- Those industries support 87,185 jobs and create \$6.3 billion in compensation for creative workers, according to the report.
- In 2022, the national average annual growth rate in the contribution of arts and culture was 2.9%, a decline from a high of 4% in 2002.

WHEREAS, the City of Appleton celebrates the many creative economy activities, projects, and initiatives, such as education programs at museums, revitalization initiatives, and civic engagement projects happening in communities across Wisconsin.
