wastes characterized as "high strength" are required to discharge to receiving station tanks located inside of L-Building. Wastes from the receiving station tanks are fed directly to the anaerobic digesters where they are more cost effectively treated and provide the opportunity for methane gas production and utilization. Nearly all are high strength wastes from food based industries located outside the Appleton sewer service area.

The current receiving station program is limited in waste capacity, surveillance, sampling, and provides few options to fully optimize digester gas production from various waste substrates. An engineering study performed in early 2012 developed a preliminary plan that addressed deficiencies and designed a station upgrade that would re-purpose an abandoned 185,000 gallon tank to increase capacity. Upgrading the facility will allow for extended hours of operation and the ability to increase revenues through tipping fees and enhanced biogas utilization. As AWWTP proves out gas utilization, there will be a desire to increase biogas generation to reduce energy expenditures in addition to increasing associated revenues from tipping fees.

Discussion of operating cost impact:

Project will increase capacity and revenues through tipping fees and expanded biogas utilization.

DEPARTMENT COST SUMMARY

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Appleton Memorial Park - Renovations

PROJECT DESCRIPTION

Justification:

The last master plan for Appleton Memorial Park was developed in 2015. Significant changes have been made to the park since the last master planning efforts were completed. Changes include two stormwater ponds, naturalization of the stormwater channel through the park, construction of the Miracle League Field, new restroom facility to service the west end of the ball diamond complex, and additional playground equipment near the Miracle League Field. Another major change in the park was the termination of the agreement between the City of Appleton and the Gardens of the Fox Cities. With the termination of this agreement, the 35 acres on the west end of the park, the Scheig Center and surrounding gardens became the sole responsibility of the Parks, Recreation and Facilities Management Department.

The 2015 master plan included the following recommendations. (Please also refer to the Appleton Memorial Park/Athletic Fields CIP request for recommendations to the ball diamond facilities and amenities).

- 2019 - Design for Phase 1 - Parking lot, pavilion, park amenities, and Scheig connection.
- 2020 - Construction for Phase 1 - Parking lot, pavilion, park amenities, and Scheig connection.
- 2021 - Design for Phase 2 and 3 - Parking lot on Northland Ave and Trail system throughout the park.
- 2022 - Construction of Phase 2 - Parking lot and a section of the trail system.
- 2023 - Construction of Phase 3 - Complete rest of the trail system.

Discussion of operating cost impact:

Any impacts to the operating costs of the park will be addressed when the specific projects identified in the master plan are included in the Department's 5-Year Capital Improvement Program.

DEPARTMENT COST SUMMARY

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Appleton Memorial Park/Athletic Fields

PROJECT DESCRIPTION

Justification:

The Parks and Recreation Department commissioned a study of the athletic facilities at Appleton Memorial Park in 2001. The study became necessary because of the aging condition of the softball complex and baseball diamond, the development of diamonds #4 - #6, increased demand for concession opportunities, utility areas and irrigation to maintain turf standards. The study was also commissioned to review the need for athletic facilities at Appleton Memorial Park relative to the development of USA Youth Sports Complex and other athletic facilities in the community. The study involved soliciting feedback from the various user groups. The improvements suggested by the user groups were noted in the study and the Department developed a program to address those improvements. A concept plan for future improvements to the athletic complex was approved by the Council in 2004. Improvements totaling \$500,000 were completed in 2007-2008 and included new field lighting, irrigation, and improved bleacher seating. A \$85,000 grant was secured from the Fox Cities Convention and Visitors Bureau Capital Development Program for the improvements. The Miracle League Field was added in 2009 to provide a fully accessible ball diamond for children with special needs. In 2012, plans were updated to address the current stormwater issues, facility functionality, additional facilities, aging building and building systems and future needs. Funding was included in the 2013 Parks, Recreation and Facilities Management Department Capital Projects Fund to construct a new restroom building on the west end of the ball diamond complex as identified in early plans and also evaluate the Jones Building to determine options for improved functionality. The new restroom building was completed in June, 2014 and the evaluation of the Jones Building recommended demolition and construction of a new facility that better meets the current and future needs of the facility and addresses the building system concerns. The ball diamond complex is a popular location for youth and adult baseball/softball tournaments and the Department will be submitting a grant application to the Fox Cities Convention and Visitors Bureau to assist with the replacement of the Jones Building. Other improvements to the ball diamond complex are also included based on previous plans, studies and user needs.

This project funding request includes:

- 2019 - Demolition and replacement of the Jones Building including walkways.
- 2019 - Install scoreboards on fields #5, #6, and #7.
- 2020 - Upgrade ball diamond backstop, line fences and outfield fences for diamond #4 / upgrade field lights #7.
- 2021 - Install irrigation on fields #1, #3, #5, #6, and #7.
- 2022 - Upgrade Lighting on fields #5 and #6.

Discussion of operating cost impact:

The demolition and replacement of the Jones Building is not anticipated to increase operational costs since the building will be new with updated components. Some of the operational costs may be recovered from increased revenues from concession sales and facility rental because of its improved functionality.

DEPARTMENT COST SUMMARY

DEPARTMENT PHASE		2018	2019	2020	2021	2022	Total

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Park ADA Improvements

PROJECT DESCRIPTION

Justification:

In 2015, an assessment was completed in adherence with the Americans with Disabilities Act (ADA), originally passed on July 26, 1990 and becoming effective January 26, 1992. The fundamental goal of the ADA is to ensure equal access to civic life by people with disabilities. The Act comprises five titles prohibiting discrimination against disabled persons within the United States. Title II of the ADA requires state and local governments to make their programs, services and activities accessible to persons with disabilities. It also established physical access requirements for public facilities.

The objective of the audit was to assess present degrees of adequacy and future accessibility needs for persons with disabilities who may use our public facilities and public recreation facilities and to develop a transition plan to remedy any non-compliance areas. Recreation facilities in the audit area include facilities such as pavilions, trails, playgrounds, aquatics, ballfields, golf courses and shoreline access.

This CIP requests funding to address any deficiencies found in the ADA assessment. The 2018 project will focus on repairs to the sidewalks/hardscapes, picnic tables, playgrounds, and ensuring the restrooms meet all ADA requirements. The exact locations are still to be determined as all parks have the above listed deficiencies.

Discussion of operating cost impact:

Since these improvements are changes to existing facilities, there are not operating cost impacts.

DEPARTMENT COST SUMMARY

DEPARTMENT PHASE	2018	2019	2020	2021	2022	Total

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Park Aquatics

PROJECT DESCRIPTION

Justification:

Overall, trends indicate cities installing splash pads in various locations improve quality of life and community enrichment. This plan also seeks to install splash pads at Memorial Park, Derks Park, Telulah Park and Pierce Park in future years while continuing to operate and invest in Mead Pool. Within five years Mead Pool will require upgrades as the facilities and equipment age. An assessment will be done in future years to replace any failing systems to maintain and enhance the features at Mead Pool.

Mead Pool:

Pool Coatings and Painting - (2018) The Coating on Mead Pool needs to be replaced every 5 years. It was last coated in 2012 and is due for replacement. This project will also include painting the waterslide structure.

Upgrade Sand Play Area - (2020) This project will also include upgrades to the sand play area. The current area is underutilized and will be upgraded to provide additional amenities for non-swimmers. The upgrades will include removal of unused equipment and replace with: ping pong tables, shuffleboard table, foosball tables, seating and shade structures.

Aquatics Upgrade - (2021) Perform a condition analysis of the aquatics and facilities. Results of this study may result in a future CIP request for recommended upgrades to extend the useful life of these assets. (2022) Design for the aquatic upgrades.

Splash Pads:

Memorial Park - (2020-2021) Design for splash pad will be in 2020 and construction will take place in 2021.

Approximately 5,000 sf.

Pierce Park - (2021-2022) Design for splash pad will be in 2021 and construction will take place in 2022. Approximately 5,000 sf.

Discussion of operating cost impact:

We expect that a greater operating cost will occur because of the new splash pads. The full cost of this won't be known until engineering is completed.

DEPARTMENT COST SUMMARY

DEPARTMENT PHASE		2018	2019	2020	2021	2022	Total
PRFMD	AMP	-	-	30,000	360,000	-	\$ 390,000

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Park Development

PROJECT DESCRIPTION

Justification:

This funding request includes the development of several park properties that were acquired in previous years but have not been completed because funding was not available, or the Parks, Recreation and Facilities Management Department was coordinating the park development with adjacent property development, other department/City projects, etc. Some of the park development projects listed below may change if coordinating projects/developments are realigned.

Alicia Park:

Design for Riverfront Access - (2022) Design for the development of a riverfront trail with access to the river at Alicia Park- \$35,000

Ellen Kort Park:

Design Services - (2018) Design for the development of the former water treatment plant - \$25,000

Park Construction Phase I - (2019) Site development - \$800,000

Park Construction Phase II - (2020) Construction of the park and amenities - estimated at \$1,000,000 pending final design

Fire Station #6:

Master Planning - (2020) Park Master Planning for the Fire Station 6 Park site- \$30,000

Design Services - (2021) Design for the development of the Fire Station 6 Park site - \$30,000

Construction - (2022) - Construction for the development of the Fire Station 6 site - \$400,000

Jones Park: (timing of this project will occur upon completion of the Exhibition Center)

Park Construction - (2018) Construction of Jones Park - \$1,995,000

Summit Park:

Design Services - (2018) Design for pavilion with rest rooms - \$25,000

Discussion of operating cost impact:

The Department will incur additional operational costs when these parks are developed due to increased turf, playground equipment, walkways, lighting, landscaping, picnic areas and general park property.

DEPARTMENT COST SUMMARY

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Playground Areas

PROJECT DESCRIPTION

Justification:

The Parks, Recreation and Facilities Management Department currently maintains 29 playground areas throughout the City's park system. The playground areas in each park generally include a modular play structure, independent play apparatus such as swing sets, climbers, etc., benches, safety surfacing and access. Several playground areas include multiple modular play structures to address different age groups. The current value of the playground areas is estimated at \$1.8 million. Regular upgrades to the playgrounds over the past 15 years have included replacement of outdated and/or unsafe playground equipment, the addition of age appropriate playground equipment, improved safety surfacing and accessibility.

This funding request would continue to replace outdated or unsafe playground equipment as needed and improve accessibility to playgrounds through the addition of walkways and upgrades to equipment to meet Consumer Product Safety Commission guidelines and the Americans with Disabilities Act (ADA) requirements. The request also includes the addition of resilient rubberized/synthetic turf playground surfacing to address a growing need to provide a fully accessible playground in multiple locations throughout the City. The current fully-accessible playgrounds at Appleton Memorial Park, City Park and Derks Parks are extremely popular and requests are regularly received for additional playgrounds with poured-in resilient rubberized surfacing.

Appleton Memorial Park:

Upgrade Playground - (2020) Playground upgrades and rubberized/synthetic surfacing. - \$300,000

Jaycee Park:

Upgrade Playground - (2022) New 2-5 year old playground equipment. - \$30,000

Linwood Park:

Upgrade Playground - (2021) New 5-12 year old playground equipment. - \$75,000

Pierce Park:

Upgrade Playground - (2019) Playground upgrades and rubberized/synthetic surfacing. - \$300,000.

Discussion of operating cost impact:

The replacement and/or upgrade of playground equipment is not expected to have any measurable impact on operating costs. Additional pour-in place resilient rubberized safety surfacing will require additional supplies/services funding, but will decrease staff maintenance requirements to maintain the current wood mulch surfacing.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Reid Golf Course

PROJECT DESCRIPTION

Justification:

A master plan was developed for Reid Golf Course in 1988. The master plan was initiated to address the following concerns: maintenance facilities, clubhouse facilities, parking, safety issues on course (driving range), and course improvements. A new maintenance facility was completed in the early 1990's, the clubhouse was remodeled in the mid-1990's. The master plan was updated in 1995 to address continued parking issues, safety issues on the course and general improvements to the course. The longevity of the irrigation system was noted in the 1995 master planning process and a new irrigation system was installed in 2005. Upgrades to the clubhouse flooring, furniture, pro shop and snack bar were completed in 2012 and 2013. Major course renovations were completed in 2013 in coordination with the construction of two stormwater ponds funded by the Stormwater Utility. This budget includes funding requests to address the following course improvements:

- 2019 - Parking lot reconstruction - \$50,000
- 2019 - Course master planning - \$15,000
- 2019 - Restroom upgrades - \$20,000
- 2019 - Sand storage for maintenance shop - \$20,000
- 2019 - Card access system for maintenance shop - \$10,000
- 2020 - Pave cart paths - Phase 1 - \$25,000
- 2020 - Concession equipment upgrades - \$12,500
- 2020 - Exterior signage - \$10,000
- 2021 - Paved cart paths - Phase 2 - \$35,000
- 2021 - Course updates (bunker repairs, drainage, etc.) - \$12,500
- 2021 - Concession equipment upgrades - \$10,000
- 2022 - Pave cart paths - Phase 3 - \$25,000

** Note: Some of these items do not meet the capital asset threshold but are included in order to plan for these larger one time costs for the golf course.

Discussion of operating cost impact:

The improvements would not have a significant impact on operational costs.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Scheig Center

PROJECT DESCRIPTION

Justification:

This funding request includes repairs and/or improvements to areas of the existing grounds at the Scheig Center and Memorial Park Gardens. In 2014, the Gardens of the Fox Cities ceased operations and the responsibilities for the operational and capital upkeep of the property were transferred to the City of Appleton.

There are several areas in need of improvement that are currently in poor condition. These areas include the plaza paver areas, outdoor lighting and the memorial. These features are failing and in need of removal, repair or replacement to ensure safety and meet ADA accessibility requirements.

The cost to repair/replace is significant and the long-term operational costs are significant. Second, this plan recommends removal of the unutilized areas around the perimeter and return those areas back to grass. Much of the outdoor lighting is not operational and in need of replacement. Last, the memorial is constructed of a stone base which has developed into an ongoing maintenance expense. A long-term solution needs to be developed.

This plan recommends the following (Phase 1 was completed in 2016 and Phase 2 was completed in 2017):

Phase 3 - (2018 / 2019 - north side of building) Removal of the brick pavers, existing lighting and existing gardens. Re-construction will consist of installing new gardens, stamped concrete walkways, new access road, new pedestrian entrance, and new lighting.

Repairs to Monument Base - (2019) Repair of memorial and monument.

Discussion of operating cost impact:

Since these projects are renovations or replacements of existing features, there is no operating cost impact to them.

DEPARTMENT COST SUMMARY

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Southeast Community Park

PROJECT DESCRIPTION

Justification:

The City of Appleton, City of Menasha and Town of Harrison began discussions in the late 2000's on the joint purchase of a regional community park in the southeast area of Appleton. Since those initial meetings, both entities have decided to move in another direction. In addition, in 2016, the growth area for Appleton was limited, thus reducing future options for a southside park in the City of Appleton, thus we continue to seek opportunities for available properties that would serve a park well. A southside park would consider increasing demands for lacrosse, rugby, ultimate frisbee, and general open play; disc golf course to address changing facilities in Telulah Park; and recreation facilities (playgrounds, tennis courts, etc.). A Master Plan in 2019 would identify the greatest needs and best opportunities for the park and residents.

Southeast Community Park:

Acquisition - (2018) Seek property that could meet the needs for a SE Community Park.

Master Plan - (2019) Plan the property accordingly to meet recreational demands and service needs for that area.

Site Development - (2020) Construction documents and site development.

Construction - (2021) Construction of park to be defined by the master planning process.

Discussion of operating cost impact:

Additional operational costs would be incurred to address maintenance and operation costs for a large community park.

DEPARTMENT COST SUMMARY

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Statue and Monument Restoration

PROJECT DESCRIPTION

Justification:

The City of Appleton owns several statues and monuments throughout the City. Because of their various locations, no one department has been responsible for their upkeep. In 2014, the Parks, Recreation and Facilities Management department collaborated with Sculpture Valley, a non-profit group interested in preserving and enhancing public art. Since 2014, Sculpture Valley has provided an inventory and general condition assessment of the various statues and monuments. These assets are in need of various levels of restoration. This Capital Improvement Plan seeks to preserve and extend the life of the statues and monuments. The monuments and estimated cost of repairs include, but are not limited to the following:

- Civil War Memorial (Soldier Square).
- Spanish American War Memorial (Pierce Park).
- Gettysburg Address Monument (Pierce Park).
- Native American Commemoration Memorial (Pierce Park).
- Fox River Oracle - Hadzi (Oneida Street).
- River War Memorial (Scheig Center and Memorial Park Gardens).
- Metamorphosis (Storage).
- Houdini Walking Tour Plaques (Throughout City).

Sculpture Valley seeks private donations to assist with restoration costs. Requested funding is based on the probable amount required to preserve and extend the useful life of the statues and monuments and assumes some private funds will be available.

Discussion of operating cost impact:

No operating cost impact is expected from these renovations.

DEPARTMENT COST SUMMARY

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Telulah Park Improvements

PROJECT DESCRIPTION

Justification:

A master plan for Telulah Park was adopted by the City Council in 2004. The master plan presents a long-range approach to address the many activities currently located in Telulah Park. The plan addresses parking and vehicular access, trails and walkways, the number and location of athletic facilities, the skate park and disc golf course, and development of land at river level that was acquired in 1991.

The pavilion was renovated in 2004. The parking lot was reconstructed in 2006 and the extension of Newberry Trail through Telulah Park was completed in 2007. The extension of Newberry Street through Telulah Park to serve the RiverHeath development was completed in late 2015/2016.

The master plan was revisited in 2011 as the Parks, Recreation and Facilities Management Department worked with the Friends of Appleton Skate Park to identify a location for a skate park facility, address the repurposing of the park with the addition of a skate park facility and potential impacts of a southeast Appleton community park on the ball diamond, soccer fields and disc golf course and confirm the development of the river level of the park and the connection to RiverHeath based on the most current development and mitigation plans.

Riverfront Development:

Phase 1 Riverfront - (2018) Phase 1 construction will include the following development: trail construction, riverfront lighting, and trailhead parking.

Phase 2 Riverfront - (2019) Construction will include the following amenities: Canoe/kayak launch, fishing piers, mooring docks, benches, and small shelter.

Discussion of operating cost impact:

Additional operational costs will be incurred with additional park development.

DEPARTMENT COST SUMMARY

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Tennis Courts

PROJECT DESCRIPTION

Justification:

The Parks and Recreation Department commissioned a study of all City and area tennis courts in 2004 to assess the conditions of the courts, provide cost estimates for renovations, and determine a course of action for providing tennis courts in the community from a regional approach. No significant maintenance was performed between that time and another assessment was performed in 2012, which found the courts ranged from poor to good condition. Some courts had reached the end of their useful life, were no longer playable and projected a poor image on their respective parks and neighborhoods. In 2012, the Parks, Recreation and Facilities Management Department developed a plan to address the addition/renovations/removal of tennis courts throughout the entire City of Appleton. The plan established "service areas" throughout the City and identified additional tennis courts, renovations and removals to provide tennis opportunities within each "service area."

This budget includes funding to finish implementation of the tennis court plan and includes the following projects over the next 5 years:

Linwood Park:

Courts Upgrade- (2019) - Upgrade the tennis courts and lighting.

Pickle Ball Complex:

Create New Pickle Ball Complex- (2020) Create Pickle Ball complex.

Discussion of operating cost impact:

Repairs and/or renovations of existing facilities are not expected to have any measurable impact on operating costs., but new tennis courts will require some additional supplies and services for maintenance.

CITY OF APPLETON 2018 BUDGET CAPITAL IMPROVEMENTS PROGRAM PROJECT REQUEST

IDENTIFICATION

Project Title: Trails and Trail Connections

PROJECT DESCRIPTION

Justification:

The Parks, Recreation and Facilities Management Department has worked closely with the Bicycle and Pedestrian Advisory Committee to identify trails and trail connections in the City of Appleton that meet the growing interest and demand for trails. This funding request will address the trails and/or trail connections listed below:

Foremost Trestle Trail: The Foremost Trestle Trail will be a river crossing connecting Lawe St. to the Foremost Site. Development of Foremost Trestle Trail- (2019) Design services for the Foremost Trail will include: design, permitting approvals, and grant applications. (2020) Construction of Foremost Trail.

Lutz/Vulcan Trail: The Lutz/Vulcan trail will run along the river connecting the Lutz/Appleton Yacht Club trail to Vulcan Heritage Park.

Development of Lutz/Vulcan Trail- (2020) Design for Lutz to Cedar St Connection. (2021) Construction for Lutz to Cedar St Connection; Design services for the Lutz/Vulcan Trail will include: design, permitting approvals, and grant applications. (2022) Construction of the Lutz/Vulcan Trail.

Riverview Gardens Trail: Will connect Veterans Park to the Newberry Trail while traveling along the riverfront. Development of Riverview Gardens Trail- (2021) Design services for the Riverview Gardens Trail will include: design, permitting approvals, and grant applications. (2022) Construction of the Riverview Gardens Trail.

Trolley Square Trestle Trail: Will be a river crossing that connects Ellen Kort Park to Old Oneida St. Development of Trolley Square Trestle Trail- (2019 / 2020) Construction of Trolley Square Trestle Trail.

WE Energies Trail: The WE Energies Trail will connect South Oneida St. to Hoover Park and Woodland Park. Development of WE Energies Trail- (2021) Design services for the WE Energies Trail will include: design, permitting approvals, and grant applications. (2022) Construction of WE Energies Trail.

Discussion of operating cost impact:

Additional operating costs would be required to address the new trails and trail connections.
